Reading Religion in Text and Context - Elisabeth Arweck 2006

To what extent is religion inherently textual? What might the term 'textual' mean in relation to religious faith and practice? These are the two key questions addressed by the eleven thought-provoking essays collected in this volume. Accounts of the content and structure of sacred texts are commonplace. The rather more adventurous aim of this book is to disclose (within the context of religion) the various ways in which meaning can be read of more or less obviously sacred writing and from discourses such as the body, the built and natural environment, drama and ritual.

One Italian Summer - Rebecca Serle
2022-03-01

INSTANT NEW YORK TIMES BESTSELLER In

this “magical trip worth taking” (Associated Press), the New York Times bestselling author of *In Five Years* returns with a powerful novel about the transformational love between mothers and daughters set on the breathtaking Amalfi Coast. When Katy’s mother dies, she is left reeling. Carol wasn’t just Katy’s mom, but her best friend and first phone call. She had all the answers and now, when Katy needs her the most, she is gone. To make matters worse, their planned mother-daughter trip of a lifetime looms: to Positano, the magical town where Carol spent the summer right before she met Katy’s father. Katy has been waiting years for Carol to take her, and now she is faced with embarking on the adventure alone. But as soon as she steps foot on the Amalfi Coast, Katy begins to feel her mother’s spirit. Buoyed by the stunning waters, beautiful cliffside, delightful residents, and, of course, delectable food, Katy feels herself coming back to life. And then Carol appears—in the flesh, healthy, sun-tanned, and thirty years old. Katy doesn’t understand what is happening, or how—all she can focus on is that she has somehow, impossibly, gotten her mother back. Over the course of one Italian summer, Katy gets to know Carol, not as her mother, but as the young woman before her. She is not exactly who Katy imagined she might be, however, and soon Katy must reconcile the mother who knew everything with the young woman who does not yet have a clue. “Rebecca Serle is known for her powerful stories that tug at the heartstrings—and her latest is just as unforgettable” (*Woman’s World*) as it effortlessly shows us how to move on after loss, and how the people we love never truly leave us.

Ocean of Reasoning - Tsong-kha-pa Blo-bzang-grags-pa 2006-04-20
Tsong kha pa (14th-century) is arguably the most important and influential philosopher in Tibetan history. An Ocean of Reasoning is the most extensive and perhaps the deepest extant commentary on Nagarjuna's *Mulamadhyamakakarika* (Fundamental Wisdom of the Middle Way), and it can be argued that it is impossible to discuss Nagarjuna's work in an informed way without consulting it. It discusses

alternative readings of the text and prior commentaries and provides a detailed exegesis, constituting a systematic presentation of Madhyamaka Buddhist philosophy. Despite its central importance, however, of Tsong kha pa's three most important texts, only *An Ocean of Reasoning* remains untranslated, perhaps because it is both philosophically and linguistically challenging, demanding a rare combination of abilities on the part of a translator. Jay Garfield and Ngawang Samten bring the requisite skills to this difficult task, combining between them expertise in Western and Indian philosophy, and fluency in Tibetan, Sanskrit, and English. The resulting translation of this important text will not only be a landmark contribution to the scholarship of Indian and Tibetan Buddhism, but will serve as a valuable companion volume to Jay Garfield's highly successful translation of *The Fundamental Wisdom of the Middle Way*.

New Approaches to Teaching Italian Language and Culture - Emanuele Occhipinti 2008-12-11

New Approaches to Teaching Italian Language and Culture fills a major gap in existing scholarship and textbooks devoted to the teaching of Italian language and culture. A much-needed project in Italianistica, this collection of essays offers case studies that provide a coherent and organized overview of contemporary Italian pedagogy, incorporating the expertise of scholars in the field of language methodology and language acquisition from Italy and four major countries where the study of Italian has a long tradition: Australia, Canada, Great Britain and the United States. The twenty four essays, divided into six main parts, offer a tremendous variety of up-to-date approaches to the teaching of Italian as a foreign language and L2, ranging from theoretical to more practical, hands-on strategies with essays on curricular innovations, technology, study abroad programs, culture, film and song use as effective pedagogical tools. Each case study introduces a systematic approach with an overview of theory, activities and assessment suggestions, collection of research data and syllabi. The book addresses the needs of instructors and teacher trainers, putting in perspective different examples that can be used for more effective teaching techniques according to the ACTFL guidelines and the Common European Framework of Reference for Languages. **Extensive Reading in the Second Language Classroom** - Day 1998-01-13 This comprehensive examination of extensive reading shows how reading large quantities of books and other materials can provide students with essential practice in learning to read and help them develop a positive attitude towards reading, which is sometimes missed in second language

classes. The authors first examine the cognitive and affective nature of reading and then offer a wealth of practical advice for implementing extensive reading with second language learners. Suggestions are provided for integrating extensive reading into the curriculum, establishing a library, selecting reading materials, and keeping records for purposes of evaluation. The text also describes a wide variety of classroom activities to supplement individualized silent reading. The information will be useful both for pre-service teachers and for teachers and administrators who want to improve the teaching of reading in their second language programs.

Oxford Latin Course - M. G. Balme
1999-06

Designed for North American students, this special version of the Oxford Latin Course combines the best features of both modern and traditional methods of Latin teaching, providing an exciting, stimulating introduction and approach to Latin based on the reading of original texts. In this four-volume North American edition, the order of declensions corresponds to customary U.S. usage, and the spelling has been Americanized. In addition, it offers full-color illustrations and photographs throughout Parts I and II and an expanded Teacher's Book with translations for each part. Parts I-

III (now available in hardcover editions) are built around a narrative detailing the life of Horace, now based more closely on historical sources, which helps students to get to know real Romans--with their daily activities, concerns, and habits--and to develop an understanding of Roman civilization during the time of Cicero and Augustus. Part IV (paperback) is a reader consisting of extracts from Caesar, Cicero, Catullus, Virgil, Livy, and Ovid. The second edition of the Oxford Latin Course has been carefully designed to maximize student interest, understanding, and competence. It features a clearer presentation of grammar, revised narrative passages, new background sections, more emphasis on daily life and on the role of women, a greater number and variety of exercises, and review chapters and tests. Each chapter opens with a set of cartoons with Latin captions that illustrate new grammar points. A Latin reading follows, with new vocabulary highlighted in the margins and follow-up exercises that focus on reading comprehension and grammatical analysis. A background essay in English concludes each chapter. Covering a variety of topics--from history to food, from slavery to travel, these engaging essays present a well-rounded picture of Augustan Rome. In Other Words - Jhumpa Lahiri
2016-02-09
National Best Seller From the best-selling author and Pulitzer Prize winner, a powerful nonfiction debut--an "honest, engaging, and very moving account of a writer searching for herself in words." --Kirkus Reviews (starred) In Other Words is a revelation. It is at heart a love story--of a long and sometimes difficult courtship, and a passion that verges on obsession: that of a writer for another language. For Jhumpa Lahiri, that love was for Italian, which first captivated and capsized her during a trip to Florence after college. Although Lahiri studied Italian for many years afterward, true mastery always eluded her. Seeking full immersion, she decides to move to Rome with her family, for "a trial by fire, a sort of baptism" into a new language and world. There, she begins to read, and to write--initially in her journal--solely in Italian. In Other Words, an autobiographical work written in Italian, investigates the process of learning to express oneself in another language, and describes the journey of a writer seeking a new voice. Presented in a dual-language format, this is a wholly original book about exile, linguistic and otherwise, written with an intensity and clarity not seen since Vladimir Nabokov: a startling act of self-reflection and a provocative exploration of belonging and reinvention.
