Do Not Disturb - Michela Wrong
2021-03-30

A powerful investigation into a grisly political murder and the authoritarian regime behind it: *Do Not Disturb* upends the narrative that Rwanda sold the world after one of the deadliest genocides of the twentieth century. We think we know the story of Africa's Great Lakes region. Following the Rwandan genocide, an idealistic group of young rebels overthrew the brutal regime in Kigali, ushering in an era of peace and stability that made Rwanda the donor darling of the West, winning comparisons with Switzerland and Singapore. But the truth was considerably more sinister. Vividly sourcing her story with direct testimony from key participants, Wrong uses the story of the murder of Patrick Karegeya, once Rwanda's head of external intelligence and a quicksilver operator of supple

charm, to paint the portrait of a modern African dictatorship created in the chilling likeness of Paul Kagame, the president who sanctioned his former friend's assassination.

From then on things begin to happen, strange things that at first seem like coincidence but crescendo into a series of hair-raising events. 'Continuous action, and extra good writing'

John Cohen: Do Not Disturb My Waking Dream -

2020-01-31

Photographer and musician John Cohen's final testimony: a lyrical flow of images from his 60-year career One cold sunny morning in December 2018, Gerhard Steidl drove from New York City to see John Cohen (1932-2019)--photographer, filmmaker and founding member of the New Lost City Ramblers--at his home in upstate Putnam Valley. The purpose of the visit was to collect images for Cohen's 2019 book *Look up to the Moon*. In Cohen's barn-cum-studio they stumbled across another group of prints from across his 60-year career. Steidl took the boxes under his arm, and the photos now appear for the first time here, in Cohen's most lyrical and personal book, as well as his last. Sequenced wholly by mood and intuition and eschewing titles and dates, the portraits, landscapes and still lifes, along with drawings, unify disparate subjects--his wife Penny, Roscoe Holcomb,

fragments of the Parthenon-- into a dreamlike flow. Cohen's text, recalling his intertwining dreams across decades, explores the line between dream and reality, memory and book.

I Said Yes - Kiersten Modglin
2020-02

The next psychological thriller from the bestselling author of *The Good Neighbors*... Yes. The word that brought me such great joy and, eventually, such heartbreak. When Mark asked me out for the first time, I didn't have to think twice. I said, "Yes." When he asked me to marry him just a year later, the answer came as easily as the breath that followed it. "Yes." When he asked me to keep his secret, my response came too quickly. "Yes." Now, in front of a judge and jury, I'll be asked the question I never anticipated.

"Did you know who the killer is?" The answer is second nature by now. "Yes."

"Modglin's most complex, layered, emotional, dark, and shocking book yet." -Emerald O'Brien, Author of *The Knox and Sheppard Mysteries*

Do Not Disturb - Gianni Versace
1996

Gianni Versace's unbridled

enthusiasm for the baroque finds new expression in *Do Not Disturb*, his playful peek behind the closed doors of the Versace homes. Versace's Garden of Eden is found at home - be that a stuccoed Ottocento pavilion fronting the Lago di Como, a sumptuous home office in the center of the fashion capital, or an Art Deco pile in South Beach. Versace's Adam and Eve might well be Sylvester Stallone and Claudia Schiffer, modestly shielding themselves from our view with a Gorgon-headed dinner plate. His vision is translated through the lens of the world's most accomplished photographers - Richard Avedon, Irving Penn, Helmut Newton, and Massimo Listri - and illustrated with a cornucopia of drawings and pastels by Karl Lagerfeld and Gladys Perint Palmer. Sir Roy Strong, a former Director of the Victoria & Albert Museum, London, contributes a stunning text to match the visual feast.
