Five Albanian Villages - Antonio Laurià 2020-12-27

This book is the result of a research project designed and carried out at the Department of Architecture, University of Florence. This research was based on the transfer of knowledge from members of the Albanian Diaspora in Italy (university students, young architects and researchers) to their home country. This unique process blazed a trail in the Albania-related studies by creating a methodology, which could be replicated not only in Albanian rural contexts, but also elsewhere. The book constitutes a structured tool for generating sustainable and socially inclusive territorial development processes in five lesser-known Albanian cultural sites. Their tangible and intangible cultural heritage was seen as a driving factor for triggering development processes aimed at improving the inhabitants' quality of life and strengthening local identity and social networks. Through concrete proposals and strategies, the book offers scenarios and solutions capable of enhancing the potential of each village and, at the same time, counteracting the effects of land abandonment that so often characterise them.

Il ritiro sociale negli adolescenti - Matteo Lancini

2020-02-28T00:00:00+01:00

Una generazione cresciuta "nella rete": prendendo le mosse da uno dei fenomeni tipici del nostro tempo, gli autori si interrogano sui criteri per distinguere un uso adattivo dei social e dei videogiochi da un sintomo di malessere o dipendenza. Cyberbullismo, sexting, gioco d'azzardo e, in modo particolare, ritiro sociale sono alcuni dei comportamenti analizzati in questo testo, denso di riflessioni sui motivi della loro diffusione e sulle possibili modalità di intervento. La rivoluzione digitale ha creato ambienti espressivi nei quali non solo gli adolescenti sperimentano nuove possibilità di realizzazione, ma trovano rifugio in occasione di profonde crisi evolutive, in una forma di autoricovero che esprime sia il dolore sia

un tentativo di alleviarlo o superarlo. In particolare, alla luce dell'esperienza maturata negli ultimi quindici anni, gli autori inquadrano la psicodinamica del ritiro sociale, oggi la più significativa manifestazione del disagio giovanile, e presentano gli orientamenti clinici che guidano la presa in carico dell'adolescente in una prospettiva evolutiva.

Inclusive Education in Italy - Simona D'Alessio 2012-01-01

This book provides an innovative and thought-provoking analysis of the policy of *integrazione scolastica* from an inclusive perspective. Drawing on historical and empirical research methods the book arises out of an ethnographic study, which investigates the extent to which the policy of *integrazione scolastica* can be considered an inclusive policy. The author poses two fundamental questions: why are there episodes of micro-exclusion and discrimination against disabled pupils still taking place in regular schools after more than 30 years have passed since the enactment of such a progressive policy? Can the policy of integration lead to the development of inclusion in Italy? The research findings presented in the book indicate that exclusion and discrimination towards disabled pupils in education do not result from a lack of implementation of the policy at a school level, rather from the perpetuation of dominant discourses, which construct disability as an individual deficit. The book does not deny the progress made in the country following the application of this anti-discriminatory policy; rather it challenges the hegemonic abilist culture and the traditional perspectives of disability and schooling that undermine the development of inclusive education. After having investigated the theoretical premises of the policy of integration, the author argues that this progressive policy is still rooted in a special needs education paradigm and that what was once a liberating policy has been transformed into a hegemonic tool which still manages, controls and normalizes disability leaving school settings and teaching and learning routines unchanged. She finally argues for a human rights approach for the development of an inclusive school for the 21st century. The book is an essential reading for academics, policy makers, researchers and students involved in education as it links ideological pressures to practical analyses.

Pinocchio, the Tale of a Puppet - Carlo Collodi 2011-02

Pinocchio, The Tale of a Puppet follows the adventures of a talking wooden puppet whose nose grew longer whenever he told a lie and who wanted more than anything else to become a real boy. As carpenter Master Antonio begins to carve a block of pinewood into a leg for his table the log shouts out, "Don't strike me too hard!" Frightened by the talking log, Master Cherry does not know what to do until his neighbor Geppetto drops by looking for a piece of wood to build a marionette. Antonio gives the block to Geppetto. And thus begins the life of Pinocchio, the puppet that turns into a boy. Pinocchio, The Tale of a Puppet is a novel for children by Carlo Collodi is about the mischievous adventures of Pinocchio, an animated marionette, and his poor father and woodcarver Geppetto. It is considered a classic of children's literature and has spawned many derivative works of art. But this is not the story we've seen in film but the original version full of harrowing

adventures faced by Pinocchio. It includes 40 illustrations.

The Art of Partimento - Giorgio Sanguinetti 2012-04-03

At the height of the Enlightenment, four conservatories in Naples stood at the center of European composition. Maestros taught their students to compose with unprecedented swiftness and elegance using the *partimento*, an instructional tool derived from the *basso continuo* that encouraged improvisation as the path to musical fluency. Although the practice vanished in the early nineteenth century, its legacy lived on in the music of the next generation. In *The Art of Partimento*, performer and music-historian Giorgio Sanguinetti chronicles the history of this long-forgotten Neapolitan art. Sanguinetti has painstakingly reconstructed the oral tradition that accompanied these *partimento* manuscripts, now scattered throughout Europe. Beginning with the origins of the *partimento* in the circles of Corelli, Pasquini, and Alessandro Scarlatti in Rome and tracing it through the peak of the tradition in Naples, *The Art of Partimento* gives a glimpse into the daily life and work of an eighteenth century composer. *The Art of the Partimento* is also a complete practical handbook to reviving the tradition today. Step by step, Sanguinetti guides the aspiring composer through elementary realization to more advanced exercises in diminution, imitation, and motivic coherence. Based on the teachings of the original masters, Sanguinetti challenges the reader to become a part of history, providing a variety of original *partimenti* in a range of genres, forms, styles, and difficulty levels along the way and allowing the student to learn the art of the *partimento* for themselves at their own pace. As both history and practical guide, *The Art of Partimento* presents a new and innovative way of thinking about music theory. Sanguinetti's unique approach unites musicology and music theory with performance, which allows for a richer and deeper understanding than any one method alone, and offers students and scholars of composition and music theory the opportunity not only to understand the life of this fascinating tradition, but to participate in it as well.

Lifelong and lifewide learning and education: Spagna e Italia a confronto - Gabriella Aleandri 2019-09-01

Le società attuali sono sempre più caratterizzate da complessità e improvvisi cambiamenti nell'economia, nelle tecnologie, nelle politiche, nelle relazioni sociali, nei bisogni educativi. Nell'ultimo decennio, inoltre, la crisi economica ha influenzato innanzitutto il mercato del lavoro caratterizzandolo ancora di più da complessità, precarietà e difficoltà di ingresso, soprattutto per i giovani. Inoltre, la povertà, non soltanto economica ma anche culturale e educativa, stanno affliggendo in misura preoccupante gran parte dei paesi europei, con ingenti rischi anche di esclusione sociale, così come le problematiche legate ai migranti e all'intercultura. In tale scenario, il *lifelong and lifewide learning and education*, cui si è di recente aggiunta anche la dimensione *lifedeeep*, sono diventati di importanza cruciale per il benessere sostenibile sia delle persone sia delle società. Il volume contiene contributi che approfondiscono tali tematiche. Un focus particolare è dedicato alle politiche educative, realtà e pratiche, problematiche e prospettive in Spagna e in Italia, in una dimensione di dialogo e di confronto attivo e costruttivo.
