The Fighting Fifteenth
Alabama Infantry - James P.
Faust 2014-11-19
At the start of the Civil War,
volunteers from six counties in

southeastern Alabama formed
the 15th Alabama Infantry
Regiment. As part of Robert E.
Lee's Army of Northern
Virginia—and briefly serving
with Braxton Bragg's Army of
Tennessee—the 15th Alabama
was one of the Confederacy's
most active regiments and

fought in many of the war's key battles. Based on firsthand accounts, this volume chronicles the regiment's experiences from its organization in July 1861 through its surrender at Appomattox. Detailed firsthand accounts are given of the 15th's action at Shenandoah, Gettysburg, Chickamauga and Spotsylvania, along with intimate descriptions of camp life. Service records of each member are provided, including enlistment, hometown, battle wounds and, where applicable, cause of death.

Americans Remember Their Civil War - Barbara A. Gannon 2017-07-07

This book provides readers with an overview of how Americans have commemorated and remembered the Civil War. • Presents events related to the commemoration of public memory of the Civil War chronologically, from 1865 to the present • Illustrated with photographs of monuments, individuals, and events related

to commemoration activities, as well as selected political cartoons related to Civil War memory from popular publications • Bibliography includes both primary and secondary sources on the subject of Civil War memory [The Register of the Kentucky Historical Society](#) - Kentucky Historical Society 2008

Historical Dictionary of the Civil War - Terry L. Jones 2011

The Civil War was the most traumatic event in American history, pitting Americans against one another, rending the national fabric, leaving death and devastation in its wake, and instilling an anger that has not entirely dissipated even to this day, 150 years later. This updated and expanded two-volume second edition of the *Historical Dictionary of the Civil War* relates the history of this war through a chronology, an introductory essay, an extensive bibliography, and hundreds of cross-referenced dictionary entries on persons, places, events, institutions,

battles, and campaigns. This book is an excellent access point for students, researchers, and anyone wanting to know more about the Civil War.

The Great Task Remaining Before Us - Paul Alan Cibala 2010

"An unusually strong collection of essays ...the scholarship is impeccable."---Gaines M.

Foster, Louisiana State University, Baton Rouge --

The Golden Age of Battlefield Preservation -

Timothy B. Smith 2008

The 1890s, argues Timothy B. Smith in his new book, represented the climax of battlefield preservation in America. But what makes this decade so important? This decade was the perfect time for the establishment of these national parks. Five Civil War battlegrounds--at Gettysburg, Chickamauga and Chattanooga, Shiloh, Antietam, and Vicksburg--were commemorated as national sites during this time. Just past the bitterness and racial tensions of Reconstruction and prior to the explosive growth

brought on by the Second Industrial Revolution, the time was right for the war's veterans from both sides to come together, in a spirit of reconciliation and brotherhood, to lead the efforts to open the parks. As yet unmarred by development, these battlefield sites were preserved mostly intact, just how the veterans would have remembered them. To date, they represent the country's finest preserved battlefields. Smith's book is the first to look at the process of battlefield reservation as a whole. He focuses on how each of these sites was established and the important individuals--the congressmen, the former soldiers, the veteran commissioners--who were the catalysts for the creation of these parks. The Golden Age of Battlefield Preservation is a watershed book about an essential period in the history of battlefield preservation and will be of interest to any reader who wishes to have a better understanding how such preservation efforts were initiated. Timothy B. Smith is

the author of *This Great Battlefield of Shiloh: History, Memory, and the Establishment of a Civil War National Military Park* and *The Untold Story of Shiloh: The Battle and the Battlefield*. He is a former park ranger at the Shiloh National Military Park and now teaches at the University of Tennessee at Martin.

Remembering the Civil War - Caroline E. Janney 2013-06-03
As early as 1865, survivors of the Civil War were acutely aware that people were purposefully shaping what would be remembered about the war and what would be omitted from the historical record. In *Remembering the Civil War*, Caroline E. Janney examines how the war generation--men and women, black and white, Unionists and Confederates--crafted and protected their memories of the nation's greatest conflict. Janney maintains that the participants never fully embraced the reconciliation so famously represented in handshakes across stone walls.

Instead, both Union and Confederate veterans, and most especially their respective women's organizations, clung tenaciously to their own causes well into the twentieth century. Janney explores the subtle yet important differences between reunion and reconciliation and argues that the Unionist and Emancipationist memories of the war never completely gave way to the story Confederates told. She challenges the idea that white northerners and southerners salved their war wounds through shared ideas about race and shows that debates about slavery often proved to be among the most powerful obstacles to reconciliation.

Robert Burns and the United States of America - Arun Sood 2018-07-23

This book provides a critical study of the relationship between Robert Burns and the United States of America, c.1786-1866. Though Burns is commonly referred to as Scotland's "National Poet", his works were frequently reprinted in New York and

Philadelphia; his verse mimicked by an emerging canon of American poets; and his songs appropriated by both abolitionists and Confederate soldiers during the Civil War era. Adopting a transnational, Atlantic Studies perspective that shifts emphasis from Burns as national poet to transnational icon, this book charts the reception, dissemination and cultural memory of Burns and his works in the United States up to 1866.

Perspectives - 2006

Grant's Victory - Bruce L. Brager 2020-04-01

Two of the great themes of the Civil War are how Lincoln found his war-winning general in Ulysses Grant and how Grant finally defeated Lee. Grant's Victory intertwines these two threads in a grand narrative that shows how Grant made the difference in the war. At Eastern theater battlefields from Bull Run to Gettysburg, Union commanders—whom Lincoln replaced after virtually every major battle—had

struggled to best Lee, either suffering embarrassing defeat or failing to follow up success. Meanwhile, in the West, Grant had been refining his art of war at places like Fort Donelson, Shiloh, Vicksburg, and Chattanooga, and in early 1864, Lincoln made him general-in-chief. Arriving in the East almost deus ex machina, and immediately recognizing what his predecessors never could, Grant pressed Lee in nearly continuous battle for the next eleven months—a series of battles and sieges that ended at Appomattox.

The Handy Civil War Answer Book - Samuel Willard

Crompton 2014-03-24

Battles, Blood, Honor, and Heroism The nation's highest-casualty, bloodiest war is still discussed, studied, and acted out. It continues to affect the political boundaries of today. From the economic, political, and social forces behind the conflict, through the first shots fired at Fort Sumter, the military strategies, battles, and people, and from Lee's surrender at Appomattox to the

Southern reconstruction and modern aftermath, *The Handy Civil War Answer Book* is a captivating, concise, and convenient history of America's defining conflict. The complex, turbulent, and difficult events leading to the war are explained. The genius and folly of Union and Confederate generals, major battles, and the experiences of lesser-known soldiers and civilians are examined. Blending historical review with a little surprising trivia into an engaging question-and-answer format, it is perfect for browsing and answers more than 900 questions, including ...

- How did the Mexican-American War influence 1850s America?
- What was Robert E. Lee's connection to George Washington?
- What was so important about the Homestead Act?
- Would North and South have been reconciled if Lincoln had not been assassinated?
- What became of Generals Grant and Lee after the war?

Gettysburg's Forgotten

Cavalry Actions - Eric J. Wittenberg 2011-10-27

An award-winning historical study of the important role played by Union and Confederate horse soldiers on the Civil War battlefield at Gettysburg. The Union army's victory at Gettysburg, Pennsylvania, on July 3, 1863, is widely considered to have been the turning point in America's War between the States. But the valuable contributions of the mounted troops, both Northern and Rebel, in the decisive three-day conflict have gone largely unrecognized. Acclaimed Civil War historian Eric J.

Wittenberg now gives the cavalries their proper due. In *Gettysburg's Forgotten Cavalry Actions*, Wittenberg explores three important mounted engagements undertaken during the battle and how they influenced the final outcome. The courageous but doomed response by Brig. Gen. Elon J. Farnsworth's cavalry brigade in the wake of Pickett's Charge is recreated in fascinating detail, revealing the fatal flaws

in the general's plan to lead his riders against entrenched Confederate infantry and artillery. The tenacious assault led by Brig. Gen. Wesley Merritt on South Cavalry Field is also examined, as is the strategic victory at Fairfield by Southern troops that nearly destroyed the Sixth US Cavalry and left Hagerstown Road open, enabling General Lee's eventual retreat. Winner of the prestigious Bachelde-Coddington Award for historical works concerning the Battle of Gettysburg, Eric J. Wittenberg's *Gettysburg's Forgotten Cavalry Actions* rights a long-standing wrong by lifting these all-important engagements out of obscurity. A must-read for Civil War buffs everywhere, it completes the story of the battle that changed American history forever.

Reconstruction in Alabama - Michael W. Fitzgerald
2017-03-13

Reconstruction in Alabama examines the Civil War and Reconstruction era in Alabama, the first full-scale reexamination in over a

century. Michael W. Fitzgerald research shows how predominant black belt majorities enabled concentrations of freedpeople to deter most terrorist violence for several years. The impact of a resulting labor shortage in the heart of the plantation region forced rich planters toward relative moderation until a severe depression swept away the possibility of racial coexistence and economic balance.

Sing Not War - James Marten
2011-06-01

After the Civil War, white Confederate and Union army veterans reentered--or struggled to reenter--the lives and communities they had left behind. In *Sing Not War*, James Marten explores how the nineteenth century's "Greatest Generation" attempted to blend back into society and how their experiences were treated by nonveterans. Many soldiers, Marten reveals, had a much harder time reintegrating into their communities and returning to their civilian lives than has been previously

understood. Although Civil War veterans were generally well taken care of during the Gilded Age, Marten argues that veterans lost control of their legacies, becoming best remembered as others wanted to remember them--for their service in the war and their postwar political activities. Marten finds that while southern veterans were venerated for their service to the Confederacy, Union veterans often encountered resentment and even outright hostility as they aged and made greater demands on the public purse. Drawing on letters, diaries, journals, memoirs, newspapers, and other sources, *Sing Not War* illustrates that during the Gilded Age "veteran" conjured up several conflicting images and invoked contradicting reactions. Deeply researched and vividly narrated, Marten's book counters the romanticized vision of the lives of Civil War veterans, bringing forth new information about how white veterans were treated and how they lived out their lives.

[The Second United States Sharpshooters in the Civil War](#)

- Gerald L. Earley 2009-04-22
The Second United States Sharpshooters was a hodgepodge regiment, composed of companies raised in several New England states. The regiment was trained for a specific mission and armed with specially ordered breech-loading target rifles. This book covers the origin, recruitment, training, and battle record of the regiment and features 32 photographs, four battlefield maps, and a regimental roster.

The Publishers Weekly - 2006

The Battle of Petersburg, June 15-18, 1864

- Sean Michael Chick 2015-04-01
The Battle of Petersburg was the culmination of the Virginia Overland campaign, which pitted the Army of the Potomac, led by Ulysses S. Grant and George Gordon Meade, against Robert E. Lee's Army of Northern Virginia. In spite of having outmaneuvered Lee, after three days of battle

in which the Confederates at Petersburg were severely outnumbered, Union forces failed to take the city, and their final, futile attack on the fourth day only added to already staggering casualties. By holding Petersburg against great odds, the Confederacy arguably won its last great strategic victory of the Civil War. In *The Battle of Petersburg, June 15-18, 1864*, Sean Michael Chick takes an in-depth look at an important battle often overlooked by historians and offers a new perspective on why the Army of the Potomac's leadership, from Grant down to his corps commanders, could not win a battle in which they held colossal advantages. He also discusses the battle's wider context, including politics, memory, and battlefield preservation. Highlights include the role played by African American soldiers on the first day and a detailed retelling of the famed attack of the First Maine Heavy Artillery, which lost more men than any other Civil War

regiment in a single battle. In addition, the book has a fresh and nuanced interpretation of the generalships of Grant, Meade, Lee, P. G. T. Beauregard, and William Farrar Smith during this critical battle.

Reading the Sesquicentennial: New Directions in the Popular

History of the Civil War Notes on Contributors The Journal of the Civil War Era takes advantage of the flowering of research on the many issues raised by the sectional crisis, war, Reconstruction, and memory of the conflict, while bringing fresh understanding to the struggles that defined the period, and by extension, the course of American history in the nineteenth century.

The Chickamauga Campaign -

David A. Powell 2016-09-15

Winner of the Laney Book Prize from the Austin Civil War

Round Table: "The post-battle coverage is simply

unprecedented among prior Chickamauga studies." —James A. Hessler, award-winning

author of Sickles at Gettysburg

This third and concluding

volume of the magisterial

Chickamauga Campaign

trilogy, a comprehensive examination of one of the most important and complex military operations of the Civil War,

examines the immediate aftermath of the battle with

unprecedented clarity and detail. The narrative opens at

dawn on Monday, September 21, 1863, with Union commander William S.

Rosecrans in Chattanooga and most of the rest of his Federal army in Rossville, Georgia.

Confederate commander

Braxton Bragg has won the

signal victory of his career, but has yet to fully grasp that fact or the fruits of his success.

Unfortunately for the South,

the three grueling days of combat broke down the Army

of Tennessee and a vigorous pursuit was nearly impossible.

In addition to carefully

examining the decisions made by each army commander and

the consequences, Powell sets forth the dreadful costs of the

fighting in terms of the human suffering involved. Barren

Victory concludes with the

most detailed Chickamauga

orders of battle (including unit strengths and losses) ever

compiled, and a comprehensive bibliography more than a

decade in the making. Includes illustrations

Gateway to the Confederacy

- Evan C. Jones 2014-05-12

A collection of ten new essays from some of our finest Civil War historians working today, *Gateway to the Confederacy* offers a reexamination of the campaigns fought to gain possession of Chattanooga, Tennessee. Each essay addresses how Americans have misconstrued the legacy of these struggles and why scholars feel it necessary to reconsider one of the most critical turning points of the American Civil War. The first academic analysis that delineates all three Civil War campaigns fought from 1862 to 1863 for control of Chattanooga -- the transportation hub of the Confederacy and gateway to the Deep South -- this book deals not only with military operations but also with the campaigns' origins and consequences. The essays also explore the far-reaching social and political implications of the battles and bring into sharp focus their impact on postwar literature and commemoration.

Several chapters revise the traditional portraits of both famous and controversial figures including Ambrose Bierce and Nathan Bedford Forrest. Others investigate some of the more salient moments of these campaigns such as the circumstances that allowed for the Confederate breakthrough assault at Chickamauga. *Gateway to the Confederacy* reassesses these pivotal battles, long in need of reappraisal, and breaks new ground as each scholar reshapes a particular aspect of this momentous part of the Civil War. Gettysburg - Allen Guelzo
2014-02-11
Winner of the Guggenheim-Lehrman Prize in Military History An Economist Best Book of the Year A Kirkus Reviews Best Nonfiction Book of the Year The Battle of Gettysburg has been written

about at length and thoroughly dissected in terms of strategic importance, but never before has a book taken readers so close to the experience of the individual soldier. Two-time Lincoln Prize winner Allen C. Guelzo shows us the face, the sights and the sounds of nineteenth-century combat: the stone walls and gunpowder clouds of Pickett's Charge; the reason that the Army of Northern Virginia could be smelled before it could be seen; the march of thousands of men from the banks of the Rappahannock in Virginia to the Pennsylvania hills. What emerges is a previously untold story of army life in the Civil War: from the personal politics roiling the Union and Confederate officer ranks, to the peculiar character of artillery units. Through such scrutiny, one of history's epic battles is given extraordinarily vivid new life.

Aberration of Mind - Diane Miller Sommerville 2018-09-25
More than 150 years after its end, we still struggle to understand the full extent of

the human toll of the Civil War and the psychological crisis it created. In *Aberration of Mind*, Diane Miller Sommerville offers the first book-length treatment of suicide in the South during the Civil War era, giving us insight into both white and black communities, Confederate soldiers and their families, as well as the enslaved and newly freed. With a thorough examination of the dynamics of both racial and gendered dimensions of psychological distress, Sommerville reveals how the suffering experienced by Southerners living in a war zone generated trauma that, in extreme cases, led some Southerners to contemplate or act on suicidal thoughts. Sommerville recovers previously hidden stories of individuals exhibiting suicidal activity or aberrant psychological behavior she links to the war and its aftermath. This work adds crucial nuance to our understanding of how personal suffering shaped the way southerners viewed themselves

in the Civil War era and underscores the full human costs of war.

Civil War Almanac - John C. Fredriksen 2007

Presents a comprehensive reference to the American Civil War, including a chronology of major events, biographical sketches, related articles and a collection of maps.

Portraits of Conflict - Ben H. Severance 2012-11-01

Tenth volume of acclaimed series

American Tax Resisters -

Romain D. Huret 2014-04-15

American Tax Resisters gives a history of the anti-tax movement that, for the past 150 years, has pursued limited taxes on wealth and battled efforts to secure social justice through income redistribution.

It explains how a once-marginal ideology became mainstream, elevating individual entrepreneurialism over sacrifice and solidarity.

Twilight at Little Round Top

- Glenn W. LaFantasie

2007-10-09

On July 2nd, 1863, forces from the Confederacy's Army of

Northern Virginia and the Union's Army of the Potomac clashed over the steep, rocky hill known as Little Round Top. This battle was one of the most brutal and devastating engagements of the American Civil War, and the North's bloody victory there insured their triumph at Gettysburg, setting the stage for the South's ultimate defeat. Using newly discovered documents and rare firsthand sources, acclaimed historian Glenn LaFantasie sheds new light on the dramatic story of this pivotal battle and tells the story as it truly unfolded, from the perspective of the brave men who fought and died there.

Confederate Veterans in Northern California - Jeff

Erzin 2020-05-21

Drawing on six years of research, this book covers the military service and postwar lives of notable Confederate veterans who moved into Northern California at the end of the Civil War. Biographies of 101 former rebels are provided, from the oldest

brother of the Clanton Gang to the son of a President to plantation owners, dirt farmers, criminals and everything in between.

The Chickamauga Campaign - Glory or the Grave - David A.

Powell 2015-09-19

David Powell's *The Chickamauga Campaign - Glory or the Grave*: The

Breakthrough, Union Collapse, and the Retreat to

Chattanooga, September

20-23, 1863 is the second

volume in his magnificent projected three-volume study of this overlooked and largely misunderstood campaign.

According to soldier rumor, Chickamauga in Cherokee meant "River of Death." The

name lived up to that grim

sobriquet in September 1863

when the Union Army of the Cumberland and Confederate Army of Tennessee waged a

sprawling bloody combat along the banks of West

Chickamauga Creek. This

installment of Powell's tour-de-force depicts the final day of

battle, when the Confederate army attacked and broke

through the Union lines, triggering a massive rout, an incredible defensive stand atop Snodgrass Hill, and a confused

retreat and pursuit into Chattanooga. Powell presents

all of this with clarity and precision by weaving nearly

2,000 primary accounts with his own cogent analysis. The

result is a rich and deep portrait of the fighting and

command relationships on a

scale never before attempted

or accomplished. His upcoming

third volume, *Analysis of a*

Barren Victory, will conclude

the set with careful insight into

the fighting and its impact on

the war, Powell's detailed

research into the strengths and

losses of the two armies, and

an exhaustive bibliography.

Powell's magnum opus,

complete with original maps,

photos, and illustrations, is the

culmination of many years of

research and study, coupled

with a complete understanding

of the battlefield's complex

terrain system. For any student

of the Civil War in general, or

the Western Theater in

particular, Powell's trilogy is a

must-read.

A Chickamauga Memorial -

Timothy B. Smith 2009

A Chickamauga Memorial tells the full and fascinating story of how the country's first federally preserved national military park came into being and how it paved the way for all that came afterwards, including preservation efforts today. As Timothy B. Smith explains, most battlefield preservation and commemoration efforts before 1890 were done on a private and state level, with veterans' groups and states marking unit positions on battlefields, most notably at Gettysburg in Pennsylvania. In 1890, however, the federal government became involved on a large scale, ushering in a wave of battlefield preservation that would continue through the decades that followed. The brainchild of Henry Van Ness Boynton, a Union officer and veteran of the battle, Chickamauga and Chattanooga National Military Park served multiple purposes as a commemorative memorial to

the soldiers who had fought there as well as a military reservation for maneuver and study. As the former, Chickamauga played a prominent role in the reconciliation of the North and South, bringing together veterans from both sides. As the latter, the park played host to numerous military units during the Spanish American War as well as World Wars I and II. Perhaps the most important aspect, Smith contends, was the creation of historical memory in both. This process involved not only the historiography of the battles, but also how the battlefields themselves would be remembered, interpreted, and celebrated.

Gettysburg Heroes - Glenn W.

LaFantasie 2008-02-05

The Civil War generation saw its world in ways startlingly different from our own. In these essays, Glenn W. LaFantasie examines the lives and experiences of several key personalities who gained fame during the war and after. The battle of Gettysburg is the

thread that ties these Civil War lives together. Gettysburg was a personal turning point, though each person was affected differently. Largely biographical in its approach, the book captures the human drama of the war and shows how this group of individuals—including Abraham Lincoln, James Longstreet, Joshua Lawrence Chamberlain, William C. Oates, and others—endured or succumbed to the war and, willingly or unwillingly, influenced its outcome. At the same time, it shows how the war shaped the lives of these individuals, putting them through ordeals they never dreamed they would face or survive.

Recollections of War Times -

William A. McClendon

2010-08-10

Recollections of War Times is a dramatically improved edition of William A. "Gus"

McClendon's memoir of his service in the 15th Alabama Infantry. It has long been recognized among the rarest books by any veteran of the

Army of Northern Virginia.

Keith Bohannon has conducted relentless research that uncovered a gratifying array of new information about McClendon, as well as new photographs. The introduction based on that research might be a model for the genre, full of details acquired from arcane sources that throw new light on the subject. Bohannon's new exhaustive index also makes McClendon's memoir notably more accessible. "Gus" McClendon joined the 15th Alabama Infantry Regiment, and served in many of the Eastern Theater engagements. More than fifty years later, he sent down his reminiscences, still an unreconstructed Southern patriot, although able to look back with some amusement on his younger self.

America, History and Life -

2007

Article abstracts and citations of reviews and dissertations covering the United States and Canada.

Civil War Eufaula - Mike Bunn

2013-10-01

Told here for the first time is

the compelling story of the Bluff City during the Civil War. Historian and preservationist Mike Bunn takes you from the pivotal role Eufaula played in Alabama's secession and early enthusiasm for the Confederate cause to its aborted attempt to become the state's capital and its ultimate capture by Union forces, chronicling the effects of the conflict on Eufaulans along the way. "Civil War Eufaula" draws on a wide range of firsthand individual perspectives, including those of husbands and wives, political leaders, businessmen, journalists, soldiers, students and slaves, to produce a mosaic of observations on shared experiences. Together, they communicate what it was like to live in this riverside trading town during a prolonged and cataclysmic war. It is the story of ordinary people in extraordinary times.

Lincoln's Emancipation Proclamation - Allen C. Guelzo
2006-11-07

One of the nation's foremost Lincoln scholars offers an authoritative consideration of

the document that represents the most far-reaching accomplishment of our greatest president. No single official paper in American history changed the lives of as many Americans as Lincoln's Emancipation Proclamation. But no American document has been held up to greater suspicion. Its bland and lawyerlike language is unfavorably compared to the soaring eloquence of the Gettysburg Address and the Second Inaugural; its effectiveness in freeing the slaves has been dismissed as a legal illusion. And for some African-Americans the Proclamation raises doubts about Lincoln himself. Lincoln's Emancipation Proclamation dispels the myths and mistakes surrounding the Emancipation Proclamation and skillfully reconstructs how America's greatest president wrote the greatest American proclamation of freedom.
American History - 2007

Gettysburg Heroes - Glenn W. LaFantasie 2008

The Civil War generation saw its world in ways startlingly different from our own. In these essays, Glenn W. LaFantasie examines the lives and experiences of several key personalities who gained fame during the war and after. The battle of Gettysburg is the thread that ties these Civil War lives together. Gettysburg was a personal turning point, though each person was affected differently. Largely biographical in its approach, the book captures the human drama of the war and shows how this group of individuals—including Abraham Lincoln, James Longstreet, Joshua Lawrence Chamberlain, William C. Oates, and others—endured or succumbed to the war and, willingly or unwillingly, influenced its outcome. At the same time, it shows how the war shaped the lives of these individuals, putting them through ordeals they never dreamed they would face or survive.

Gettysburg Requiem - Glenn W. LaFantasie 2007-11

"Glenn W. LaFantasie-- bestselling author of *Twilight at Little Round Top*--has written a gripping biography of Oates, a narrative that reads like a novel and that reveals, for the first time, the compelling and sometimes astonishing dimensions of this remarkable individual. Oates was no moonlight-and-magnolias Southerner, as LaFantasie shows. Raised in the hard-scrabble Wiregrass Country of Alabama, he ran away from home as a teenager, roamed through Louisiana and Texas--where he took up card sharking--and finally returned to Alabama, to pull himself up by his bootstraps and become a respected attorney. During the war, he rose to the rank of colonel, served under Stonewall Jackson and Lee, was wounded six times and lost an arm. Returning home, he became wealthy investing in land and cotton, married a woman half his age, and launched a successful political career, becoming a seven-term congressman and ultimately governor. LaFantasie shows

how, for Oates and many others of his generation, the war never really ended--he remained devoted to the Lost Cause, and spent the rest of his life waging the political battles of Reconstruction. Yet in one of the final acts of his political

career, Oates championed the cause of suffrage for black Americans, delivering an impassioned speech at his state's constitutional convention."--Publisher discription (October 2006).
