New Headway iTools makes it easy to use interactive whiteboards and digital technology with Headway. Everything about these resources is user-friendly and supportive - and here's why. First, you don't need any special equipment. Just use what you already have in the school - an interactive whiteboard, a computer, a data projector, an ebeam. New Headway iTools works on all of these, and it doesn't matter which brand of whiteboard you have.

Second, you get a full-colour Teacher's Guide in the pack. This shows you when and how to use the activities in the lesson, and includes whiteboard tips so you're never without support. The Guide also appears on the disc, for easy access during the lesson. New Headway iTools saves you time, too. How? Pre-selection ... the activities on the disc are pre-selected from the Student's Book. This means you don't need to go through the book deciding which activities are most suitable for the interactive whiteboard - they've already been researched and chosen for that very reason. Just go ahead and use them in class, with confidence.

Headway - Advanced - Liz Soars 2018-12-27

Provides additional activities for further practice that are specifically tailored to fit with the Student's Book content. Includes extension activities with extra grammar and vocabulary exercises related to the unit topic to extend learning. Everyday English

tasks present further opportunities to practice relevant, real life English. Review sections allow students to test themselves and to see how much they can remember. The answer key allows students to check their own answers and review their progress.
