skills students must demonstrate, with references to relevant syllabus set topics. Each chapter contains multiple activities to encourage active engagement, assessment practice opportunities and differentiation support so that teachers can focus on the particular needs of their class.

**Does Science Need a Global Language?** - Scott L. Montgomery 2013-05-06

In early 2012, the global scientific community erupted with news that the elusive Higgs boson had likely been found, providing potent validation for the Standard Model of how the universe works. Scientists from more than one hundred countries contributed to this discovery—proving, beyond any doubt, that a new era in science had arrived, an era of multinationalism and cooperative reach. Globalization, the Internet, and digital technology all play a role in making this new era possible, but something more fundamental is also at work. In all scientific endeavors lies the ancient drive for sharing ideas and knowledge, and now this can be accomplished in a single tongue—English. But is this a good thing? In *Does Science Need a Global Language?*, Scott L. Montgomery seeks to answer this question by investigating the phenomenon of global English in science, how and why it came about, the forms in which it appears, what advantages and disadvantages it brings, and what its future might be. He also examines the consequences of a global tongue, considering especially emerging and developing nations, where research is still at a relatively early stage and English is not yet firmly established.

Throughout the book, he includes important insights from a broad range of perspectives in linguistics, history, education, geopolitics, and more. Each chapter includes striking and revealing anecdotes from the front-line experiences of today's scientists, some of whom have struggled with the reality of global scientific English. He explores topics such as student mobility, publication trends, world Englishes, language endangerment, and second language learning, among many others. What he uncovers will challenge readers to rethink their assumptions about the direction of contemporary science, as well as its future.

**Complete English Language for Cambridge International AS & A Level** - Julian Pattison 2019-04-01

The code must be linked to an email address, creating a user account. Access may be transferred once to an additional user

**Linguanomics** - Gabrielle Hogan-Brun 2017-02-09

Globalization, the Internet and an era of mass travel have combined to produce a world with a language mix on a huge scale. *Linguanomics* explains this multilingualism in a material, economic and cultural sense. What is the effect of this multilingualism on society, organizations and individuals? What are the economic benefits and drawbacks? Should we invest in language skills? Should there be interventionist policies, and if so, at what level? Should there be a global lingua mundi? The debate surrounding multilingualism is often clouded by emotion and misconception. With an analysis devoid of rhetoric, Gabrielle Hogan-Brun takes an objective look at this charged area. The result is *Linguanomics*: a major step towards a clearer understanding of the market potential of multilingualism, its benefits, costs and points of contention. Asking significant questions of profound concern to the future of global collaboration, *Linguanomics* is an essential guide to students, teachers, policy makers and politicians and anyone who cares about the role of

language in the modern world.

*Cambridge International AS and A Level Law Second Edition* - Jayne Fry 2021-06-04

Helping bridge the gap between GCSE and A Level, the unique three-part structure provides essential knowledge and allows students to develop their skills through a deeper study of key topics, whilst encouraging independent learning. An enhanced digital version and free Teacher's Resource are also available.

**The Plant Messiah** - Carlos Magdalena 2018-04-10

Carlos Magdalena is a man on a mission: to save the world's most endangered plants. In *The Plant Messiah*, Magdalena takes readers from the forests of Peru to deep within the Australian outback in search of the rare and the vulnerable. Back in the lab—at the Royal Botanic Gardens, Kew, home of the largest botanical collection in the world—we watch as he develops groundbreaking, left-field techniques for rescuing species from extinction, encouraging them to propagate and thrive once again. Passionate and absorbing, *The Plant Messiah* is a tribute to the diversity of life on our planet, and to the importance of preserving it.

**Cambridge International AS and A Level Biology Coursebook with CD-ROM** - Mary Jones 2014-08-28

Fully revised and updated content matching the Cambridge International AS & A Level Biology syllabus (9700). Endorsed by Cambridge International Examinations, the Fourth edition of the AS/A Level Biology Coursebook comprehensively covers all the knowledge and skills students need during the Biology 9700 course (first examination 2016). Written by renowned experts in Biology teaching, the text is written in an accessible style with international learners in mind. The Coursebook is easy to navigate with colour-coded sections to differentiate between AS and A Level content. Self-assessment questions allow learners to track their progression and exam-style questions help learners to prepare thoroughly for their examinations. Contemporary contexts are discussed throughout enhancing the relevance and interest for learners.

Text Analysis and Representation - Ian Cushing 2018-01-25

Essential study guides for the future linguist. *Text Analysis and Representation* is a general introduction to the methods and principles behind English linguistics study, suitable for students at advanced level and beyond. Written with input from the Cambridge English Corpus, it looks at the way meaning is made using authentic written and spoken examples. This helps students give confident analysis and articulate responses. Using short activities to help explain analysis methods, this book guides students through major modern issues and concepts. It summarises key concerns and modern findings, while providing inspiration for language investigations and non-examined assessments (NEAs) with research suggestions.

A baker's dream, *Sweet* features simple treats such as Chocolate, Banana, and Pecan cookies and Rosemary Olive Oil Orange Cake, alongside recipes for showstopping confections such as Cinnamon Pavlova with Praline Cream and Fresh Figs and Flourless Chocolate Layer Cake with Coffee, Walnut, and Rosewater. • Finalist for the 2018 James Beard Foundation Book Awards for "Baking and Desserts" and "Photography" categories • Finalist for the 2018 International Association of Culinary Professionals (IACP) Cookbook Award for "Baking" category

**Exam Success in English Language for Cambridge International AS & A Level** - Becky Brompton 2021-06-10

Focused on grade improvement, this Exam Success Guide brings much-needed clarity to exam preparation, equipping students to achieve their best in AS & A Level exams (9093), and beyond. This guide allows students to recap and review key course content, apply their knowledge, and hone exam techniques. It also includes examiner tips, 'Raise your grade' advice and exam-style practice to ensure students are exam-ready. Perfect for use alongside Complete English Language for Cambridge International AS & A Level or as a standalone resource for independent revision.

**Language and Identity** - David Evans 2014-12-18

Language not only expresses identities but also constructs them. Starting from that point, *Language and Identity* examines the interrelationships between language and identities. It finds that they are so closely interwoven, that words themselves are inscribed with ideological meanings. Words and language constitute meanings within discourses and discourses vary in power. The powerful ones reproduce more powerful meanings, colonize other discourses and marginalize or silence the least powerful languages and cultures. Language and culture death occur in extreme cases of marginalization. This book also demonstrates the socio-economic opportunities offered by language choice and the cultural allegiances of language, where groups have been able to create new lives for themselves by embracing new languages in new countries. Language can be a 'double-edged sword' of opportunity and marginalization. *Language and Identity* argues that bilingualism and in some cases multilingualism can both promote socio-economic

opportunity and combat culture death and marginalization. With sound theoretical perspectives drawing upon the work of Bakhtin, Vygotsky, Gumperz, Foucault and others, this book provides readers with a rationale to redress social injustice in the world by supporting minority linguistic and cultural identities and an acknowledgement that access to language can provide opportunity.

**Collins Cambridge International AS & A Level - Cambridge International AS & A Level English Language Student's Book** - Beth Kemp 2021-06-07

Exam Board: Cambridge Assessment International Education Level & Subject: Cambridge International AS & A Level English Language First teaching: September 2019 First examination: from 2021

**Writing a Novel** - Nigel Watts 2006

Packed with guidance and insight, this book is for anyone considering writing a novel. It is full of exercises to get the reader writing and includes a range of quotations and tips from a host of established names.

**Postcolonial English** - Edgar W. Schneider 2007-05-17

The global spread of English has resulted in the emergence of a diverse range of postcolonial varieties around the world. Postcolonial English provides a clear and original account of the evolution of these varieties, exploring the historical, social and ecological factors that have shaped all levels of their structure. It argues that while these Englishes have developed new and unique properties which differ greatly from one location to another, their spread and diversification can in fact be explained by a single underlying process, which builds upon the constant relationships and communication needs of the colonizers, the colonized,

and other parties. Outlining the stages and characteristics of this process, it applies them in detail to English in sixteen different countries across all continents as well as, in a separate chapter, to a history of American English. Of key interest to sociolinguists, dialectologists, historical linguists and syntacticians alike, this book provides a fascinating new picture of the growth and evolution of English around the globe.

Cambridge International AS and A Level Psychology Coursebook - Julia Russell 2016-09

Skills-focused resources to support the study of Cambridge International AS and A Level Psychology (9990) for first examination in 2018. The Language of Literature - Marcello Giovanelli 2018-01-25

Essential study guides for the future linguist. The Language of Literature is a general introduction to the methods and principles behind stylistics. It is suitable for advanced level students and beyond. Written with input from the Cambridge English Corpus, it provides students with an introduction to stylistics with texts from different genres. It takes the approach that the best way to study literary texts is to focus closely on language. Using short activities to help explain analysis methods, this book guides students through major modern issues and concepts. It summarises key concerns and findings, while providing inspiration for language investigations and non-examined assessments (NEAs) with research suggestions.
