The Secret to Teen Power - Paul Harrington
2009-09-16

The Secretis an international phenomenon that has inspired millions of people to live extraordinary lives. The Secret to Teen Powermakes that material accessible and relevant for today's over programmed, stressed-

out teens. It explains how the law of attraction can help teens navigate their friendships, relationships, schoolwork, money, and even more global issues like politics and the environment. It all happens through the basic principles outlined in The Secret to Teen Powerthat will bring happiness and fulfilment for

all who embrace it.

Stark - Ben Elton 2008-12-26

Stark is a secret consortium with more money than God, and the social conscience of a dog on a croquet lawn. What's more, it knows the Earth is dying. Deep in Western Australia where the Aboriginals used to milk the trees, a planet-sized plot is taking shape. Some green freaks pick up the scent: a pommie poseur; a brain-fried Vietnam vet; Aboriginals who have lost their land...not much against a conspiracy that controls society. But EcoAction isn't in society: it just lives in the same place, along with the cockroaches. If you're facing the richest and most disgusting scheme in history, you have to do more than stick up two fingers and say 'peace'.

The Jataka Tales - Francis & Thomas 1987

The Jataka as we possess tells about the life of Buddha during some incarnation in one of his previous existences as a Bodhisatta (one being destined to enlightenment). Each separate story

is embedded in a framework, which forms the story of the present. The present selection brings together the Jataka stories of the most widespread interest.

Addiction - Gene M. Heyman 2009-10-15

In a book sure to inspire controversy, Gene Heyman argues that conventional wisdom about addiction - that it is a disease, a compulsion beyond conscious control - is wrong. At the heart of Heyman's analysis is a startling view of choice and motivation that applies to all choices, not just the choice to use drugs. Heyman's analysis of well-established but frequently ignored research leads to unexpected insights into how we make choices - from obesity to McMansionization - all rooted in our deep-seated tendency to consume too much of whatever we like best.

Vengeance Is Mine, All Others Pay Cash -

Eka Kurniawan 2017-08-01

Vivid, bawdy, comic, and arresting, the exciting new novel by the Indonesian phenomenon, Eka

Kurniawan Told in short, cinematic bursts, *Vengeance Is Mine, All Others Pay Cash* is gloriously pulpy. Ajo Kawir, a lower-class Javanese teenage boy excited about sex, likes to spy on fellow villagers in flagrante, but one night he ends up witnessing the savage rape of a beautiful crazy woman by two policemen. Deeply traumatized, he becomes impotent. His efforts to get his virility back all fail, and Ajo Kawir turns to fighting as a way to vent his frustrations. He gets such a fearsome reputation as a brawler that he is hired to kill a thug named The Tiger, but instead Ajo Kawir falls in love with Iteung, a gorgeous female bodyguard who works for the local mafia. Alas, the course of true love never did run smooth... Fast-forward a decade. Now a truck driver, Ajo Kawir has reached a new equanimity, thinking that his penis may be trying to teach him a lesson and even consulting it in many situations as if it were his guru—love may yet triumph. *Vengeance Is Mine, All Others Pay Cash* shows Eka Kurniawan in a gritty, comic,

pungent mode that fans of Quentin Tarantino will appreciate. But even with its liberal peppering of fights, high-speed car chases, and ladies heaving with desire, the novel continues to explore Kurniawan's familiar themes of female agency in a violent male world dominated by petty criminals and a corrupt police state. *Ethics In Social Science Research In Indonesia* - Mayling Oey- Gardiner, Fandi Rahardi, dan Canyon Keanu Can 2021-04-08

"There are not many books on ethics that are currently available, especially in Indonesia. This book comes to fill that gap. A commendable book that researchers should read, especially when there is more and more research on human behavior. It is a stupendous work." □ M. Chatib Basri, Executive Director, IBER Minister of Finance of the Republic of Indonesia 2013-2014 "This book addresses an important set of issues in the context of Indonesia, a large developing country in Southeast Asia. Most work on research ethics has originated in the developed

world; the strength of this book is that it relates the large international literature to the specific problems which Indonesian researchers are likely to face, especially in the social sciences. It deserves a wide readership both in Indonesia and in other parts of the world.” □ Anne Booth, Professor Emeritus, SOAS, University of London

“In a world full of fake news, corrupt bureaucracies, and inequitable judgements it is vital that the training of rising generations of social scientists contains thorough grounding in ethics. This volume should be required reading in all teaching programs, and a valuable addition on the desk of all graduates wishing to pursue a career in the social research professions.” □ Terence H. Hull, Emeritus Professor of Demography, The Australian National University

“Reading this book is an eye-opening experience. Mayling Oey Gardiner presents novelty by discussing ethics in social science research on current issues such as big data, internet-based research, and environmental

research. This book can guide academics and decision-makers to define boundaries and consider the impact of social research.” □ Rhenald Kasali Ph.D, Founder Rumah Perubahan Professor of Management, University of Indonesia

No More Perfect Moms - Jill Savage
2013-01-16

If you have ever forgotten to pick up your kids, accidentally worn two different shoes to the grocery store, or lost your cool over a messy house, YOU ARE NOT ALONE! In *No More Perfect Moms*, Jill Savage says it how it is: All moms struggle. We fall short of our own standard of excellence, and then we feel insecure about not being the perfect wife with the perfect kids, perfect husband, perfect home, perfect friends, perfect marriage, and perfect body... Jill speaks to the root of the insecurities mothers feel and points to a better way. *No More Perfect Moms* will help a mom: Change her unrealistic expectations to realistic hopes Give

grace and love to her husband and children even during struggles, and discover the beauty of grace when she stops judging herself and others Find freedom from disappointment when she embraces her real family, her real challenges, and her real, but imperfect, life With refreshing honesty, Jill exposes some of her own parental shortcomings and helps mothers everywhere shelve their desires for perfection and embrace God's beautiful grace. When moms do this, they can learn to love their real but imperfect lives.

Photovoltaic Solar Energy - Angèle Reinders
2017-02-06

Solar PV is now the third most important renewable energy source, after hydro and wind power, in terms of global installed capacity. Bringing together the expertise of international PV specialists **Photovoltaic Solar Energy: From Fundamentals to Applications** provides a comprehensive and up-to-date account of existing PV technologies in conjunction with an assessment of technological developments. Key

features: Written by leading specialists active in concurrent developments in material sciences, solar cell research and application-driven R&D. Provides a basic knowledge base in light, photons and solar irradiance and basic functional principles of PV. Covers characterization techniques, economics and applications of PV such as silicon, thin-film and hybrid solar cells. Presents a compendium of PV technologies including: crystalline silicon technologies; chalcogenide thin film solar cells; thin-film silicon based PV technologies; organic PV and III-Vs; PV concentrator technologies; space technologies and economics, life-cycle and user aspects of PV technologies. Each chapter presents basic principles and formulas as well as major technological developments in a contemporary context with a look at future developments in this rapidly changing field of science and engineering. Ideal for industrial engineers and scientists beginning careers in PV as well as graduate students undertaking PV

research and high-level undergraduate students.

10% Happier - Dan Harris 2014-03-11

#1 New York Times Bestseller REVISED WITH NEW MATERIAL Winner of the 2014 Living Now Book Award for Inspirational Memoir "An enormously smart, clear-eyed, brave-hearted, and quite personal look at the benefits of meditation." —Elizabeth Gilbert Nightline anchor Dan Harris embarks on an unexpected, hilarious, and deeply skeptical odyssey through the strange worlds of spirituality and self-help, and discovers a way to get happier that is truly achievable. After having a nationally televised panic attack, Dan Harris knew he had to make some changes. A lifelong nonbeliever, he found himself on a bizarre adventure involving a disgraced pastor, a mysterious self-help guru, and a gaggle of brain scientists. Eventually, Harris realized that the source of his problems was the very thing he always thought was his greatest asset: the incessant, insatiable voice in his head, which had propelled him through the

ranks of a hypercompetitive business, but had also led him to make the profoundly stupid decisions that provoked his on-air freak-out. Finally, Harris stumbled upon an effective way to rein in that voice, something he always assumed to be either impossible or useless: meditation, a tool that research suggests can do everything from lower your blood pressure to essentially rewire your brain. 10% Happier takes readers on a ride from the outer reaches of neuroscience to the inner sanctum of network news to the bizarre fringes of America's spiritual scene, and leaves them with a takeaway that could actually change their lives.

Acehnese-Indonesian-English Thesaurus - Bukhari Daud 1999

Colloquial Jakartan Indonesian - James N. Sneddon 2006

This book aims to describe aspects of the Indonesian language as spoken by educated Jakartans in everyday interactions. This style of

language is in many ways significantly different from the formal language of government and education, to the extent that it deserves separate consideration. While formal Indonesian has been the subject of a considerable amount of description very little attention has been paid to informal styles of the language. The variety described here, Colloquial Jakartan Indonesian, is the prestige variety of colloquial Indonesian and is becoming the standard informal style. The description and texts in following chapters are drawn from recordings of natural speech of educated people living in Jakarta . While the book aims to inform those with a background in linguistics the needs of teachers and learners with little or no knowledge of linguistics is always borne in mind. The work thus does not consider theoretical linguistic issues nor use technical terms which would not be readily understood by most readers.

The Danish Way of Parenting - Jessica Joelle
Alexander 2016-06-29

International bestseller As seen in The Wall Street Journal--from free play to cozy together time, discover the parenting secrets of the happiest people in the world What makes Denmark the happiest country in the world--and how do Danish parents raise happy, confident, successful kids, year after year? This upbeat and practical book presents six essential principles, which spell out P-A-R-E-N-T: Play is essential for development and well-being. Authenticity fosters trust and an "inner compass." Reframing helps kids cope with setbacks and look on the bright side. Empathy allows us to act with kindness toward others. No ultimatums means no power

struggles, lines in the sand, or resentment. Togetherness is a way to celebrate family time, on special occasions and every day. The Danes call this hygge--and it's a fun, cozy way to foster closeness. Preparing meals together, playing favorite games, and sharing other family traditions are all hygge. (Cell phones, bickering, and complaining are not!) With illuminating examples and simple yet powerful advice, *The Danish Way of Parenting* will help parents from all walks of life raise the happiest, most well-adjusted kids in the world.

Sex in China - Fang Fu Ruan 2013-11-22

China today is sexually (and in many other ways) a very repressive society, yet ancient China was very different. Some of the earliest surviving literature of China is devoted to discussions of sexual topics, and the sexual implications of the Ym and Yang theories common in ancient China continue to influence Tantric and esoteric sexual practices today far distant from their Chinese origins. In recent years, a number of books have

been written exploring the history of sexual practices and ideas in China, but most have ended the discussion with ancient China and have not continued up to the present time. Fang Fu Ruan first surveys the ancient assumptions and beliefs, then carries the story to present-day China with brief descriptions of homosexuality, lesbianism, transvestism, transsexualism, and prostitution, and ends with a chapter on changing attitudes toward sex in China today. Dr. Ruan is well qualified to give such an overview. Until he left China in the 1980s, he was a leader in attempting to change the repressive attitudes of the government toward human sexuality. He wrote a best selling book on sex in China, and had written to and corresponded with a number of people in China who considered him as confidant and advisor about their sex problems. A physician and medical historian, Dr. Ruan's doctoral dissertation was a study of the history of sex in China.

Introduction of topics, their precise and adequate explanation.ü Ample illustrations and diagrams.ü Solved examples at the end of relevant subtopics to strengthen the concepts.· Multiple-author model with content sourced from experts in respective areas of expertise (Inorganic, Organic, Physical, Analytical and Applied Chemistry) across geographies.· Comprehensive question bank at the end of each chapter containingü Objective type questions (classified into multiple-choice questions and fill in the blanks).ü Review questions (categorized into short-answer and long-answer type questions).ü Numerical problems.· Extensively reviewed content with single or multiple reviews by academicians of various technical universities for each chapter to generate error-free and accurate content. About The Book: The Engineering Chemistry course for undergraduate students is designed to strengthen the fundamentals of chemistry and then build an interface of theoretical concepts

with their industrial/engineering applications. This book is structured keeping in view the objective of the course and is intended as a textbook for first year B.Tech/B.E. students of all engineering disciplines. The book aims to impart in-depth knowledge of the subject and highlight the role of chemistry in the field of engineering. The lucid explanation of the topics will help students understand the fundamental concepts and apply them to design engineering materials and solve problems related to them. An attempt has been made to logically correlate the topic with its application. The extension of fundamentals of electrochemistry to energy storage devices such as commercial batteries and fuel cells is one such example. The layout for a topic is designed after detailed study and analysis of the syllabi of various technical universities. The chapter for each topic begins with clearly defined learning objectives, followed by introduction of subtopics, their precise and adequate explanation supported with ample

illustrations and diagrams. Solved examples are given at the end of relevant subtopics to strengthen the concepts. The chapters conclude with a set of review and practice questions.

Beauty Is a Wound - Eka Kurniawan

2015-09-08

The English-language debut of Indonesia's rising star. The epic novel Beauty Is a Wound combines history, satire, family tragedy, legend, humor, and romance in a sweeping polyphony. The beautiful Indo prostitute Dewi Ayu and her four

daughters are beset by incest, murder, bestiality, rape, insanity, monstrosity, and the often vengeful undead. Kurniawan's gleefully grotesque hyperbole functions as a scathing critique of his young nation's troubled past: the rapacious offhand greed of colonialism; the chaotic struggle for independence; the 1965 mass murders of perhaps a million "Communists," followed by three decades of Suharto's despotic rule. *Beauty Is a Wound* astonishes from its opening line: One afternoon on a weekend in May, Dewi Ayu rose from her grave after being dead for twenty-one years.... Drawing on local sources—folk tales and the all-night shadow puppet plays, with their bawdy wit and epic scope—and inspired by Melville and Gogol, Kurniawan's distinctive voice brings something luscious yet astringent to contemporary literature.

Banyaga - Charlson Ong 2006

The Spice Islands Voyage - Timothy Severin

1998

The Spice Islands Voyage is about a journey and a quest: a journey among the Spice Islands of equatorial Indonesia aboard a traditional native sailing vessel; a quest to rediscover Alfred Russel Wallace, the brilliant and intrepid naturalist who jointly proposed, with Charles Darwin, the theory of natural selection, and whose travels founded the science of zoogeography. Navigating through sparkling coral seas to remote shorelines, Tim Severin and his crew retraced the explorer's journeys, encountering green turtles and flying foxes, observing the smuggling of rare birds and rainforest destruction, but also witnessing the emergence of a new sense of environmental awareness. 'Full of insights retraces a journey through places of fabulous natural and cultural diversity should inspire new readers to discover the remarkable writings of Wallace himself', Independent

Super Jumbo - Fred Koehler 2016-02-16

The charmingly oblivious elephant Little Jumbo
"saves the day" in a superhero story that's
perfect for fans of Ian Falconer's Olivia Being a
superhero isn't easy. All Little Jumbo wants to do
is fight crime and defend the weak, by doing
things like halting traffic for snails to cross the
street and stopping Dad from sneaking cookies.
It's not his fault grown-ups don't appreciate his
heroic deeds! Luckily, Little Jumbo doesn't give
up easily. He even powerfully resists cake (his
greatest weakness!) to help a new friend in
need! Super Jumbo is the hilariously sweet

companion to Fred Koehler's standout debut, *How to Cheer Up Dad*, which received three starred reviews.

Catholic and Identitarian - Julien Langella
2020-06-18

Is Christianity the natural enemy of identitarianism? Has it contributed to the liberalization of our societies and to the mass immigration which is so quickly altering our social make-up and changing the face of our nations? What can Christianity, past or present, offer us at this unprecedented historical moment of political and social change? *Catholic and Identitarian* seeks to answer these questions from a traditionalist Catholic perspective. Arguing that Christianity, and Catholicism in particular, far from being an enemy to identitarianism, actually forms the necessary underpinning for true European identitarianism, this book demonstrates that the teachings and traditions of the Church have always respected ethnic and national borders and protected the

integrity of authentic human roots. At once a vindication of the Church against the misinterpretations and misrepresentations of left and right alike, and a stirring call to defend our European heritage from the forces that would destroy it, *Catholic and Identitarian* reminds us of the basic truth that "to fight is to love."

Murder Under the Rising Sun - William Webb
2013-03-15

In the land of the rising sun, you have to look hard to find a person who is not kind and peaceful; even the most peaceful nations, there are dark alleys where the sun does not rise—where shadowy figures emerge full of rage and hatred...most with a thirst for revenge. In this book, you will read about 15 of Japan's most

horrifying killers. Many of the people profiled in this book didn't just kill their victims—they

tortured and mutilated them. Be warned: This is NOT a book for the faint at heart.
