Murder at the Margin - Marshall Jevons 2014-09-22

Cinnamon Bay Plantation was the ideal Caribbean island getaway—or so it seemed. But for distinguished Harvard economist Henry Spearman it offered diversion of a decidedly different sort and one he'd hardly

anticipated: murder. While the island police force is mired in an investigation that leads everywhere and nowhere, the diminutive, balding Spearman, who likes nothing better than to train his curiosity on human behavior, conducts an investigation of his own, one governed by rather different laws—those of economics. Theorizing and hypothesizing, Spearman sets himself on the killer's trail as it twists from the postcard-perfect beaches and manicured lawns of a resort to the bustling old port of Charlotte Amalie to densely forested hiking trails with perilous drops to a barren offshore cay.

Investment Analysis and Portfolio Management - Frank K. Reilly 2006

The purpose of this text is to help the student learn how to manage their money to derive the maximum benefit from what they earn. Mixing investment instruments and capital markets with the theoretical detail on evaluating investments and opportunities to satisfy

risk-return objectives along with how investment practice and theory is influenced by globalization. The material is intended to be rigorous and empirical yet not overly quantitative. Reilly/Brown provides the best foundation, used extensively by professionals, organizations, and schools across the country. A great source for those with both a theoretical and practical need for investment expertise.

New Ideas from Dead Economists - Todd G. Buchholz 1990
Examines the theories of famous economists throughout history, reinterpreting the ideas of Adam Smith, Karl Marx, Maynard Keynes, and others in light of

contemporary economic conditions.

New Ideas from Dead Economists - Todd G. Buchholz
2021-01-26

An entertaining and widely-praised introduction to great economic thinkers throughout history, now in its fourth edition, with updates and commentary on the 2020 "great cessation," Trump and Obama economic policies, the dominance of Amazon, and many other timely topics. Through the teachings of Adam Smith, Thomas Malthus, Karl Marx, John Maynard Keynes, Milton Friedman and more, renowned economist Todd Buchholz shows how age-old ideas still apply to our modern world. In this revised edition, Buchholz offers fascinating insights on the most relevant issues of 2021: climate change, free trade debates, the refugee crisis, growth and conflict in Russia and China, game theory, and behavioral economics. *New Ideas from Dead Economists*—found on the desks of university students, prime ministers, and Wall Street titans—is a riveting guide to understanding both the evolution of economic theory and our complex contemporary economy.

The new edition incorporates additional coverage of a number of key topics including heterodox theories in economics

such as complexity theory; institutional economics and feminist economics; different theories in international trade; game theory; different measures of poverty; the 'flat Phillips curve'; and the future of the European Union. This title is available with MindTap, a flexible online learning solution that provides students with all the tools they need to succeed including an interactive eReader, engaging multimedia, practice questions, assessment materials, revision aids, and analytics to help you track their progress.

Economics - Nicholas Gregory Mankiw 2011

The latest book from Cengage Learning on Economics

Economics - Karl E. Case 1999

This work maintains the approach of the US text, Principles of Economics by Case and Fair, but with the main focus on Europe. This is reflected in the use of the open economy approach, the use of the Euro as the standard currency, as well as providing numerous European examples and applications. Maths Boxes enable the lecturer to decide on the amount of calculus they wish to include. End-of-chapter problems with selected answers at the end of the book allow students to assess their progress.

Economics: Special Edition with Global Economic Watch -
Mark P. Taylor 2010-05-07

This Special edition of Mankiw and Taylor's Economics provides highly topical and in-depth coverage of the global financial crisis of 2007-2009. Two new chapters are included: one on the causes of the recession and one on the remedies available to resolve it. Using a rich array of real-life examples, these new chapters provide students with up to date, real world insights into economic crises. Alongside these two new chapters, several of the existing chapters have been carefully revised and updated to clarify and enhance their content, and further expand students' knowledge of economic theory. All of the features that made the original edition so successful and well-regarded have been retained including the classic Ten Principles approach to economics - introduced in Chapter One and

then referred to throughout the book, the distinctly European flavour including reference to UK and European institutions and policy, familiar terminology and cultural references, predominant use of the euro in discussions and UK and European case studies and press extracts.

The Shaping of Western Civilization - Michael Burger
2013-01-01

Michael Burger's goal in this inexpensive overview is to provide a brief, historical narrative of Western civilization. Not only does its length and price separate this text from the competition, but its no-frills, uncluttered format and well-written, one-authored approach make it a valuable asset for every history student. The Shaping of Western Civilization

begins with the ancient Near East and ends with globalization. Unlike other textbooks that pile on dates and facts, Shaping is a more coherent and interpretive presentation. Burger's skills as writer and synthesizer will enable students to obtain the background required to ask meaningful questions of primary sources. In addition to suggestions for further reading, this overview includes over 50 images and 22 maps.

World History - William J. Duiker 2006-01-13

Noted teachers and scholars William J. Duiker and Jackson J. Spielvogel present a balanced, highly readable overview of world history that explores common challenges and experiences that unite the human past and that identify key global patterns over time. Thorough coverage of political, economic, social, religious, intellectual, cultural, and military history has been integrated into a chronologically ordered synthesis to help students gain an appreciation and understanding of the distinctive character and development of individual cultures in society. This edition of WORLD HISTORY continues to take a global approach to world history, with an emphasis on analytical comparisons between and among cultures throughout history. This approach helps students link events together in a broad comparative and global framework, thereby placing the contemporary world in a more meaningful historical context. WORLD HISTORY is available in the following volume options: WORLD HISTORY, FIFTH EDITION (Chapters 1-29) ISBN: 0495050121; WORLD HISTORY, VOLUME I: TO 1800, FIFTH EDITION (Contains Chapters 1-17) ISBN: 0495050539; WORLD HISTORY, VOLUME II: SINCE 1500, FIFTH EDITION (Contains Chapters 13-29) ISBN: 0495050547; WORLD HISTORY TO 1500,
