**The Bear That Wasn't** - Frank Tashlin 2010-03-09

"Once upon a time, in fact it was Tuesday," the Bear went into the woods to settle in for his long winter nap. But when he awoke what had happened? The trees were gone, the grass was gone, the flowers were gone, and in their place were buildings, cars, a fenced-off courtyard. The Bear had no idea that he was in the middle of a factory. "Get back to work!" a man yelled out of the blue. "I don't work here," said the Bear, "I'm a bear." The man laughed and laughed. "Fine excuse for a man to keep from doing any work—saying he's a bear." And so it began and so it went, with the Bear protesting his beariness all the way from the Third Vice President to the First, and no one willing to believe that he wasn't just a silly man in a fur coat who needed a shave. How the bear endured and how he finally prevailed are the subject of this delightful modern fairy tale—beautifully illustrated with the author's inventive line drawings—about sticking up for yourself, no matter how many Foremen, General Managers, Vice Presidents, or even Company Presidents stand in your way.

**Perspectives on Assessment and Evaluation in International Schools** - Mary Hayden 2018-07-30

Assessment and evaluation are two concepts at the core of schooling which are also central to other forms of education worldwide. In an international context, assessment and evaluation data are increasingly widely used for accountability and quality assurance purposes at individual student, institutional, national and global levels. This book does not attempt to include consideration of all the issues that could possibly be covered in a title that addresses assessment and evaluation in education internationally. Nor has it set out to cover the myriad technical issues with which assessment and evaluation are inevitably concerned. Rather, a number of authors working within different contexts of international education (whether as teachers or leaders in international schools, administrators in international examination bodies, or researchers in international educational research organisations) have been invited to share ideas arising from their own experiences of what might be interpreted as assessment or evaluation, be that assessment of student achievement, evaluation of teacher effectiveness or evaluation of school quality. The international dimension presents a range of challenges to those with responsibility for implementing assessment and evaluation strategies in widely diverse linguistic, cultural, social and personal contexts, and in this book valuable contributions are shared by colleagues who are authorities in the field. It is their personal views on assessment and evaluation, derived from professional practice in the international sphere, that have been brought together here.

**Persepolis** - Marjane Satrapi 2003-04-29

**BEST SELLER • A NEW YORK TIMES NOTABLE BOOK •** Wise, funny, and heartbreaking, Persepolis is Marjane Satrapi's acclaimed graphic memoir of growing up in Iran during the Islamic Revolution. "A wholly original achievement.... Satrapi evokes herself and her schoolmates coming of age in a world of protests and disappearances.... A stark, shocking impact." —The New York Times: "The 50 Best Memoirs of the Past 50 Years" In powerful black-and-white comic strip images, Satrapi tells the coming-of-age story of her life in Tehran from ages six to fourteen, years that saw the overthrow of the Shah's regime, the triumph of the Islamic Revolution, and the devastating effects of war with Iraq. The intelligent and outspoken only child of committed Marxists and the great-granddaughter of one of Iran's last emperors, Marjane bears witness to a childhood uniquely entwined with the history of her country. Persepolis paints an unforgettable portrait of daily life in Iran and of the bewildering contradictions between home life and public life. Marjane's child's-eye view of dethroned emperors, state-sanctioned whippings, and heroes of the revolution allows us to learn as she does the history of this fascinating country and of her own extraordinary family. Intensely personal, profoundly political, and wholly original, Persepolis is at once a story of growing up and a reminder of the human cost of war and political repression. It shows how we carry on, with laughter and tears, in the face of absurdity. And, finally, it introduces us to an irresistible little girl with whom we cannot help but fall in love.

New HSK (after 2009) which cut the vocabulary to 5000, just want to set a lower passing bar for students who take Chinese as second language or foreign language. There are around 100,000 vocabularies in comprehensive Chinese dictionary.
