Mindful Framing - Oscar Segurado 2018-03-25

The ancient practices of meditation have much to teach us, but they're not well suited for our anxiety-driven modern life. Techniques such as mindfulness meditation once worked well, but today, only experienced meditators achieve calm, relaxed minds by focusing on mantras, breathing, or objects. We need a different approach to deal with anxiety. Beyond engaging daily our mind on self-reflection, we need to frame each of the 1,440 minutes in a day around a natural, empathetic, and healthy lifestyle. Oscar Segurado, MD, PhD, has developed the practice of mindful framing and the associated NEO Chi lifestyle to address this unmet need. A physician-scientist passionate for integrative medicine, he experienced firsthand the emotional effects of anxiety even as he witnessed its impact on family, friends, and colleagues. As an immunologist, he knows too well how stress and anxiety trigger serious immune-mediated diseases, including cancer, chronic infections, and autoimmunity. Combining his medical knowledge with a lifelong interest in Ayurveda and Chinese medicine, Segurado developed and practices daily mindful framing and the NEO Chi lifestyle, designed with the modern world in mind. Supported with audiovisual materials, mindful framing defines a novel nature-minds-body connection for the twenty-first century. With just fifteen minutes of daily practice, you'll experience a more intimate connection with the natural world, emotional harmony with the minds around you, and a feeling of overall invigoration.

SÉ FELIZ - RAÚL DE LA ROSA 2011-07-01

La enseñanza que comparte Raúl de la Rosa en "Sé feliz, el poder de ser consciente" tiene, ante todo, un sentido práctico. Una clave para acceder a lo mejor de nosotros mismos, para alcanzar el equilibrio entre cuerpo, mente y espíritu, abriendo el camino que nos conduce a la paz interior, a la armonía con el mundo y a la verdadera felicidad. ¿Por qué ante un mismo obstáculo unos se hunden y otros se elevan? ¿Dónde radica la diferencia? Cuando ponemos en práctica lo que se explica en este libro, encontramos dentro de nosotros alegría y realización, pero sobre todo consciencia de nosotros mismos, de una nueva manera de entender la vida y de percibir el mundo. Responsabilizarnos de nuestros actos, de nuestras palabras, de nuestros pensamientos, de nuestros sentimientos, en definitiva de nuestra vida, he aquí lo que trata de enseñar Raúl de la Rosa en esta obra. Este libro propone caminos prácticos para que nuestra actividad cotidiana esté más unida a nuestra vida interior, y que ahora, este mismo momento, estemos donde estemos, puede ser un buen momento para experimentar.

The Ancient Secret of the Flower of Life, Volume 2 - Drunvalo Melchizedek 2000

The sacred Flower of Life pattern, the primary geometric generator of all physical form, is explored in even more depth in this volume, the second half of the famed Flower of Life workshop. The proportions of the human body, the nuances of human consciousness, the sizes and distances of the stars, planets and moons, even the creations of humankind, are all shown to reflect their origins in this beautiful and divine image. Through an intricate and detailed geometrical mapping, Drunvalo Melchizedek shows how the seemingly simple design of the Flower of Life contains the genesis of our entire third-dimensional existence. From the pyramids and mysteries of Egypt to the new race of Indigo children, Drunvalo presents the sacred geometries of the Reality and the subtle energies that shape our world. We are led through a divinely inspired labyrinth of science and stories, logic and coincidence, on a path of remembering where we come from and the wonder and magic of who we are. Finally, for the first time in print, Drunvalo shares the instructions for the Mer-Ka-Ba meditation, step-by-step techniques for the re-creation of the energy field of the evolved human, which is the key to ascension and the next dimensional world. If done from love, this ancient process of breathing prana opens up for us a world of tantalizing possibility in this dimension, from protective powers to the healing of oneself, of others and even of the planet. Embrace the expanded vision and understanding that Drunvalo offers to the world. Coincidences abound, miracles flourish and the amazing stories of mysteries unveiled arise as the author probes the Ancient Secrets of the Flower of Life.

Letting Go - David R. Hawkins, M.D., Ph.D. 2014-01-15

Letting Go describes a simple and effective means by which to let go of the obstacles to Enlightenment and become free of negativity. During the many decades of the author's clinical psychiatric practice, the primary aim was to seek the most effective ways to relieve human suffering in all of its many forms. The inner mechanism of surrender was found to be of great practical benefit and is described in this book. Dr Hawkins's previous books focused on advanced states of awareness and Enlightenment. Over the years, thousands of students had asked for a practical technique by which to remove the inner blocks to happiness, love, joy, success, health and, ultimately, Enlightenment. This book provides a mechanism for letting go of those blocks. The mechanism of surrender that Dr Hawkins describes can be done in the midst of everyday life. The book is equally useful for all dimensions of human life: physical health, creativity, financial success, emotional healing, vocational fulfillment, relationships, sexuality and spiritual growth. It is an invaluable resource for all professionals who work in the areas of mental health, psychology, medicine, self-help, addiction recovery and spiritual development.

The Divining Hand - Christopher Bird 1993

"To dowse," says the author of this definitive study of the divining art, "is to search with the aid of a handheld instrument such as a forked stick or a pendular bob on the end of a string - for anything: subterranean water flowing in a narrow underground fissure, a pool of oil or a vein of mineral ore, a buried sewer pipe or electrical cable, an airplane downed in a mountain wilderness, a disabled ship helplessly adrift in a gale, a lost wallet or dog, a missing person, perhaps a buried treasure." Co-author of *The Secret Life of Plants*, Christopher Bird has filled this book with exciting, documented stories, most of them illustrated with photographs and diagrams. It provides a complete history of the art of dowsing around the world and discusses in detail the various existing theories attempting to explain this extraordinary phenomenon.

Mensajes del Astral - Hercílio Maes 2021-05-31

¿En qué consiste realmente, y qué hay detrás de los eventos rotulados de "juicio final", ya en curso en el planeta? ¿Cuál es el propósito de la actuación del astro intruso y de la verticalidad del eje terrestre, previstos para demarcar la Era de Acuario? ¿Y la selección planetaria, realmente ya se está procesando? ¿Quién deberá continuar reencarnando en el planeta Tierra, en la humanidad más fraterna del tercer milenio, y quién necesitará repetir el curso elemental en escuelas planetarias primitivas? ¿Cómo se procesa el fenómeno de la profecía, y cuál es el verdadero simbolismo de las imágenes del Apocalipsis? Solamente un maestro como Ramatís podría esclarecer cosas como esas, desentrañando la planificación sideral que existe por detrás del rótulo de "juicio final", detallando el proceso, y describiendo a la Tierra transformada, física y espiritualmente, después de la transición. Temas iniciáticos como "Los ingenieros siderales y el plan de la Creación", "Las influencias astrológicas y el signo de piscis", "La distinción entre el descenso angelical y la caída angelical de los exiliados de otras orbes" completan el atractivo de esta obra vanguardista. Hace cincuenta años agotando

sucesivas ediciones, "Mensajes del Astral" se transformó en un clásico de la materia, profundidad y claridad con que aborda ese tema palpitante.

Transcending the Levels of Consciousness - David R. Hawkins, M.D., Ph.D. 2015-03-17

The now widely known Map of calibrated levels of Consciousness was presented in *Power vs. Force* in 1995 and has been translated into all the world's major languages. This was followed by *The Eye of the I* (2001), *I: Reality and Subjectivity* (2003), and *Truth vs. Falsehood* (2005), which explored the levels of Truth reflected throughout society. *Transcending the Levels of Consciousness* returns to the exploration of the ego's expressions and inherent limitations and gives detailed explanations and instructions on how to transcend them. As with the reading of Dr. Hawkins' previous books, the reader's level of consciousness is advanced as a consequence of exposure to the information itself. This opens up avenues to the relief of suffering for oneself and others, which fulfills the purpose of the work and the intention to facilitate the reader's own Enlightenment.
