Sackett - Louis L'Amour 2003-09-30

William Tell Sackett had followed a different path from his younger brothers, but his name, like theirs, was spoken with respect and just a little fear. Where Orrin had brought law and order from New Mexico to the plains of Montana, backed up by the gunfighting talents of his brother Tye, Tell Sackett's destiny

drew him to Texas after he had to kill a man. There, in the high, lonesome country, he came upon a vein of pure gold. All he'd wanted was enough to buy a ranch, but he soon learned that gold had ways of its own with men.

The Odyssey - Homer 1927

From Stephen Mitchell, the renowned translator whose Iliad was named one of The New Yorker's Favorite Books of 2011, comes a vivid new translation of the Odyssey, complete with textual notes and an illuminating introductory essay. The hardcover publication of the Odyssey received glowing reviews: The New York Times praised Mitchell's fresh, elegant diction and the care he lavishes on meter, which] brought me closer to the transfigurative experience Keats describes on reading Chapman's Homer; Booklist, in a starred review, said that Mitchell retells the first, still greatest adventure story in Western literature with clarity, sweep, and force; and John Banville, author of The Sea, called this translation a masterpiece. The Odyssey is the original hero's journey, an epic voyage into the unknown, and has inspired other creative work for millennia. With its consummately modern hero, full of guile and wit, always prepared to reinvent himself in order to realize his heart's desire--to return to his home and family after ten years of war--the Odyssey now speaks to us again across 2,600 years. In words of great poetic power, this translation brings Odysseus and his adventures to life as never before. Stephen Mitchell's language keeps the diction close to spoken English, yet its rhythms recreate the oceanic surge of the ancient Greek. Full of imagination and light, beauty and humor, this Odyssey carries you along in a fast stream of action and imagery. Just as Mitchell re-energised the Iliad for a new generation (The Sunday Telegraph), his Odyssey is the noblest, clearest, and most captivating rendition of one of the defining masterpieces of Western literature.

The Road - Cormac McCarthy 2007-03-20

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE •
A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. Look for Cormac McCarthy's new novel, *The Passenger*.

The Jungle Book - Rudyard Kipling 1920

Wuthering Heights - Emily Bronte

Wuthering Heights is the name of Mr. Heathcliff's dwelling. *Wuthering* being a significant provincial adjective, descriptive of the atmospheric tumult to which its station is exposed in stormy weather. Pure, bracing ventilation they must have up there at all times, indeed: one may guess the power of the north wind blowing over the edge, by the excessive slant of a few stunted firs at the end of the house; and by a range of gaunt thorns all stretching their limbs one way, as if craving alms of the sun. Happily, the architect had foresight to build it strong: the narrow windows are deeply set in the wall, and the corners defended with large jutting stones. Before passing the threshold, I paused to admire a quantity of grotesque carving lavished over the front, and especially about the principal door; above which, among a wilderness of crumbling griffins and shameless little boys, I detected the date 1500, and the name Hareton Earnshaw. I would have made a few comments, and requested a short history of the place from the surly owner; but his attitude at the door appeared to demand my speedy entrance, or complete departure, and I had no desire to aggravate his impatience previous to inspecting the penetralium. One stop brought us into the family sitting-room, without any introductory lobby or passage: they call it here *the house* pre-eminently. It includes kitchen and parlour, generally; but I believe at *Wuthering Heights* the kitchen is forced to retreat altogether into another quarter: at least I distinguished a chatter of tongues, and a clatter of culinary utensils, deep within; and I observed no signs of roasting, boiling, or baking, about the huge fireplace; nor any glitter of copper saucepans and tin cullenders on the walls. One end, indeed, reflected splendidly both light and heat from ranks of immense pewter dishes, interspersed with silver jugs and tankards, towering row after row, on a vast oak dresser, to the very roof. The latter had never been under-drawn: its entire anatomy lay bare to an inquiring eye, except where a frame of wood laden with oatcakes and clusters of legs of beef, mutton, and ham, concealed it. Above the chimney were sundry villainous old guns, and a couple of horse-pistols: and, by way of ornament, three gaudily-painted canisters disposed along its ledge. The floor was of smooth, white stone; the chairs, high-backed, primitive structures, painted green: one or two heavy black ones lurking in the shade. In an arch under the dresser reposed a huge, liver-coloured bitch pointer, surrounded by a swarm of squealing puppies; and other dogs haunted other recesses.

The group of easterners Rock Bannon was scouting for faced another problem. They were being deceived. When he warned them to remain on the Humboldt Trail, Sharon Crockett and the others refused to listen. Mort Harper, a stranger riding a beautiful black mare, had dazzled them with his charm and good looks. The southern route was the best way to go, Harper told them. But best for whom? Bannon wondered. That route led straight to the Salt Lake Desert. The conditions would be brutal. And if Harper wasn't steering them toward those deadly alkali flats, where were they headed? And what would happen once they got there?
