**Harmony and Normalization -
Timothy P. Storhoff 2020-10-21**

Harmony and Normalization:
US-Cuban Musical Diplomacy
explores the channels of
musical exchange between
Cuba and the United States
during the eight-year presidency
of Barack Obama, who eased
the musical embargo of the
island and restored relations
with Cuba. Musical exchanges
during this period act as a lens
through which to view not only
US-Cuban musical relations but
also the larger political,
economic, and cultural
implications of musical dialogue
between these two nations.

Policy shifts in the wake of Raúl
Castro assuming the Cuban
presidency and the election of
President Obama allowed

performers to traverse the Florida Straits more easily than in the recent past and encouraged them to act as musical ambassadors. Their performances served as a testing ground for political change that anticipated normalized relations. While government actors debated these changes, music forged connections between individuals on both sides of the Florida Straits. In this first book on the subject since Obama's presidency, musicologist Timothy P. Storhoff describes how, after specific policy changes, musicians were some of the first to take advantage of new opportunities for travel,

push the boundaries of new regulations, and expose both the possibilities and limitations of licensing musical exchange. Through the analysis of both official and unofficial musical diplomacy efforts, including the Havana Jazz Festival, the National Symphony Orchestra of Cuba's first US tour, the Minnesota Orchestra's trip to Havana, and the author's own experiences in Cuba, this ethnography demonstrates how performances reflect aspirations for stronger transnational ties and a common desire to restore the once-thriving US-Cuban musical relationship.

Louis Moreau Gottschalk - S.

Frederick Starr 2000

"Innovating American composer, virtuoso pianist, and swashbuckling Romantic hero, Louis Moreau Gottschalk produced immensely popular

works combining the French,

Hispanic, and African influences of his native New Orleans.

Many of his syncopated compositions anticipated ragtime by half a century. S.

Frederick Starr's biography, originally published as

Bamboula!, is the most extensive chronicle available of Gottschalk's eventful life. Starr examines Gottschalk's music, his frenetic life on the road, his virtuosity as a performer, his

effect on his audiences, and the scandals surrounding his

romantic dalliances. He also

reveals a generous and compassionate man who

sponsored a host of young musicians and provided

financial support for his many siblings."

The hottest female nightclub star in 1930s Havana guards

two secrets: She is a Polish-born American Jew, and she has a penis. Lola Flores, a musically gifted transgender woman, lives in constant fear of discovery while battling inner demons. Days before the 1929 Wall Street crash, 19-year-old pianist Albert Sobel fakes drowning in New York's East River. As Lola Torres, she rides the Havana Special to Key West only to be assaulted by the train's conductor. Contemporary Caribbean
Cultures and Societies in a
Global Context - Franklin W.

Knight 2006-05-18

The Caribbean ranks among the earliest and most completely globalized regions in the world. From the first moment Europeans set foot on the islands to the present, products, people, and ideas have made their way back and forth between the region and other parts of the globe with unequal but inexorable force. An inventory of some of these unprecedented multidirectional exchanges, this volume provides a measure of, as well

as a model for, new scholarship on globalization in the region.

Ten essays by leading scholars in the field of Caribbean studies identify and illuminate important social and cultural aspects of the region as it seeks to maintain its own identity against the unrelenting pressures of globalization. These essays examine cultural phenomena in their creolized forms--from sports and religion to music and drink--as well as the Caribbean manifestations of more universal trends--from racial inequality and feminist activism to indebtedness and economic uncertainty. Throughout, the volume points to the contending forces of homogeneity and

differentiation that define globalization and highlights the growing agency of the Caribbean peoples in the modern world. All Souls - Brenda Marie Osbey 2015-11-04
All Souls: Essential Poems brings together work that reflects the interweaving of history, memory, and the indelible bonds between living and dead that has marked the output of Louisiana Poet Laureate Emerita Brenda Marie Osbey. Comprising poems

written and published over the span of four decades, this thematic collection highlights the unity of Osbey's voice and narrative intent. The six sections of the book reveal the breadth of her poetic vision. The first, "House in the Faubourg," contains poems focused on the people and places of Osbey's native New Orleans, and the penultimate section, "Unfinished Coffees," examines the Crescent City within a broader, more contemporary meditation on culture. "Something about Trains" features two suites of poems that use trains and railway stations as settings from which to inspect desolation,

writing, and memory; and "Little History, Part One" recounts tales of European settlement and exploitation of the New World. The poems in "What Hunger" look at the many facets of desire, while "Mourning Like a Skin" includes elegies and poems addressing the lasting presence of the dead. Dynamic and unflinching, the poems in All Souls speak of a world with many secrets, known "only through having learned them / the hardest way."

Roots in Reverse - Richard M. Shain 2018-10-23
Roots in Reverse explores how

Latin music contributed to the formation of the négritude movement in the 1930s. Taking Senegal and Cuba as its primary research areas, this work uses oral histories, participant observation, and archival research to examine the ways Afro-Cuban music has influenced Senegalese debates about cultural and political citizenship and modernity. Shain argues that the trajectory of Afro-Cuban music in twentieth century Senegal illuminates many dimensions of that nation's cultural history such as gender relations, generational competition and conflict, debates over cosmopolitanism and hybridity,

the role of nostalgia in Senegalese national culture and diasporic identities. More than just a new form of musical enjoyment, Afro-Cuban music provided listeners with a tool for creating a public sphere free from European and North American cultural hegemony.

Music in Cuba - Alejo Carpentier 2001

"In the wake of the Buena Vista Social Club, the world has rediscovered the rich musical tradition of Cuba. A unique combination of popular and elite influences, the music of this island nation has fascinated since the golden age of the son - that new World aural collision of Africa and Europe that made Cuban music the rage in Paris, New York, and Mexico beginning in the 1920s."

"Drawing on such primary documents as obscure church circulars, dog-eared musical scores pulled from attics, and the records of the Spanish colonial authorities, Music in Cuba sweeps from the sixteenth to the twentieth centuries.

Carpentier covers European-style elite Cuban music as well as the popular worlds of rural Spanish folk and Afro-Cuban urban music."--BOOK

Listen Again - Eric Weisbard
2007-10-11

Arguing that pop music turns on moments rather than

movements, the essays in Listen Again pinpoint magic moments from a century of pop eclecticism, looking at artists who fall between genre lines, songs that sponge up influences from everywhere, and studio accidents with unforeseen consequences.

Listen Again collects some of the finest presentations from the celebrated Experience Music Project Pop Conference, where journalists, musicians, academics, and other culturemongers come together once each year to stretch the boundaries of pop music culture, criticism, and scholarship. Building a history of pop music out of unexpected

instances, critics and musicians delve into topics from the early-twentieth-century black performer Bert Williams's use of blackface, to the invention of the Delta blues category by a forgotten record collector named James McKune, to an ER cast member's performance as the Germs' front man Darby Crash at a Germs reunion show. Cuban music historian Ned Sublette zeroes in on the signature riff of the garage-band staple "Louie, Louie." David Thomas of the pioneering punk band Pere Ubu honors one of his forebears: Ghoulardi, a late-night monster-movie host on Cleveland-area TV in the 1960s. Benjamin Melendez

discusses playing in a band, the Ghetto Brothers, that Latinized the Beatles, while leading a South Bronx gang, also called the Ghetto Brothers.

Michaelangelo Matos traces the lineage of the hip-hop sample "Apache" to a Burt Lancaster film. Whether reflecting on the ringing freedom of an E chord or the significance of Bill Tate, who performed once in 1981 as Buddy Holocaust and was never heard from again, the essays reveal why Robert Christgau, a founder of rock criticism, has called the EMP Pop Conference "the best thing that's ever happened to serious consideration of pop music." The Blogging Revolution -

Antony Loewenstein 2015-04-08

The Blogging Revolution is a colourful and revelatory account of bloggers around the globe who live and write under repressive regimes – many of them risking their lives in doing so. Antony Loewenstein's travels take him to private parties in Iran and Egypt, internet cafes in Saudi Arabia and Damascus, to the homes of Cuban dissidents and into newspaper offices in Beijing,

where he discovers the ways in which the internet is threatening the rule of governments.

Through first-hand investigations, he reveals the complicity of Western multinationals in the restriction of information in these countries and how bloggers are leading the charge for change. The book also reveals some of the key players of the Arab Spring and how years of organising, web dissent and bravery led to momentous changes in US-backed dictatorships across the Middle East in 2010 and 2011.

The Blogging Revolution is a superb examination of the nature of repression in the twenty-first century and the

power of brave individuals to overcome it.

The Dreaming Jewels -

Theodore Sturgeon 2013-04-30

A desperate boy escapes his abusive home by joining a carnival and is drawn into a dark conspiracy in this tale by “a master storyteller” (Kurt Vonnegut). Though only eight years old, little Horton “Horty” Bluett has known a lifetime of sadness. Tormented and abused by his adoptive family, he’s had enough—and with a beloved broken toy he calls “Junky” as his sole companion, the desperate little boy runs away to join a carnival. There, among the fortune tellers, fire-eaters, sideshow freaks, and

assorted “strange people,” Horthy hopes to find acceptance and, at long last, a real home. But disgraced doctor Pierre “Maneater” Monetre’s traveling show is no ordinary entertainment, and its performers are not what they appear to be. The Maneater has sinister plans for the world that go far beyond fleecing unsuspecting rubes and other easy marks—a dark and terrible scheme that requires unleashing the extraterrestrial power of the dreaming jewels, and the unwitting assistance of a young boy who may be far more remarkable than he’s ever imagined. The full-length debut by Theodore Sturgeon, a

legendary writer who won Nebula and Hugo Awards and authored such classics as *More Than Human*, this journey into a circus of shadows is “an intensely written and very moving novel of love and retribution” (The Washington Star). This ebook features an illustrated biography of Theodore Sturgeon including rare images and never-before-seen documents from the University of Kansas’s Kenneth Spencer Research Library and the author’s estate, among other sources.

Improvising Sabor - Sue Miller

2021-02-01

Improvising Sabor: Cuban Dance Music in New York begins in 1960s New York and examines in rich detail the playing styles and international influence of important figures in US Latin music. Such

innovators as José Fajardo, Johnny Pacheco, George Castro, and Eddy Zervigón dazzled the Palladium ballroom and other Latin music venues in those crucible years. Author Sue Miller focuses on the Cuban flute style in light of its transformations in the US after the 1959 revolution and within the vibrant context of 1960s New York. While much about Latin jazz and salsa has been written, this book focuses on the relatively unexplored New York charangas that were performing during the chachachá and pachanga craze of the early sixties. Indeed, many accounts cut straight from the 1950s and the mambo to

the bugalú's development in the late 1960s with little mention of the chachachá and pachanga's popularity in the mid-twentieth century. Improvising Sabor addresses not only this lost and ignored history, but contends with issues of race, class, and identity while evaluating differences in style between players from prerevolution Cuban charangas and those of 1960s New York. Through comprehensive explorations and transcriptions of numerous musical examples as well as interviews with and commentary from Latin musicians, Improvising Sabor highlights a specific sabor that is rooted in both Cuban dance music forms

and the rich performance culture of Latin New York. The distinctive styles generated by these musicians sparked compelling points of departure and influence.

The Paradise Inn - John Charles Gifford 2020-11-05

It's the beginning of the 1957 tourist season in Havana, and Americans are flocking to the Pearl of the Antilles. The

Paradise Inn may not be the swankiest hotel, but its owners, Slane and Babs Hannigan, accommodate their guests' every need, including a motor yacht for hire, the Valiant Queen, and a private detective agency run by their third partner, Ash Hunter. Business is good and their rooms are full, but a series of characters suddenly turn their world upside down. Stolen jewels that once belonged to Eva Peron; a mysterious package that a ruthless Mafia boss is searching for; a cheating husband—this tourist season will be like no other. This is colorful Havana at its best. The Tropicana, Sloppy Joe's, and the Mob casinos are

some of the backdrops for mystery, suspense, and murder. Park your new '57 Buick, order up a Daiquiri, put your legs up, and sit back—the show is about to begin!

Cuban Flute Style - Sue Miller
2013-10-30

Richard Egües and José Fajardo are universally regarded as the leading exponents of charanga flute playing, an improvisatory style that crystallized in 1950s Cuba with the rise of the mambo and the chachachá. Despite the commercial success of their recordings with Orquesta Aragón and Fajardo y sus Estrellas and their influence not only on Cuban flute players but

also on other Latin dance musicians, no in-depth analytical study of their flute solos exists. In *Cuban Flute Style: Interpretation and Improvisation*, Sue Miller—music historian, charanga flute player, and former student of Richard Egües—examines the early-twentieth-century decorative style of flute playing in the Cuban *danzón* and its links with the later soloistic style of the 1950s as exemplified by Fajardo and Egües. Transcriptions and analyses of recorded performances demonstrate the characteristic elements of the style as well as the styles of individual players. A combination of musicological

analysis and ethnomusicological fieldwork reveals the polyrhythmic and melodic aspects of the Cuban flute style, with commentary from flutists Richard Egües, Joaquín Oliveros, Polo Tamayo, Eddy Zervigón, and other renowned players. Miller also covers techniques for flutists seeking to learn the style—including *altissimo* fingerings for the Boehm flute and fingerings for the five-key charanga flute—as well as guidance on articulation, phrasing, repertoire, practicing improvisation, and working with recordings. *Cuban Flute Style* will appeal to those working in the fields of Cuban music, improvisation, music analysis,

ethnomusicology, performance
and performance practice,
popular music, and cultural
theory.
