Rewind Your Body Clock - Jayney Goddard 2019-05-14
Packed with science-based insight into what it really means to 'age' and reminding us that we have far more control over how young we feel and look than most of us realize, this comprehensive guide, by natural health expert Jayney Goddard, offers the ultimate blueprint for anti-ageing the natural way. Our attitudes towards ageing have undergone radical changes in recent years and many women now recognize that beauty and health come not from invasive procedures, fillers or expensive skincare brands but from the inside out. This book is an expert holistic guide on the science of how to age well - not only physically and mentally but also emotionally and even spiritually - covering everything from nutrition, herbal medicine, good breathing, the best exercise, mental attitude, natural skincare, haircare and facelift techniques, hormonal balance, good relationships, the power of nature and the power of sleep. Each chapter includes easily implementable techniques which, while natural, are supported by solid scientific research, with a focus on the neurobiology of happiness and how to develop a 'rewind' mindset. All this is underpinned with biological age tests for readers to try for themselves and, at the end, a specifically designed practical programme called the 'Personal 21-Day Rewind Plan'. The result? Better skin, a leaner body, stronger bones, improved cognitive function, enhanced libido, more energy, improved immune function, increased resistance to degenerative diseases, more resilience against stress and much more. So, while we can't change our chronological age, we can dramatically reduce and even reverse our biological age so that we have plenty more healthy, happy years to look forward to.

Analysis and Assessment of Gateway Process - The Us Army 1983

"You are not thinking, you are merely being logical." - Niels Bohr, Danish physicist and Nobel Laureate
Analysis and Assessment of Gateway Process is a document prepared in 1983 by the US Army. This document was declassified by the CIA in 2003. This brief report focuses on the so-called "Gateway Experience," a training program originally designed by the Monroe Institute, a Virginia-based institute for the study of human consciousness. The Gateway experience uses sound tapes to manipulate brainwaves with a goal of creating an altered state of consciousness, which includes out-of-body experiences, energy healing, remote viewing, and time travel. The report concluded that the Gateway Experience is 'plausible' in terms of physical science, and that while more research was needed, it could have practical uses in US intelligence. Students of US intelligence, and anyone interested in the cross-roads between consciousness and reality will find this report fascinating reading.

You can see with this understanding, that the starlight is crossed and combined with the light of the Soul at a distance from human body and on human body at the physical level. The Light of stars, in a sense, is an element of eternity in terms of the fact, that such light often reaches a human individual in millions of light-years, and it is simultaneously a gateway to the world, that is on the other side of a star, and it is infinite.

Al Biruni, one of the greatest Arab scholars, was born on September 4, 973, in what is now Uzbekistan. He showed talent at an early age and by his early 20's had written several acclaimed papers. Political unrest in his 20's and 30's found him at one point at Gurgan, on the shores of the Caspian Sea. Peace found him in Ghaznah, which is today in Afghanistan. From 1017 to 1030 he travelled extensively in India, becoming fluent in Sanskrit. From this he wrote his monumental survey, India, of the history, customs and beliefs of the subcontinent. His other books include The Chronology of Ancient Nations, the Masudic Cannon, Book of Instructions, and more than 100 others, some of which are lost. He died on December 13, 1048, aged 75. He is buried in Ghaznah. The Book of Instruction in the Elements of the Art of Astrology was written for Lady Rayhanah, to whom it is dedicated. R. Ramsay Wright, the translator, said it could be regarded as a primer of 11th century science. Among its highlights are a comprehensive list of more than 150 Lots, various forms of aspects and planetary relationships, planetary positions relative to the sun, an excellent text on rulerships as well as comprehensive notes on weather and meteorological phenomena. This book was unknown to medieval European astrologers. This edition, comprising the astrological part of the original (sections 347-530) has been taken from Wright's pioneering 1934 translation, itself taken from Persian and Arabic sources. For this edition, text and tables have been reset, and a new index added.

Control by Means of a Number - Grigori Grabovoi 2021-06-06

Then there is a following action: it is possible to improve simply the number or strengthen its effect. And you can, generally speaking, create the other series, well, that is, the next series grows, and so on. Here it is necessary to choose the process of choice: man chooses as he considers possible in the numerical systems. And for this, well, you can use a structure such as the projection of the Spirit onto the numerical forms. That is, if we view the structure of the Spirit in an infinite distance from man, then we see that the Spirit often corresponds to the exact number, although it is infinite, but the spiritual number is the exact number in perception. It may not be defined as a number per se, but the fact, that it is accurate, is quite clearly felt at the first level, at the level of optics with the development, for example, of the sensory capabilities to see this optics. It can be seen, that when interacting with a number, the Spirit is fixed at a point, and the form of the Spirit in perception becomes static.

The Secret of Perfect Living - James T. Mangan 2015-11-13

MORE THAN FORTY-FIVE YEARS OF INTENSIVE STUDY and thousands of experiments with people from all walks of life have gone into the creation of what I call Perfect Living. And what is Perfect Living? Perfect Living is a state of absolute self-togetherness, a union of the conscious and subconscious selves for the ultimate good and benefit of your whole person. Though this union of an individual's two selves has been much written and talked about, little has been accomplished to bring it down to a tangible level. In my own mind-science studies I concentrated on discovering a practical method of uniting the conscious mind and the subconscious, and found a technique through which such a union can be achieved. My technique calls for four easily adopted attitudes and the use of switchwords, a means by which the conscious mind can "talk to" and direct the thought patterns of the subconscious. Through these switchwords the conscious person gains the cooperation of his subconscious self, creating an inner harmony that brings immediate results. For example, how often is your day spoiled by a persistent, nagging pain or headache? Aspirin may bring temporary relief, but it doesn't get to the cause, and the pain returns. Wouldn't it be wonderful to be able to utter a single word which would instantly cause all pain to vanish? There is such a word, and Chapter 9 of this book explains in detail how you can make it work for you. Or have you ever lost or misplaced some important or valuable possessions? The more desperately you search for the object, the more it seems to elude you. But with one of the magic switchwords you relax and let your Inner Self bring you to the thing you are searching for. Chapter 8 covers the details on how you can turn on your own finder machinery. These are only two small examples of what Perfect Living and its switchwords can do for you. With Perfect Living you can do anything. You can: 1. Conquer all your fears. 2. Learn to relax. 3. Keep yourself forever young. 4. Overcome despair and "blue" moods. 5. Begin to know yourself. 6. Get along better with other people. 7. Set goals and achieve them. 8. Gain money and new prosperity. 9. Free yourself of bad habits. 10. Achieve glowing health and freedom from pain. 11. Release your hidden abilities. 12. Be a permanently happy person, invulnerable to any upset or setback. But the benefits of Perfect Living are endless and the book itself explains them all to you. Why not put this modern miracle to work now? Make Perfect Living a part of your life!

Vision of God - Grigori Grabovoi 2021-10-07

Then, for man, the Soul of God is also the manifested material world. First, it is his degree of thinking towards God, that is, how much he reaches God in his thinking, and then some already manifested material processes go. By comparing this, for example, with the physiological level of a person, it can be said in such a way, that a person, for example, there, when waking up or being born, he first examines the internal structure of the organism, that is, well, what is always with him. The simplest postulate for a person is to have what is always with him. So, it is, for example, as if his constant vision of his bodily structure. And considering body as the physiological structure of the Soul in terms of its action, for example, in infinite development - specifically in this position - we can quite say that by analogy with this, God sees firstly the whole world. That is, when He turns to the Soul, He also can see His own structure of the organization of His own Soul. After

all, for God, who can create everything, it means, He can create His own Soul practically at the same time. There is a fundamental difference between God and man in terms of action. Because when we want to learn how to do what God does, we must see what we can learn. It is again an absolutely applied mechanism of action here: we must obligatorily see the difference.

All the methods of restoration of human matter with the help of concentration on number sequences given in this book can be used with preventive and sanitary purposes, for rejuvenation, and in case of necessity, to restore the matter, regardless of the initial data, on the basis of which the matter is restored. When using the described methods in paragraphs 1-9 in the introduction you can consider the following: -With the aim of prophylaxis it is expedient to make rehabilitation with the simultaneous spreading the effect of concentration on number sequences for the future. -For rejuvenation it is expedient to concentrate in succession at first on the number sequence, located in the content (of the book), taking into account the task of eternal development, and then concentrate on the matter which you are locally rejuvenating. -Restoring the matter of the body, you can perform concentration on number sequences in succession with the help of the various methods given in this book. You can use the number sequences corresponding to the matter being restored, as well as the number sequences of the area, which includes the matter you are restoring. -If it is necessary to restore the matter after biological death, then you should at first concentrate on the numbers consecutively from left to right, then in reverse order - from right to left. The spiritual impulse creating human matter makes it possible to expand the methods of restoration. Restoring the human matter one must strive to develop the spiritual level to the state in which the matter is created and functions by the spiritual activity, along with the biological principles and principles of events. Such spiritual state in the process of implementation of the methods of the eternal development must ensure full restoration of human matter, regardless of the initial data and any circumstances.
