Photo Respiration - Tokihiro Satō 2005

"Trained as a sculptor, Japanese artist Tokihiro Sato first turned to photography as a means of documenting his work. It is through his photographs, however, that the artist has found a way to successfully blend process and product. Sato creates long-exposure photographs in which he travels through the frame of the landscape, drawing with a flashlight (by night) or reflecting sunlight back at the camera with a mirror (by day). These lights are recorded as traces of the artist's presence, while he himself is rendered invisible by his motion during the course of the exposure. Installed as large-scale transparencies that are lit from behind, these glowing images embody presence and absence, and materiality and spirituality." "This catalogue is one of the first records of Sato's work to appear in the United States. The book reproduces fourteen transparencies in rich duotone, and features an essay by Art Institute of Chicago curator Elizabeth Siegel. Also included is an interview with the artist, in which he elucidates his technique and discusses the relationship between photography and sculpture that he explores in his work."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. East of Eden - John Steinbeck 2002-02-05

A masterpiece of Biblical scope, and the magnum opus of one of America's most enduring authors, in a commemorative hardcover edition In his journal, Nobel Prize winner John Steinbeck called East of Eden "the first book," and indeed it has the primordial power and simplicity of myth. Set in the rich farmland of California's Salinas Valley, this sprawling and often brutal novel follows the intertwined destinies of two families--the Trasks and the Hamiltons--whose generations helplessly reenact the fall of Adam and Eve and the poisonous rivalry of Cain and Abel. The masterpiece of Steinbeck's later years, East of Eden is a work in which Steinbeck created his most mesmerizing characters and explored his most enduring themes: the mystery of identity, the inexplicability of love, and the murderous

consequences of love's absence. Adapted for the 1955 film directed by Elia Kazan introducing James Dean, and read by thousands as the book that brought Oprah's Book Club back, *East of Eden* has remained vitally present in American culture for over half a century.
