Rumble - Ellen Hopkins 2016-02-02

Does it get better? The New York Times bestselling author of Crank and Tricks explores the highly charged landscapes of bullying and forgiveness in this “strong and worthy” (Kirkus Reviews) novel. Matthew Turner knows it doesn’t get better. His younger brother Luke was bullied mercilessly after one of Matt’s friends outed Luke to the whole school, and when Luke called Matt—on the brink of suicide—Matt was too wrapped up in his new girlfriend to answer the phone. Now Luke is gone, and Matt’s family is falling apart. No matter what his girlfriend Hayden says about forgiveness, there’s no way Matt’s letting those he blames off the hook—including himself. As Matt spirals further into bitterness, he risks losing Hayden, the love of his life. But when her father begins to pressure the school board into banning books because of their homosexual content, he begins to wonder if he and Hayden ever had anything in common. With brilliant sensitivity and emotional resonance, bestselling author Ellen Hopkins’s Rumble explores bullying and suicide in a powerful story that examines the value of forgiveness and reconciliation.

No longer the land of the free. But home of a few brave souls. From #1 New York Times bestselling author Ellen Hopkins comes an edge-of-your-seat novel about two teens struggling to survive in a radicalized, militarized United States. In danger and on the run, two teens who fall outside the “correct” Confederation designation must join forces on a thousand mile journey north for safety. But survival means relying on strangers and not everyone is who they appear to be. Who do you turn to when the only person you can trust is yourself, and one wrong whisper can be the difference between freedom and imprisonment, life and death?

Identical - Ellen Hopkins 2008-08-26

Do twins begin in the womb? Or in a better place? Kaeleigh and Raeanne are identical down to the dimple. As daughters of a district-court judge father and a politician mother, they are an all-American family -- on the surface. Behind the facade each sister has her own dark secret, and that's where their differences begin. For Kaeleigh, she's the misplaced focus of Daddy's love,

intended for a mother whose presence on the campaign trail means absence at home. All that Raeanne sees is Daddy playing a game of favorites -- and she is losing. If she has to lose, she will do it on her own terms, so she chooses drugs, alcohol, and sex. Secrets like the ones the twins are harboring are not meant to be kept -- from each other or anyone else. Pretty soon it's obvious that neither sister can handle it alone, and one sister must step up to save the other, but the question is -- who?

Closer to Nowhere - Ellen Hopkins 2021-08-10

#1 New York Times bestselling author Ellen Hopkins's poignant middle grade novel in verse about coming to terms with indelible truths of family and belonging--now in paperback! For the most part, Hannah's life is just how she wants it. She has two supportive parents, she's popular at school, and she's been killing it at gymnastics. But when her cousin Cal moves in with her family, everything changes. Cal tells half-truths and tall tales, pranks Hannah constantly, and seems to be the reason her parents are fighting more and more. Nothing is how it used to be. She knows that Cal went through a lot after his mom died and she is trying to be patient, but most days Hannah just wishes Cal never moved in. For his part, Cal is trying his hardest to fit in, but not everyone is as appreciative of his unique sense of humor and storytelling gifts as he is. Humor and stories might be his defense mechanism, but if Cal doesn't let his walls down soon, he might push away the very people who are trying their best to love him. Told in verse from the alternating perspectives of Hannah and Cal, this is a story of two cousins who are more alike than they realize and the family they both want to save.

Good As Gone - Amy Gentry 2016-07-26

A New York Times Book Review Editors' Choice, Amy Gentry's propulsive and suspenseful Good as Gone is a "smart, crisply written thriller" (Minneapolis Star Tribune). "So gripping you might start to question your own family's past."—Entertainment Weekly Anna's daughter Julie was kidnapped from her own bedroom when she was thirteen years old, while Anna slept just downstairs, unaware that her daughter was being ripped away from her. For eight years, she has lived with the guilt and the void in her family, hoping against hope that Julie is still alive. And then one night, the doorbell rings. A young woman who appears to be Julie is finally, miraculously, home safe.

When she is contacted by a former detective turned private eye, she is forced to wonder if this young woman is even her daughter at all. And if she isn’t Julie, what is it that she wants? “A bracing, scarily honest look at what it means to be female—and to be a daughter, sister, wife, mother—wrapped up in a vicious thriller. Gentry’s ambitious debut will satisfy fans of *Gone Girl*, *The Girl With the Dragon Tattoo*, and *The Killing*.”—Merritt Tierce, author of *Love Me Back*

Life Inside My Mind - Jessica Burkhart 2019-04-09

“Who better to raise teens’ awareness of mental illness and health than the YA authors they admire?” —Booklist (starred review) “[A] much-needed, enlightening book.” —School Library Journal (starred review) Your favorite YA authors including Ellen Hopkins, Maureen Johnson, and more recount their own experiences with mental health in this raw, real, and powerful collection of essays that explores everything from ADD to PTSD. Have you ever felt like you just couldn’t get out of bed? Not the occasional morning, but every day? Do you find yourself listening to a voice in your head that says “you’re not good enough,” “not good looking enough,” “not thin enough,” or “not smart enough”? Have you ever found yourself unable to do homework or pay attention in class unless everything is “just so” on your desk? Everyone has had days like that, but what if you have them every day? You’re not alone. Millions of people are going through similar things. However issues around mental health still tend to be treated as something shrouded in shame or discussed in whispers. It’s easier to have a broken bone—something tangible that can be “fixed”—than to have a mental illness, and easier to have a discussion about sex than it is to have one about mental health. *Life Inside My Mind* is an anthology of true-life events from writers of this generation, for this generation. These essays tackle everything from neurodiversity to addiction to OCD to PTSD and much more. The goals of this book range from providing a home to those who are feeling alone, awareness to those who are witnessing a friend or family member struggle, and to open the floodgates to conversation.

Perfect - Natasha Friend 2010-01-01

Depicting with humor and insight the pressure to be outwardly perfect, this novel for ages 10-13 shows how one girl develops compassion for her own and others' imperfections. For 13-year-old Isabelle Lee, whose father has recently died, everything's normal on the outside. Isabelle describes the scene at school with bemused accuracy--the self-important (but really not bad) English teacher, the boy that is constantly fixated on Ashley Barnum, the prettiest girl in class, and the dynamics of the lunchroom, where tables are turf in a all-eyes-open awareness of everybody's relative social position. But everything is not normal, really. Since the death of her father, Isabelle's family has only functioned on the surface. Her mother, who used to take care of herself, now wears only lumpy, ill-fitting clothes, cries all night, and has taken every picture of her dead husband and put them under her bed. Isabelle tries to make light of this, but the underlying tension is expressed in overeating and then binging. As the novel opens, Isabelle's little sister, April, has told their mother about Isabelle's problem. Isabelle is enrolled in group therapy. Who should show up there, too, but Ashley Barnum, the prettiest, most together girl in class.
