The Reach of Rome - Alberto Angela
2013-10-15

In this unconventional and accessible history, Italian best-seller Alberto Angela literally follows the money to map the reach and power of the Roman Empire. To see a map of the Roman Empire at the height of its territorial expansion is to be struck by its size, stretching from Scotland to Kuwait, from the Sahara to the North Sea. What was life like in the Empire, and how were such diverse peoples and places united under one rule? The Reach of Rome explores these questions through an ingenious lens: the path of a single coin as it changes hands and traverses the vast realms of the empire in the year 115. Admired in his native Italy for his ability to bring history to life through narrative, Alberto Angela opens up the ancient world to readers

who have felt intimidated by the category or put off by dry historical tomes. By focusing on aspects of daily life so often overlooked in more academic treatments, The Reach of Rome travels back in time and shows us a world that was perhaps not very different from our own. And by following the path of a coin through the streams of commerce, we can touch every corner of that world and its people, from legionnaires and senators to prostitutes and slaves. Through lively and detailed vignettes all based on archeological and historical evidence, Angela reveals the vast Roman world and its remarkable modernity, and in so doing he reinforces the relevance of the ancient world for a new generation of readers.

Ponti: Italiano terzo millennio -
Elissa Tognozzi 2013-04-12

Now featuring a brand-new design and integration of short film, the newly-revised PONTI: ITALIANO TERZO MILLENNIO provides an up-to-date look at modern Italy, with a renewed focus on helping the second year student bridge the gap from the first year. With its innovative integration of cultural content and technology, the Third Edition encourages students to expand on chapter themes through web-

based exploration and activities. Taking a strong communicative approach, the book's wealth of contextualized exercises and activities make it well suited to current teaching methodologies, and its emphasis on spoken and written communication ensures that students express themselves with confidence. Students will also have the chance to explore modern Italy with a cinematic eye through the inclusion of five exciting short films by Italian filmmakers. Audio and video files can now be found within the media enabled eBook. Biological Foundations of Language - Eric H. Lenneberg 1967-01-15

"The study of language is pertinent to many fields of inquiry. It is relevant to psychology, anthropology, philosophy, and medicine. It encroaches upon the humanities, as well as upon the social and natural sciences. We may pursue investigations that concentrate on what man has done with or to specific languages; or we may regard language as a natural phenomenon- an aspect of his biological nature, to be studied in the same manner as, for instance, his anatomy. Which of these approaches is to be chosen is entirely a matter of personal curiosity. This book is concerned

with the biological aspects of language." -- Preface

Forced into crimes he never wanted to commit, Pietro reaches crisis point when his parents ignore his pleas for help and his schoolteacher turns her back on him - in desperation, he reaches out for attention, and finds instead a terrible revenge. Escape from Ischiano Scalo comes at a price. Life there will never be the same again.

Second Language Teaching and Learning with Technology: Views of Emergent Researchers - Sylvie Thouësny 2011

The aim of this book was to present innovative applications of technology in second language teaching and learning, as well as to explore the transformation of the different techniques to different theoretical frameworks. It has also been desired to have a representation of researchers from different parts of the world as contributors. When the reviewing process was finished, there were nine selected chapters from seven different countries: Canada, Finland, France, Ireland, Spain, Sweden, and Singapore. Thus, the chapters of this book consist of the work of eleven young researchers within the field of net-based language learning. These nine chapters all deal with topical areas of Internet-based Computer-assisted language learning (CALL). Following Notes on Contributors, Acknowledgements, and Foreword, the following papers are included in this book: (1) Introduction on Views of Emergent Researchers in L2 Teaching and Learning with Technology (Sylvie Thouësny and Linda Bradley); (2) Personal Learning Environments in Higher Education Language Courses: An

Informal and Learner-Centred Approach (Ilona Laakkonen); (3) QuickAssist: Reading and Learning Vocabulary Independently with the Help of CALL and NLP Technologies (Peter Wood); (4) Self-Assessment and Tutor Assessment in Online Language Learning Materials: InGenio FCE Online Course and Tester (Ana Sevilla-Pavn, Antonio Martn ez-S ez, and Jos Macario de Siqueira); (5) Mobile-Assisted Language Learning: Designing for Your Students (Agnieszka Palalas); (6) A Design for Intercultural Exchange--An Analysis of Engineering Students' Interaction with English Majors in a Poetry Blog (Linda Bradley, Berner Lindstr m, Hans Rystedt, and Magnus Gustafsson); (7) Developing Sociolinguistic Competence through Intercultural Online Exchange (Mathy Ritchie); (8) Second Language Learning by Exchanging Cultural Contexts through the Mobile Group Blog (Yinjuan Shao); (9) Dynamically Assessing Written Language: To what Extent Do Learners of French Language Accept Mediation? (Sylvie Thou sny); and (10) Computer-Mediated Negotiated Interactions: How is Meaning Negotiated in Discussion Boards, Text Chat and Videoconferencing? (C dric Sarr). A name index is included. (Individual papers contain references.).

The Pursuit of Italy - David Gilmour
2011-10-25

One of The Economist's Books of the Year A provocative, entertaining account of Italy's diverse riches, its hopes and dreams, its past and present Did Garibaldi do Italy a disservice when he helped its disparate parts achieve unity? Was the goal of political unification a mistake? The question is asked and answered in a number of ways in The Pursuit of Italy, an engaging, original consideration of the many histories that contribute to the brilliance—and weakness—of Italy today. David Gilmour's wonderfully readable exploration of Italian life over the centuries is filled with provocative anecdotes as well as personal observations, and is peopled by the great figures of the Italian past—from Cicero and Virgil to the controversial politicians of the twentieth century. His wise account of the Risorgimento debunks the nationalistic myths that surround it, though he paints a sympathetic portrait of Giuseppe Verdi, a beloved hero of the era. Gilmour shows that the glory of Italy has always lain in its regions, with their distinctive art, civic cultures, identities, and cuisines. Italy's inhabitants identified themselves not as Italians but as Tuscans and Venetians, Sicilians and Lombards, Neapolitans and Genoese. Italy's strength and culture still come from its regions rather than from its misconceived, mishandled notion of a unified nation.

The Swallows of Monte Cassino -
Frederika Randall 2013-10-14

The Strega Prize-winning author of The Girl with a Leica delivers a novel that hinges on one of the bloodiest World War II battles and those who fought it. In this highly original novel, Janeczek retells the

four-month-long Battle of Monte Cassino from the point of view of the Maori, Gurkha, Polish, North African, small-town American and other Allied foot soldiers who fought and died under German fire near that 6th century Benedictine abbey. Twined through the battle is another story, a memory of the drowned and the saved in Janeczek's own family in wartime Eastern Europe, where Jews who did not go to Nazi death camps went to Soviet gulag camps, and sometimes survived, and even went on to fight at Monte Cassino. A powerful reflection on all the ways that rights can be taken from us. "Helena Janeczek's novel is this: a tattoo etched on the skin, and not painlessly. A vast design that brings together threads from all the various lives that converged in that legendary battle. The beauty of her tale lies in its structure, the way opposites converge: the chaos of battle and the silence of the defeated, ordinariness and the heroism of the powerless, carefully guarded memory and impetuous youth, the past perpetually intertwined with the present." —Roberto Saviano, author of Gomorrah

Six Memos for the Next Millennium - Italo Calvino 2013-04-04

Italo Calvino was due to deliver the Charles Eliot Norton lectures at Harvard in 1985-86, but they were left unfinished at his death. The surviving drafts explore of the concepts of Lightness, Quickness, Multiplicity, Exactitude and Visibility (Constancy was to be the sixth) in serious yet playful essays that reveal Calvino's debt to the comic strip and the folktale. With his customary imagination and grace, he sought to define the virtues of the great literature of the past in order to shape the values of the future. This collection is a brilliant précis of the work of a great writer whose legacy will endure through the millennium he addressed. Italo Calvino, one of Italy's finest postwar writers, has delighted readers around the world with his deceptively simple, fable-like stories. Calvino was born in Cuba in 1923 and raised in San Remo, Italy; he fought for the Italian Resistance from 1943-45. His major works include *Cosmicomics* (1968), *Invisible Cities* (1972), and *If on a winter's night a traveler* (1979). He died in Siena in 1985, of a brain hemorrhage.

English Medium Instruction - Ernesto Macaro, 2018-02-19

Ernesto Macaro brings together a wealth of research on the rapidly expanding phenomenon of English Medium Instruction. Against a backdrop of theory, policy documents, and examples of practice, he weaves together research in both secondary and tertiary education, with a particular focus on the key stakeholders involved in EMI: the teachers and the students. Whilst acknowledging that the momentum of EMI is unlikely to be diminished, and identifying its potential benefits, the author raises questions about the ways it has been introduced and developed, and explores how we can arrive at a true cost-benefit analysis of its future impact. "This state-of-the-art monograph presents a wide-ranging, multi-perspectival yet coherent overview of research, policy, and practice of English Medium Instruction around the globe. It gives a thorough, in-depth, and thought-provoking treatment of an educational phenomenon that is spreading on an unprecedented scale." Guangwei Hu, National Institute of

Education, Singapore Additional online resources are available at www.oup.com/elt/teacher/emi Ernesto Macaro is Professor of Applied Linguistics at the University of Oxford and is the founding Director of the Centre for Research and Development on English Medium Instruction at the university.
