*Exploring Psychology, Sixth Edition, in Modules* - David G. Myers  
2004-12-07

The success of the modular version of David Myers's bestselling brief text, *Exploring Psychology*, proves the author's longheld belief (supported by independent research) that for a number of students, a text comprised of 45 15-page chapters is more effective than one of 15 45-page chapters. *Exploring Psychology, Sixth Edition, in Modules* includes all the features and up-to-date content of the current edition of *Exploring Psychology* organized into 45 modules. It is accompanied by its own expansive variety of media and supplements similar to the *Exploring Psychology* package, also reorganized to match the modular format. This is NOT a brief version of *Psychology, Seventh Edition, in Modules*. Rather, this text is a MODULARIZED version of *Exploring Psychology, Sixth Edition*.

*Psychology, Seventh Edition, in Modules* - David G. Myers 2003-09-22

This breakthrough iteration of David Myers' best-selling text breaks down the introductory psychology course into 55 brief modules.

**Psychology In Modules** - David G. Myers 2009-09-28

This version of the main text breaks down the chapters into shorter modules, for more accessibility. The smaller chunks allow students to

better grasp and explore psychological concepts. The modules also allow more flexibility in teaching, as cross-references to other chapters have been replaced with brief explanations.

**Tennessee Comprehensive Driver License Manual** - Tennessee Department of Safety and Homeland Security  
2021-02-27

This Tennessee Comprehensive Driver License Manual has been divided into three (3) separate sections. The purpose of this manual is to provide a general understanding of the safe and lawful operation of a motor vehicle. Mastering these skills can only be achieved with practice and being mindful of Tennessee laws and safe driving practices. Section A This section is designed for all current and potential drivers in Tennessee. It provides information that all drivers will find useful. Section A consists of pages 1 through 24. This section will help new and experienced drivers alike get ready for initial, renewal, and other license applications by explaining: \* the different types of licenses available \* the documentation and other requirements for license applications \* details on Intermediate Driver Licenses and how this graduated driver license works for driver license applicants under age 18 \* basic descriptions of the tests required to obtain a Driver License Section B This section is designed to help new drivers study and prepare for the required knowledge and skills for an operator license. It includes helpful practice test questions at the end of each chapter. Section B consists of pages 25 through 90. This section of the manual provides information related to: \* Examination requirements for the vision, knowledge and road tests \* Traffic signs, signals, and lane markings \* Basic Rules of the Road \* Being a responsible driver and knowing the dangers and penalties of Driving Under the Influence of alcohol and drugs. Section C This section provides information and safety tips to improve the knowledge of all highway users to minimize the likelihood of a crash and the consequences of those that do occur. This section consists of pages 91-117. It also provides information about sharing the road with other methods of transportation, which have certain rights and privileges on the highways which drivers must be aware of and respect. It is important to read this information and learn what you can do

to stay safe, and keep your family safe, on the streets, roads and highways of our great state.

*Clinical Handbook of Couple Therapy* - Jay L. Lebow 2022-11-14  
"Regarded as the authoritative reference and text, this handbook presents the most effective, widely studied approaches to couple therapy. The distinguished coeditors bring together other leading experts, most of whom developed the approaches they describe. Adhering closely to a uniform structure to facilitate study and comparison, chapters cover the history, theoretical and empirical underpinnings, and techniques of each model. The volume also describes cutting-edge applications for particular relationship contexts (such as blended families, LGBT couples, and separated couples) and clinical problems (such as partner aggression, psychological disorders, and medical issues)"--

Pain and Chemical Dependency - Howard Smith 2008-04-25

Many people who are dependent upon addictive chemical agents first encounter these agents as prescription drugs for a painful, usually chronic, medical condition. While the roles of psychologists and psychiatrists are key in treating these patients, the role of the physician who initially prescribed the drug and who manages the patient's medical condition has only recently been addressed, and it is now emerging as an important new area in medicine. In addition to the problem of dependency itself, once a patient becomes dependent, it significantly affects ongoing

treatment of the medical problem. This new book, written by the top names in the field, addresses these important issues
