The 48 Laws of Power - Robert Greene 2000-09-01

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

*Twilight* - Stephenie Meyer 2007-07-18

Fall in love with the addictive, suspenseful love story between a teenage girl and a vampire with the book that sparked a "literary phenomenon" and redefined romance for a generation (New York Times). Isabella Swan's move to Forks, a small, perpetually rainy town in Washington, could have been the most boring move she ever made. But once she meets the mysterious and alluring Edward Cullen, Isabella's life takes a thrilling and terrifying turn. Up until now, Edward has managed to keep his vampire identity a secret in the small community he lives in, but now nobody is safe, especially Isabella, the person Edward holds most dear. The lovers find themselves balanced precariously on the point of a knife -- between desire and danger. Deeply romantic and extraordinarily suspenseful, *Twilight* captures the struggle between defying our instincts and satisfying our desires. This is a love story with bite. It's here! #1 bestselling author Stephenie Meyer makes a triumphant return to the world of *Twilight* with the highly anticipated companion, *Midnight Sun*: the iconic love story of Bella and Edward told from the vampire's point of view. "People do not want to just read Meyer's books; they want to climb inside them and live there." -- Time "A literary phenomenon." -- The New York Times

**The Power of Now** - Eckhart Tolle 2010-10-06

To make the journey into the Now we will need to leave our analytical mind and its false created self, the ego, behind. From the very first page of Eckhart Tolle's extraordinary book, we move rapidly into a significantly higher altitude where we breathe a lighter air. We become connected to the indestructible essence of our Being, "The eternal, ever present One Life beyond the myriad forms of life that are subject

to birth and death." Although the journey is challenging, Eckhart Tolle uses simple language and an easy question and answer format to guide us. A word of mouth phenomenon since its first publication, *The Power of Now* is one of those rare books with the power to create an experience in readers, one that can radically change their lives for the better.

Women in the Wilderness - Francesco Cocco 2020-05-12

How were legal issues featuring women treated and resolved in the Book of Numbers? Francesco Cocco studies a trio of texts and finds the prominent place afforded to women quite peculiar and, it seems, at odds with the notions of autonomy, freedom, self-determination, or whatever other synonym can be married conceptually to the idea of women in leading roles. This in-depth investigation goes beyond appearances however to reveal a broader, perhaps even unexpected, understanding of these three literary traditions - traditions which are the product of the skillful amalgamation of narrative and legislative material so characteristic of the Torah in general and the Book of Numbers in particular.

**Matar a Leonardo da Vinci (Crónicas del Renacimiento 1)** - Christian Gálvez 2014-04-02

La primera novela de las «Crónicas del Renacimiento» de Christian Gálvez, un thriller histórico en el que se dan cita arte, venganza y pasión. Todos admiran al genio, pocos conocen al hombre. «Meser Leonardo da Vinci tiene un concepto tan herético que no se atiene a ninguna religión y estima más ser filósofo que cristiano. Por lo tanto, la resolución es firme y clara: debemos matar a Leonardo da Vinci». Europa, siglo XVI. Mientras España, Francia e Inglaterra ultiman su unificación, los Estados italianos se ven envueltos en conflictos permanentes por culpa de la religión, el poder y el ansia de expansión territorial. Lo único que les une es el renacimiento cultural de las artes. En la Florencia de los Médici, epicentro de este despliegue artístico, una mano anónima acusa de sodomía a un joven y prometedor Leonardo da Vinci. Durante dos meses será interrogado y torturado hasta que la falta de pruebas lo ponga en libertad. Con la reputación dañada, Leonardo partirá hacia nuevos horizontes para demostrar su talento y apaciguar las secuelas psicológicas provocadas en prisión. ¿Quién lo acusó? ¿Con qué motivo? Mientras se debate entre evasión o venganza Leonardo descubrirá que no todo es lo que parece cuando se trata de alcanzar el éxito. Haciendo gala de un estilo documental exhaustivo y exquisito, fruto de varios años de investigación y de viajes a los escenarios más representativos de la vida del genio, Christian Gálvez construye un thriller histórico, una novela de aventuras en la que se dan cita arte, venganza y pasión. Una obra que atrapa desde las primeras páginas y que cambiará la opinión que hasta ahora se tiene del genio florentino. La crítica ha dicho...

«Sobre una base de historia, Gálvez compone una ficción en la que se entremezclanelementos de la novela histórica, el thriller y el relato biográfico.» La Voz de Almería «Matar a Leonardo da Vinci es un tributo a la figura del hombre que dejó al mundo reveladores conocimientos sobre arte, astrología, música y escultura.» Diario de Ponent «Pocos libros fuera de los propiamente dichos me han hecho pensar en superhéroes, y este es uno de ellos. [...] La vida de Leonardo da Vinci tuvo tantos claros y oscuros como la de cualquier superhéroe. [...] Bien narrado en un lenguaje muy fácil, con sus idas y venidas en el tiempo, pero sin ser lioso.» Acción En los blogs... «Muy recomendable para los amantes del arte y la historia.» Blog Me gustan los libros

**Third Spiritual Alphabet** - Francisco de Osuna 2014-04-29

For the first time, in 33 years, here is a complete analytical and comparative study of the only two English

translations of this marvelous work. This effort, which lies within your grasp, is a pains-taking effort to not only compare the wording, but also the footnotes and supply variant references to this stunning work; in particular making references back to our copy of the Spanish text for clarity. More importantly, this effort is coordinated with Teresa of Avila’s works. Thus an additional 400 notes, in combination with comparatives between the variant references are supplied. This work has been translated by the Sisters of Stanbrook.

**Unico grande amore** - Toni Padilla 2023-03-22

Este viaje por Italia no pretende llegar lo antes posible. El guía es Toni Padilla, que, con un balón de acompañante, y a partir de temas como la muerte, la música, el queso o los cromos, se impregna de la doble alma del país. Aquí están la Italia majestuosa y la Italia masacrada por los prejuicios, tumbados en este recorrido de norte a sur y de este a oeste. La materia prima de las historias, que solo están en el radar del autor, son los paseos por la patria de Benito Mussolini, Raffaella Carrà o Francesco Totti. Sus páginas son un mapa donde se celebran los recuerdos y se saborean los goles. Escritas con una prosa detallada y una mirada pausada, que parecen de otra época, ahora que nos falta tiempo para todo. Pero el calcio no tiene prisa por bajar de este tren.

**The Decameron** - Giovanni Boccaccio 1903

*Children of the Days* - Eduardo Galeano 2013-04-30

Unfurling like a medieval book of days, each page of Eduardo Galeano's Children of the Days has an illuminating story that takes inspiration from that date of the calendar year, resurrecting the heroes and heroines who have fallen off the historical map, but whose lives remind us of our darkest hours and sweetest victories. Challenging readers to consider the human condition and our own choices, Galeano elevates the little-known heroes of our world and decries the destruction of the intellectual, linguistic, and emotional treasures that we have all but forgotten. Readers will discover many inspiring narratives in this collection of vignettes: the Brazilians who held a "smooch-in" to protest against a dictatorship for banning kisses that "undermined public morals;" the astonishing day Mexico invaded the United States; and the "sacrilegious" women who had the effrontery to marry each other in a church in the Galician city of A Coruna in 1901. Galeano also highlights individuals such as Pedro Fernandes Sardinha, the first bishop of Brazil, who was eaten by Caete Indians off the coast of Alagoas, as well as Abdul Kassem Ismael, the grand vizier of Persia, who kept books safe from war by creating a walking library of 117,000 tomes aboard four hundred camels, forming a mile-long caravan. Beautifully translated by Galeano's longtime collaborator, Mark Fried, Children of the Days is a majestic humanist treasure that shows us how to live and how to remember. It awakens the best in us.

Walkscapes - Francesco Careri 2017-12-20

Walkscapes deals with strolling as an architecture of landscape. Walking as an autonomous form of art, a primary act in the symbolic transformation of the territory, an aesthetic instrument of knowledge and a physical transformation of the 'negotiated' space, which is converted into an urban intervention. From primitive nomadism to Dada and Surrealism, from the Lettrist to the Situationist International, and from Minimalism to Land Art, this book narrates the perception of landscape through a history of the traversed city.

You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book. You will discover why a productive genius becomes a worthless playboy...why a great steel industrialist is working for his own destruction...why a composer gives up his career on the night of his triumph...why a beautiful woman who runs a transcontinental railroad falls in love with the man she has sworn to kill. **21 Lessons for the 21st Century** - Yuval Noah Harari 2019-01-29

#1 NEW YORK TIMES BESTSELLER • In Sapiens, he explored our past. In Homo Deus, he looked to our future. Now, one of the most innovative thinkers on the planet turns to the present to make sense of today's most pressing issues. "Fascinating . . . a crucial global conversation about how to take on the problems of the twenty-first century."—Bill Gates, The New York Times Book Review NAMED ONE OF THE BEST BOOKS OF THE YEAR BY FINANCIAL TIMES AND PAMELA PAUL, KQED How do computers and robots change the meaning of being human? How do we deal with the epidemic of fake news? Are nations and religions still relevant? What should we teach our children? Yuval Noah Harari's 21 Lessons for the 21st Century is a probing and visionary investigation into today's most urgent issues as we move into the uncharted territory of the future. As technology advances faster than our understanding of it, hacking becomes a tactic of war, and the world feels more polarized than ever, Harari addresses the challenge of navigating life in the face of constant and disorienting change and raises the important questions we need to ask ourselves in order to survive. In twenty-one accessible chapters that are both provocative and profound, Harari builds on the ideas explored in his previous books, untangling political, technological, social, and existential issues and offering advice on how to prepare for a very different future from the world we now live in: How can we retain freedom of choice when Big Data is watching us? What will the future workforce look like, and how should we ready ourselves for it? How should we deal with the threat of

terrorism? Why is liberal democracy in crisis? Harari's unique ability to make sense of where we have come from and where we are going has captured the imaginations of millions of readers. Here he invites us to consider values, meaning, and personal engagement in a world full of noise and uncertainty. When we are deluged with irrelevant information, clarity is power. Presenting complex contemporary challenges clearly and accessibly, 21 Lessons for the 21st Century is essential reading. "If there were such a thing as a required instruction manual for politicians and thought leaders, Israeli historian Yuval Noah Harari's 21 Lessons for the 21st Century would deserve serious consideration. In this collection of provocative essays, Harari . . . tackles a daunting array of issues, endeavoring to answer a persistent question: 'What is happening in the world today, and what is the deep meaning of these events?'"—BookPage (top pick)

**Caliban and the Witch** - Silvia Federici 2004

"Women, the body and primitive accumulation"--Cover.

**Km 123** - Andrea Camilleri 2020-01-21

La novela arranca con un móvil apagado. Ester es la que llama; quien no responde, Giulio, que acaba de ser trasladado al hospital en estado grave a causa de un accidente en el kilómetro 123 de la Via Aurelia de Roma. Sin embargo, quien conectará el teléfono es Giuditta, la mujer de Giulio, quien lógicamente no sabe nada de Ester. Podría parecer el inicio de una comedia de enredo, pero nada más lejos de la realidad: un testigo afirma que el accidente de Giulio ha sido en realidad un intento de asesinato, por lo que la investigación será asignada al perspicaz inspector de la policía criminal Attilio Bongioanni, quien deberá enfrentarse a un caso en el que nada es lo que parece. Un thriller muy inteligente, rápido, de múltiples voces que nunca dan respiro y que sumergen al lector en una trama endiabladamente hábil para disfrutar de principio a fin y que confirman, una vez más, a Andrea Camilleri como el maestro de la novela negra contemporánea.

**No callar** - Javier Cercas 2023-03-01

Los textos más lúcidos y brillantes de un escritor de talla internacional, por fin reunidos en un volumen de lectura compulsiva. «El gran escritor español.», Garth Risk Hallberg, The New York Times «El mayor escritor vivo.», Aldo Cazullo, Il Corriere della Sera «Tengo a Javier Cercas por uno de los mejores escritores de nuestra lengua.» Mario Vargas Llosa, El País Este volumen reúne una apasionante selección de los mejores textos publicados en las últimas dos décadas por Javier Cercas, ahora mismo uno de los escritores europeos más relevantes. En ellos se abordan algunos temas capitales de nuestro tiempo, como el auge del nacionalpopulismo, la crisis de la democracia liberal o el descrédito de la verdad, así como sus reverberaciones en España, desde el secesionismo catalán o la llamada nueva política hasta la relectura o la falsificación de la Guerra Civil, el franquismo y la Transición. Pero aquí se encontrarán también lúcidas y apasionadas reivindicaciones del poderío de la literatura (o del arte en general), retratos inolvidables de escritores, personajes históricos, cineastas, músicos o deportistas, emocionantes fragmentos de memoria personal y colectiva preñados a partes iguales de melancolía y de un humor descacharrante. El resultado es un libro absorbente, imprescindible para entender el siglo XXI, pero sobre todo para entendernos a nosotros mismos.

Rezar por Miguel Ángel (Crónicas del Renacimiento 2) - Christian Gálvez 2016-03-17

La esperada segunda entrega de las «Crónicas del Renacimiento» de Christian Gálvez desvela los secretos del hombre que hay detrás del artista más grande de la historia, Miguel Ángel. Arte, venganza, pasión en el Renacimiento. Europa, siglo XVI. El descubrimiento de un nuevo mundo pone en evidencia a las Sagradas Escrituras. Nuevas tierras y razas que no aparecen en la Biblia tambalean los cimientos del cristianismo mientras Martín Lutero se enfrenta a la Santa Sede y provoca un cisma con terribles daños colaterales. La Florencia de los Médici verá partir a un joven Michelangelo Buonarroti, llamado por los Estados Vaticanos, donde alcanzará la gloria en la Ciudad Eterna. Mediante cincel, pigmento y carácter creará su propia leyenda mientras el mundo conocido no volverá a ser el mismo. Mientras, al otro lado del Mediterráneo, el hijo de Juana I y Felipe el Hermoso accederá al trono de España y se convertirá en el emperador del Sacro

Imperio Romano Germánico, lo que supondrá un gran problema para la Francia de Francisco I y la Roma de Gregorio XIII. Michelangelo Buonarroti creará. Carlos V destruirá. Gregorio XIII rezará. Y la Iglesia Católica cambiará para siempre. Reseñas sobre Matar a Leonardo da Vinci, primer volumen de «Crónicas del Renacimiento»: «Sobre una base de historia, Gálvez compone una ficción en la que se entremezclan elementos de la novela histórica, el thriller y el relato biográfico.» La Voz de Almería «Es un tributo del autor a la faceta humana de un genio renacentista que ha pasado a la historia por su contribución al arte y el pensamiento.» La Voz de Cádiz «Pocos libros me han hecho pensar en superhéroes, y este es uno de ellos. [...] Bien narrado, en un lenguaje muy fácil, con sus idas y venidas en el tiempo, pero sin ser lioso.» Acción En los blogs... «Una novela espectacular que nos deja con ganas de cerrar la trilogía con la vida de Raffaello Sanzio y unificar la historia de los grandes genios del Renacimiento.» Blog El club de las lectoras «Rezar por Miguel Ángel es una novela ágil, con una intriga trepidante y un ritmo que no decrece, magníficamente documentada, y que continúa la aproximación al misterio de esos seres extraordinarios que ya había iniciado con Matar a Leonardo Da Vinci.» Blog Facilísimo

**Get Us Out of Here!!** - Nicky Eltz 2002-12-01

Dear Reader,What you are now holding is a most interesting book. The world beyond is speaking. It is offering advice, asking for help and giving answers. It exists and speaks about life -- our life here on earth and of possible consequences of our behaviour. It tells us that it is not the same to be humble, loving, good, merciful, loyal and honest as it is to be proud, loveless, bad, merciless, betraying and dishonest. At death this is not forgotten but rather remembered in total clarity. Not only is the punishment, or better yet the cleansing, spoken about; but also the length of this cleansing is so very much more. Then you ask yourself, is it possible? In the Catholic church one speaks about a transitory state which for a very long time has been referred to as Purgatory. Despite there being different theories, this state is always taken seriously. One needs it because one can only come before God cleansed and pure.
