Animal Planet All-Star Readers: I Am Major, First Dog, Level 2 - Brenda Scott Royce 2021-09-28
Animal Planet All-Star Readers: I Am Major, First Dog, Level 2 is the heartwarming true story of how one

lucky German Shepherd puppy went from living in an animal shelter to living in the White House. Meet Major! He's the very first dog whose "wags to riches" true story has him going from an animal shelter to living in the White House. Told from Major's perspective, Animal Planet All-Star Readers: I Am Major, First Dog, Level 2 details how this young, energetic German Shepherd found his forever family, including older "brother" Champ—and tons of toys and treats. Children will discover what it's like to be an adopted dog, as well as a "first dog," and they'll learn about other presidential pets. This Level 2 reader features sweet, humorous full-color illustrations and was developed using guidelines created by esteemed childhood literacy expert, Dr. Adria Klein. The included glossary will help children develop their literacy skills, and Major's story will encourage an interest in animals.

Are Dolphins Really Smart? - Justin Gregg 2013-09-26

How intelligent are dolphins? Is their communication system really as complex as human language? And are they as friendly and peaceful as they are made out to be? Justin Gregg weighs up the claims made about dolphin intelligence and separates scientific fact from fiction. He presents the results of the latest research in animal behaviour, and puts our knowledge about them into perspective with comparisons to scientific studies of other animals, especially the crow family and great apes. He gives fascinating accounts of the challenges of testing what an

animal with flippers and no facial expressions might actually be thinking. Gregg's evidence-based approach creates a comprehensive and up-to-date study of this fascinating animal which will appeal to all those intrigued by dolphin behaviour.

The Tyranny of Merit - Michael J. Sandel 2020-09-15

A Times Literary Supplement's Book of the Year 2020 A New Statesman's Best Book of 2020 A Bloomberg's Best Book of 2020 A Guardian Best Book About Ideas of 2020 The world-renowned philosopher and author of the bestselling *Justice* explores the central question of our time: What has become of the common good? These are dangerous times for democracy. We live in an age of winners and losers, where the odds are stacked in favor of the already fortunate. Stalled social mobility and entrenched inequality give the lie to the American credo that "you can make it if you try". The consequence is a brew of anger and frustration that has fueled populist protest and extreme polarization, and led to deep distrust of both government and our fellow citizens--leaving us morally unprepared to face the profound challenges of our time. World-renowned philosopher Michael J. Sandel argues that to overcome the crises that are upending our world, we must rethink the attitudes toward success and failure that have accompanied globalization and rising inequality. Sandel shows the hubris a meritocracy generates among the winners and the harsh judgement it

imposes on those left behind, and traces the dire consequences across a wide swath of American life. He offers an alternative way of thinking about success--more attentive to the role of luck in human affairs, more conducive to an ethic of humility and solidarity, and more affirming of the dignity of work. The Tyranny of Merit points us toward a hopeful vision of a new politics of the common good.
