Living and Sustaining a Creative Life - Sharon Loudon 2013-08-01

In this day and age, when art has become more of a commodity and art school graduates are convinced that they can only make a living from their work by attaining gallery representation, it is more important than ever to show the reality of how a professional, contemporary artist sustains a creative practice over time. The 40 essays collected here in Living and Sustaining a Creative Life are written in the artists' own voices and take the form of narratives, statements and interviews. Each story is different and unique, but the common thread is an ongoing commitment to creativity, inside and outside the studio. Both day-to-day and Big Picture details are revealed, showing how it is possible to sustain a creative practice that contributes to the ongoing dialogue in contemporary art. These stories will inform and inspire any student, young artist and art enthusiast, and will help redefine what 'success' means to a professional artist.

The Ladies of Managua - Eleni N. Gage 2015-05-05

When Maria Vazquez returns to Nicaragua for her beloved grandfather's funeral, she brings with her a mysterious package from her grandmother's past—and a secret of her own. And she also carries the burden of her tense relationship with her mother Ninexin, once a storied revolutionary, now a tireless government employee. Between Maria and Ninexin lies a chasm created by the death of Maria's father, who was killed during the revolution when Maria was an infant, leaving her to be raised by her grandmother Isabela as Ninexin worked to build the new Nicaragua. As Ninexin tries to reach her daughter, and Maria wrestles with her expectations for her romance with an older man, Isabela, the mourning widow, is lost in memories of attending boarding school in 1950's New Orleans, where she loved and lost almost sixty years ago. When the three women come together to bid farewell to the man who anchored their family, they are forced to confront their complicated, passionate relationships with each other and with their country—and to reveal the secrets that each of them have worked to conceal. Lushly evocative of Nicaragua, its

tumultuous history, and vibrant present, Eleni N. Gage's The Ladies of Managua brings you into the lives of three strong and magnetic women, as they uncover the ramifications of the choices they made in their pasts and begin to understand the ways in which love can shape their futures.

Art on the Block - Ann Fensterstock 2013-09-17

A fascinating tour of the last five decades of contemporary art in New York City, showing how artists are catalysts of gentrification and how neighborhoods in turn shape their art—with special insights into the work of artists such as Jean-Michel Basquiat, Cindy Sherman, and Jeff Koons. Stories of New York City's fabled art scene conjure up artists' lofts in SoHo, studios in Brooklyn, and block after block of galleries in Chelsea. But today, no artist can afford a SoHo loft, Brooklyn has long gentrified, and even the galleries of Chelsea are beginning to move on. Art on the Block takes the reader on a journey through the neighborhoods that shape, and are shaped by, New York's ever-evolving art world. Based on interviews with over 150 gallery directors, as well as the artists themselves, art historian and cultural commentator Ann Fensterstock explores the genesis, expansion, maturation and ultimate restless migration of the New York art world from one initially undiscovered neighborhood to the next. Opening with the colonization of the desolate South Houston Industrial District in the late 1960s, the book follows the art world's subsequent elopements to the East Village in the '80s, Brooklyn in the mid-90s, Chelsea at the beginning of the new millennium and, most recently, to the Lower East Side. With a look to the newest neighborhoods that artists are just now beginning to occupy, this is a must-read for both art enthusiasts as well as anyone with a passion for New York City.

How to Sell Your Art Online - Cory Huff 2016-06-28

An essential guide for artist that teaches them how to skip the gallery system, find their niche, and connect directly with collectors to profitably sell their art. For years, galleries have acted as gatekeeper separating artists and collectors. But with the explosion of the Internet, a new generation of savvy, independent artists is connecting with buyers and making a substantial living doing what they love. How to Sell Your Art Online shows any artist how to make a successful living from their work. Cory Huff dispels the myth of the starving artist and provides the effective business strategies necessary to make artistic creations pay. He helps individual artists find their niche; outlines the elements essential for an effective website; and provides invaluable advice on e-mail marketing, blogging, social media marketing, and paid advertising—explaining how to tie all these online activities into offline success. Most importantly, he shares the secret to overcoming the biggest challenge artists face when self-marketing: learning how to tell their unique stories. Every artist has a reason for making art, but can't always find the right way to express it. Huff provides exercises artists can use to clarify the intellectual and emotional process behind their art, and teaches them how turn that knowledge into stories they can tell online and in person—and expand their reach through blogs and social media to build their art business. Drawing from the stories of successful artists, thoroughly describing how art is sold today, and providing tips on how to build connections personally and electronically, How to Sell Your Art Online illustrates the countless ways artists can take control of their creative careers—and sell their work without selling out.

Inside the White Cube - Brian O'Doherty 1999

These essays explicitly confront a particular crisis in postwar art, seeking to examine the assumptions on which the modern commercial and museum gallery was based.

The Art of Rivalry - Sebastian Smee 2016-08-16

Pulitzer Prize-winning art critic Sebastian Smee tells the fascinating story of four pairs of artists—Manet and Degas, Picasso and Matisse, Pollock and de Kooning, Freud and Bacon—whose fraught, competitive friendships spurred them to new creative heights. Rivalry is at the heart of some of the most famous and fruitful relationships in history. The Art of Rivalry follows eight celebrated artists, each linked to a counterpart by friendship, admiration, envy, and ambition. All eight are household names today. But to achieve what they did, each needed the influence of a contemporary—one who was equally ambitious but possessed sharply contrasting strengths and weaknesses. Edouard Manet and Edgar Degas were close associates whose personal bond frayed after Degas painted a portrait of Manet and his wife. Henri Matisse and Pablo Picasso swapped paintings, ideas, and influences as they jostled for the support of collectors like Leo and Gertrude Stein and vied for the leadership of a new avant-garde. Jackson Pollock's uninhibited style of "action painting" triggered a breakthrough in the work of his older rival, Willem de Kooning. After Pollock's sudden death in a car crash, de Kooning assumed Pollock's mantle and became romantically involved with his late friend's mistress. Lucian Freud and Francis Bacon met in the early 1950s, when Bacon was being hailed as Britain's most exciting new painter and Freud was working in relative obscurity. Their intense but asymmetrical friendship came to a head when Freud painted a portrait of Bacon, which was later stolen. Each of these relationships culminated in an early flashpoint, a rupture in a budding intimacy that was both a betrayal and a trigger for great innovation. Writing with the same exuberant wit and psychological insight that earned him a Pulitzer Prize for art criticism, Sebastian Smee explores here the way that coming into one's own as an artist—finding one's voice—almost always involves willfully breaking away from some intimate's expectations of who you are or ought to be. Praise for The Art of Rivalry "Gripping . . . Mr. Smee's skills as a critic are evident throughout. He is persuasive and vivid. . . . You leave this book both nourished and hungry for

more about the art, its creators and patrons, and the relationships that seed the ground for moments spent at the canvas."—The New York Times "With novella-like detail and incisiveness [Sebastian Smee] opens up the worlds of four pairs of renowned artists. . . . Each of his portraits is a biographical gem. . . . The Art of Rivalry is a pure, informative delight, written with canny authority."—The Boston Globe

Impossible Presence - Terry Smith 2001-09-15

Impossible Presence brings together new work in film studies, critical theory, art history, and anthropology for a multifaceted exploration of the continuing proliferation of visual images in the modern era. It also asks what this proliferation—and the changing technologies that support it—mean for the ways in which images are read today and how they communicate with viewers and spectators. Framed by Terry Smith's introduction, the essays focus on two kinds of strangeness involved in experiencing visual images in the modern era. The first, explored in the book's first half, involves the appearance of oddities or phantasmagoria in early photographs and cinema. The second type of strangeness involves art from marginalized groups and indigenous peoples, and the communicative formations that result from the trafficking of images between people from vastly different cultures. With a stellar list of contributors, Impossible Presence offers a wide-ranging look at the fate of the visual image in modernity, modern art, and popular culture. Journey out of Darkness - Roy E. Purcell 2017-12-11

Roy Purcell swims through the tumultuous ocean of his unconscious, moving back and forth between it and his conscious mind. Concepts emerge from unexplained depths as images, which have become the basis for many of his paintings in his intriguing body of work. Raised in a loving Mormon family in rural Utah, Mr. Purcell, nevertheless, suffered because of his Aspergers dysfunctional personality. Unable to make social connections, Mr. Purcell retreats to nature and develops the sensitivity that will later open his unconscious. Journey out of Darkness is Mr. Purcell's story of how he transcended his patriarchal heritage and Aspergers damaging personality to find peace as an accomplished artist. Critical to his growth and peace is his third wife and soul mate, Beverly, and the desert where they live in Green Valley, Arizona. Furthermore, the autobiography is the universal archetypal quest with Mr. Purcell as the hero who overcomes obstacles and slays the dragons of his troubled personality.

Back Stages - Shannon Jackson 2022-06-15

Shannon Jackson explores a range of disciplinary, institutional, and political puzzles that engage the social and aesthetic practice of performance in this collection of twenty essential essays spanning her career. Back Stages starts by considering the historical connection between performance practice and movements of social reform, while later writings analyze disciplinary debates on the place of performance in higher education and within the contemporary field of socially engaged art, tracking fraught and allied relationships to literary studies, art history, visual culture, theater, social theory, and critical theory. At a time of increased aesthetic experimentation and political debate within the art world, these essays alight on artists, groups, and cultural organizations whose experiments have challenged conventions of curation and critique, including Theaster Gates, Paul Ramirez Jonas, Harrell Fletcher, and My Barbarian. Throughout, Jackson navigates the political ambivalences of performance, from the late nineteenth to the twenty-first century, tracking shifts in participatory art that seek to resist capitalism, even as such performance work paradoxically risks neoliberal appropriation by a post-Fordist experience economy. Back Stages surfaces unexpected cross-disciplinary connections and provides new opportunities for mutual engagement within a wide network of educational, artistic, and civic sectors. A substantial introduction excavates the critical links between the essays and a variety of disciplines and movements.

The Global Rules of Art - Larissa Buchholz 2022-11-22

A trailblazing look at the historical emergence of a global field in contemporary art and the diverse ways artists become valued worldwide Prior to the 1980s, the postwar canon of "international" contemporary art was made up almost exclusively of artists from North America and Western Europe, while cultural agents from other parts of the world often found themselves on the margins. The Global Rules of Art examines how this discriminatory situation has changed in recent decades. Drawing from abundant sources—including objective indicators from more than one hundred countries, multiple institutional histories and discourses, extensive fieldwork, and interviews with artists, critics, curators, gallerists, and auction house agents—Larissa Buchholz examines the emergence of a world-spanning art field whose logics have increasingly become defined in global terms. Deftly blending comprehensive historical analyses with illuminating case studies, The Global Rules of Art breaks new ground in its exploration of valuation and how cultural hierarchies take shape in a global context. The book's innovative global field approach will appeal to scholars in the sociology of art, cultural and economic sociology, interdisciplinary global studies, and anyone interested in the dynamics of global art and culture.

About Art - Stan Berning 2009-01-07

This morning I am contemplating how we humans, awkwardly tangled in dreams of salvation, struggle to lend meaning to a physical world that is most often brutally indifferent. It may be that the one thing of substantial power left to us is our own imagination. Thus begins the story of a road trip up the West Coast of North America; a journey which comes to a dramatic conclusion months later in Mexico. A unique look at the nature of prayer, the power of dreams, and the risks and rewards we all face imagining ourselves into the world, 'about art' is the memoir of one artist's quest to understand the life he has lived.

Breakfast at Sotheby's - Philip Hook 2014-10-02

Two questions are key to experiencing a work of art in a museum or exhibition: 1.) Do I like it? 2.) Who's it by? You need quite a few more questions if you're in an auction room or dealer's gallery, however. You'll find yourself asking, How much is it worth? How much will it be worth in five or ten years? And finally, what will people think of me if they see it hanging on my wall? Breakfast at Sotheby's is not only a guide to finding the answers to such questions, but also a glimpse into the rarely discussed financial side of the art world. Based on author Philip Hook's thirty-five years of experience in the art market, the book explores various shades of artist (including -isms, Gericault, and suicides), subject and style (from abstract art and banality through surrealism and war), "wall-power," provenance, and market weather Comic, revealing, piquant, splendid, and occasionally absurd, Breakfast at Sotheby's is a book of pleasure and intelligent observation, as engaged with art as it is with the world that surrounds it.

Men to Avoid in Art and Life - Nicole Tersigni 2020-08-11

Men to Avoid in Art and Life pairs classical fine art with modern captions that epitomize the spirit of mansplaining. This hilarious book perfectly captures those relatable moments when a man explains to a woman a subject about which he knows

considerably less than she does. Situations include men sharing keen insight on the female anatomy, an eloquent defense of catcalling, or offering sage advice about horseback riding to the woman who owns the horse. • These less qualified men of antiquity dish out mediocrity as if it's pure genius • For the women who have endured overbearing men over the centuries • Written with hilariously painful accuracy "Now, when you're riding a horse, you need to make sure to keep a good grip on the reins." "These are my horses." Through cringe-induced empathy, this timeless gift book of shared experiences unites women across history in one of the most powerful forms of resistance: laughter. • Started as a Twitter thread and quickly gained widespread popularity. • Makes a perfect book for women and feminists with a wry sense of humor, millennials, anyone who loves memes and Internet humor, as well as history and art buffs. • You'll love this book if you love books like Men Explain Things to Me by Rebecca Solnit, Milk and Vine: Inspirational Quotes from Classic Vines by Emily Beck, and Awards For Good Boys: Tales Of Dating, Double Standards, And Doom by Shelby Lorman.

Art Therapy and Postmodernism - Helene Burt 2011-09-15

This comprehensive book brings together the voices of international art therapists with diverse backgrounds and experiences and asks them to consider the role of postmodernism in their understanding of art therapy. These practitioners share a common postmodern belief that art is a unique way of expressing and mediating the human condition and that art therapy should not be a diagnostic tool but a collaborative healing process between the therapist and the client. Drawing on psychotherapy, aesthetics and philosophy, the contributors present current practice, research and case studies and show the many directions and possibilities of postmodern art therapy. This book is an important addition to art therapy theory and will be a crucial text for all art therapy students, academics, researchers and practitioners.

Peripatetic Painting: Pathways in Social, Immersive, and Empathic Art Practice - Michal Glikson 2022-09-11

This book documents the practice-led research of painting as a peripatetic art practice through travel and transient life in Australia, India, and Pakistan. Crossing disciplines of Art, Applied Anthropology, and Cultural Geography, painting is explored as a way of negotiating the uncertainties inherent in cross-cultural journeys, and the possibility of connecting with others in their lifeworlds. The ways of navigating and of making that support creativity in the field are identified, as are the multifarious conditions of the field in view of how these shaped painting, and ultimately, the consciousness of the artist through possibilities for empathy, advocacy, and activism. The book includes many images

that illustrate the form which painting took in the field and the techniques employed to create these. Interactive links in the eBook edition enable the reader to view documentary films about subjects with whom the artist worked, and that illustrate the field and conditions of making. Throughout the book the reader may also engage with virtual tours of the Australindopak Archive as the art work generated by this research.

Eye of the Sixties - Judith E. Stein 2016-07-12

In 1959, Richard Bellamy was a witty, poetry-loving beatnik on the fringe of the New York art world who was drawn to artists impatient for change. By 1965, he was representing Mark di Suvero, was the first to show Andy Warhol's pop art, and pioneered the practice of "off-site" exhibitions and introduced the new genre of installation art. As a dealer, he helped discover and champion many of the innovative successors to the abstract expressionists, including Claes Oldenburg, James Rosenquist, Donald Judd, Dan Flavin, Walter De Maria, and many others. The founder and director of the fabled Green Gallery on Fifty-Seventh Street, Bellamy thrived on the energy of the sixties. With the covert support of America's first celebrity art collectors, Robert and Ethel Scull, Bellamy gained his footing just as pop art, minimalism, and conceptual art were taking hold and the art world was becoming a playground for millionaires. Yet as an eccentric impresario dogged by alcohol and uninterested in profits or posterity, Bellamy rarely did more than show the work he loved. As fellow dealers such as Leo Castelli and Sidney Janis capitalized on the stars he helped find, Bellamy slowly slid into obscurity, becoming the quiet man in oversize glasses in the corner of the room, a knowing and mischievous smile on his face. Born to an American father and a Chinese mother in a Cincinnati suburb, Bellamy moved to New York in his twenties and made a life for himself between the Beat orbits of Provincetown and white-glove events like the Guggenheim's opening gala. No matter the scene, he was always considered "one of us," partying with Norman Mailer, befriending Diane Arbus and Yoko Ono, and hosting or performing in historic Happenings. From his early days at the Hansa Gallery to his time at the Green to his later life as a private dealer, Bellamy had his finger on the pulse of the culture. Based on decades of research and on hundreds of interviews with Bellamy's artists, friends, colleagues, and lovers, Judith E. Stein's *Eye of the Sixties* rescues the legacy of the elusive art dealer and tells the story of a counterculture that became the mainstream. A tale of money, taste, loyalty, and luck, Richard Bellamy's life is a remarkable window into the art of the twentieth century and the making of a generation's aesthetic. -- "Bellamy had an understanding of art and a very fine sense of discovery. There was nobody like him, I think. I certainly consider myself his pupil." --Leo Castelli

The Art of Selling the Art of Healing - Alex Lubarsky 2015-03-04

The most important ingredient in the art of healing is the art of selling. I say that with all the respect in the world for every other part of this vast system of care that has grown into a sprawling and complex three-trillion-dollar metropolis. For the last sixty or so years, the providers of care have depended on third-party entities to handle the part of selling for them. From insurance companies who sold millions of people on the importance of paying monthly premiums for health-care insurance to the government that did the same thing under the more intimidating, compulsory taxation. Today, we have come to a fork in the road where (as the system implodes) those who control the flow of monetary resources are filling their own bank accounts, leaving the people who are busy providing care on that field of battle with all supply lines cut off. Many healers are, therefore, forced to shed all the entities that have forced themselves between the doctor and her patient. Exploring their original entrepreneurial roots, allowing the patient to bypass all middlemen and pay the doctor for care directly. The trouble comes in when the healing professional steps out of a world where all the marketing was handled for them and the only thing they needed to know was how to submit a bill to a third-party payer for reimbursement. So when embarking on this new journey of

building a concierge, pay-for-service practice, many are derailed by the 'Flat Earth Fallacy' that is a perception of things as they seem but are, in reality, very different. This book then is to share some field-tested experiences that will, in all probability, save the health-care entrepreneur some pain and expense, while providing a perspective on the driving elements of success in the art of selling the art of healing.

Bilingual Parent Participation in a Divided School Community - Julia Menard-Warwick 2018-12-20

This volume theorizes parent participation in a bilingual school community in California, unpacking broader issues around language ideologies, language and power, and parent collaboration in diverse educational contexts. Highlighting data from a two-year ethnographic study of the school community, the book grounds this discussion in theories of discourse and bilingualism, with a focus on translanguaging and translanguaging practice. The volume points to a range of challenges and questions posed by the parents' efforts to unite as a single school community, including linguistic inequality, cultural divides, and differing implicit beliefs on language. The book documents these efforts as a means to demonstrate the ways in which monolingual practices are reinforced in these settings, despite best efforts, but also as a point of departure to discuss implications and a way forward for parent collaboration in bilingual school communities more generally. Offering a nuanced portrait of the impact of parent collaboration in bilingual school communities, this volume will be of particular interest to graduate students and scholars in language education, applied linguistics, bilingualism, and sociolinguistics.
