Life Is a Road, the Soul Is a Motorcycle - Daniel Meyer
2003-03

"I was on a lonely stretch of road. There were no lights other than the moon and stars, and I had not encountered any traffic in at least 10 minutes. Far ahead of me a figure stepped out of the brush and stood on the shoulder of the road. The figure was still far out of my headlight range, but was visible as a stunning and marvelous silhouette in the bright moonlight." Capturing the essence of the riding experience through a series of adventures and a candid look into the author's mind, this book explodes the myths and shows the reader something few books have before—the complex motivations of an avid motorcycle rider.
