**Good Enough: A Novel** - Jen Petro-Roy 2019-02-19

A young girl with an eating disorder must find the strength to recover in this moving middle-grade novel from Jen Petro-Roy Before she had an eating disorder, twelve-year-old Riley was many things: an aspiring artist, a runner, a sister, and a friend. But now, from inside the inpatient treatment center where she's receiving treatment for anorexia, it's easy to forget all of that. Especially since under the influence of her eating disorder, Riley alienated her friends, abandoned her art, turned running into something harmful, and destroyed her family's trust. If Riley wants her life back, she has to recover. Part of her wants to get better. As she goes to therapy, makes friends in the hospital, and starts to draw again, things begin to look up. But when her roommate starts to break the rules, triggering Riley's old behaviors and blackmailing her into silence, Riley realizes that recovery will be even harder than she thought. She starts to think that even if she does "recover," there's no way she'll stay recovered once she leaves the hospital and is faced with her dieting mom, the school bully, and her gymnastics-star sister. Written by an eating disorder survivor and activist, Good Enough is a realistic depiction of inpatient eating disorder treatment, and a moving story about a girl who has to fight herself to survive.

[The Usage of Knowledge in the Manipulation of the Main Character's Development in Laurie Halse Anderson's "Speak"](#) - Franziska Ruygh 2021-04-28

Essay from the year 2020 in the subject English Language and Literature Studies - Literature, grade: 1,0, University of Paderborn, language: English, abstract: This is an essay revolving around the thesis statement: "Anderson uses the concept of individual and mutual knowledge to manipulate Melinda's ability and willingness to form and maintain relationships, which is evident in Melinda's interactions with her parents, Ivy and Rachel." "I did then what I knew how to do, now that I know better I do better." This powerful quote by Maya Angelou can be related to many different aspects of life. It represents sound advice for anyone and encourages each of us to do our best. Angelou reminds us that our knowledge is ever evolving and that, even though we might have done our best some time ago, learning enables us to do even better today and in the future. This makes knowledge important for all instances in life, but especially when interacting with people. Steven Pinker is a renowned experimental psychologist and a professor of psychology at Harvard University. He researches the importance of knowledge in social interactions. He relates the concept of individual and mutual knowledge to the way humans communicate with each other. While individual knowledge is defined as the knowledge that one person has, separate from other people, mutual knowledge is the knowledge that is shared between people. That means that person A knows something, person B knows the same thing and they are both aware that the other knows.

*Speak* - Laurie Halse Anderson 1999-10-22

The first ten lies they tell you in high school. "Speak up for yourself--we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless, outcast, because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. As time passes, she becomes increasingly isolated and practically stops talking altogether. Only her art class offers any solace, and it is through her work on an art project that she is finally able to face what really happened at that terrible party: she was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. Her healing process has just begun when she has another violent encounter with him. But this time Melinda fights back, refuses to be silent, and thereby achieves a measure of vindication. In Laurie Halse Anderson's powerful novel, an utterly believable heroine with a bitterly ironic voice delivers a blow to the hypocritical world of high school. She speaks for many a disenfranchised teenager while demonstrating the importance of speaking up for oneself. *Speak* was a 1999 National Book Award Finalist for Young People's Literature.

**The Nonverbal Communication of Melinda in Laurie Halse Anderson's "Speak"** - Anna

Dierks 2017-10-24

Essay from the year 2017 in the subject English Language and Literature Studies - Literature, grade: 1,3, University of Paderborn (Institut für Anglistik und Amerikanistik), course: Essay Writing, language: English, abstract: One cannot not communicate. Of course, communication does require words that are spoken, but there is more to it than that, such as intonation, the speed of your language, breaks, laughter, sighs, your appearance and your body language. According to Paul Watzlawick, any kind of behavior belongs in the category of communication. Since it is not possible to not behave, it is also impossible to not communicate, even without words. Needless to say, the spoken word is what most conversations depend on and which represents a major part of communication. However, language is not innocent and has often been used by many people to manipulate or offend someone else. People with a low self-esteem often appear quiet and hardly share their actual opinion. They fear the negative consequences that could occur after saying something critical. Also, they neither believe in themselves, nor that anyone cares about what they say. The issue of a low self-perception forms a major idea of Young Adult Fiction which is the genre that particularly addresses the youth as it copes with subject matters adolescents can relate to. The author of *Speak*, Laurie Halse Anderson, positions the main character Melinda very clearly towards communication in the beginning of the book with the following statement: "It is easier to not say anything. Shut your trap, button your lip, can it. All that crap you hear on TV about communication and expressing feelings is a lie. Nobody really wants to hear what you have to say." Not speaking even if you were able to means breaking up with the ability of communication and severing all your contacts. This is how the character Melinda completely isolates herself from her surroundings when she is not speaking which is a consequence to the trauma she suffers after being raped. Anderson makes Melinda avoid most trouble and public embarrassments and puts her into a state of shock. Although Melinda's inner voice often appears very sarcastic and humorous, she hardly speaks to other people around her. Still, the reader is a witness to the events in Melinda's everyday high school life and learns a lot about her life only from the images that Anderson is describing in each chapter. Through a reference structure, the author makes sure that the reader constantly perceives Melinda's wellbeing on different levels when she creates images and atmosphere rather than telling the actual meaning of certain subjects.
