

# Roland Dyens

This is likewise one of the factors by obtaining the soft documents of this **Roland Dyens** by online. You might not require more time to spend to go to the books introduction as competently as search for them. In some cases, you likewise reach not discover the declaration Roland Dyens that you are looking for. It will extremely squander the time.

However below, once you visit this web page, it will be appropriately definitely simple to acquire as well as download guide Roland Dyens

It will not recognize many time as we tell before. You can attain it even though function something else at house and even in your workplace. appropriately easy! So, are you question? Just exercise just what we present below as well as review **Roland Dyens** what you once to read!

**Reaching the Next Level** - MARTHA A MASTERS 2011-02-25  
A guide for intermediate and advanced classical guitarists, addressing technical and musical issues. Any serious student of classical guitar will appreciate this book which covers topics often heard in a lesson, but seldom covered in a book, with appropriate repertoire provided. Topics covered include technical control, study habits, crafting interpretations, tone production, performance anxiety, and much more. Students and teachers alike will appreciate the varied repertoire selections, as well as the annotated repertoire list included for further study. Includes thoughtful discussion of each topic and careful choice of repertoire to allow guitarists to overcome obstacles and reach the next level in their playing. •

**Guitar Interviews: The Best from Classical Guitar Magazine Vol. 1** - COLIN COOPER 2016-03-23

The articles and interviews in this book have all appeared at one time or another in Classical Guitar magazine, and appear here in their original form. This volume features 23 interviews with guitar greats  
**Lettre á Roland Dyens for Classical Guitar** - James Piorkowski 2023-01-30

Lettre á Roland Dyens The 20 Lettres by Roland Dyens are a stellar collection of compositions for solo guitar that were written as tributes and homages to various composers and/or nationalistic styles of music. In 2021, I composed Lettre á Roland Dyens in the same spirit. In doing so, I set out to capture the essence of his style of writing, as if he were guiding my note choices phrase by phrase. This is my heartfelt homage to one of the greatest musicians ever associated with the guitar. It is dedicated to Elena Papandreou, the wonderful Greek guitarist who is one of the greatest interpreters of all

things Dyens. Enjoy.

*Dissertation Abstracts International* - 2007

**Civil War Suite for Classical Guitar** - Stephen S. Brew  
2020-07-07

Civil War Suite for Classical Guitar is a collection of ten Civil War-era songs arranged in standard notation for the advanced solo classical guitarist. The suite includes music from the Confederacy and the Union, along with soldier's songs, parlor songs, and an African American spiritual. The sequencing of the pieces is designed to create a musical narrative, with songs grouped in a manner that shows various perspectives of the war before ultimately celebrating Union victory. Throughout the suite, extensive passages feature delightful special effects that emulate period instruments such as the banjo, snare drum, and fiddle. Includes access to online audio.

Guitar Ergonomics - Martín Pedreira 2021-01-06

As the title of his book attests, guitarist and musicologist Martín Pedreira presents a methodical treatment addressing the most highly refined guitar techniques. In my opinion, we should not confuse the methodical with the routine, because the latter does not facilitate the completion of any task. We applaud Pedreira for his rigorous vision of instrumental practice and his meticulous attention to the physical-motor aspects of the instrumentalist. This reference book is worthy of frequent consultation for its valuable suggestions. Leo Brouwer This comprehensive reference book integrates the historical, structural, technical, and ergonomic aspects of classic guitar performance with the individual player's cultural, intellectual, creative, and emotional facets in what the author calls

a psychophysiological approach to interpretation. In addition to its emphasis on ergonomic posture and technique, the book includes over 200 short musical excerpts by Sor, Giuliani, Coste, Tárrega, Barrios, Montoya, Ponce, Pujol, Villa-Lobos, Rodrigo, Brouwer and others— illustrating practically every aspect of classic and flamenco guitar technique. This unique Wholistic Perspective of Technique Through Repertoire will be useful to teachers, aspiring composers, and to students and professionals forming recital and concert programs. Given the author's extensive survey of technique and repertoire from an ergonomic point of view, it is likely that even seasoned concert artists and teachers will find something new of intense interest to share with their audiences and students. No classic guitarist's library would be complete without this landmark book! The author's goal in presenting this multifaceted approach is to provide theoretical and practical coordinates for improving guitar interpretation while acknowledging the player's intellectual and emotional contributions. While there is no companion recording for this book, many of its examples can be heard in their entirety on YouTube. The inclusion of numerous quotes from renowned guitar virtuosos and other instrumentalists, plus statements by non-musician artists, scientists, and psychophysical experts from the Renaissance to the present day – emphasize the wholistic nature of this book. Readers are encouraged to put everything they have into their performances, including technique and musicianship, of course, but also general cultural knowledge and, yes – personal experience, feelings and even spirituality in order to: "... Enchant instead of astonishing the audience... [and] play more for the heart than for the eyes." – Alexandre Lavignac, La

## Educación Musical

**Portuguese Piano Music** - Nancy Lee Harper 2013-01-10

As the first book of its kind, Nancy Lee Harper's Portuguese Piano Music: An Introduction and Annotated Bibliography fills the gap in the historical record of Portuguese piano music from its start in the 18th century to the present. While although Spanish piano music is well documented owing to the reputation of such composers as Isaac Albéniz, Enrique Granados, and Manuel de Falla, our knowledge of compositions in the tradition of Portuguese piano music has not fared as well, barring the work of Carlos Seixas (1704–1742). This obscurity, however, reflects poorly on the history of early piano music in light of the many compositions written for fortepiano on behalf of the Portuguese court during the first half of the 18th century. Indeed, it was in the royal halls of King John V during his reign from 1706 to 1750 where the early fortepiano was frequently heard. In Portuguese Piano Music, Harper explores this rich musical tradition, offering a brief introduction to the pianistic history of Portugal and overviews of Portugal's contributions to solo piano music, piano in instrumental chamber music, piano concerti, piano for multiple pianists including with works with electronics, and didactic piano. While paying close attention to female composers, Harper adds an annotated and graded bibliography that presents readers with a comprehensive inventory of compositions. Appendixes include a selected discography, list of publishers, and other types of critical source information. To further illustrate its contents, Portuguese Piano Music contains a CD on which Harper performs representative repertoire, some of which are world premieres. This work is aimed at pianists, teachers, pupils, musicologists, and music lovers

seeking to discover the remarkable world of Portuguese piano music.

**My First Guitar** - Julia Crowe 2018-03-01

Julia Crowe interviews the world's leading guitarists, from Les Paul, Carlos Santana, Peter Frampton and Jimmie Vaughan, Joe Satriani, Melissa Etheridge, to Lee Ranaldo, George Benson and Jimmy Page. In interviews that offer an intimate insights into their beginnings as they recall their first instrument and share their memories of the inspiration, challenges, and successes of their early days. "Collecting these tales has been admittedly addictive because each story is as unique, compelling and illuminating as the performer... My intent was simple - to ask the artists to speak for themselves." - Julia Crowe Crossing a vast array of genres, showing the common experience of all guitarists, Julia Crowe offers intimate and deeply human insights into a musician's beginnings as her interviewees recall their first instrument and share their memories of the inspiration, challenges, and successes of those early days.

*From the North Coast to Niterói* - Tracy Anne Smith 2012

**21st Century Guitar** - Richard Perks 2023-01-12

In the 21st Century, the guitar, as both a material object and tool for artistic expression, continues to be reimagined and reinvented. From simple adaptations or modifications made by performers themselves, to custom-made instruments commissioned to fulfil specific functions, to the mass production of new lines of commercially available instruments, the extant and emergent forms of this much-loved musical instrument vary perhaps more than ever before. As guitars sporting multiple necks, a greater number of strings, and

additional frets become increasingly common, so too do those with reduced registers, fewer strings, and fretless fingerboards. Furthermore, as we approach the mark of the first quarter-century, the role of technology in relation to the guitar's protean nature is proving key, from the use of external effects units to synergies with computers and AR headsets. Such wide-ranging evolutions and augmentations of the guitar reflect the advancing creative and expressive needs of the modern guitarist and offer myriad new affordances. 21st Century Guitar examines the diverse physical manifestations of the guitar across the modern performative landscape through a series of essays and interviews. Academics, performers and dual-practitioners provide significant insights into the rich array of guitar-based performance practices emerging and thriving in this century, inviting a reassessment of the guitar's identity, physicality and sound-creating possibilities. **Twentieth Century Music Writers - A Hyperlist** - Neil E. Clement 2019-10-01

How many composers, songwriters and lyricists wrote music in the twentieth century?? Who were they?? This first edition identifies more than 14,000 people who did so, and all are listed in this eBook alphabetically along with a hyperlink to their Wikipedia biographical data. Performers of blues, folk, jazz, rock & roll and R&B are included by default. PLEASE NOTE: THE HYPERLINKS IN THIS BOOK ONLY FUNCTION ON GOOGLE PLAY aka THE 'FLOWING' VERSION. The hyperlinks in this book DO NOT CURRENTLY FUNCTION on the GOOGLE BOOKS 'FIXED' version. **The Music Sound** - Nicolae Sfetcu 2014-05-07

A guide for music: compositions, events, forms, genres, groups, history, industry, instruments, language, live music, musicians, songs, musicology, techniques,

terminology , theory, music video. Music is a human activity which involves structured and audible sounds, which is used for artistic or aesthetic, entertainment, or ceremonial purposes. The traditional or classical European aspects of music often listed are those elements given primacy in European-influenced classical music: melody, harmony, rhythm, tone color/timbre, and form. A more comprehensive list is given by stating the aspects of sound: pitch, timbre, loudness, and duration. Common terms used to discuss particular pieces include melody, which is a succession of notes heard as some sort of unit; chord, which is a simultaneity of notes heard as some sort of unit; chord progression, which is a succession of chords (simultaneity succession); harmony, which is the relationship between two or more pitches; counterpoint, which is the simultaneity and organization of different melodies; and rhythm, which is the organization of the durational aspects of music. *The Cambridge Companion to the Guitar* - Victor Coelho 2003-07-10

From the first mention in courtly poetry of the thirteenth century to enormous global popularity in the twentieth, the guitar and its development comprises multiple histories, each characterised by distinct styles, playing techniques, repertoires and socio-cultural roles. These histories simultaneously span popular and classical styles, contemporary and historical practices, written and unwritten traditions and western and non-western cultures. This is the first book to encompass the breadth and depth of guitar performance, featuring thirteen essays covering different traditions, styles, and instruments, written by some of the most influential players, teachers, and guitar historians in the world. The coverage of the book

allows the player to understand both the analogies and differences between guitar traditions, and all styles, from baroque, classical, country, blues, and rock to flamenco, African, Celtic, and instrument making will share the same platform. As musical training is increasingly broadened this comprehensive book will become an indispensable resource.

**Libra Sonatine** - Roland Dyens

The Philosophy Clinic - Stephen J. Costello 2017-01-06

This collection of essays and interviews highlights the modern movement of 'philosophical practice'. Taking their cue and call from Socrates' summons to 'know thyself', contemporary philosophical counsellors and practitioners have returned to the ancient understanding of philosophy as consolation and contemplation, as a life directed to the loving search for wisdom and clarity. Socrates and the Stoics continued this tradition, seeing philosophy primarily as a practical way of living in alignment with oneself and the logos. Thus interpreted, philosophy is a path, teaches a method more than pronounces a thesis, and issues a living praxis devoted to daily spiritual exercises whose aim is nothing less than the transformation of the self – a metamorphosis of the personality. This conception of philosophy's essence was lost, but was later retrieved by certain philosophers, such as Viktor Frankl and Ludwig Wittgenstein, in the twentieth-century, who have unleashed and uncovered philosophy's original therapeutic impulse and intent. As such, this book will prove of inestimable value to philosophers, psychologists, psychotherapists, psychiatrists, counsellors, clients, and students of these disciplines.

**"The New Guitarscape in Critical Theory, Cultural**

**Practice and Musical Performance "** - Kevin Dawe

2017-07-05

In *The New Guitarscape*, Kevin Dawe argues for a re-assessment of guitar studies in the light of more recent musical, social, cultural and technological developments that have taken place around the instrument. The author considers that a detailed study of the guitar in both contemporary and cross-cultural perspectives is now absolutely essential and that such a study must also include discussion of a wide range of theoretical issues, literature, musical cultures and technologies as they come to bear upon the instrument. Dawe presents a synthesis of previous work on the guitar, but also expands the terms by which the guitar might be studied. Moreover, in order to understand the properties and potential of the guitar as an agent of music, culture and society, the author draws from studies in science and technology, design theory, material culture, cognition, sensual culture, gender and sexuality, power and agency, ethnography (real and virtual) and globalization. Dawe presents the guitar as an instrument of scientific investigation and part of the technology of globalization, created and disseminated through corporate culture and cottage industry, held close to the body but taken away from the body in cyberspace, and involved in an enormous variety of cultural interactions and political exchanges in many different contexts around the world. In an effort to understand the significance and meaning of the guitar in the lives of those who may be seen to be closest to it, as well as providing a critically-informed discussion of various approaches to guitar performance, technologies and techniques, the book includes discussion of the work of a wide range of guitarists, including Robert Fripp,

Kamala Shankar, Newton Faulkner, Lionel Loueke, Sharon Isbin, Steve Vai, Bob Brozman, Kaki King, Fred Frith, John 5, Jennifer Batten, Guthrie Govan, Dominic Frasca, I Wayan Balawan, Vicki Genfan and Hasan Cihat ?ter.

*John Williams: Changing the Culture of the Classical Guitar* - Michael O'Toole 2019-04-08

This book assesses the influence and reception of many different forms of guitar playing upon the classical guitar and more specifically through the prism of John Williams. Beginning with an examination of Andrés Segovia and his influence upon Williams' life's work, a further three incisive chapters cover key areas such as performance, perception, education and construction, considering social and cultural contexts of the guitar over the past century. A final chapter on new directions in classical guitar examines the change in reception of the instrument from the mid-1970s to the present day, and Williams' impact upon what might be termed 'standard classical guitar repertoire'. With in-depth discussion of the cultural and perceptual impact of Williams' more daring crossover projects and numerous musical examples, this is an informative reference for all classical guitar practitioners, as well as scholars and researchers of guitar studies, reception studies, cultural musicology and performance studies. An online lecture by the author and a transcript of the author's interview with John Williams are also available as e-resources.

*Reprising Craftsmanship* - Pablo Rojas 2021-08-31

Craftsmanship provides an insight into an inherently human dimension of work resulting from our immersion in an occupation or profession. The present book illustrates and defines the vital, social, aesthetic, and ethical dimensions involved in craftsmanship, which

rejects a dissociation between handwork and wit, or between action and thought. This also contrasts with the neglect contemporary psychology has shown toward craftsmanship and its reduction to mere 'human factors.' Drawing on artistry as an emblem, the present account conveys that skilful action can only be renewed in a cycle involving both the personal and the transgenerational. There is little doubt in psychological and anthropological literature that the current global crises cannot be separated from social predicaments; namely, from the commodification of craftsmanship. In this book, the development of skilful action attests to a fundamental involvement required to sustainably perpetuate human endeavours. The role of expressivity in reappropriating technical activity is key in showing the continuous revaluation of our ethics and aesthetics of work, practice, and creation. The overall arc of the volume shows a movement from responsivity to responsibility. In short, if we are to reformulate our relationship to work and craft, we need to see through our responsibility in technique. The particularities of craftsmanship described here aim to contribute to such reformulation.

*The International Who's Who in Popular Music 2002* - Andy Gregory 2002

The International Who's Who in Popular Music 2002 offers comprehensive biographical information covering the leading names on all aspects of popular music. It brings together the prominent names in pop music as well as the many emerging personalities in the industry, providing full biographical details on pop, rock, folk, jazz, dance, world and country artists. Over 5,000 biographical entries include major career details, concerts, recordings and compositions, honors and

contact addresses. Wherever possible, information is obtained directly from the entrants to ensure accuracy and reliability. Appendices include details of record companies, management companies, agents and promoters. The reference also details publishers, festivals and events and other organizations involved with music.

**Music and the Generosity of God** - Gerald C. Liu

2017-11-16

What if sounds everywhere lavish divine generosity? Merging insights from Jean-Luc Marion with musical ingenuity from Pierre Boulez and John Cage's 4'33", Gerald C. Liu blends the phenomenological, theological, and musical to formulate a hypothesis that in all places, soundscapes instantiate divine giving without boundary. He aims to widen apprehension of holiness in the world, and privileges the ubiquity of sound as a limitless and easily accessible portal for discovering the inexhaustible magnitude of divine giving.

**Legacies of Ancient Greece in Contemporary Perspectives**

- Thomas M. F. Gerry 2022-04-20

'Legacies of Ancient Greece in Contemporary Perspectives' provides readers with opportunities to reconnect with the origins of thought in an astonishingly wide variety of areas: politics, economics, art, spirituality, gender relations, medicine, literature, philosophy, music, and so on. As the chapters in the book show, Classical Greek thought still informs much of contemporary culture. There are countless books and articles that deal with ancient Greece historically, and a similar number that focus on Greece as a contemporary travel destination. There is both a lot of interest in Greece as a place now, and in Greece's history and culture, which formed the early origins of much of Western civilisation. The distinctive

attraction of 'Legacies of Ancient Greece in Contemporary Perspectives' is that it brings together, by means of fascinating examples, the two areas of interest: Greece's past in relation to its, and our, present. In addition to the general interest factor, the book suggests questions for re-examination: the individual chapters provide abundant original research on their subjects, and in most cases offer critiques on the assumptions about, and the interpretations of, Greece's ancient and contemporary cultural practices. These challenges themselves stimulate far-reaching thought and discussion, a feature highly attractive to readers (and students) wishing to develop a more in-depth understanding of the legacies of ancient Greece. Classical & fingerstyle guitar technique - Simon Salz 2002

This book, which contains more than 40 pieces, is intended for those guitarists who have broad interests. Based mainly in the traditional "classical" guitar style exemplified by Andres Segovia, the book also explores a variety of other genres, from the syncopated Brazilian rhythms of Bossa Nova to American blues, ragtime, and jazz. It is intended to give the student a systematically presented technical foundation, while also building an enjoyable repertoire of attractive musical selections in a variety of traditional and contemporary styles. Titles include: Pomp and Circumstance \* Habanera \* The Can Can \* Carcassi Nova \* Romance of the Roses \* The Trumpet Voluntary \* Winter (from Vivaldi's Four Seasons) \* Danny Boy \* Pavane \* South Beach Rumba, Part 1 \* Chromatic Rag \* Telemann Canon and many more. All titles in the book are also included on the CD.

Village View - James Collins 2014-04-11

A year living on Symi, a Greek island. James' blog posts from 2013, edited and set out in printed form with images by Neil Gosling, take us through one whole year living on a small Greek island in southeast Greece. From winter storms to summer visitors, from photo walks to book signings, and from goats to shrimp festivals, Village View gives us an upfront, honest and mildly edited account of James and Neil's eleventh year on Symi. "Symi's charm is in its people and the minutiae of their lives; James's great talent lies in his careful observation of the absurd and the amusing, the dramas and the difficulties, because nothing in Symi is ever simple, and in reporting what he sees with kind humour and a writer's eye for the details essential to lively travel writing." Anne Zouroudi, author of Bloomsbury's Greek Detective mysteries.

**Recording the Classical Guitar** - Mark Marrington  
2021-03-31

Recording the Classical Guitar charts the evolution of classical guitar recording practice from the early twentieth century to the present day, encompassing the careers of many of the instrument's most influential practitioners from acoustic era to the advent of the CD. A key focus is on the ways in which guitarists' recorded repertoire programmes have shaped the identity of the instrument, particularly where national allegiances and musical aesthetics are concerned. The book also considers the ways in which changing approaches to recording practice have conditioned guitarists' conceptions of the instrument's ideal representation in recorded form and situates these in relation to the development of classical music recording aesthetics more generally. An important addition to the growing body of literature in the field of phonomusicology, the book

will be of interest to guitarists and producers as well as students of record production and historians of classical music recording.

*Playing with Ease* - David Leisner 2018-09-21

Playing with Ease is a book about ergonomic technique for the guitar, as well as other instruments. Renowned classical guitarist David Leisner offers an introduction to the basic anatomy of movement, advice on relieving unnecessary tension, pioneering ideas about engaging large muscles, and tips for practicing and concert preparation.

*Seduced by the Muse* - Harry George Pellegrin 2013-11-21  
Music: Is it a hobby? Is it a pastime? Is it an ego boost? Is it an obsession? Only if it is an all-consuming obsession should one consider music as a career. Someone once said If anything can discourage you from being a musician, let it! Seduced by the Muse is the biography of a professional musician highlighting how life's experiences--death, injury, sickness, ridicule and praise--shaped a relatively successful career. Music is life to the musician and every incident, emotion and trial form the core of how that musician interprets his world and this interpretation is clearly apparent in every note played. The observations of classical guitarist Harry George Pellegrin.

*A Study of Multiculturalism in 20th Century Guitar Music and the Brazilian Elements in the Music of Roland Dyens*  
- Daniel Duarte 2016

**How to Play Guitar** - Jason Randall 2018-05-06

**The Classical Guitar** - Maurice J. Summerfield 2003-01-01 (Book). We proudly present the fifth edition of Maurice J. Summerfield's highly acclaimed ultimate reference book on the classical guitar. This brand new book features all the original biographical entries updated with new photographs where applicable, plus 100 new biographical entries in the players, composers and makers section for a total of over 485. This new edition gives the reader a full and clear picture of the classical guitar's development since the beginning of

the nineteenth century. Also included are informative sections on composers, scholars, flamenco guitarists and guitar makers. The book's collection of several hundred photographs is the most complete to be published in one volume. There are extensive listings of the most important classical guitar recordings. The final section, Sources of Supply, guides readers to where they can obtain the books, recordings, music and magazines listed in the book. Without a doubt, this new edition will be the essential work of reference on the subject of classical guitar for years to come! "My sincere congratulations to Maurice Summerfield." Andres Segovia  
**Homage in the Solo Guitar Music of Roland Dyens** - Sean Beavers 2006

This treatise is a study of homage in the solo guitar music of Roland Dyens. Chapter One provides a brief history of musical borrowing and homage. Terms like dedication, arrangement, allusion, and homage are distinguished from one another. Chapter Two provides a brief biography of Roland Dyens and a discussion of his musical style. Chapters Three, Four, and Five explore relationships between Dyens' works and those by composers that influenced him. Chapter Three presents a discussion of the influence of Heitor Villa-Lobos on Dyens, as exhibited by Saudade No. 2 and Hommage à Villa-Lobos. Chapter Four covers the influence of Leo Brouwer on Dyens, as seen in the works L.B. Story, and Éloge de Léo Brouwer. Chapter Five provides a brief survey of Dyens' other homages for solo guitar. These include the following works: Hommage à Frank Zappa, Deux Hommages à Marcel Dadi, Ville D'Avril (Hommage à Boris Vian), L'Allusive, Triaela, and some of the 20 Lettres. In Appendix A, there is an annotated list of Dyens' solo guitar works. Other appendices provide lists of Dyens'

arrangements, chamber works, and ensemble pieces as well as Dyens' discography.

Benjamin Verdery - Thomas Donahue 2018-05-23

This book honors classical guitarist Benjamin Verdery, professor at the Yale School of Music. It contains personal reflections from his friends and colleagues illustrating Verdery's influence on his peers, his students, and the classical guitar world; features of his musical career; and characteristics of his personality.

*Cincinnati Magazine* - 2007-02

Cincinnati Magazine taps into the DNA of the city, exploring shopping, dining, living, and culture and giving readers a ringside seat on the issues shaping the region.

Dave Flynn Complete Works for Solo Guitar - Dave Flynn 2020-10-21

This book presents a collection of contemporary, tonal classical guitar works from Ireland's most prolific guitar composer; Dave Flynn has melded Celtic, minimalist and neo-baroque influences in this groundbreaking addition to the modern concert repertoire. Fans of the minimalism of Steve Reich, John Adams and Philip Glass will enjoy "Three Minimalist Pieces" and the "Six Etudes for Five Fingers". The influence of Flynn's native Ireland can be heard in some of these etudes, as well as in the Satie-esque "Three Gymn O'Paddies" and "The Mahatma of the Glen" which utilizes an alternate tuning with roots in Celtic fiddling. The imposing "Passacaglia" is a challenging concert work suitable for competitions and recitals, while the "Homage Sonatina" pays tribute to three iconic guitarists: Heitor Villa-Lobos, Andy Summers and Leo Brouwer. With an insightful foreword from the late Charles Postlewaite, Flynn's

illuminating practice tips and program notes guide the reader through these atmospheric, accessible works. Flynn's own interpretations can be found on his albums *5to9 - Music for Solo Guitar* (2020) and *Contemporary Traditional Irish Guitar* (2009), available online to stream or download. Recommended for intermediate to advanced classical guitarists, these pieces are written in standard notation only.

**Whistling In the Street** - Yannis Zacharellis 2016-07-01  
Guitar music score book, compositions by Yannis Zacharellis. "I was very young, around 10, when I got my first plastic guitar at a local feast. Later on, since, I also, as other children do, tore it apart, improvised creating more, out of tennis rackets. I decided to learn playing the guitar, when I became 16 and more mature, after having overcome my fears and embarrassment of the public. Since then, 21 years passed. I remember the joy of creation that brought me tears of happiness when I composed my first piece for guitar. When reading a score, I imagined hiding behind the small black dots, images and faces, stories and faces. After diplomas and degrees, music still remains for me a magical journey to my best self"

**A Concise History of the Classic Guitar** - GRAHAM WADE 2010-10-07

A Concise History of the Classic Guitar by Graham Wade, one of the foremost international writers on the guitar, explores the history of the instrument from the 16th century to the present day. This compact assessment of five centuries of fretted instruments cover the vihuela in Spain, the history of four-course and five-course guitars, the evolution of tablature, and developments in the six-string guitar in the 19th century. The work also charts the contribution of leading composers, performers

and luthiers of the 20th century, and evaluates the influence of Segovia, Llobet, Pujol, Presti, Bream, Williams, etc., among the world's famous guitarists. This book, intended for the general public and guitar students of all ages, is the first interpretative history of the classic guitar to be published in the 21st century, and will be eagerly welcomed by all lovers of the instrument.

The Orphée Data-base of Guitar Records - Matanya Ophee  
1990

Sonatina for Guitar - Jonathan Godfrey 2022-11-28

Sonatina is the grand-prize winner of the 2010 Boston GuitarFest Composition Competition. While the designation "sonatina" typically suggests simplicity or reduced scale, the musical and technical demands that pervade this fifteen-minute work suggest a far more ironic meaning. Written in three-movements in a conventional sonata form, it was conceived as a recital or competition tour-de-force for Serbian-American virtuoso Nemanja Ostojic.

**3 pièces polyglottes** - Roland Dyens 2000

**Encyclopedia of Great Popular Song Recordings** - Steve Sullivan 2013-10-04

The Encyclopedia of Great Popular Song Recordings, Volumes 1 and 2 covers the full range of popular music recordings with virtually unprecedented breadth and depth. In this 2-volume encyclopedia, Sullivan explores approximately 1,000 song recordings from 1889 to the present, telling the stories behind the songs, recordings, performers, and songwriters. From the Victorian parlor ballad and ragtime hit at the end of the 19th century to today's rock classics, the Encyclopedia progresses through a parade popular music styles, from jazz to blues to country Western, as well as the important but too often neglected genres of ethnic and world music, gospel, and traditional folk. This book is the ideal research tool for lovers of popular music in all its glorious variety.

**Master Anthology of New Classic Guitar Solos, Volume 1** - STEPHEN REKAS 2016-05-24

This collection presents original works by 21 modern-day composer/guitarists, including both well-known artists and gifted upstarts. Recommended for the intermediate to advanced player, with the exception of a few pieces in alternate tunings, the selections are written in standard notation only. Bio sketches, photos, performance notes and a CD recorded for the most part by the composers themselves complete this musical portrait of the classic guitar in the 21st century.
