1637: The Peacock Throne - Eric Flint 2021-05-04

The assassinated Shah Jahan lies entombed beside his beloved wife in the Taj Mahal, while their progeny drag the Mughal Empire into a three-sided struggle over the succession to the Peacock Throne. The diplomatic and trade mission from the United States of Europe is openly siding with Princess Jahanara and her brother Dara Shikoh. The mission, made up largely of Americans transplanted in time by the Ring of Fire, is providing the siblings with technical assistance as they prepare to fight their rivals for the throne, Aurangzeb and Shah Shuja.

Meanwhile, the Afghan adventurer Salim Gadh Yilmaz, confidant of two emperors—Shah Jahan and now his son Dara Shikoh—has been elevated to the position of general. He has great challenges to face, not the least of which is resisting the fierce and forbidden mutual attraction between himself and Princess Jahanara. As the conflict deepens, the junior members of the mission are sent east to buy opium needed by the USE's doctors. Their guide, merchant Jadu Das, has an agenda of his own, one entrusted to him by Jahanara: seek out her great uncle, Asaf Khan, and promise whatever is needed to bring his army over to Dara's side. The USE's mission was sent to India in search of goods needed in

Europe. But now they find that straightforward task has become enmeshed in a great civil war—for control of the Peacock Throne. 1636: The Flight of the Nightingale - David Carrico 2019-11-05
TWO SHORT NOVELS SET IN ERIC FLINT'S BESTSELLING RING OF FIRE SERIES from David Carrico, co-author of 1636: The Devil's Opera, and The Span of Empire. Time waits for no one, but for the residents of 17th-century Europe, the future comes calling—ahead of time! Due to a temporal disturbance known as the Ring of Fire, the 20th-century town of Grantville, West Virginia, finds itself transported through time and space to Central Europe in the year 1632. The turmoil resulting from the event has massive repercussions for the up-time citizens of Grantville, the down-time citizens of Europe—and the world at large. Massive political and social upheavals take place. But

change happens on a smaller, human scale, too. In *The Flight of the Nightingale*, down-timer Francesca Caccini is inspired by the arrival of Grantville to seek a different destiny from what would have been her lot otherwise. And in *Bach to the Future*, Johann and his brothers commit themselves to preserve, protect, and promote their family's heritage from the future. Two short novels, set in Eric Flint's bestselling *Ring of Fire* series, that shine a light on the overlooked corners of the *Ring of Fire* universe, where small actions can have life-altering consequences. At the publisher's request, this title is sold without DRM (Digital Rights Management). *About 1636: The Devil's Opera*, by Eric Flint and David Carrico: "Another engaging alternate history from a master of the genre."—Booklist ". . . an old-style police-procedural mystery, set in 17th century Germany. . . . the threads . . . spin together . . . to weave an addictively entertaining story. . . . a strong addition to a fun series."—The Galveston County Daily News

1812: The Rivers of War - Eric Flint 2022-07-05

In this alternate history of the American frontier and the Jacksonian era, a small change takes place in the Battle of the Horseshoe Bend during the War of 1812. What results is a cascade of new developments that becomes an avalanche. In our world, Ensign Sam Houston, just turned 21, led the charge on the creek barricade in that battle and almost died from a terrible wound that took him a year to recover from. In this world, his wound is minor, so he is able to continue fighting the British—and develop his close relationship with Andrew Jackson much sooner. Along with a radical Scots-Irish immigrant in the U.S. Army, Patrick Driscoll—one of "the Men of '98"—Houston organizes a defense of the U.S. Capitol that prevents the British from destroying it and makes him a national hero. He and Driscoll then play a central role in the defense of New Orleans under Jackson's command. They change the course of that battle in ways that will, over time, transform the relationship between the United States,

the Indian tribes of the south, and the slaves brought over from Africa. At the publisher's request, this title is sold without DRM (Digital Rights Management). *About 1635: A Parcel of Rogues*: "The 20th volume in this popular, fast-paced alternative history series follows close on the heels of the events in *The Baltic War*, picking up with the protagonists in London, including sharpshooter Julie Sims. [1635: A Parcel of Rogues](#) - Eric Flint 2015-12-16

Book #20 in the multiple New York Times best-selling *Ring of Fire* series. When the diplomatic embassy from the United States of Europe was freed from the Tower of London during the *Baltic War*, most of its members returned to the continent. But some remained behind in Britain: Oliver Cromwell and a few companions, including the sharpshooter Julie Sims, her Scot husband Alex Mackay, and Cromwell's Irish-American self-appointed watchdog Darryl McCarthy. Soon, the hunt is on for the most notorious rebel in English history, with King Charles himself demanding Cromwell's head. The new chief minister Richard Boyle, Earl of Cork, brings over from Ireland a notorious crew of cutthroats led by the man called Finnegan to track down and capture the escapees from the Tower. The hunt passes through England and into Scotland, where the conflict between Cromwell and his companions and their would-be captors

becomes embroiled in Scotland's politics, which are every bit as savage and ruthless as Finnegan and his men. To make things still more conflicted and confused, the time Darryl McCarthy spends fighting alongside Cromwell forces him against his will to admire and respect—and even like—the man, despite Cromwell's demonic reputation among all self-respecting Irish nationalist families like Darryl's own. It's a Gordian knot anywhere you look—until Julie Sims brings out her rifle. Now it's the turn of Scot partisans and English lords and Irish toughs to learn the lesson already learned on the continent: A safe distance isn't what you think it is. Not after the American angel of death spreads her wings. At the publisher's request, this title is sold without DRM (Digital Rights Management). The Gods of Sagittarius - Eric Flint 2017-05-02

A grand alternate history, science fiction adventure from multiple New York Times best-selling author Eric Flint, creator of the Ring of Fire alternate history series, the Jao Empire series, and the Boundary series, and multiple Hugo award winner and science fiction legend Mike Resnick. Russ Tabor is one of the top security specialists in the galaxy. Much against his will, he finds himself assigned to provide protection for Rupert Medawar Narayan Shenoy—"Lord Shenoy," as he likes to style himself—who is probably the human race's most brilliant savant. Shenoy has become convinced that the race of ancient aliens known as the Old Ones possessed powers unknown to any modern intelligent

species. He believes they had harnessed forces which may well have been actual magic, giving the Old Ones the stature of gods. Off Russ and Shenoy go to find the secret. Meanwhile, Occo, a member of the alien race known as the Nac Zhe Anglan, returns to her religious creed's home cloister to find that it has been completely destroyed—and by means which suggest that the Old Ones were the perpetrators. Yet the Old Ones, those ancient and inimical gods of the galaxy, were thought to have perished eons before. Occo is not a savant of any kind. She is a shaman castigant, a warrior of her creed. Her purpose now is to seek revenge, not to uncover the secrets of the Old Ones. But she cannot do the one without first doing the other. So, she and her familiar Bresk set ought to track down those long-gone deities. Now human adventures and an alien shaman are on a collision course with the truth: despite their many differences, only if they unite their forces do they stand any chance of surviving the coming encounter with the gods of Sagittarius. 1636: The Chronicles of Dr. Gribbleflotz - Kerryn Offord
2016-08-02

A sparkling addition to the multiple New York Times best-selling Ring of Fire alternate history series created by Eric Flint. An alchemist of the 17th century confronts modern science with often amusing results. Phillip Theophrastus Gribbleflotz, the world's greatest alchemist and a great-grandson of Paracelsus—and a Bombast on his mother's side—was a man history had forgotten. But when the town of Grantville was transported by a cosmic accident from modern West Virginia to central Germany in the early seventeenth century, he got a second chance at fame and fortune. The world's greatest alchemist does not make household goods. But with suitable enticements Gribbleflotz is persuaded to make baking soda and then baking powder so that the time-displaced Americans can continue to enjoy such culinary classics as biscuits and gravy. Applying his superb grasp of the principles of alchemy to the muddled and confused notions the Americans have concerning what they call “chemistry,” Gribbleflotz leaves obscurity behind. In his relentless search for a way to invigorate the quinta essential of the human humors, Gribbleflotz plays a central role in jump-starting the seventeenth century’s new chemical and marital aids industries—and pioneering such critical fields of human knowledge as pyramidology and aura imaging. These are his chronicles. At the publisher's request, this title is sold without DRM (Digital Rights Management). 1636: Mission to the Mughals - Eric Flint 2017-04-04

The latest entry in the multiple New York Times best-selling Ring of Fire series created by Eric Flint. After carving a free state for itself in war-torn 17th century Europe, citizens of the modern town of Grantville, West Virginia go on a quest for the makings of medicines that have yet to be invented in 17th century Europe. The United States of Europe, the new nation formed by an alliance between the Swedish king Gustavus Adolphus and the West Virginians hurled back in time by a cosmic accident—the Ring of Fire—is beset by enemies on all sides. The U.S.E. needs a reliable source of opiates for those wounded in action, as well as other goods not available in Europe. The Prime Minister of the U.S.E., Mike Stearns, sends a mission to the Mughal Empire of India with the aim of securing a trade deal with the Mughal emperor, Shah Jahan. The mission consists of a mixed group of up-timers and down-timers, including paramedics, a squad of soldiers with railroad-building experience, a spy and a pair of swindlers. On reaching India the mission finds a grieving emperor obsessed with building the Taj Mahal, harem-bound princesses, warrior princes, and an Afghan adventurer embroiled in the many plots of the Mughal court. The emperor’s sons are plotting against each other and war is brewing with the newly risen Sikh faith. But in the midst of these intrigues, the U.S.E. mission finds a ally: the brilliant and beautiful Jahanara Begum, the eldest daughter of Shah Jahan. She is the mistress of her father's harem and a power in her own right, who wishes to learn more of these women who are free in a way she can scarcely comprehend. When the Emperor learns of what befalls his empire and children in the time that was, he makes every effort to change their fate. But emperors, princesses, and princes are no more immune to the inexorable waves of change created by the Ring of Fire than are the Americans themselves. 1636: Commander Cantrell in the West Indies - Eric Flint
2014-06-03

New York Times and Wall Street Journal best-selling alternate history series. Book #14 in the Ring of Fire series created by Eric Flint. Eddie Cantrell, now married to the king of Denmark's daughter, is sent by Admiral Simpson to the Caribbean to secure access to the most valuable commodity on that continent—not the gold and silver which the Spanish treasure, but the oil which up-time machines and industry need. The admiral has also provided Eddie's small task force with the new steam-powered frigates that have just come out of the navy's shipyards. Even with the frigates, a giant obstacle stands in his way: the Gulf-girdling Spanish presence in the New World. So a diversion is needed, carried out by an up-time car mechanic and a down-time mercenary colonel who also happens to be the last earl of Ireland. Their mission: grab the oil fields on Trinidad, and so distract the attention of Spain's New World governors. While the Spanish galleons and troops head for Trinidad, Commander Cantrell's smallest and fastest steam sloop will make a run to the Louisiana

coast. There, her crew will wind their way up the bayous to the real New World prize: the Jennings Oil Field. But Cantrell's plans could be wrecked in a multitude of ways. He faces often-hostile natives, rambunctious Dutch ship captains, allied colonies on the brink of starvation, and vicious social infighting that can barely be contained by his capable and passionate new wife. When the galleons finally come out in force to engage his small flotilla, Eddie will discover that the Spanish aren't the only enemies who will be coming against him in a fateful Caribbean show-down. The Crossing - Kevin Ikenberry 2022-08-02

Behind enemy lines and displaced in time! Before the Battle of Trenton, George Washington reputedly threw a coin across the river. What if that coin was a bicentennial quarter? When a squad of ROTC cadets training at Fort Dix, New Jersey, in November 2008 find themselves transported to December 1776 in the days before the Battle of Trenton, they find a Continental Army in disarray and General George Washington contemplating the potential of a bleak future. To make matters worse, they've lost a modern M-16 rifle to a roving Hessian patrol. Understanding the ramifications of such a discovery, the cadets have no choice but to report to General Washington. Without ammunition or their own meager supplies, can Cadet Sergeant Jameel Mason and his friends steel Washington's courage and set the infancy of the United States of America back on track? At the publisher's request, this title is sold without DRM (Digital Rights Management). About The Crossing: "The Crossing is a thrilling alternate history with vivid, compelling characters and relentless action. Kevin Ikenberry is a rising star of science fiction. His military experience and diligent storytelling shine." —Kevin J.

Anderson, New York Times bestselling author of *Uncharted*, *Clockwork Angels*, and *Navigators of Dune*. 1636: The Ottoman Onslaught - Eric Flint 2017-01-03

Book #21 in the multiple New York Times best-selling Ring of Fire series. The uptimers and their allies take on the Ottoman Empire at its height of power. The modern West Virginia town of Grantville has been displaced in time to continental Europe in 1632. Now four years have passed. The long-feared attack on Austria by the Ottoman Empire has begun. Armed with new weapons inspired by the time-displaced Americans of Grantville, the Turks are determined to do what they were unable to do in the universe the Americans came from: capture Vienna. The Ottomans have the advantage of being able to study the failings and errors of their own campaigns in a future they can now avoid. They are led by the young, dynamic, and ruthless Murad IV, the most capable emperor the Ottomans have produced in a century. They are equipped with weapons that would have seemed fantastical to the Turks of that other universe: airships, breech-loading rifles, rockets—even primitive tanks. And this time they won't have to face massive reinforcements from Austria's allies. In fact, the only force Emperor Gustav Adolf can think of sending to Austria is the United States of Europe Third Division under the command of Mike Stearns. It's an army currently engaged in a desperate struggle for Bavaria. The emperors of the USE and Austria share the same problem. They have one too many enemies, one too few allies, and only one general to cover the gaps. Fortunately, that general is Mike Stearns, also known as the Prince of Germany. 1632, Second Edition - Eric Flint 2013-02-21

Now with a new Afterword by Eric Flint *The Ultimate Y2K Glitch*.... 1632 In the year 1632 in northern Germany a reasonable person might conclude that things couldn't get much worse. There was no food. Disease was rampant. For over a decade religious war had ravaged the land and the people. Catholic and Protestant armies marched and countermarched across the northern plains, laying waste the cities and slaughtering everywhere. In many rural areas population plummeted toward zero. Only the aristocrats remained relatively unscathed; for the peasants, death was a mercy. 2000 Things are going OK in

Grantville, West Virginia. The mines are working, the buck are plentiful (it's deer season) and everybody attending the wedding of Mike Stearn's sister (including the entire membership of the local chapter of the United Mine Workers of America, which Mike leads) is having a good time. THEN, EVERYTHING CHANGED.... When the dust settles, Mike leads a small group of armed miners to find out what's going on. Out past the edge of town Grantville's asphalt road is cut, as with a sword. On the other side, a scene out of Hell; a man nailed to a farmhouse door, his wife and daughter lying screaming in muck at the center of a ring of attentive men in steel vests. Faced with this, Mike and his friends don't have to ask who to shoot. At that moment Freedom and Justice, American style, are introduced to the middle of The Thirty Years War. At the publisher's request, this title is sold without DRM (Digital Rights Management).

1635: The Wars for the Rhine - Anette Pedersen 2016-12-06
An exciting addition to the multiple New York Times best-selling Ring of Fire alternate history series created by Eric Flint. Time travelers from our modern age are thrown into the deadly straits of the Thirty Years War in Europe of the 1600s. In the year 1635, the Rhineland is in turmoil. The impact of the Ring of Fire, the cosmic accident which transported the small modern West Virginia town of Grantville to Europe in the early seventeenth century, has only aggravated a situation that was already chaotic. Perhaps nowhere in central Europe did the Thirty Years War produce so much upheaval as it did in the borderlands between France and Germany. Archbishop Ferdinand of Cologne shares the religious fanaticism of his older brother, Duke Maximilian of Bavaria. He is determined to restore the power of the Catholic Church over the middle Rhine, the so-called "Bishop's Alley," and has unleashed a plot for that purpose. But that same middle Rhine is territory which Landgrave William V of Hesse-Kassel is determined to seize for himself, under the guise of expanding the influence of the United States of Europe. Add to the witch's brew

the deaths in battle of Duke Wolfgang of Jülich-Berg and his son, which leaves his young widow Katharina Charlotte as the heir to those much-prized territories. She is now on the run, in disguise—and pregnant. Add the unexpected arrival of Austria's most capable general, Melchior von Hatzfeldt, along with the most ruthless spy and torturer in the Rhineland, Felix Gruyard. The wars for the Rhine have erupted, and only the devil knows how they will end. At the publisher's request, this title is sold without DRM (Digital Rights Management). 1636: The Vatican Sanction - Eric Flint 2017-12-05
Book #24 in the multiple New York Times best-selling Ring of Fire series. SEVEN DAYS IN MAY, 1636 It's spring in Burgundy. The flowers are out and so are the cardinals—of Pope Urban's renegade papacy, now on the run from the Vatican's would-be usurper Borja. Most of the Church's senior leaders have converged upon the city of Besancon, where the Pope plans to offer an ecumenical olive branch to the other Christian denominations with which Rome has been at war. Fortunately, Urban has up-time help. He can rely upon Cardinal-Protector Larry Mazzare's theological savvy, Sharon Nichols' medical skills, and her husband Ruy Sanchez's keen-eyed experience as a body-guard-in-chief. And even though Urban has a new Papal Guard in the form of Owen Rowe O'Neill's Wild Geese, Mike Stearns has loaned the Pope a small contingent of the Hibernian Battalion—just in case. Which is prudent, since Urban and his peace initiative are not merely at risk from Borja's assassins. There is another, more deadly, team of professional killers in town, directed by the man who almost killed the Pope before: lethal Spanish mastermind Pedro Dolor. Dolor hasn't come to

confess murder—he’s come to commit it. 1637: The Polish Maelstrom - Eric Flint 2019-04-02
 NEW SOLO NOVEL BY ERIC FLINT IN THE BEST-SELLING RING OF FIRE SERIES! The Ottoman Empire has captured Vienna and is now laying siege to the Austrian government-in-exile established in the city of Linz. Both the United States of Europe and the Kingdom of Bohemia have come to Austria’s assistance, but everyone knows this is going to be a long and brutal struggle. In order to relieve the pressure on the Austrians, General Mike Stearns proposes to open a second front in the Levant. The USE’s emperor Gustavus Adolphus gives his approval to the plan, and Mike sets it in motion, with the very capable assistance of his wife Rebecca Abrabanel, now the USE’s Secretary of State. Meanwhile, Poland is coming to a boil. Gretchen Richter, the newly elected chancellor of Saxony, has seized control of Lower Silesia. Her small army is now approached to form an alliance with the Polish revolutionaries who have seized power in the Ruthenian province of Galicia—which, in the universe the time-displaced Americans of

Grantville came from, would have constituted the western Ukraine. Now, the Bohemians send an army led by Morris Roth into Poland, ostensibly to aid the revolutionaries but also with the goal of expanding King Albrecht Wallenstein’s growing empire in eastern Europe. And—the icing on the cake—Mike Stearns sends the Hangman Regiment of his Third Division under the command of Jeff Higgins to reinforce Jeff’s wife Gretchen in Silesia. The maelstrom in Poland grows . . . and grows . . . and grows . . . Will it drag all its displaced Americans and their allies down with it? The Alexander Inheritance - Eric Flint 2017-07-04

NEW TIME TRAVEL ALT. HISTORY FROM A MASTER: Flint's Ring of Fire and Boundary series have proved him to be a master of time travel alternate history. Here then, a new tale of persons displaced in time, fighting for their lives. Twice before, mysterious cosmic catastrophes have sent portions of the Earth across space and back in time—first, with the Grantville Disaster in West Virginia, and then again with a maximum security prison in southern Illinois. Now, the planet is struck with yet another such cataclysm, whose direct impact falls upon the Queen of the Sea, a cruise ship in the Caribbean. When the convulsions subside, the crew and passengers of the ship discover that they have arrived in a new and frightening world. They are in the Mediterranean now, not the Caribbean. Still worse, they discover that the disaster has sent them more than two thousand years back in time. Following the advice of an historian among the passengers, Marie Easley, they sail to Egypt—or, at least, where they hope Egypt will be. Sure enough, Egypt is there—ruled over by Ptolemy, the founder of the Ptolemaic dynasty and one of Alexander the Great's chief generals. Alexander the Great, it

turns out, died just two years ago. The western world has just entered what would become known as the Hellenistic Period of history, during which time Greek civilization would spread around the Mediterranean and beyond. But the first fifty years of the Hellenistic Period was the Age of Diadochi—the Time of the Successors—when Alexander's empire would collapse into chaos. By the time the Successors finished their strife, every single member of Alexander's dynasty would be murdered and only three of the generals who began that civil war would still be alive. That is the new world in which the Queen of the Sea finds itself. Can Marie Easley and Captain Lars Flodden guide the crew and passengers through this cataclysm? Fortunately, they have some help: a young Norwegian ship's officer who forms an attachment to Alexander's widow; a French officer who is a champion pistol marksman; a canny Congressman from Utah—and, most of all, many people of the time who are drawn to a vision of the better world of the future. 1635: The Tangled Web - Virginia DeMarce 2009-12-01

Though the Thirty Years Wars continues to ravage 17th century Europe, history as it once happened has been strongly deflected by the new force which is rapidly gathering power and influence: the United States of Europe, an alliance between Gustavus Adolphus, King of Sweden, and the West Virginians from the 20th Century led by Mike Stearns who were hurled centuries into the past by a mysterious cosmic accident—the Ring of Fire. The USE has know-how of 20th century technology, but the American traditions of freedom and justice is having an even stronger impact on Europe, and the rulers of Europe are powerless to stuff

the Grantville genie back into the bottle. At the publisher's request, this title is sold without DRM (Digital Rights Management).

1636: The Cardinal Virtues - Eric Flint 2015-06-16

Book #19 in the multiple New York Times best-selling Ring of Fire series. After carving a free state for itself in war-torn 17th century Europe, citizens of the modern town of Grantville, West Virginia must contend with France's infamous Cardinal Richilieu, who is determined to keep his grip on power no matter what history says. France, 1636 . . . It has been twenty years since King Louis took A_a Maria Mauricia, daughter of Spain's King Philip III, as his wife, and their union has not yet produced an heir. Under the guidance of his chief minister, Cardinal Richelieu, a plan is developed to remedy that situation. Once she is with child, Queen Anne goes into seclusion to guard her health and protect her from those who would prefer that the child is never born¾France's foreign enemies as well as schemers such as Monsieur Gaston d'Orleans, the King's younger brother and heir. When the Crown's opponents make their move, factions inside and outside France must choose sides and help determine the future and fate of the Kingdom. 1637: The Transylvanian Decision - Eric Flint 2022-11-01

A NEW NOVEL IN ERIC FLINT'S LANDMARK RING OF FIRE

SERIES CONTINUING THE EASTERN EUROPE STORYLINE EXPLORED BY FLINT IN 1637: THE POLISH MAELSTROM. Up-timer Morris Roth and his Grand Army of the Sunrise stand at a crossroads. Military success against the Polish-Lithuanian magnates has all but guaranteed a continued push east into Ruthenian lands. There, Roth hopes to further his Anaconda Project so that tens of thousands of Jews are not slaughtered in what's to become known as the Chmielnicki Pogrom of 1648. An envoy from Transylvania arrives with a promising offer from its prince, who wishes to form an alliance with Bohemia, but the land shrouded in the fog of the Carpathian mountains and known only to most up-timers as the playground of Count Dracula is a vassal state of the Ottoman Empire. Such an alliance would surely draw the ire of Sultan Murad IV. The United States of Europe agrees to assist the Bohemian forces, and sends in the Silesian Guard, under the command of Brigadier Jeff Higgins. They also send in Gretchen Richter to organize and lead the political struggle. Transylvania is thrown into political, social, and religious turmoil as battle lines are drawn. Whatever happens and whoever wins the fight, one thing is certain: the history of Eastern Europe will change radically. In fact, it already has. About 1636: Calabar's War: “. . . dives into the story of . . . Boundary, Second Edition - Eric Flint 2016-10-24

Now with new prose material and art! Paradigms Shift, Worlds Collide! A daring and resourceful paleontologist uncovers something at the infamous K-T boundary marking the end of dinosaurs in the fossil record something big, dangerous, and absolutely, categorically impossible. It's a find that will catapult her to the Martian moon Phobos, then down to the crater-pocked desert of the Red Planet itself. For this mild-mannered fossil hunter may just have become Earth's first practicing xenobiologist! At the publisher's request, this title is sold without DRM (Digital Rights Management).

1637: No Peace Beyond the Line - Eric Flint 2020-11-03

THE BATTLE FOR THE NEW WORLD IS A FIGHT TO THE FINISH! A NEW RING OF FIRE NOVEL BY BEST-SELLING WRITING TEAM ERIC FLINT AND CHARLES E. GANNON A New Day in the New World It's 1637 in the Caribbean. Commander Eddie Cantrell and his ally and friend Admiral Martin Tromp start it off with some nasty surprises for Spain, whose centuries-long exploitation and rapine of the New World has run unchecked. Until now. Yet life goes on in the Caribbean. Relationships among the allied Dutch, Swedes, Germans, up-timers, and even Irish mercenaries continue to evolve and deepen. New friendships must be forged with the native peoples, who will not only shape the colonists' future in the Caribbean, but will also decide whether they will be given access to a Louisiana oilfield that could change the balance of power. But for now, the only oil Imperial Spain knows about is the crude pouring out of the Allies' pumps on Trinidad—which threatens its interests in both the New

and the Old Worlds. So, following in the footsteps of the conquistadors, the empire's commanders are resolved to show that they do not take threats lightly or lying down. Indeed, their historical reaction is to respond with overwhelming—and often genocidal—force. The battle for the New World has not merely begun; it is a fight to the finish.

1637: Dr. Gribbleflotz and the Soul of Stoner - Kerry Offord 2021-09-07

A 17th-century alchemist confronts modern science with unintended and amusing results. Another sparkling addition to the multiple New York Times best-selling Ring of Fire alternate history series created by Eric Flint. SCIENCE AND MEDICINE VS. FLIM-FLAMMERY Thomas the Great Stoner Stone once performed miraculous surgery upon Phillip Theophrastus Gribbleflotz, the World's Greatest Alchemist, using his bare hands, no anesthesia, producing no pain, and leaving no scar. It would have been wonderful if it was real. But Dr. Tom Stone, the face of modern medicine, has been engaging in fake treatments—bringing all modern medicine into question. Phillip, who has learned a thing or two about actual science from those up-time elopers from Grantville, West Virginia, decides to go to Padua and turn his problems into Tom Stone's problems. Meanwhile, the wily Bernardo Ponzi has assembled a team to support his evangelical touring roadshow featuring a light show, faith healing and yet more psychic surgery. Now Gribbleflotz and Stone are on a collision course with the Magnificent Ponzi, who has moved beyond showman-like fakery to causing actual harm to many people. It's time for Gribbleflotz and Stone to resolve their differences, debunk one of history's greatest bunko artists, and save the reputation of modern science and medicine from ruin! 1824: The Arkansas War - Eric Flint 2022-10-04

ALTERNATE HISTORY FROM A MASTER. Best known for his genre-defining Ring of Fire novels, Flint continues his alternate look at Jacksonian America in 1824: The Arkansas War. The relocation of the southern Indian tribes to Oklahoma engineered by Sam Houston following the War of 1812 also swept up many black inhabitants of North America. Many of the states in the USA—free as well as slaveholding—have passed laws ordering the expulsion of black freedmen. Having nowhere else to go, they joined the migration of the southern Indian tribes and settled in Arkansas. What results by 1824 is a hybrid nation of Indians, black people, and a number of white settlers as well. The situation is intolerable for the slaveholding states, which find a champion in Speaker of the House Henry Clay, whose longstanding ambition to become President of the United States looks to be coming to fruition. But Sam Houston and his friends and allies—the freedman Charles Ball, a former gunner for the US Navy and now a general in the Arkansas army, and the Irish revolutionary Patrick Driscoll—are building a powerful army of their own in Arkansas. The crisis is brought to a head by the election of 1824. The war that follows will be a bloody crisis of conscience, politics, economics, and military action, drawing in players from as far away as England. And for such men as outgoing president James Monroe, Secretary of State John Quincy Adams, charismatic war hero Andrew Jackson, and the violent abolitionist John Brown, it is a time to change history itself. At the publisher's request, this title is sold without DRM (Digital Rights Management). 1636: Calabar's War - Charles E. Gannon 2021-04-06

NEW ENTRY IN THE BEST-SELLING RING OF FIRE SERIES FROM NEBULA AND DRAGON AWARD NOMINEE CHARLES E. GANNON AND ROBERT WATERS Domingos Fernandes Calabar started out as a military advisor for the Portuguese in Brazil. But to his superiors, he was still nothing more than a mameluco, a man of mixed blood. Until, that is, the Dutch arrived and he switched sides. Then the Portuguese had a new label for him: “traitorous dog.” But when Dutch admiral Maarten Tromp arrives, having barely survived the disastrous Battle of Dunkirk, Calabar’s job changes again. Now he has to help engineer a swift Dutch exodus to a safer place before word of Tromp’s defeat reaches Spanish ears. Partnered with the Sephardic pirate Moses Cohen Henriques, the two aid the battered Dutch fleet by striking at the Portuguese and Spanish, both on land and sea. Until, that is, Calabar learns that bitter personal enemies have grabbed his family, put them in chains, and sold them to a slaveship bound for the Spanish Main. Calabar must now choose: continue to help the Dutch, or save his wife and children? Tromp and other strong allies want to put an end to slavery, too, but their strategies and timetable are measured in months and years. Calabar doesn’t have that kind of time and can’t rely on their methods. The struggle to recover his family, and to free the millions more

suffering in shackles, is one he must win in his own way and on his own terms. Because ultimately, this is not just Calabar's fight. This is Calabar's war. 1636: The China Venture - Eric Flint 2019-09-03

The Ring of Fire Series Continues! The United States of Europe finds itself embroiled in international intrigue, as the uptimers attempt to establish an embassy in Ming Dynasty era China. The newly formed United States of Europe, created by an alliance between the time-displaced Americans from the town of Grantville and the Swedish king Gustavus Adolphus, decides to send an embassy to the Chinese empire. One of the main purposes of the embassy is to establish trade in order to gain access to critical resources. The mission is a gamble—some might say, a long shot. The Ming dynasty is on the verge of collapse and China's rulers are suspicious of foreigners. The mission experiences one setback after another, but presses on. And they gain an important ally along the way: Zheng Zhilong, a former pirate now an admiral for the Ming navy and the head of an extremely wealthy Fujian province trading family. He knows through his Jesuit missionary connections that according to

Grantville's history books, the Ming dynasty is in danger, from famines, bandit armies and barbarian invaders. And he is determined that, one way or another, he and his family will survive and even prosper. The embassy is joined as well by a young scholar, who helps them make inroads into China's complex and often dangerous society. Can the up-timers and their friends persuade the imperial dynasty and its mandarins to establish trade and diplomatic relations with the USE? They have one great asset: their knowledge may be the key to saving China from decades of mass suffering and civil war. At the publisher's request, this title is sold without DRM (Digital Rights Management).

[The Macedonian Hazard](#) - Eric Flint 2021-01-05

TIME TRAVEL ALTERNATE HISTORY FROM A MASTER. A new tale of time-displaced persons fighting for their lives in the ancient world, from 1632 and Boundary series creator Eric Flint. It's been more than a year since the cruise ship Queen of the Sea was transported in time and space to the ancient Mediterranean not long after the death of Alexander the Great. Captain Lars Floden and the other "Ship People" are trying to plant the seeds of modern civilization. It's not an easy task, to put it mildly, even if they have a tacit alliance with the co-regents of Alexander's empire, his widow Roxane, and Eurydice, the wife of his half-brother. For they have plenty of enemies, too. Cassander is using every foul means available to turn Macedonia and Greece into his own empire. The brutal general Antigonos One-Eye is doing the same in Mesopotamia. And Ptolemy, the cleverest of them all, is expanding his Egyptian realm to the Red Sea. Things aren't any easier in the colony that passengers from the cruise ship founded on the Caribbean island of Trinidad. President Allen Wiley is trying to build a twenty-first century democratic nation, but the people he has to work with aren't the most suitable for the task: oldsters from the future, local tribesmen, and third-century BCE immigrants from Europe and Africa. War, religious strife, assassinations, espionage, poisonings and other murders—and a

fair amount of love, too—all mix together with the Ship People's knowledge from the 21st century to form a new weaving of the fates. Hopefully, that will lead to a bright new future. If it doesn't kill everyone first. At the publisher's request, this title is sold without DRM (Digital Rights Management). 1637: The Coast of Chaos - Eric Flint 2021-12-07

THE NEW WORLD FALLS INTO THE RING OF FIRE. All new stories set in the Ring of Fire series, edited by New York Times best-selling series creator Eric Flint. Europe, 1632. It is a time of upheaval and great change. But none so great as when an unexplained temporal and spatial phenomenon known as the Ring of Fire transports the blue collar town of Grantville, West Virginia, smack dab in the middle of the Thirty Years War. When the dust settles, it becomes clear that the town of Grantville isn't going anywhere, and the can-do Americans of the twenty-first century begin altering the course of history forever. It is now five years later, and the effects of the Ring of Fire reach from the Old World to the New. But the course of exploration and colonization will look much different than it did in our timeline. The French bought the English possessions in North America way back in 1633, but have never done much with the uncivilized backwater.

Until the new king of France, Gaston I, decides that it's time to seize the territory and establish French control over it. Here then, a new anthology, edited by Ring of Fire series creator Eric Flint, chronicling the exploits of the citizens of Grantville, their allies, and their enemies, as they venture forth onto a new continent. At the publisher's request, this title is sold without DRM (Digital Rights Management). About *1637: No Peace Beyond the Line*: "The action is non-stop. 1636: The Atlantic Encounter - Eric Flint 2020-08-04

THE BEST-SELLING RING OF FIRE SERIES CONQUERS THE NEW WORLD! It has taken almost five years for the United States of Europe to stabilize its position in 17th-century Europe. Now it turns its attention to the New World, where the English have ceded their colonial claims to France. There are vast lands and rich resources across the Atlantic for any nations powerful enough to rule and control them—and equal incentive for other nations to block their path. The time-displaced Americans know about the future path that led to their own United States in North America, in the other universe they came from. But do they want to repeat that history as it was? Yes, they had democracy—but they are helping to create that in Europe. And they have learned

the bitter prices paid for chattel slavery and the near-extinction of the native populations. Knowledge is power. Perhaps a new course can be taken. Accordingly, an expedition is sent to the New World to see just what might be happening there and what might be done. They are armed with their technology, among which are a radio and an airship. More importantly, they are armed with the knowledge of future history and their determination not to repeat the errors of their past. What could possibly go wrong? 1636: The Viennese Waltz - Eric Flint 2014-10-16

Book #18 in the multiple New York Times best-selling Ring of Fire series, and the team behind national bestseller 1635: The Kremlin Games. When Grantville, West Virginia was transported back to the year 1631 -- in the middle of the Thirty Years' War, no less -- many things happened. Many opportunities arose. It's said that a rising tide lifts all boats. Perhaps not quite as high as the Barbie Consortium rose, however. A cabal of ten- to twelve-year-old girls? They aren't twelve anymore. And they gave up playing with dolls some years ago, when they sold them all and started an investment consortium. A consortium that did quite well. The Barbie Consortium hits Vienna. In several different ways. The princes and princesses, dukes and duchesses, the common men and women on the street have no idea what's about to

happen. Neither do the girls, but they're determined it'll happen their way. At the publisher's request, this title is sold without DRM (Digital Rights Management). 1637: The Volga Rules - Eric Flint 2018-02-06

NEW ENTRY IN THE NEW YORK TIMES BEST-SELLING, GENRE-DEFINING ALTERNATE HISTORY SERIES. It's been five years since a cosmic incident known as The Ring of Fire transported the modern day town of Grantville, West Virginia, through time and space to 17th century Europe. The course of world history has been forever altered. And Mother Russia is no exception. Inspired by the American up-timers' radical notion that all people are created equal, Russian serfs are rebelling. The entire village of Poltz, led by blacksmith Stefan Andreevich, pulls up stakes to make a run for freedom. Meanwhile, Czar Mikhail has escaped house arrest, with the aid of up-time car mechanic Bernie Zeppi, his Russian associates—and a zeppelin. The czar makes his way to the village of Ufa. There he intends to set up a government-in-exile. It is to Ufa that the serfs of Poltz are heading, as well. The path is dangerous—for the serfs as well as the czar. They face great distances and highwaymen. But the worst threat are those in the aristocracy who seek to crush the serfs and execute the czar in a bid to drive any hope for Russian freedom under their Parisian-crafted boot heels. But the Russians of 1637 have taken inspiration from their up-timer counterparts.

And it could be that a new wind of liberty is about to blow three centuries early—and change Mother Russia forever. About 1636: The Kremlin Games: "...a well-constructed plot filled with satisfying measures of comedy, romance, political intrigue, and action."—Publishers Weekly About 1635: A Parcel of Rogues: "The 20th volume in this popular, fast-paced alternative history series follows close on the heels of the events in The Baltic War, picking up with the protagonists in London, including sharpshooter Julie Sims. This time the 20th-century transplants are determined to prevent the rise of Oliver Cromwell and even have the support of King Charles."—Library Journal About 1634: The Galileo Affair: "A rich, complex alternate history with great characters and vivid action. A great read and an excellent book."—David Drake "Gripping . . . depicted with power!"—Publishers Weekly About Eric Flint's Ring of Fire series: "This alternate history series is . . . a landmark..."—Booklist "[Eric] Flint's 1632 universe seems to be inspiring a whole new crop of gifted alternate historians."—Booklist " . . . reads like a technothriller set in the age of the Medicis . . . Grantville Gazette VIII - Eric Flint 2018-06-05

NEW YORK TIMES BEST-SELLING SERIES. The eighth anthology of tales set in Eric Flint's phenomenal Ring of Fire universe—all selected and edited by Flint. The most popular alternate history series of all continues. When an inexplicable cosmic disturbance hurls your town from twentieth century West Virginia back to seventeenth century Europe—and into the middle of the Thirty Years War—you'd better be adaptable to survive. And the natives of that time period, faced with American technology and politics, need to be equally adaptable. Here's a generous helping of more stories of Grantville, the American town lost in time, and its impact on the people and societies of a tumultuous age. Edited by Eric Flint and Walt Boyes, the editor of the Grantville Gazette magazine from which the best selections are made, these are

stories that fill in the pieces of the Ring of Fire series begun with Flint's novel 1632. The setting has become a political, economic, social and cultural puzzle as supporting characters we meet in the novels get their own lives, loves and life-changing stories. The future and democracy have arrived with a bang—an historical explosion with a multitude of unforeseen consequences. At the

publisher's request, this title is sold without DRM (Digital Rights Management).
