Your Career: How To Make It Happen - Lauri Harwood 2012-01-01

Packed with innovative resources readers can use now and throughout their careers, best-selling YOUR CAREER: HOW TO MAKE IT HAPPEN, 8e delivers a comprehensive, step-by-step guide to finding and keeping a job. Both empowering and encouraging, the book effectively breaks the daunting prospect of marketing oneself to prospective employers into a manageable process. Each chapter provides practical advice and actions that readers can apply to their own situation and goals. Guided activities for each part of the process help students build a strong foundation for current and future job searches, teaching them how to stand out from the crowd and be a strong candidate for jobs in a career field for which they are well suited and will enjoy. Ideal for a course on Professional/Career Development, Job Search, Resume Writing, and Interviewing, YOUR CAREER, 8e offers thorough coverage of career self-assessment, employer research, job search/interviewing, self-marketing, and career building strategies. The text also contains extensive instructions and examples of market-driven electronic, traditional, and Web resumes and cover

letters. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

One Without the Other - Shelley Moore 2017-02-13

In this bestseller, Shelley Moore explores the changing landscape of inclusive education. Presented through real stories from her own classroom experience, this passionate and creative educator tackles such things as inclusion as a philosophy and practice, the difference between integration and inclusion, and how inclusion can work with a variety of students and abilities. Explorations of differentiation, the role of special education teachers and others, and universal design for learning all illustrate the evolving discussion on special education and teaching to all learners. This book will be of interest to all educators, from special ed teachers, educational assistants and resource teachers, to classroom teachers, administrators, and superintendents.

The SAGE Encyclopedia of Theory in Counseling and Psychotherapy - Edward S. Neukrug 2015-02-12

The SAGE Encyclopedia of Theory in Counseling and Psychotherapy is a two-volume source that traces theory and examines the beginnings of counseling and psychotherapy all the way to current trends and movements. This reference work draws together a team of international scholars that examine the global landscape of all the key counseling and psychotherapy theories and the theorists behind them while presenting them in context needed to understand their strengths and weaknesses. This is a quick, one-stop source that gives the reader the "who, what, where, how, and why" of contemporary counseling and psychotherapy theory. From historical context in which the theories were developed to the theoretical underpinnings which drive the theories, this reference encyclopedia has detailed and relevant information for all individuals interested in this subject matter. Features & Benefits: Approximately 335 signed entries fill two volumes available in a choice of print or electronic formats. Back matter includes a Chronology of theory within the field of counseling to help students put individual theories within a broader context. A Master Bibliography and a Resource Guide to key books, journals, and organizations guide students to further resources beyond the encyclopedia. The Reader's Guide, a detailed Index and the Cross References combine for effective search-and-browse in the e-version and helps students take the next steps in their research journeys. This reference encyclopedia serves as an excellent source for any individual interested in the roots of contemporary counseling and psychotherapy theory. It is ideal for the public and professionals, as well as for students in counselor education programs especially those individuals who are

pursuing a Masters level degree.

Child Development - John W. Santrock 2004

In this topically organized introduction to child development, John Santrock balances the content instructors want with the and pedagogy students need.
