Last Breath - Jessica Clare 2015-03-03

From the bestselling authors of Last Hit comes the next in the steamy series that explores the exquisite power of our darkest passions . . . Regan: I never really knew what misery was until the day I was kidnapped and sold for being in the wrong place at the wrong time. Two months later, I'm at a brothel in Rio when I meet Daniel Hays. He says he's here to save me, but can I trust him? All I know of him are his sarcastic retorts and his tendency to solve every dispute with his gun. He's also the only safe thing in my world, and I know it's wrong to fall in love with him, but I can't seem to help myself. He says he'll protect me until his last breath, but I don't know if I should believe him or even if I can. Daniel: For the last eighteen months, one goal has dictated every action I've taken. I've left the Army, turned paid hit man, and befriended criminals all across the globe to find my kidnapped sister. In every

brothel I raid and every human trafficking truck I stop, I hope the next face I find is my sister's. In a hidden brothel in Rio, I find Regan Porter, bruised but not broken, and still sane despite her weeks in captivity. I should leave her behind or send her home, because the last thing either of us needs right now is to get involved. But with every passing minute, I find I'm less able to let her go. MATURE AUDIENCE

[The Encyclopedia of Film Composers](#) - Thomas S. Hischak
2015-04-16

For more than a century, original music has been composed for the cinema. From the early days when live music accompanied silent films to the present in which a composer can draw upon a full orchestra or a lone synthesizer to embody a composition, music has been an integral element of most films. By the late 1930s, movie studios had established music departments, and some of the greatest names in film music emerged during Hollywood's Golden Age, including Alfred Newman, Max Steiner, Dimitri Tiomkin, and Bernard Herrmann. Over the decades, other creators of screen music offered additional memorable scores, and some composers—such as Henry Mancini, Randy Newman, and John Williams—have become household names. The Encyclopedia of Film Composers features entries on more than 250 movie composers from around the world. It not only provides facts about these artists but also explains what makes each composer notable and discusses his or her music in detail. Each entry includes Biographical material
 Important dates
 Career highlights
 Analysis of the composer's musical style
 Complete list of movie credits
 This book brings recognition to the many men and women who have written music for movies over the past one hundred years. In addition to composers from the United States and Great Britain, artists from dozens of other countries are also represented. A rich resource of movie music history, The Encyclopedia of Film Composers will be of interest to fans of cinema in general as well as those who want to learn more about the many talented individuals who have created memorable scores.

Andy Warhol's The Chelsea Girls - Geralyn Huxley 2018

Andy Warhol's *The Chelsea Girls* had its premiere at the Film-Maker's Cinémathèque on 15 September 1966. It sold out a 200-seat theatre and went on to become the first film to move from the underground to commercial cinema. Since 1972, when Warhol pulled all of his films out of distribution, the public has had extremely limited access to *The Chelsea Girls*, outside of museum screenings. In honour of the 20th Anniversary of The Andy Warhol Museum and what would have been Warhol's 85th birthday, hundreds of Warhol's films - some never seen before - have been converted to a digital format with the partnership of The Andy Warhol Museum, The Museum of Modern Art, New York, and the Moving Picture Company (MPC), a Technicolor Company. This book is an in-depth look at Warhol's most famous film. It includes all newly digitized film stills, never-before-published transcripts, unpublished archival materials, and expanded information about each of the individual films that comprise the three- plus hour film. As the film alternates sound between the left and right screens, the book reproduces the transcript in complete form as one hears it, with imagery from the corresponding reels. There is also a full transcription of the unheard reels in the back of the book. This is a substantial contribution to the scholarship on Warhol's complex and most commercial film.

[Last Kiss](#) - Jessica Clare 2015-05-05

From the bestselling authors of *Last Hit* and *Last Breath* comes the next dark and sensual tale in the *Hitman* series that crosses the line between danger and desire... Naomi: When I was kidnapped I thought only of survival. I don't thrive well in chaos. That's why I gave my captors exactly what they wanted: my skill with computers. Making millions for a crime lord who kept me imprisoned in his basement compound kept my family safe. When he was taken out, I thought my ticket to freedom had arrived. Wrong. I traded one keeper for another. This time I'm in the hands of a scarred, dark, demanding Russian who happens to be the head of the Bratva, a Russian crime organization. He wants my brain and my body. I'd be lying if I said I wasn't intrigued, but I can't be a prisoner forever...no matter how good he makes me feel. Vasily: At a young age, I was taught that a man without power is a puppet for all. I've clawed—and killed—my way to the top so that it is my heel on their necks. But to unify the fractured organization into an undefeatable machine, I need a technological genius to help me steal one particular artifact. That she is breathtaking, determined, and vulnerable is making her more dangerous than all of my enemies combined. But only I can keep her safe from the world that she now inhabits. Soon, I must choose between Naomi and Bratva law. But with every day that passes, this becomes a more impossible choice.
