When, after a harrowing ordeal, Tom managed to escape the attackers and flag down help, he thought the nightmare would soon be over. He couldn't have been more wrong. Tom, his sister Jeanine, and their entire family were just at the beginning of a horrific odyssey through the aftermath of a violent crime, a world of shocking betrayal, endless heartbreak, and utter disillusionment. It was a trial by fire from which no family member would emerge unscathed.

### **Standpoints** - Svend Brinkmann 2018-03-16

Self-help gurus, life coaches and business consultants love to tell us that we must strive for constant self-improvement to realize our full potential and become truly happy. But it doesn't seem to work - for many of us, life still seems hollow and meaningless. So focused are we on personal development and material possessions that we've overlooked the things that make life truly fulfilling and worthwhile. So how do we figure out what's really worth striving for? In this compelling follow-up to his bestselling book *Stand Firm*, Danish philosopher and psychologist Svend Brinkmann shows us that the important things in life are those with intrinsic value, like goodness, freedom, truth and love. We should stop asking 'what's in it for me?', and turn our attention outwards to our friends, families and communities. By putting others first and embracing these unconditional principles, or standpoints, he argues, we can find a more meaningful and sustainable way of living.

*Navigating Youth, Generating Adulthood* - Catrine Shroff 2006

This book focuses on the lives and experiences of young people in Africa. On agents who, willingly or unwillingly, see themselves as belonging to the socio-generational category of youth and the ways in which they seek to shape and unfold their lives in a positive manner. Rather than seeing youth as either a social or cultural entity in itself, or as a predefined life-stage, the book argues for an exploration of how youth position themselves and are positioned within generational categories. In studying young people, social scientists must conceptualise youth as both social being and social becoming; a position in movement. It is from the duality of being positioned and seeking one's own socio-generational position that this book engages in the debate on contemporary African youth. The chapters are based on ethnographic research across the African continent and provide in-depth analyses of the perceptions, positions, possibilities, and practices of diverse groups of young people. The book will be of value to scholars and students of African studies and social science interested in this major, yet marginalized, social category in contemporary Africa.

**Irrevocable** - Alphonso Lingis 2018-11-13

In his latest book, the prolific writer and thinker Alphonso Lingis brings interdisciplinarity and lyrical philosophizing to the weight of reality, the weight of things, and the weight of life itself. Drawing from philosophy, anthropology, psychology, religion, and science, Lingis seeks to uncover what in our reality escapes our attempts at measuring and categorizing. Writing as much from his own experiences and those of others as from his longstanding engagement with phenomenology and existentialism, *Irrevocable* studies the world in which shadows, reflections, halos, and reverberations count as much as the carpentry of things. Whether describing religious art and ritual, suffering, war and disease, the pleasures of love, the wonders of nature, archaeological findings, surfing, volcanoes, or jellyfish, Lingis writes with equal measures of rigor and abandon about the vicissitudes of our practices and beliefs. Knowing that birth, the essential encounters in our lives, crippling diseases and accidents, and even death are all determined by chance, how do we recognize and understand such chance? After facing tragedies, what makes it possible to live on while recognizing our irrevocable losses? Lingis's investigations are accompanied by his own vivid photographs from around the world. Balancing the local and the global, and ranging across vast expanses of culture and time, *Irrevocable* sounds the depths of both our passions and our impassioned bodies and minds.

**The Art of Fair Isle Knitting** - Ann Feitelson 2009-04-01

Crafted with the precision of a Fair Isle garment, informed by accounts from the knitters themselves, and set firmly within its historical and sociological roots, this magnificent classic, first published in 1997, explores the heart of the knitting tradition from the tiny island north of Scotland. From the first small knitted items sold to fishermen and tourists in the 19th century and the highly fashionable androgynous sweaters of the 1920s to the large, starry Norwegian patterns popular after World War II and the hand- and machine-made yoked sweaters of the 1960s and 1970s, ardent dedication is applied to researching the history of each subject. Presenting 23 original Fair Isle designs, the guide leads knitters through the history of the Fair Isle knitting tradition in this examination of the style's techniques, explicating not only the unique colorways and patterns but also such valuable details as ways to hold the yarn. A chapter on calculating accurate sizes and patterns is easy to understand, while a glossary of Shetland knitting terms links a nearly-extinct way of life with the knowledge and skills that this volume hopes to preserve for generations of knitters to come. Conveying an unending sense of pride in the dedication of the Shetland knitters and in the creation of exceptional garments, knitters will be further enriched by journey's end.
