Marry Me By Sundown - Johanna Lindsey 2018-07-10

An enticing new historical romance from No. 1 New York Times bestselling author Johanna Lindsey. Marry Me By Sundown takes you on a captivating adventure in 1880s Montana where passions and gold fever run high as an American heiress turns to a rugged mountain man to help her locate her father's fortune. Perfect for fans of Julia Quinn's Bridgerton. Summoned back to Philadelphia from the social whirl in London, Violet Mitchell never expected to find her brothers living on the edge of financial ruin while their father seeks new wealth in Montana's gold fields. With the family's home and social standing at risk, Violet makes a drastic decision. Morgan Callahan rode away from his family's cattle ranch to make his own fortune. Now as he finishes exploiting a mother lode of silver, a young woman claiming to be his late partner's daughter turns up wanting to be taken to her father's mine. Suspecting that the pretty schemer works for the mining outfit that is trying to steal his land, he has no qualms about snatching her and holding her at his camp where she can do no harm. Morgan underestimated the new thorn in his side. Determined to claim what rightfully belongs to her family, Violet summons up the courage, grit, and spunk to cope with the hazards and discomforts of an untamed land and the disturbingly masculine stranger who holds her fate in his hands. But an error of judgment brings down a hailstorm of calamity and danger that upends her plans and deepens her bond to a man who is not the brilliant match a lady wishes to make but could be all that a strong, passionate woman desires. Utterly captivating. Wonderfully entertaining. Let legendary author Johanna Lindsey capture your heart with her unforgettable romance.

The Rich Boy - Kylie Scott 2020-03-09

I'm the type of girl who's given up on fairy tales. So when Beck - the hot new busboy at work - starts flirting with me, I know better than to get my hopes up. Happily ever afters aren't for the average. I learned that the hard way. But how can I be expected to resist a man who can quote

Austen, loves making me laugh, and seems to be everything hot and good in this world? Only there's so much more to him than that. Billionaire playboy? Check. Troubled soul? Check. The owner of my heart, the man I've moved halfway across the country to be with, who's laying the world at my feet in order to convince me to never leave? Check. Check. Check. But nobody does complicated like the one percent. This is not your everyday rags-to-riches, knight-in-shining armor whisking the poor girl off her feet kind of story. No, this is much messier. "Rich Boy takes you on a literal ride! Funny. Angsty. There's mean rich people and people you root for. It's a definite recommend from me! -Tijan, New York Times bestselling author "Rich Boy was witty, exciting and had the most intense slow burn romance I've read in a long time. The complexity of the characters was refreshing and made me wish for more!"—Audrey Carlan, #1 New York Times bestselling author

Alpha's Obsession - Renee Rose 2021-04-13

A werewolf, an owl shifter, and a scientist walk into a bar... Sam I was born in a lab, fostered out to humans, then tortured in a cage. Fate allowed me to escape, and I know why. To balance the

scales of justice. Right the misdeeds of the harvesters. Nothing matters but taking down the man who made me what I am: A monster driven by revenge, whatever the cost. Then I meet Layne. She thinks I'm a hero. But she doesn't understand—if I don't follow this darkness to its end, it will consume me. Layne I've spent my life in the lab, researching the cure for the disease that killed my mom. No late nights out, no dates, definitely no boyfriend. Then Sam breaks into my lab, steals my research, and kidnaps me. He's damaged. Crazy. And definitely not human. He and his friends are on a mission to stop the company that's been torturing shifters, and now I'm a part of it. Sam promises to protect me. And when he touches me, I feel reborn. But he's hellbent on revenge. He won't give it up. Not even for me.

The lectures in this textbook are as follows: Lecture 1: Negotiation dynamics (available in full, for free, in the "sample") Lecture 2: Preparation for negotiation Lecture 3: Evaluation techniques Lecture 4: Influence Lecture 5: Cognitive biases, heuristics, errors and effects Lecture 6: Group dynamics Lecture 7: Logic and creativity Lecture 8: Parachutes, problems and tricks Lecture 9: Culture, human nature and individual difference Lecture 10: Enforcement mechanisms Lecture 11: Ethics, lying, the law and why good people do bad things Lecture 12: Alternative dispute resolution Lecture 13: Conflict This book contains: - A comprehensive lecture series (outlined above) - Week-by-week multiple choice questions (100+ pages) - Detailed answers and explanations to all week-by-week questions (50+ pages) - A mid-semester exam - A comprehensive reference glossary (200 pages) - Full academic abstracts to complement critical references (aiding a more detailed understanding and facilitating further exploration of the science behind each technique) - The most comprehensive examination of the psychology of negotiation available, with clear examples of how it can be used to achieve desired outcomes - The most comprehensive description of common "dirty tricks" in negotiation and how to respond to them - Detailed explanations of the law and how it affects you as a negotiator; including important case summaries - Step-by-step explanations of how to calculate the 'need-to-know' numbers in all negotiations

New Trends in Stochastic Analysis and Related Topics - Huaizhong Zhao 2012

The volume is dedicated to Professor David Elworthy to celebrate his fundamental contribution and exceptional influence on stochastic analysis and related fields. Stochastic analysis has been profoundly developed as a vital fundamental research area in mathematics in recent decades. It has been discovered to have intrinsic connections with many other areas of mathematics such as partial differential equations, functional analysis, topology, differential geometry, dynamical systems, etc. Mathematicians developed many mathematical tools in stochastic analysis to understand and model random phenomena in physics, biology, finance, fluid, environment science, etc. This volume contains 12 comprehensive review/new articles written by world leading researchers (by invitation) and their collaborators. It covers stochastic analysis on manifolds, rough paths, Dirichlet forms, stochastic partial differential equations, stochastic dynamical systems, infinite dimensional analysis, stochastic flows, quantum stochastic analysis and stochastic Hamilton Jacobi theory. Articles contain cutting edge research methodology, results and ideas in relevant fields. They are of interest to research mathematicians and postgraduate students in stochastic analysis, probability, partial differential equations, dynamical systems, mathematical physics, as well as to physicists, financial mathematicians, engineers, etc.

The Rising of the Shield Hero Volume 19 - Aneko Yusagi 2021-04-27

Returning to the well of forbidden power?! Time to unleash some inner wrath! After his cooking battle escalated to open warfare, the Shield Hero Naofumi has finally obtained the truth about the Vanguard of the Waves. After the Demon Dragon takes a liking to Naofumi, she proposes heading to a castle located on the continent that she once ruled. Once there Naofumi and his party are attacked by thugs pretending to be treasure hunters, but they swiftly deal with this threat. However, this encounter causes a chain reaction that leads to Naofumi squaring off with S'yne's sister and Witch herself. Faced with foes wielding both holy and vassal weapons obtained by illicit means, the Demon Dragon makes an alarming suggestion—for Naofumi to unleash the power of his rage! "Never! I made a promise to myself that I would never rely on that anger—on the power of rage again." When Naofumi's rage is forcibly unleashed, what will happen to him and everyone he cares for? Find out in the nineteenth volume of this still rising otherworld fantasy!

Dr. Todson's Home for Incurable Women - Riley LaShea 2021-04-10

A gentle Victorian tale of women's passions and power, with a sprinkle of romance, a trifle of steampunk, and heaps and heaps of quiet revolution. Caroline Ajax is an inconvenient woman. Unwell. Hot-tempered. Harboring a tragic secret she can't share with another living soul. Dropped at an institution in the Surrey Hills by her husband, Thomas, her only objective is to survive, to endure, to make it back to what little there is of her life as soon as she possibly can. But it doesn't take her long to discover there is something unusual about this house and its eclectic group of inhabitants. Not to mention its unconventional proprietor. Eirinn Todson is an untameable woman. Brilliant. Determined. Forging her way through the world of men as brazenly as she knows how. Her dream of becoming a doctor leads her to Dr. Elizabeth Garrett Anderson and her clinic for women and children in London, then onto Paris with her best friend and quasi-brother Rand. But an unexpected encounter and personal tragedy will change the course of Eirinn's life and future forever. In the spring of 1886, Eirinn is now Dr. Todson, proprietor of Dr. Todson's Home for Women. When Caroline Ajax is admitted into her care, Eirinn has every reason to believe Caroline is just another resident. Caroline has every reason to believe Dr. Todson's is just another sadistic madhouse. But Dr. Todson's Home harbors a treasure trove of secrets, some deeper and more dangerous than others, and Caroline's and Eirinn's past tragedies share a common thread. Together, they may find a sliver of justice neither of them ever thought to get.

The Vet from Snowy River - Stella Quinn 2021-06-01

A hot vet. A rebellious teenager. And meddling but well-meaning townsfolk. Vera gets more than she bargains for when she runs off to a new life in the country ... A fresh and funny rural romance, perfect for readers of Alissa Callen and Rachael Johns. Vera De Rossi no longer believes in love ... And thanks to her ex-boyfriend she's also broke, jobless, and staring down the barrel of a court case that could land her in prison. Turning to her talent for baking, Vera opens a cafe in Hanrahan, a cosy tourist town in the foothills of the Snowy Mountains. Josh Cody, once Hanrahan's golden boy, escaped sixteen years ago with gossip hard on his heels and a pregnant girlfriend in tow. Now he's back: a qualified veterinarian - and a single dad with a lot to prove. A new start and a grumpy teenage daughter ... it's a lot to juggle, and there's no room in his life for further complications. But that's before he walks into The Billy Button Cafe and meets its prickly owner ... Reeling from the past, Vera has no intention of being sidetracked by the hot vet with a killer smile. But fate has a way of tripping up our best intentions and between a stray cat and a busybody with a heart of gold, this is a town - a family - unlike any other. And, whether Vera wants it or not, is there anything a family won't do to help one of its own? PRAISE: 'The perfect feel-good blend of warmth, wit and small-town charm. This debut will leave you smiling.' Alissa Callen bestselling author of Snowy Mountains Daughter

Making Sense of Data II - Glenn J. Myatt 2009-03-04

A hands-on guide to making valuable decisions from data using advanced data mining methods and techniques This second installment in the Making Sense of Data series continues to explore a diverse range of commonly used approaches to making and communicating decisions from data. Delving into more technical topics, this book equips readers with advanced data mining methods that are needed to successfully translate raw data into smart decisions across various fields of research including business, engineering, finance, and the social sciences. Following a comprehensive introduction that details how to define a problem, perform an analysis, and deploy the results, Making Sense of Data II addresses the following key techniques for advanced data analysis: Data Visualization reviews principles and methods for understanding and communicating data through the use of visualization including single variables, the relationship between two or more variables, groupings in data, and dynamic approaches to interacting with data through graphical user interfaces. Clustering outlines common approaches to clustering data sets and provides detailed explanations of methods for determining the distance between observations and procedures for clustering observations. Agglomerative hierarchical clustering, partitioned-based clustering, and fuzzy clustering are also discussed. Predictive Analytics presents a discussion on how to build and assess models, along with a series of predictive analytics that can be used in a variety of situations including principal component analysis, multiple linear regression, discriminate analysis, logistic regression, and Naïve Bayes. Applications demonstrates the current uses of data mining across a wide range of industries and features case studies that illustrate the related applications in real-world scenarios. Each method is discussed within the context of a data mining process including defining the problem and deploying the results, and readers are provided with guidance on when and how each method should be used. The related Web site for the series (www.makingsenseofdata.com) provides a hands-on data analysis and data mining experience. Readers wishing to gain more practical experience will benefit from the tutorial section of the book in conjunction with the Traceis™ software, which is freely available online. With its comprehensive collection of

advanced data mining methods coupled with tutorials for applications in a range of fields, Making Sense of Data II is an indispensable book for courses on data analysis and data mining at the upper-undergraduate and graduate levels. It also serves as a valuable reference for researchers and professionals who are interested in learning how to accomplish effective decision making from data and understanding if data analysis and data mining methods could help their organization.

Mathematical Physics and Stochastic Analysis - Sergio Albeverio 2000

In October 1998 a conference was held in Lisbon to celebrate Ludwig Streit's 60th birthday. This book collects some of the papers presented at the conference as well as other essays contributed by the many friends and collaborators who wanted to honor Ludwig Streit's scientific career and personality. The contributions cover many aspects of contemporary mathematical physics. Of particular importance are new results on infinite-dimensional stochastic analysis and its applications to a wide range of physical domains. The Year After You - Nina de Pass 2020-03-31

"I love this sad, beautiful, hopeful book." --Kathleen Glasgow, New York Times bestselling author of *Girl in Pieces* and *How to Make Friends With the Dark* For fans of Nina LaCour and Jennifer Niven, a richly layered novel that's both uplifting and heartbreaking, about piecing yourself together after loss and the dark truths we choose to keep from each other and ourselves. San Francisco. New Year's Eve. A tragic accident after the party of the year. Cara survives. Her best friend, G, doesn't. Nine months later, Cara is still struggling, consumed by grief and a dark secret she'd rather forget. In the hopes of offering a fresh start, her mother sends her to boarding school in Switzerland, a place where no one knows what happened--and where they never will, if Cara can help it. But her new classmates Ren and Hector won't let her close herself off. They are determined to break down the walls she has so carefully built up. And maybe Cara wants them to . . . especially Hector, who seems to understand her like no one else does. The problem is that the closer Cara gets to Hector, the more G slips away. If moving on means letting go of the past--and admitting what she did that night--Cara's not sure how. But a second chance

awaits, if she can only find the strength within herself. "A poignant exploration of grief, guilt, and forgiveness." --Sophie Kinsella, New York Times bestselling author of *Finding Audrey* and the *Shopaholic* series "Transportive and redemptive, this is a gentle story about the universality of grief, the beauty of self-forgiveness, and how new friendship can help heal old wounds."--Ashley Woodfolk, author of *The Beauty That Remains* and *When You Were Everything* "Atmospheric....this is a delicious read."-Irish Times "A good choice for readers who enjoyed Stephanie Perkins's *Anna and the French Kiss* and Gayle Forman's *If I Stay*."--SLJ

Magpie's Bend - Maya Linnell 2021-06-01

A pitch-perfect rural romance of community and family from the bestselling author of *Bottlebrush Creek*. 'A ripping good read...Maya's deep understanding of living in country Australia and down-to-earth good humour gives her story great authenticity...We can't wait for the next book to find out what happens to another member of the McIntyre sisterhood.' - Australian Country on *Bottlebrush Creek* 'Maya's books reek of authenticity and celebrate everything that's wonderful about small-town living' - Cassie Hamer, top 10 of 2021 Bush nurse Lara McIntyre and journalist Toby Paxton are thrust into the limelight when an accident puts the beating heart of their community in jeopardy. The small country town of Bridgefield can't manage without their general store and post office, but Lara can't stomach the idea of out-of-town buyers revamping it with no regard for what the residents want or need. She's also unsure about where Toby's allegiances lie in this fight. Loyalties are put to the test as the locals attempt to save the shop, with personal agendas, old grudges and misunderstandings threatening their best efforts. Featuring a black-tie ball, a fun run, a magpie called Vegemite and a snake-chasing kelpie called Basil, *Magpie's Bend* is a story about rural lives, family, love and letting go.
