De Spiritu Sancto (of the Holy Spirit) - St. Basil St. Basil the Great 2015-12-06 Basil of Caesarea, also called Saint Basil the Great, (330 -379) was the bishop of

Caesarea Mazaca in Cappadocia, Asia Minor (modern-day Kayseri, Turkey). St. Basil was born into the wealthy family of Basil the Elder, a famous rhetor, and Emmelia of Caesarea. His parents were known for their piety, and his maternal grandfather was a Christian martyr, executed in the years prior to Constantine I's conversion. The principal theological writings of Basil are his *De Spiritu Sancto* (On the Holy Spirit), a lucid and edifying appeal to Scripture and early Christian tradition (to prove the divinity of the Holy Spirit), and his *Refutation of the Apology of the Impious Eunomius*, written in 363 or 364, three books against Eunomius of Cyzicus, the chief exponent of Anomoian Arianism. The first three books of the *Refutation* are his work; the fourth and fifth books that are usually included do not belong to Basil, or to Apollinaris of Laodicea, but probably to Didymus "the Blind" of Alexandria.

The Dead Sea Scrolls and the First Christians - Robert Eisenman 2013-08

By the author of the best-selling Dead Sea Scrolls Uncovered and the James the Brother of Jesus and the Dead Sea Scrolls series, fascinating to beginner and scholar alike, this book provides further delineation of the relationship between the Dead Sea Scrolls and Christianity's formative years in Palestine. Included in

this volume are Prof.

Eisenman's first two groundbreaking works: Maccabees, Zadokites, Christians and Qumran and James the Just in Habakkuk Peshet. The foundation pieces of his new approach to the Scrolls and "Palestinian Christianity," they triggered the debate over their relationship to Christian Origins generally ultimately leading to the freeing of the Scrolls early in the 1990's - a struggle in which he played a pivotal role. Also included in this volume are unpublished papers and essays, written and presented by him at international conferences in the past. These include "Paul as Herodian," "Rain Imagery at Qumran," and "The Final Proof that James and the Righteous Teacher are the Same" altogether providing a thorough and even more challenging presentation of the link of the Scrolls to early First-Century Christianity in Palestine. This volume also contains new translations of three key Qumran Documents: the Habakkuk Peshet, the

Damascus Document, and the Community Rule, all almost only available in the sometimes inaccurate and often inconsistent renderings of Consensus 'Scholars' missing the electric brilliance of the writers of the Scrolls. Now, for the first time, the reader will have a chance to see the difference between these and a translation that grasps the apocalyptic mindset of the authors of the Scrolls. Subjecting the archaeology, paleography, and other external dating tools of Qumran research to rigorous criticism, Prof. Eisenman presents a fascinating and compelling picture of a nationalistic, xenophobic, and militant "Messianism" very different from the way we currently view Christianity - in fact, the literature of "the Messianic Movement in Palestine" itself. Not only does this book challenge preconceptions, it sets forth the detailed arguments necessary to connect "the Righteous Teacher" at Qumran to "the First Christians" and

even the family of Jesus itself. In so doing, it connects the ideological adversary of this Teacher, "the Spouter of Lying" - in some cases even denoted "the Joker" - with Paul.

The Discourses of Wilford Woodruff - Wilford Woodruff

On Paper - Nicholas A. Basbanes 2014-07-01
A Best Book of the Year:
Mother Jones • Bloomberg News • National Post • Kirkus
In these pages, Nicholas Basbanes—the consummate bibliophile’s bibliophile—shows how paper has been civilization’s constant companion. It preserves our history and gives record to our very finest literary, cultural, and scientific accomplishments. Since its invention in China nearly two millennia ago, the technology of paper has spread throughout the inhabited world. With deep knowledge and care, Basbanes traces paper’s trail from the earliest handmade sheets to the modern-day mills. Paper, yoked to politics, has played a

crucial role in the unfolding of landmark events, from the American Revolution to Daniel Ellsberg's Pentagon Papers to the aftermath of 9/11. Without paper, modern hygienic practice would be unimaginable; as currency, people will do almost anything to possess it; and, as a tool of expression, it is inextricable from human culture. Lavishly researched, compellingly written, this masterful guide illuminates paper's endless possibilities.

The Subsidiary - Matias Celedon 2016-08-02

"Powerful, beautiful, and haunting. Every time I read *The Subsidiary*, it feels both timeless and painfully, undeniably contemporary."
—Alejandro Zambra In the subsidiary offices of a major corporation, the power suddenly goes out: the lights switch off; the doors lock; the phone lines go dead. The employees are trapped in total darkness with only cryptic, intermittent announcements over the loud speaker, instructing all personnel to

remain at their work stations until further notice. Terrified, one lone worker uses the implements on his desk to give testimony to the horrors that occur during the days he spends trapped in the building, testimony told exclusively --- and hauntingly --- through the stamps he uses to mark corporate documents. Hand-designed by the author with a stamp set he bought in a bookstore in Santiago, Matías Celedón's *The Subsidiary* is both an exquisite object and a chilling avant-garde tale from one of Chile's rising literary stars. From the Hardcover edition.

Every Book Its Reader - Nicholas A. Basbanes 2006-12-12

Inspired by a landmark exhibition mounted by the British Museum in 1963 to

celebrate five eventful centuries of the printed word, Nicholas A. Basbanes offers a lively consideration of writings that have "made things happen" in the world, works that have both nudged the course of history and fired the imagination of countless influential people. In his fifth work to examine a specific aspect of book culture, Basbanes also asks what we can know about such figures as John Milton, Edward Gibbon, John Locke, Isaac Newton, Samuel Taylor Coleridge, John Adams, Frederick Douglass, Abraham Lincoln, Henry James, Thomas Edison, Helen Keller--even the notorious Marquis de Sade and Adolf Hitler--by knowing what they have read. He shows how books that many of these people have consulted, in some cases annotated with their marginal notes, can offer tantalizing clues to the evolution of their character and the development of their thought.

The Pillars of the Earth - Ken Follett 2010-06-29
#1 New York Times Bestseller
Oprah's Book Club Selection

A departure for the bestselling thriller writer, the historical epic stunned readers and critics alike with its ambitious scope and gripping humanity. Today, it stands as a testament to Follett's unassailable command of the written word and to his universal appeal. *The Pillars of the Earth* tells the story of Philip, prior of Kingsbridge, a devout and resourceful monk driven to build the greatest

Gothic cathedral the world has known . . . of Tom, the mason who becomes his architect—a man divided in his soul . . . of the beautiful, elusive Lady Aliena, haunted by a secret shame . . . and of a struggle between good and evil that will turn church against state and brother against brother. Pamela Eisenbaum 2009-12-08
Pamela Eisenbaum, an expert on early Christianity, reveals the true nature of the historical Paul in *Paul Was Not a Christian*. The Interpretation of the Fourth Gospel - C. H. Dodd
1968-05

Since its publication almost forty years ago, *The Interpretation of the Fourth Gospel* has established itself as a classic of biblical scholarship. Regarded as a seminal text in Johannine studies, it provides a comprehensive and authoritative exposition of the major elements and themes contained in this more original and fascinating of ancient documents. The author reconstructs the background and intellectual milieu out of which the Fourth Gospel may be supposed to have taken shape. He then defines as precisely as possible the leading concepts that may be said to have determined the structure and arrangement of the book as we have it. The result is a massive achievement, and no serious

student of the New Testament can afford to ignore this study's findings. *The Interpretation of the Fourth Gospel* represents the culmination of a lifetime's reflection on its subject by one of this century's most distinguished New Testament scholars, and will continue to stimulate and provoke generations of readers.

Marialis Cultus - Holiness Paul 2018-01-02

Marialis Cultus is the title of a Mariological Apostolic Exhortation by Pope Paul VI on February 2, 1974. It is subtitled: "For the Right Ordering and Development of Devotion to the Blessed Virgin Mary," and focuses Marian devotions, clarifying the way in which the Roman Catholic Church celebrates and commemorates Mary, the mother of Jesus. The preparation of the document reportedly took 4 years. The exhortation has three parts: Part 1 discusses the history of Catholicism's Marian devotions, as well as their rationale. Part 2 focuses on what should/will take place in the Church's Marian devotions in the future Part 3 touches on the Angelus and the Rosary

prayers. Marialis Cultus gives guidelines for devotions to Mary by the Church - that is, it attempts to make sure that all Marian liturgical celebrations and public expressions of devotion align with established doctrine. It noted that every element of the church's prayer life, including Marian devotions, should draw its inspiration from the Bible and harmonize with the liturgy. The conclusion to the document emphasizes the theological and pastoral value of devotion to the Blessed Virgin Mary.

Narcoland - Anabel Hernandez
2013-09-10

The product of five years' investigative reporting, the subject of intense national controversy, and the source of death threats that forced the National Human Rights Commission to assign two full-time bodyguards to its author, Anabel Hernández, Narcoland has been a publishing and political sensation in Mexico. The definitive history of the drug cartels, Narcoland takes readers to the front lines of the "war on drugs," which has so far cost more than 60,000 lives in just six years. Hernández explains in riveting detail how Mexico became a base for the mega-cartels of Latin America and one of the most violent places on the planet. At every turn, Hernández names names - not just the narcos, but also the politicians, functionaries, judges and entrepreneurs who have collaborated with them. In doing so, she reveals the mind-boggling depth of corruption in Mexico's government and business elite. Hernández became a journalist after her

father was kidnapped and killed and the police refused to investigate without a bribe. She gained national prominence in 2001 with her exposure of excess and misconduct at the presidential palace, and previous books have focused on criminality at the summit of power, under presidents Vicente Fox and Felipe Calderón. In awarding Hernández the 2012 Golden Pen of Freedom, the World Association of Newspapers and News Publishers noted, "Mexico has become one of the most dangerous countries in the world for journalists, with violence and impunity remaining major challenges in terms of press freedom. In making this award, we recognize the strong stance Ms. Hernández has taken, at great personal risk, against drug cartels."
