A Place to Stand - Jimmy Santiago Baca 2007-12-01
The Pushcart Prize-winning poet's memoir of his criminal youth and years in prison: a "brave and heartbreaking" tale of triumph over brutal adversity (The Nation).

Jimmy Santiago Baca's "astonishing narrative" of his life before, during, and immediately after the years he spent in the maximum-security prison garnered tremendous critical acclaim. An important chronicle that "affirms

the triumph of the human spirit," it went on to win the prestigious 2001 International Prize (Arizona Daily Star). Long considered one of the best poets in America today, Baca was illiterate at the age of twenty-one when he was sentenced to five years in Florence State Prison for selling drugs in Arizona. This raw, unflinching memoir is the remarkable tale of how he emerged after his years in the penitentiary—much of it spent in isolation—with the ability to read and a passion for writing poetry. "Proof there is always hope in even the most desperate lives." —Fort Worth Star-Telegram "A hell of a book, quite literally. You won't soon forget it." —The San Diego U-T "This book will have a permanent place in American letters." —Jim Harrison, New York

by Genral (ret.) David
Petraeus: "In 2010, as
the scale and tempo of
Coalition operations in
Afghanistan increased,
so did the need for
historical accounts of
small-unit actions. As
commander of the
International Security
Assistance Force (ISAF),
I commissioned the
Combat Studies Institute
to research and write
the cases collected in
this volume and in those
that will follow. By
capturing key insights
from both lethal and
non-lethal operations, I
hoped these accounts
would be of immediate
utility to sergeants and
lieutenants at the
center of future
operations. The eight
actions described in
these pages take the
reader through a wide
range of platoon-level

operations, from an intense firefight near Kandahar to an intricate civic action project in Kunar Province. Drawing from dozens of Soldier interviews, these accounts vividly depict the actions themselves and offer critical insights of greatest benefit to the small-unit actions leaders of today and tomorrow. The US Army always has prided itself as an institution of constant learning, strongly committed to drawing lessons from its past. This volume from the Combat Studies Institute is an excellent example of that long and honorable tradition. I hope that you will find the actions in Vanguard of Valor to be both instructive and compelling. I am sure that you will find them to be inspirational."

The Social Media Reader

- Michael Mandiberg

2012-03

The first collection to address the collective transformation happening in response to the rise

of social media. With the rise of web 2.0 and social media platforms taking over vast tracts of territory on the internet, the media landscape has shifted drastically in the past 20 years, transforming previously stable relationships between media creators and consumers. The Social Media Reader is the first collection to address the collective transformation with pieces on social media, peer production, copyright politics, and other aspects of contemporary internet culture from all the major thinkers in the field. Culling a broad range and incorporating different styles of scholarship from foundational pieces and published articles to unpublished pieces, journalistic accounts, personal narratives from blogs, and whitepapers,

The Social Media Reader promises to be an essential text, with contributions from Lawrence Lessig, Henry Jenkins, Clay Shirky, Tim O'Reilly, Chris Anderson, Yochai Benkler, danah boyd, and Fred von Loehmann, to name a few. It covers a wide-ranging topical terrain, much like the internet itself, with particular emphasis on collaboration and sharing, the politics of social media and social networking, Free Culture and copyright politics, and labor and ownership. Theorizing new models of collaboration, identity, commerce, copyright, ownership, and labor, these essays outline possibilities for cultural democracy that arise when the formerly passive audience becomes active cultural creators, while warning of the dystopian potential of new forms

of surveillance and control.

I Am Like You! - Ali Kian 2016-02-05
When I was 18 years old, I left Iran after graduating from high

school to come to America to continue my education, with the hope that someday I might become a physician. I suffer from multiple disabilities. The most troubling issue revolves around polio. At the age of five, I contracted polio as a result of a bad dose of the vaccine I received. As an adult with a sever twisted body, I have been forced to walk with a cane and stand only four feet tall. Over the course of my life, I've had to deal with additional medical issues as a result of my initial infection. It would be easy for me to be bitter about my situation, but I have chosen a different path. I've written a short memoir which I have titled I Am Like You. My hope is that my book will both inspire and encourage others with disabilities to recognize that they

need not be defined or limited by whatever physical limitations they may encounter in the world. Certainly, my life has been a challenge, but I've chosen to remain optimistic about the limitless possibilities available to anyone who isn't ready to throw in the towel. I've tried to tell my story with a mixture of humor and pathos. Additionally, I think there is a unique perspective to my story. Coming from a Third World country allows me to compare and contrast the differences between the treatment of the disabled in a country like America compared to how someone with my kinds of issues may be dealt with in Iran (or any Third World country for that matter).

What Every Driver Must Know (Michigan, June 2021) - State of Michigan 2021-09-26
Driving is a privilege

and not a right. Drivers must drive responsibly and safely, obey traffic laws, and never drink and drive. Finally, make sure that you and your passengers are properly buckled up - it's the law! Today's vehicles are loaded with technology that was unheard of even a decade ago. Systems that warn when you are drifting from your lane, assist you in parallel parking, automatically brake in emergency situations and provide 360 degrees of vision around the vehicle via a camera are becoming standard, even on moderately priced vehicles. As remarkable as these leaps in automotive technology are, the truth is that the most important safety feature in any vehicle remains you as the driver. Therefore, it is to your benefit to continue improving and expanding your knowledge

of traffic laws and safe driving practices. Driving is a privilege. Once you have been issued a driver's license, you have the responsibility to continually demonstrate the skill and knowledge to drive safely. Whether you have been behind the wheel for decades or are just starting to venture out, driving is a discipline that requires judgment, knowledge, physical and mental self-awareness, and practice. "What Every Driver Must Know" is an excellent resource for assisting you on this lifelong journey. *Leaving Iran* - Farideh Goldin 2015-12-31 In 1975, at the age of twenty-three, Farideh Goldin left Iran in search of her imagined America. She sought an escape from the suffocation she felt under the cultural rules of her country and the

future her family had envisioned for her. While she settled uneasily into American life, the political unrest in Iran intensified and in February of 1979, Farideh's family was forced to flee Iran on the last El-Al flights to Tel Aviv. They arrived in Israel as refugees, having left everything behind including the only home Farideh's father had ever known. Baba, as Farideh called her father, was a well-respected son of the chief rabbi and dayan of the Jews of Shiraz. During his last visit to the United States in 2006, he handed Farideh his memoir that chronicled the years of his life after exile: the confiscation of his passport while he attempted to return to Iran for his belongings, the resulting years of

loneliness as he struggled against a hostile bureaucracy to return to his wife and family in Israel, and the eventual loss of the poultry farm that had supported his family. Farideh translated her father's memoir along with other documents she found in a briefcase after his death. Leaving Iran knits together her father's story of dislocation and loss with her own experience as an Iranian Jew in a newly adopted home. As an intimate portrait of displacement and the construction of identity, as a story of family loyalty and cultural memory, Leaving Iran is an important addition to a growing body of Iranian-American narratives.
