Joint Venture Contact Secrets - Frank Kern
2019-07-02

Joint ventures are like mini-partnerships when 2 or more individuals or businesses collaborate on a specific project, by pooling resources, talents, time and energy. Ultimately, both partners work together in some capacity for mutual benefit. They agree to share the rewards, as well as any risks. Unlike a business partnership, joint ventures are short term collaborative projects. Joint ventures expand your reach by accessing a pre-qualified audience. Collaboration gives you the opportunity to co-create new products or services by collaborating with partners who bring different competencies or expertise to the table. JV partnerships are the most effective marketing strategy, whether you're just starting up or you're ready to take your business to the next level, and here's why: * First of all, it's free: In most cases, joint ventures don't cost anything. Instead, you work together to generate sales and then split the profit. * You don't need an audience to start with: If you have a huge following and a big email list, great! But if you don't that's okay too because you can establish a mutually beneficial partnership with someone else that will expose you to their audience, which helps you build your list. * It's highly targeted

marketing: You can spend countless hours and money trying to identify and target your specific market of ideal clients, or you can collaborate with someone who already works directly with them—and get a warm introduction. * You get to leverage their credibility: People do business with people or companies they know, like and trust, and by partnering with someone who promotes you to their established following who loves them, you benefit from the good will and trust they've already developed. The benefit is that this warm-contact leads to much higher conversion rates than paid advertising. * Plus, it's scalable: You can work with as many joint venture partners as you want—there are no limits! In this course you'll learn everything you need to start doing joint ventures right away. * Explore different types of joint ventures, such as referrals, trading, affiliates, interviews, cross-promotions, presenting, and co-creating new products or services. * Learn best practices for networking to meet potential collaborators, including how to master your elevator pitch. * Build relationships, gain credibility, and develop content through interviewing experts as well as getting booked as a guest on podcasts, YouTube channels, radio and webinars. * Capitalize on the magic of leverage by having affiliates market your products for you, increasing your sales and freeing you to focus on doing what you love. * Use proven strategies for approaching potential partners in a way that expresses the benefits of working with you and eases any resistance. *

In these lines, we present the best of these ideas. - ABOUT SAPIENS EDITORIAL: Books are mentors. Books can guide what we do and our lives. Many of us love books while reading them and maybe they will echo with us a few weeks after but 2 years later we cant remember if we have read it or not. And thats a shame. We remember that at that time, the book meant a lot to us. Why is it that 2 years later we have forgotten everything? Thats not good. This summary is taken from the most important themes of the original book. Most people dont like books. People just want to know what the book says they have to do. If you trust the source you dont need the arguments. So much of a book is arguing its points, but often you dont need the argument if you trust the source you can just get the point. This summary takes the effort to distill the blahs into themes for the people who are just not going to read the whole book. All this information is in the original book.

UFOs, Armageddon and Biblical Revelations - Timothy Green Beckley 2020-06-09
A NONSECTARIAN, NONDENOMINATIONAL ASSESSMENT OF BIBLICAL MIRACLES, PROPHECIES AND MODERN ANOMALOUS

PHENOMENA, INCLUDING UFOS AND MARIAN APPARITIONS ALL OVER THE WORLD, TRUE BELIEVERS SAY THAT THE LORD IS SHOWING HIMSELF IN SUPERNATURAL WAYS! Are we living in the "Last Days," as described in the Book of Revelation? Is there evidence that the words of the Bible are true and have special meaning to those willing to accept them as gospel? What is the connection between UFOs, the Scriptures and the Signs, Symbols and Wonders of Biblical proportions that appear to be manifesting all around us? Are we to accept at face value the phantasmagorical stories told by those who claim to have been "taken up" (where?) - such as Whitley Strieber, Betty Andreasson Luca, Raymond Fowler, and contactees like Orfeo Angelucci and George Van Tassel? Strange events are taking place daily, and you should be alerted to them, be you a "true believer," an occasional churchgoer, a devout heretic or even an atheist. We are told that we all have the free will to determine the source of the messages and miracles seemingly supported by an endless array of photos showing weeping holy statues, miraculous apparitions of the "Lady in White" - who many believe to be "Mother Mary" - as well as Jesus descending from the clouds, as if in a preview of the Second Coming that the righteous say will take place soon. Skeptics counter those beliefs by saying these are merely the holograms, or projections, created by the New World Order (or the CIA?) to confuse the public in a Satanically-based "disinformation" campaign. Here are numerous photos of the "Spinning Sun" taken at Fatima in 1917, just found recently in the Vatican's underground vaults. Also the "ecstasy" trances, walks and levitations of those claiming to be overcome by the Holy Spirit. UFO are definitely part of the equation, says the author, Sean Casteel, who relies not only on his firsthand investigations of the phenomena for over 30 years, but on the testimony of those who have experienced close encounters or claimed to have been abducted by "aliens." Are beautiful angelic beings residing alongside us NOW, disguised as everyday mortals? How can you detect them? Why do most fundamentalists believe that all UFOs are demonic, and do officials in the government and military agree with this theory, believing that if there was full Disclosure that Satan might be unleashed upon

the Earth? And what could be the future of organized religion in general? Has the last Pope taken his papal seat only to oversee the fall of the Church? As current as today's headlines, the author examines the killer plagues now sweeping the globe. While COVID-19 gets all the attention, two continents have been devastated by a plague right out of Exodus, as vast swarms of locusts with bright gauzy wings attack from the sky. Many Native Americans say they know what is about to transpire, their tribal prophecies being based upon direct and personal contacts with the "Sky People," who can easily be associated either with angels or extraterrestrials. There is a belief that "they" will come down and save many of the "Chosen Ones," much like the Rapture spoken of by those who are about to welcome Jesus "for real." This is a book for all people, for all faiths, or no faith, and for those willing to sort through the many doctrines to get to the truth about the otherworldly phenomena that could be Heavenly or something darker. We invite you to join us in our quest to find out the truth about the apparitions and manifestations that may soon affect us all. It is a fascinating journey that you cannot afford to miss!

Devotions and Desires - Gillian A. Frank
2018-02-06

At a moment when "freedom of religion" rhetoric fuels public debate, it is easy to assume that sex and religion have faced each other in pitched battle throughout modern U.S. history. Yet, by tracking the nation's changing religious and sexual landscapes over the twentieth century, this book challenges that zero-sum account of sexuality locked in a struggle with religion. It shows that religion played a central role in the history of sexuality in the United States, shaping sexual politics, communities, and identities. At the same time, sexuality has left lipstick traces on American religious history. From polyamory to pornography, from birth control to the AIDS epidemic, this book follows religious faiths and practices across a range of sacred spaces: rabbinical seminaries, African American missions, Catholic schools, pagan communes, the YWCA, and much more. What emerges is the shared story of religion and sexuality and how both became wedded to American culture and politics. The volume, framed by a provocative introduction by Gillian Frank, Bethany Moreton, and Heather R. White and a compelling afterword by John D'Emilio, features essays by Rebecca T. Alpert and Jacob J. Staub, Rebecca L. Davis, Lynne Gerber, Andrea R. Jain, Kathi Kern, Rachel Kranson, James P. McCartin, Samira K. Mehta, Daniel Rivers, Whitney Strub, Aiko Takeuchi-Demirci, Judith Weisenfeld, and Neil J. Young.
