## **Pastoral Prayers to Share, Year A -**

David Sparks 2010

"So what are we about as pastoral pray-ers? We are about bringing ourselves individually and as a faith community into right relationship with God..." What about

aRevised Common Lectionarybased book of pastoral prayers for clergy and lay leaders that provides responsive prayers for each Sunday of the year, including propers?

David gets asked this question often when people recognize him as the author of the three volumes of Prayers to Share. So, acknowledging that the pastoral prayer is often overlooked and undervalued, and that clergy and lay leaders may be hard-pressed for time to compose a fresh pastoral prayer each week, he has put together a unique and comprehensive collection of prayers that can be adapted to present circumstances and used in a variety of settings. The prayers are responsive, written for one or two leaders and a congregational response. They all allow for the inclusion of local and worldwide current events, and individual and congregational concerns.

David usually uses the weekly Gospel reading as the broad theme for the prayers and divides them into four easily identified sections: world suffering church ourselves The "how to use" section covers preparing to offer pastoral prayer, and offers 12 ways to "do" pastoral prayer, such as: two leader congregational response using people and objects to dramatize a theme using part of a hymn for a lead or a response using silence

for effect Each week offers specific suggestions for two or three prayer formats. Other features include: Thematic Index Scripture Index Icons in the margin to enable quick identification of prayer sections and alternate suggestions Data CD with text files for Year A

*They Called Me Starchild* - Rena Huisman  
2018-08-22

Who am I? Why am I here? What is my lifes purpose? These seem like reasonable questions that should automatically come with answers at the time of our birth, but they dont. Instead, we spend our lives trying to figure them out through trial and error or what Rena calls enlightenment through life experience. Encouraged to share her experience by her guides, she reveals how easy it is to ask for help and ignore the answers. To allow internal fears and preconceived ideas blind us from our true calling. But most importantly, she shows us how patient the universe is knowing that we are energetic beings living a physical life who need their help. Through her book, Rena shares her sacred journey to finding her lifes purposea journey that began with hearing the name Starchild. When we are ready, we will hear, see, feel, and know the answers to our questions and have the undeniable knowledge of who we are, and why we are here (Rena Huisman). Rena is the author of *The Would-Be Medium: My Ten-Year Journey as a Workshop Junkie*. She lives in Fairfax, Virginia, with her husband (Kurt), son (Travis) and little furry one,

Stitch. Her daughter, Sydney, is a proud member of the US Navy.

**Portrait** - Chris Lowen 2010-03-10

“Prepare to take a journey through rhyme and rhythm into the image of love, life, and everything in between. With every passing word, another image is painted showing the loneliness and depression, happiness and bliss, and triumph and victory that linger within one man’s heart and soul. Chris Lowen began writing after losing a close friend; he struggled to find his voice through the pain and depression that soon followed. At the young age of fourteen, he was certain that he needed to release himself from the pain he felt. He slowly started writing various ideas down on paper and creating fantasies that allowed him to escape the difficulties of reality. After writing several poems for his would-be book, he came to realize his knack for this genre, so he decided instead of writing just to prove a point that he would instead create a self-portrait of his own self. The portrait would be created not with paint and oils but with words in their purest and simplest form that explain the very essence of his soul within every shape, form, color, and tone that it took.”

*ReCreating Your Self* - Neale Donald Walsch 2013-09-18

All the concepts found in *Conversations with God* revolve, ultimately, around a central theme: the purpose of life is to re-create yourself anew. Yet what does that mean, in human terms? Here, the author of the extraordinary CwG series of books offers a step-by-step explanation of how the process of personal re-creation can work in anyone’s life. In simple, direct, and wonderfully accessible wording, Neale Donald Walsch makes one of the most complex of spiritual concepts come alive, rendering it ready-to-use as a powerful tool. This tool was first described in the companion book *Bringers of the Light*, which offers an exceptionally clear explanation of the spiritual basis behind creating Right Livelihood.

*Lucifer's Court* - Otto Rahn 2008-02-28  
Rahn’s personal diary from his travels as

occult investigator for the Third Reich • First English translation of the author’s journeys in search of a Nordic equivalent to Mt. Sinai • Explains why Lucifer the Light Bringer, god of the heretics, is a positive figure Otto Rahn’s lifelong search for the Grail brought him to the attention of the SS leader Himmler, who shared his esoteric interests. Induced by Himmler to become the chief investigator of the occult for the Nazis, Rahn traveled throughout Europe--from Spain to Iceland--in the mid 1930s pursuing leads to the Grail and other mysteries. *Lucifer’s Court* is the travel diary he kept while searching for “the ghosts of the pagans and heretics who were [his] ancestors.” It was during this time that Rahn grasped the positive role Lucifer plays in these forbidden religions as the bearer of true illumination, similar to Apollo and other sun gods in pagan worship. This journey was also one of self-discovery for Rahn. He found such a faithful echo of his own innermost beliefs in the lives of the heretics of the past that he eventually called himself a Cathar and nurtured ambitions of restoring that faith, which had been cruelly destroyed in the fires of the Inquisition. His journeys on assignment for the Reich--including researching an alleged entrance to Hollow Earth in Iceland and searching for the true mission of Lucifer in the caves of southern France that served as refuge for the Cathars during the Inquisition--also led to his disenchantment with his employers and his mysterious death in the mountains after his break with the Nazis.

*The Lightmaker's Manifesto* - Karen Walrond 2021-11-02

Many of us have strong convictions. We want to advocate for causes we care about--but which ones? We want to work for change--but will the emotional toll lead to burn out? Leadership coach, lawyer, photographer, and activist Karen Walrond knows that when you care deeply about the world, light can seem hard to find. But when your activism grows out of your joy--and vice versa--you begin to see light everywhere. In *The Lightmaker's Manifesto*, Walrond helps us name the skills, values, and actions that bring us joy; identify the causes that spark our empathy and concern; and then put it all together to change the world. Creative and practical exercises, including journaling, daily intention-setting, and mindful self-compassion, are complemented by lively conversations with activists and thought leaders such as Valarie Kaur, Brené Brown, Tarana Burke, and Zuri Adele. With stories from around the world and wisdom from those leading movements for change, Walrond beckons readers toward lives of integrity, advocacy, conviction, and joy. By unearthing our passions and gifts, we learn how to joyfully advocate for justice, peace, and liberation. We learn how to become makers of light.

*Lightbringers* - Karin Celestine 2020-10-10  
The first in a series of four titles based on the seasons, nature and folklore, The

Lightbringers is a story of hope centring on the notion that the light will always return, even in the darkest of days. The midwinter solstice provides the focal point for a journey by the little creatures as they seek to return light to earth, but it is a journey that evokes the traditions of the Mari Lwyd walking the villages of Wales and Wassail songs being sung in the orchards. Made up of two key parts, this book contains the story of The Lightbringers and a brief introduction to the myth and legend surrounding the season and festivals of midwinter. Suitable for readers of all ages.

**The Dark Side of the Light Chasers** - Deborah Ford 2010-11-02

The bestselling, beloved classic on how to go into the dark side of yourself to bring out the light -- now with new material. Debbie Ford believes that we each hold within us a trace of every human characteristic that exists, the capacity for every human emotion. We are born with the ability to express this entire spectrum of characteristics. But, Ford points out, our families and our society send us strong messages about which ones are good and bad. So when certain impulses arise, we deny them instead of confronting them, giving them a healthy voice, then letting them go. It is to these feelings that Ford turns our attention, these parts of our selves that don't fit the personae we have created for the rest of the world. She shows us the effects of living in the dark, of keeping all our supposedly unsavory impulses under wraps. We find ourselves disproportionately frustrated and angry at the selfishness of friends, the laziness of colleagues, the arrogance of siblings. When we are unable to reconcile similar impulses in ourselves, Ford explains, we waste our own energy judging others instead of empathizing. But most important, we deny ourselves the power and freedom of living authentically. Through the stories and exercises in *The Dark Side of the Light Chasers*, Debbie Ford shows us not only how to recognize our hidden emotions, but also how to find the gifts they offer us. This is for fans of Marianne Williamson, Neale Donald Walsch,

and Deepak Chopra. The very impulses we most fear may be the key to what is lacking in our lives.

**Bringers of the Dawn** - Barbara Marciniak 1992-12-01

Compiled from more than four hundred hours of channeling by Barbara Marciniak, *Bringers of the Dawn* imparts to us the wisdom of the Pleiadians, a group of enlightened beings who have come to Earth to help us discover how to reach a new stage of evolution. Master storytellers and humorists, they advise us to become media free, to work in teams, and to eliminate the words "should" and "try" from our vocabularies. We learn how to go beyond fear, how the original human was a magnificent being with twelve strands of DNA and twelve chakra centers, and who our "gods" are. Startling, intense, intelligent, and controversial, these teachings offer essential reading for anyone questioning their existence on this planet and the direction of our collective conscious--and unconscious. By remembering that we are Family of Light, that we share an ancient ancestry with the universe around us, we become "bringers of the dawn," consciously creating a new reality, a new Earth.

*Word-Reader, Light-Bringer* - Adelynn Spiecker 2021-11-25

Genesis 1 opens with, "In the beginning, God ...." All life starts with Him. He wants total access to our souls, to dwell near us, to meet with us. And until we come face-to-face with Him, we can't experience a saving relationship with the Lord. Once we gaze upon Jesus, we will automatically stop, drop, and shine—bringing the light to others, as Paul says in Philippians 2:15. As believers become readers of the Word of God, the Bible, they also become bringers of the light of Christ in their daily lives. Are you ready to get fire-hosed with living water? As that water washes your heart, the world will see you shining like the stars in the universe. Steeped in Scripture, overflowing with life application, and written with passion, *Word-*

Reader, Light-Bringer will challenge Christ-followers to seize the power that comes to them through the Holy Spirit and shine the light of Christ to a watching world.

**The Light Brigade** - Rebecca Cooper  
2021-03-21

In *The Light Brigade*, Rebecca Cooper dives headfirst into the difficulties of living in the light. This collection of powerful essays explores what it really means to be compassionate, empathetic, and brazen - all at the same time. ---This one is for the dreamers - for the dig down deep believers. For the two a.m. thinkers, and the never stop fighting achievers. This is for the deep, deep, dark, all-night survivors, and for the looking at the bottom of the barrels still-want-to-be-alivers. For the ones that know how to live and die by promises; for the ones that still know how to cross their hearts and hope the legend of their lives never die. This is for the torchbearers, the light-bringers, and the broad-shouldered warriors that show up to the arena early. For the ones that don't keep count because the count doesn't matter, and for the ones that search the horizon and ignore all of the pointless chatter. This is for the tenacious, audacious girls that don't need your dull crown because they brought their own, and this is for the ones that bear their chest scars like a holy battle cry to the forlorn. You're going to make it, they whisper. You're going to make it, they whisper. You're going to make it, they whisper, because we did, too. This is for the Light Brigade.

**The God Solution** - Neale Donald Walsch  
2020-12-01

What is needed now is for humanity to agree on the most important topic in human history. We could produce spectacular results if we did so, changing life on Earth for the better - forever. And this is not out of our reach. We could bring an end to anger,

violence, disagreements between people and nations, financial hardships, poverty, starvation, and the suffering of millions. We could bring peace, prosperity, security, opportunity, and joy to people around the world. In short, all that humanity has ever hoped for or dreamt of and what we were truly meant to experience could be ours. This could happen virtually overnight. And it could be done with the embracing of a single idea.

*Orogenies of Light* - Richard Leviton  
2019-10-29

ONE DAY IN 2084 EARTH'S ORIGINAL MOUNTAINS SUDDENLY REAPPEARED ON THE PLANET—AS 85,000 DOMED CANOPIES OF LIGHT FROM THE STARS. The story of this return is told by Blaise, a well-informed but mysterious figure who claims to be an engineer 134 years old and part of an ancient team that first designed the planet. It's a chronicle of his last field assignment, a unique career retrospective, and a firsthand account of the momentous return of the domes. These are giant half-spheres of Light that originally helped create the biosphere and were the Earth's first mountains. They generated the Earth's sacred sites and the mythic homes of the gods and linked them all in a global pattern of Light. The domes arrived all at once and started to reorganize the global landscape. It was their fourth visit, and it would be several perilous years as the planet adjusts to it. Blaise and his team of geomancers travel across the Earth and time to deal with the unprecedented perturbations set in motion by this celestial rescue of the planet. Problems are rife—the revolt of Pan and the Nature Spirits, the continuing dark interference by humanity's ghostly forebears, the resurgence of Babylon and its imperious agenda, and the planet's dangerous drift towards becoming flattened like a hockey-puck. But the opportunities are fabulous too as the planet enters an era of unceasing Light and beatific conditions. The return of the domes lays bare the true history of the Earth, how it diminished from perfection, the benign superintendents of this bold experiment, and who its earliest inhabitants were and

the massive problems they created which still affect us today. It is a genuinely apocalyptic moment, as the Earth reveals its original bright pattern of energy and consciousness and starts at last to fulfill its destiny.

The Light Bringers - Eric Nelson

*Family of Light* - Barbara Marciniak 1998-10-01

With compassion and compelling insight, the Pleiadians, those system-busting time-travelers from the future, take us on a journey through the uncharted lands of The Book of Earth, which comprises all human experience. While "our world goes

belly-up in these most absurd of times," they offer us "tools for survival." During the crucial period between 1987 and 2012--a nanosecond in the annals of existence where secrets and solutions are stored--we have the unique opportunity to move from the deepest of density to the highest of frequencies--where we shift from linear to multi-dimensional living. To make this transition, we must face not only the limitations of our 3-D world with its electronic manipulation and mind control, we must embrace our own wounds, and those of our ancestors and our leaders. To heal ourselves, to raise our frequency from one of despair and fear to one of great inspiration and love, the Pleiadians urge us to rethink and reevaluate our lives: "You shall change, you will change, you must change, because this is the season of change."

**The Only Thing That Matters** - Neale Donald Walsch 2012-10-16

Something very unusual is occurring on this planet right now. You have no doubt noticed it. It may be producing a more than normal amount of challenge and disjointedness in your life, and perhaps even some major upheavals. You are probably noticing it in the lives of others as well. For a while you may have thought that this was all just your mind playing tricks on you; that things were not really happening any differently, and that you're just a little tired, a little overcommitted, a little oversensitive. But now, as each day presents itself with obstacles mounting and challenges increasing and more and more personal issues coming up to be faced and healed, it is apparent that all of this is not an illusion, not an exaggeration. So you may be asking, "Why is all this happening? What am I doing wrong?" And here's the answer . . . You're doing nothing wrong. AND . . . there is something very unusual going on right now in your life, and all over the planet.

**Communion with God** - Neale Donald Walsch 2002-10-01

Neale Donald Walsch has changed the way the world thinks about God. His books have been translated into twenty-five languages, and his Conversations With God series, book 1, book 2, and book 3, have all been New York Times bestsellers-book 1 for over two years. In the Conversations books, Walsch shared with his readers the beginning of a sacred relationship, as he began an exchange with God on everything from love and faith, to life and death, and good and evil. And then, as Walsch recounted in Friendship with God, something else extraordinary began to happen. His relationship with God began to strengthen and deepen, just as our own relationships do, into a friendship. Now in Communion with God, his most richly intimate book yet, Walsch discovers how to elevate that friendship to a state of communion. In this blueprint for seekers, he reveals The Ten Illusions of Man-the misconceptions we hold about ourselves

and our world and our God. He describes with striking clarity how we might heal the great divide that has arisen from these illusions. And as he explores the true meaning of bringing God into our everyday lives, of having the courage of our convictions. Walsch shows us that we can only break free from our illusions when we act always from a place of deep fellowship with all that is holy—a place of communion with God.

**What God Said** - Neale Donald Walsch 2013-10-01

God's number one message to the world: "You've got me all wrong." Inspired by his nine-book Conversations with God series, many people have asked Neale Donald Walsch to find a way to deliver the most essential pieces of God's message to us in a more succinct way. This concise text details and expands just what we need to know about life and how to live it. Bringing his many conversations over the years into sharper focus than ever before, Walsch in What God Said encourages readers to cast aside religious and cultural trappings. **The Storm Before the Calm** - Neale Donald Walsch 2011-10-01

Something happened in early 2011 that hasn't happened in decades, perhaps centuries-and we didn't even notice it. That is, we didn't see it for what it was. Massive unrest from Tunisia to Egypt to Libya rocked the Arab world and threw the globe into political crisis. Within days, an earthquake-tsunami-nuclear calamity of terrifying proportions shocked Japan and sent the world reeling once again, even as the globe's financial markets shuddered to sustain themselves while states and nations tottered on the brink of bankruptcy-where many still linger. All of this, of course, we did notice. What we may have missed was that ancient predictions for this period of time called for exactly this: simultaneous environmental, political, and financial disasters. Were we seeing the beginning of "the end of history"-and not picking up the signal? In his prescient new book, *The Storm Before The Calm* , seven-time New York

Times best-selling author Neale Donald Walsch offers a startling answer: yes. But Walsch also says there is nothing to fear, advancing an extraordinary explanation for what is happening even now all over the planet. Then-and more important-he provides a stunning prescription for healing our lives and our world through the answering of seven simple questions, inviting people everywhere to join in an earth-saving exchange at [TheGlobalConversation.com](http://TheGlobalConversation.com). Compelling and perfectly timed, *The Storm Before The Calm* answers every question that is worth asking about December, 2012 and beyond. *WE ARE ONE*. - j.d.shaw 2010-07-09
