

# I Tre Giorni Di Pompei Alberto Angela

Recognizing the mannerism ways to get this ebook **I Tre Giorni Di Pompei Alberto Angela** is additionally useful. You have remained in right site to start getting this info. acquire the I Tre Giorni Di Pompei Alberto Angela associate that we offer here and check out the link.

You could buy guide I Tre Giorni Di Pompei Alberto Angela or get it as soon as feasible. You could speedily download this I Tre Giorni Di Pompei Alberto Angela after getting deal. So, past you require the ebook swiftly, you can straight acquire it. Its so very easy and fittingly fats, isnt it? You have to favor to in this way of being

Julius Caesar - Luciano Canfora 2007-02-05

This book is a splendid profile of an extraordinary man, and a radically new interpretation of one of the most controversial figures in history. Caesar played a leading role in the politics and culture of a world empire, dwarfing his contemporaries in ambition, achievement and appetite. For that, he has occupied a central place in the political imagination of Europe ever since. Yet he remains something of an enigma, struck down by his own lieutenants because he could be neither comprehended nor contained. In surviving evidence he emerges as incommensurate and nonpareil, just beyond the horizons of contemporary political thought and understanding. The result of Luciano Canfora's many years of research is a fascinating portrait of the Roman dictator, combining the evidence of political history and psychology. The product of a comprehensive study of the ancient sources, it paints an astonishingly detailed portrait of a complex personality whose mission of 'Romanisation' lies at the root of modern Europe. Key Features\* Easy, engaging and pleasurable to read\* About 42 chronological studies of events create a full portrait of Caesar and the contemporary Roman background\* Space is devoted to the details surrounding his assassination

*The Sistine Chapel* - Antonio Paolucci 2018-09

Every day up to 22,000 tourists visit the Sistine Chapel. In collaboration

with the Edizioni Musei Vaticani, this book reproduces close-up views of Michelangelo's supreme work in new photography of the restored Sistine Chapel. It covers the frescoes of the 15th century, the ceiling and the Last Judgement.

*Pompei E Santorini. L'eternità in Un Giorno. Catalogo Della Mostra (Roma, 11 Ottobre 2019-6 Gennaio 2020). Ediz. Inglese* - M. Osanna 2019

*The Hollywood Studio System* - Douglas Gomery 2019-07-25

Despite being one of the biggest industries in the United States, indeed the World, the internal workings of the 'dream factory' that is Hollywood is little understood outside the business. The Hollywood Studio System: A History is the first book to describe and analyse the complete development, classic operation, and reinvention of the global corporate entities which produce and distribute most of the films we watch. Starting in 1920, Adolph Zukor, Head of Paramount Pictures, over the decade of the 1920s helped to fashion Hollywood into a vertically integrated system, a set of economic innovations which was firmly in place by 1930. For the next three decades, the movie industry in the United States and the rest of the world operated by according to these principles. Cultural, social and economic changes ensured the demise of this system after the Second World War. A new way to run Hollywood

was required. Beginning in 1962, Lew Wasserman of Universal Studios emerged as the key innovator in creating a second studio system. He realized that creating a global media conglomerate was more important than simply being vertically integrated. Gomery's history tells the story of a 'tale of two systems' using primary materials from a score of archives across the United States as well as a close reading of both the business and trade press of the time. Together with a range of photographs never before published the book also features over 150 box features illuminating aspect of the business.

**Opera in Seventeenth-Century Venice** - Ellen Rosand 2007-10-09

"In this elegantly constructed study of the early decades of public opera, the conflicts and cooperation of poets, composers, managers, designers, and singers—producing the art form that was soon to sweep the world and that has been dominant ever since—are revealed in their first freshness."—Andrew Porter "This will be a standard work on the subject of the rise of Venetian opera for decades. Rosand has provided a decisive contribution to the reshaping of the entire subject. . . . She offers a profoundly new view of baroque opera based on a solid documentary and historical-critical foundation. The treatment of the artistic self-consciousness and professional activities of the librettists, impresarios, singers, and composers is exemplary, as is the examination of their reciprocal relations. This work will have a positive effect not only on studies of 17th-century, but on the history of opera in general."—Lorenzo Bianconi

Globalization and America - Angela Hattery 2008

Hattery, Embrick, and Smith present a collection of essays that explore the ways in which issues of human rights and social inequality are shared globally. The editors focus on the United States' role in contributing to human rights violations both inside and outside its borders. Essays on contemporary issues such as immigration, colonialism, and reparations are used to illustrate how the U.S. and the rest of the world are inextricably linked in their relationships to human rights violations and social inequality.

**Midnight Sun** - Trish Cook 2018-02-06

A MAJOR MOTION PICTURE STARRING BELLA THORNE! A heartbreaking tale of love, loss and one nearly perfect summer -- perfect for fans of *The Fault In Our Stars* and *Love, Simon*. Seventeen-year-old Katie Price has a rare disease that makes exposure to even the smallest amount of sunlight deadly. Confined to her house during the day, her company is limited to her widowed father and her best (okay, only) friend. It isn't until after nightfall that Katie's world opens up, when she takes her guitar to the local train station and plays for the people coming and going. Charlie Reed is a former all-star athlete at a crossroads in his life - and the boy Katie has secretly admired from afar for years. When he happens upon her playing guitar one night, fate intervenes and the two embark on a star-crossed romance. As they challenge each other to chase their dreams and fall for each other under the summer night sky, Katie and Charlie form a bond strong enough to change them -- and everyone around them -- forever.

**Helvia et Aulus Pompeiani Pueri** - FELICE IANNICIELLO 2016-09-30  
L'eruzione catastrofica del Vesuvio del 79 coprì con 6/7 metri di cenere e lapilli la città di Pompei e con materiale piroplastico ErcoIano (v. nota n° 32). Pari sorte subirono le città di Stabia, Oplonti, Boscoreale. Per molti secoli si perdettero la cognizione della loro esistenza. Solo tra il 1594 e il 1600 si cominciarono ad avere degli indizi dell'esistenza dei resti sotterrati. A partire dal 1748, per il fervore mostrato dall'allora Re delle Due Sicilie, Carlo di Borbone, ebbe inizio l'esplorazione sistematica dei siti. Nel 1763 la scoperta di un'iscrizione di Svedio Clemente fece identificare la città di Pompei. Nei primi anni del 1800 si effettuarono altri scavi. Nel 1860, ad opera di Giuseppe Fiorelli iniziò lo scavo sistematico della città. Nel 1911 fu scavata la via dell'Abbondanza. Sempre agli inizi del 1900, un impulso notevole alle ricerche e agli scavi fu offerto dal prof. Amedeo Maiuri (v. nota n. 92). Pompei era una città molto fiorente per arti, mestieri, commercio. In essa operavano diverse categorie associate: i caeparii (orticoltori), i pomarii (fruttivendoli), i gallinarii (pollivendoli), i piscicapi (pescatori e pescivendoli), i saccarii (facchini), i pistores (fornai), i fullones (tintori). La tintoria più importante fu quella degli Eumachii. I resti della città di Pompei che oggi

si possono ammirare sono estesi solo su ettari 44; altri sono rimasti sottoterra e sono pari ed ettari 22.

The Cutting Edge - Jeffery Deaver 2018-04-10

DANGEROUSLY GOOD. DISTINCTIVELY DEEVER. Lincoln Rhyme and Amelia Sachs return to New York City to confront a killer terrorizing couples at their happiest--and most vulnerable. In the early hours of a quiet, weekend morning in Manhattan's Diamond District, a brutal triple murder shocks the city. Lincoln Rhyme and Amelia Sachs quickly take the case. Curiously, the killer has left behind a half-million dollars' worth of gems at the murder scene, a jewelry store on 47th street. As more crimes follow, it becomes clear that the killer's target is not gems, but engaged couples themselves. The Promisor vows to take the lives of men and women during their most precious moments--midway through the purchase of an engagement ring, after a meeting with a wedding planner, trying on the perfect gown for a day that will never come. The Promisor arrives silently, armed with knife or gun, and a time of bliss is transformed, in an instant, to one of horror. Soon the Promiser makes a dangerous mistake: leaving behind an innocent witness, Vimal Lahori, a talented young diamond cutter, who can help Rhyme and Sachs blow the lid off the case. They must track down Vimal before the killer can correct his fatal error. Then disaster strikes, threatening to tear apart the very fabric of the city--and providing the perfect cover for the killer to slip through the cracks.

Dare to Fall - Estelle Maskame 2018-12-04

A brand new book from the internationally bestselling author of *Did I Mention I Love You* The higher the stakes, the greater the fall. MacKenzie Rivers knows the kind of impact death can have on those it leaves behind. She's felt that grief firsthand. So when Jaden, her crush and almost-boyfriend, loses his parents in a car accident, MacKenzie steps back. It might not be the right thing to do, but with an alcoholic mother and a father who deals with their family problems by not dealing at all, self-preservation is her only option. Then the pair meet by chance one night, reunited for the first time in months. Before MacKenzie can throw up her walls again, old feelings resurface and new memories are

made. MacKenzie has missed Jaden more than anything. But can she dare to fall for the one person she's so afraid of growing close to? Praise for *Did I Mention I Love You*: "A solid romance with a tantalizing helping of forbidden love." —Booklist on *Did I Mention I Love You*?

**Whiteness, Pedagogy, Performance** - Leda M. Cooks 2008-03

*Whiteness, Pedagogy, Performance* is unique in bringing together these three important topics in the context of communication teaching and scholarship with an eye toward interdisciplinary perspectives. In fourteen chapters, the leading whiteness scholars in the field of communication analyze the process of teaching and learning and the complicated intersections of whiteness, racial identity, and cross-racial dialogue. Toward these ends, these essays offer a variety of theoretical and practical approaches to the analysis of identity construction, racial privilege, and pedagogies toward equality and social justice. Above all, for teachers, students, and anyone interested in these issues, this book is a challenge to re-think the ways our curricula, texts, disciplinary boundaries, and moreover, how our interactions and performances re-inscribe racial privileges. Chapters provide innovative and accessible analyses of teaching and learning that will appeal to students, teachers, administrators, and anyone interested in how race works.

*Alex's Adventures in Numberland* - Alex Bellos 2011-04-04

The world of maths can seem mind-boggling, irrelevant and, let's face it, boring. This groundbreaking book reclaims maths from the geeks. Mathematical ideas underpin just about everything in our lives: from the surprising geometry of the 50p piece to how probability can help you win in any casino. In search of weird and wonderful mathematical phenomena, Alex Bellos travels across the globe and meets the world's fastest mental calculators in Germany and a startlingly numerate chimpanzee in Japan. Packed with fascinating, eye-opening anecdotes, *Alex's Adventures in Numberland* is an exhilarating cocktail of history, reportage and mathematical proofs that will leave you awestruck.

**Canone Inverso** - Paolo Maurensig 1999-11-15

In 1930s Austria, two talented young musicians find themselves locked in an obsessive, dangerous friendship, the secret to which lies in a

mysteriously carved violin.

**Archeologia Viva n. 206 marzo/aprile 2021** - AA.VV. 2021-02-24

NON DISPONIBILE PER KINDLE E-INK, PAPERWHITE, OASIS.

Archeologia Viva è l'appuntamento imperdibile con articoli riccamente illustrati con foto e disegni per scoprire le meraviglie del passato. Le aree archeologiche di maggior interesse, i grandi musei, le mostre e i più importanti ritrovamenti a livello mondiale. Inoltre, tante occasioni di incontro per i lettori. Visita il sito e scopri come partecipare a convegni, viaggi, campagne di scavo, rassegne di cinema. Rivista bimestrale [Calaca's Best Friend](#) - Eileen Finn 2018-08-18

This bilingual Spanish and English book explains what Day of the Dead is and some of the customs used to honor those who have passed to children in a very unique way. It is presented in a fun-loving way from the point of view of a girl's pet. The book is accompanied by traditional Mexican style illustrations, which use vibrant brilliant. colors.

**Barcelona** - Robert Hughes 2011-12-07

A monumentally informed and irresistibly opinionated guide to the most un-Spanish city in Spain, from the bestselling author of *The Fatal Shore*. In these pages, Robert Hughes scrolls through Barcelona's often violent history; tells the stories of its kings, poets, magnates, and revolutionaries; and ushers readers through municipal landmarks that range from Antoni Gaudi's sublimely surreal cathedral to a postmodern restaurant with a glass-walled urinal. The result is a work filled with the attributes of Barcelona itself: proportion, humor, and seny—the Catalan word for triumphant common sense.

**Pompeii** - Alex Butterworth 2013-12-17

\*\*\*Please note that this ebook does not contain the photo insert that appears in the print book.\*\*\* The ash of Mt. Vesuvius preserves a living record of the complex and exhilarating society it instantly obliterated two thousand years ago. In this highly readable, lavishly illustrated book, Alex Butterworth and Ray Laurence marshal cutting-edge archaeological reconstructions and a vibrant historical tradition dating to Pliny and Tacitus; they present a richly textured portrait of a society not altogether unlike ours, composed of individuals ordinary and extraordinary who

pursued commerce, politics, family and pleasure in the shadow of a killer volcano. Deeply resonant in a world still at the mercy of natural disaster, Pompeii recreates life as experienced in the city, and those frantic, awful hours in AD 79 that wiped the bustling city from the face of the earth.

[The Fairy Gunmother](#) - Daniel Pennac 1998-01-01

*The Gladiators* - Fik Meijer 2007-03-06

An analysis of the lives of ancient Rome's gladiators explores how they were both despised and hero-worshipped, chronicling how tens of thousands of gladiators perished publicly over the course of six hundred years.

**Dammi la mano Lucrezia** - Antonino Zampini 2021-03-31

Due giovani amanti, dopo sofferenze e peripezie, riescono a coronare il loro sogno d'amore. Ma la loro felicità dura poco, perché l'apocalisse di Pompei del 79 d.C. incenerisce i loro corpi, ma non il loro amore. Esso aleggia ancora, come un respiro silenzioso fra le rovine delle domus, dei templi, dei decumani: vivo, immutato, da millenni.

**Magic** - Ernesto De Martino 2015

Though his work was little known outside Italian intellectual circles for most of the twentieth century, anthropologist and historian of religions Ernesto de Martino is now recognized as one of the most original thinkers in the field. This book is testament to de Martino's innovation and engagement with Hegelian historicism and phenomenology—a work of ethnographic theory way ahead of its time. This new translation of *Sud e Magia*, his 1959 study of ceremonial magic and witchcraft in southern Italy, shows how De Martino is not interested in the question of whether magic is rational or irrational but rather in why it came to be perceived as a problem of knowledge in the first place. Setting his exploration within his wider, pathbreaking theorization of ritual, as well as in the context of his politically sensitive analysis of the global south's historical encounters with Western science, he presents the development of magic and ritual in Enlightenment Naples as a paradigmatic example of the complex dynamics between dominant and subaltern cultures. Far ahead of its time, *Magic* is still relevant as anthropologists continue to wrestle

with modernity's relationship with magical thinking.

ANNO 2022 LA CULTURA ED I MEDIA TERZA PARTE - ANTONIO GIANGRANDE

Antonio Giangrande, orgoglioso di essere diverso. ODIÒ OSTENTAZIONE ED IMPOSIZIONE. Si nasce senza volerlo. Si muore senza volerlo. Si vive una vita di prese per il culo. Tu esisti se la tv ti considera. La Tv esiste se tu la guardi. I Fatti son fatti oggettivi naturali e rimangono tali. Le Opinioni sono atti soggettivi cangianti. Le opinioni se sono oggetto di discussione ed approfondimento, diventano testimonianze. Ergo: Fatti. Con me le Opinioni cangianti e contrapposte diventano fatti. Con me la Cronaca diventa Storia. Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafforzativo di saremmo) voluto diventare. Rappresentare con verità storica, anche scomoda ai potenti di turno, la realtà contemporanea, rapportandola al passato e proiettandola al futuro. Per non reiterare vecchi errori. Perché la massa dimentica o non conosce. Denuncio i difetti e caldeggio i pregi italiani. Perché non abbiamo orgoglio e dignità per migliorarci e perché non sappiamo apprezzare, tutelare e promuovere quello che abbiamo ereditato dai nostri avi. Insomma, siamo bravi a farci del male e qualcuno deve pur essere diverso!

*The Physics of Everyday Things* - James Kakalios 2017-05-16

Physics professor, bestselling author, and dynamic storyteller James Kakalios reveals the mind-bending science behind the seemingly basic things that keep our daily lives running, from our smart phones and digital "clouds" to x-ray machines and hybrid vehicles. Most of us are clueless when it comes to the physics that makes our modern world so convenient. What's the simple science behind motion sensors, touch screens, and toasters? How do we glide through tolls using an E-Z Pass, or find our way to new places using GPS? In *The Physics of Everyday Things*, James Kakalios takes us on an amazing journey into the subatomic marvels that underlie so much of what we use and take for granted. Breaking down the world of things into a single day, Kakalios engages our curiosity about how our refrigerators keep food cool, how a

plane manages to remain airborne, and how our wrist fitness monitors keep track of our steps. Each explanation is coupled with a story revealing the interplay of the astonishing invisible forces that surround us. Through this "narrative physics," *The Physics of Everyday Things* demonstrates that—far from the abstractions conjured by terms like the Higgs Boson, black holes, and gravity waves—sophisticated science is also quite practical. With his signature clarity and inventiveness, Kakalios ignites our imaginations and enthralls us with the principles that make up our lives.

**Gli occhi della Gioconda** - Alberto Angela 2016-11-03

Un capolavoro assoluto come la Gioconda non è solo un quadro da ammirare affascinati dagli occhi che sembrano vivi e dalla magia del sorriso. In realtà è un viaggio nella mente e nelle emozioni di Leonardo. È una porta che si spalanca su un luogo e su un'epoca indimenticabili: Firenze (ma anche Milano, Roma, Mantova, Urbino ) e il Rinascimento. Già dall'Ottocento e fino a oggi, è stato detto e scritto moltissimo su Leonardo e su Monna Lisa, un artista e un ritratto su cui si ha sempre l'impressione di non sapere abbastanza. Per andare a conoscere entrambi e svelarne l'eterno fascino, Alberto Angela ha scelto una chiave completamente nuova: lascia che sia la Gioconda a "raccontarci" Leonardo, il genio che l'ha potuta pensare e realizzare. Partendo da ogni dettaglio del quadro e ricostruendo le circostanze in cui Leonardo lo dipinse, scopriamo così che il volto della Gioconda, levigatissimo dallo sfumato, non ha ciglia né sopracciglia (un dettaglio importante nella storia narrata in queste pagine ). O che il suo vestito ha molto da dirci sulla moda del tempo, ma anche sulle abitudini e sull'economia della Firenze di inizio Cinquecento. O, ancora, che le sue mani non sarebbero state possibili senza approfonditi e sorprendenti studi di anatomia. O che il segreto del paesaggio va ricercato nel nuovo tipo di prospettiva "aerea", ideato da Leonardo. La Gioconda può raccontarci queste e molte altre cose sul suo autore, dalle incredibili macchine e invenzioni (un palombaro, un paracadute, un robot!) ai rapporti con i potenti quali Ludovico il Moro e il re di Francia Francesco I. Ma che cosa sappiamo di lei? Chi è davvero questa donna misteriosa? Sulla sua identità sono state

fatte diverse ipotesi, alcune delle quali aprono retroscena appassionanti nelle città e nelle corti dell'epoca. Con le sue doti indiscusse di divulgatore, Alberto Angela ci accompagna a scoprirli, entrando nella vita di Leonardo, mostrandone il genio e il volto umano, l'incontenibile creatività e le relazioni. Svelandoci un Leonardo dalla personalità unica, fondamentale nella cultura del mondo e di tutti i tempi.

*Punto in alto: italiano 4* - Pierina Furlan 2017-01-01

*Pompeii* - Robert Harris 2004

Recently placed in charge of the Aqua Augusta, the aqueduct that brings fresh water to thousands of people around the bay of Naples, Roman engineer Marius Primus struggles to discover why the aqueduct has ceased delivering water and heads to the slopes of Mount Vesuvius to find the problem, only to come face to face with an impending catastrophe of mammoth proportions. Reprint.

**Pompeii** - Alberto Carlo Carpiceci 2003

Includes 150 colour photos, 36 reconstructions and drawings and a map of the excavations.

**Sharks!** - Piero Angela 1998-07

An introduction to the physical characteristics and habits of various species of sharks.

*Moving the Equity Agenda Forward* - Julie A. Bianchini 2012-08-11

This volume takes on the vital tasks of celebrating, challenging, and attempting to move forward our understanding of equity and diversity in science education. Organized thematically, the book explores five key areas of science education equity research: science education policy; globalization; context and culture; discourse, language and identity; and leadership and social networking. Chapter authors -- emerging to established US science education scholars -- present their latest research on how to make science interesting and accessible to all students. The volume includes international voices as well: Scholars from around the world crafted responses to each section. Together, authors and respondents attempt to refine our methods for examining equity issues across classrooms, schools, and policies, and deepen our understanding of ways to promote equity and acknowledge diversity in science classrooms. *Moving the Equity Agenda Forward* is endorsed by NARST: A Worldwide Organization for Improving Science Teaching and Learning Through Research. The volume gains authority from the fact that it was edited by one current and four former chairs of NARST's Equity and Ethics Committee.

The Reach of Rome - Alberto Angela 2013-10-15

In this unconventional and accessible history, Italian best-seller Alberto Angela literally follows the money to map the reach and power of the Roman Empire. To see a map of the Roman Empire at the height of its territorial expansion is to be struck by its size, stretching from Scotland to Kuwait, from the Sahara to the North Sea. What was life like in the Empire, and how were such diverse peoples and places united under one rule? *The Reach of Rome* explores these questions through an ingenious

lens: the path of a single coin as it changes hands and traverses the vast realms of the empire in the year 115. Admired in his native Italy for his ability to bring history to life through narrative, Alberto Angela opens up the ancient world to readers who have felt intimidated by the category or put off by dry historical tomes. By focusing on aspects of daily life so often overlooked in more academic treatments, *The Reach of Rome* travels back in time and shows us a world that was perhaps not very different from our own. And by following the path of a coin through the streams of commerce, we can touch every corner of that world and its people, from legionnaires and senators to prostitutes and slaves. Through lively and detailed vignettes all based on archeological and historical evidence, Angela reveals the vast Roman world and its remarkable modernity, and in so doing he reinforces the relevance of the ancient world for a new generation of readers.

**The Ranuzzi Manuscripts** - Maria Xenia Zevelechi Wells 1980

[A Day in the Life of Ancient Rome](#) - Alberto Angela 2009

This voyage of exploration chronicles twenty-four hours in the life of a Roman patrician, beginning at dawn on an ordinary day in the year 115 A.D., with Imperial Rome at the height of its power.

[Populist Constitutionalism and Illiberal Democracies](#) - Martin Belov 2021

This book is a topical study of populist constitutionalism and illiberal democracies, exploring their roots in constitutional imagination as well as their normative entrenchment and performance in political reality. It provides insightful analysis of republican constitutionalism, focusing on the role of people in radical democracy and revolutionary constitutional reform. Furthermore, the outlook, adequacy and performance of constitutional principles in times of democratic ruptures are assessed. The contributors examine the rise of populist constitutionalism and the main trends that have led to the current, ongoing crises in liberal democracy. The book includes original analyses of populist constitutionalism from the viewpoint of emotions and constitutional imagination, as well as a special chapter devoted to the challenges posed to constitutional democracy by COVID-19. Combining theoretical

contributions, comparative typologies and important case studies, the spread of populism and illiberal democracy in Europe is critically explored. *Populist Constitutionalism and Illiberal Democracies* is a timely contribution to the lively discussion surrounding constitutional law, comparative constitutional law, comparative constitutionalism and political science regarding the rise and spread of illiberal democracies, authoritarian political regimes and revolutionary, radical democratic and populist constitutionalism. With contributions by Martin Belov (University of Sofia 'St. Kliment Ohridski'), Agnieszka Bien-Kacala (Nicolaus Copernicus University in Torun), Paul Blokker (University of Bologna), Monica Bonini (Università degli Studi di Milano-Bicocca), Carlo Alberto Ciaralli (University 'G. d'Annunzio' of Chieti-Pescara), Eoin Daly (National University of Ireland), Gianmario Demuro (University of Cagliari), Tímea Drinóczi (University of Pécs), Wojciech Engelking (University of Warsaw), Angela Di Gregorio (University of Milano), Marcin Kilanowski (Nicolaus Copernicus University in Torun), Zoltán Pozsár-Szentmiklósy (ELTE Eötvös Loránd University), Przemysław Tacik (Jagiellonian University of Kraków), Anna Tarnowska (Nicolaus Copernicus University in Torun), Zoltan J. Toth (Károli Gáspár University), Julia Wesolowska (Jagiellonian University of Kraków) and Wojciech Wloch (Nicolaus Copernicus University in Torun).

**The Silence of the Wave** - Gianrico Carofiglio 2013-07-05

Roberto Marais is haunted by his past as an under-cover carabinieri. A time of cynicism and corruption, in the world he investigated, and in his own soul. A meeting with Emma—like Roberto ravaged by guilt—begins to revive him. When her teenage son asks Roberto to help him conquer his nightmares, Roberto at last achieves a true rebirth.

[Who Was Cleopatra? \(Level 1 Reader\)](#) - Rivet 2019-03-27

From first introductions to deep dives into the wonders of our world, Rivet nonfiction books fascinate young readers. A level 1 reader, *Who Was Cleopatra?* will feed readers' curiosity about People, and History.

*I tre giorni di Pompei: 23-25 ottobre 79 d. C. Ora per ora, la più grande tragedia dell'antichità* - Alberto Angela 2018

**I tre giorni di Pompei** - Alberto Angela 2016-01-28

Alle 13 del 24 ottobre del 79 d.C, un venerdì qualunque a Pompei, dal vicino Vesuvius si sprigiona una quantità di energia pari a cinquantamila bombe atomiche. Un diluvio ustionante di ceneri e gas, che in venti ore soffoca Pompei sotto sei metri di pomici. Dopo molti anni trascorsi a studiare la zona vesuviana, Alberto Angela ricostruisce come in un film le ultime ore di personaggi storicamente esistiti. Un libro dettagliatissimo e ricco di illustrazioni, aggiornato agli studi più recenti, per rivivere la più spettacolare tragedia del mondo antico.

**Down** - Glenn Cooper 2015-07-14

DOWN - Pinhole is the first book of an explosive new trilogy by international bestselling author, Glenn Cooper. A cross between DANTE'S INFERNO and GAME OF THRONES, DOWN is part historical thriller and part fantasy-adventure, a thought-provoking, page-turning, epic saga that explores the consequences of evil and transports readers to a world unlike any they have ever experienced. John Camp heads up security at a world's largest super-collider tunneled around London. Scarred by his wartime experiences, he's been fighting his demons and putting his life back in order. High on his priorities is his new relationship with physicist Emily Loughy, the collider's beautiful and accomplished Scottish research director. When the collider starts up it hits its projected energy target but then inexplicably continues powering much higher. In the blink of an eye Emily disappears and a rough-looking man appears in her place. In fear and confusion the man barrels out of the lab and disappears. His identity may be the only clue to what has happened. John volunteers to embark on a mission to try and rescue Emily and when the collider is powered up again he finds himself in a strange and terrifying world, geographically identical to Earth but very different. It's a place some call Down, eternally populated by those who've committed the most unforgivable acts of evil during their lives. Here in a world with but a few glimmers of hope, kings and dukes, including infamous historical figures, battle perpetually for supremacy. In a race against time, John must navigate the terrible landscape of Down and bring home the love of his life before they are trapped for the rest of their lives. Glenn Cooper, a Harvard graduate, archaeologist, physician, former biotechnology CEO, screenwriter and film producer, has written ten thrillers that have sold over six million copies in thirty translations.
