Democracy and the Media - Robert X. Browning 2021-12-15

Volume 7 of The Year in C-SPAN Archives Research series focuses on the relationship between democracy and the media. Using the extensive collection of the C-SPAN Video Library, chapters cover Trump political rallies, congressional references of late-night comedy, responses of African American congresswomen to COVID-19 bills, and congressional attacks on the media through floor speeches in the House of Representatives and Senate. The C-SPAN Video Library is unique because there is no other research collection that is based on video research of contemporary politics.

Methodologically distinctive, much of the research uses new techniques to analyze video, text, and spoken words of political leaders. No other book examines such a wide range of topics—from immigration to climate change to race relations—using video as the basis for research.

Bach's Cello Suites, Volumes 1 and 2 - Allen Winold 2007-05-10

J. S. Bach's Suites for Unaccompanied Cello are among the most cherished and frequently played works in the entire literature of music, and yet they have never been the subject of a full-length music analytical study. The musical examples herein include every note of all movements (so one needs no separate copy of the music while reading the book), and undertakes both basic analyses—harmonic reduction, functional harmonic analysis, step progression analysis, form analysis, and syntagmatic and paradigmatic melodic analysis—and specialized analyses for some of the individual movements. Allen Winold presents a comprehensive study intended not only for cellists, but also for other performers, music theorists, music educators, and informed general readers.

Handbook Volume 1 Strategic Information and

Basic Laws - IBP, Inc. 2015-05-12

Four interlocking narratives unfurl in four American cities, creating a richly comic feast about love, academia, an elusive Tibetan novelist who might be a plagiarist, and SOFA, a protest group so mysterious its very initials are open to interpretation. *Bad Teeth* follows a cast of young literary men and women in four very American cities—Brooklyn, Bloomington, Berkeley, and Bakersfield. It's four (or more) books in one, a Pynchonesque treat: a bohemian satire, a campus comedy, a stoner's reverie, and a quadruple love story. Its wonderfully evoked storylines of young writers—each in a period of formation—collect around the search for one mysterious author—"the Tibetan David Foster Wallace," who might in fact be a plagiarist. This delightful and complex literary novel is a comic gem.
