

Lincoln A Life Of Purpose And Power Richard J Carwardine

As recognized, adventure as capably as experience not quite lesson, amusement, as well as pact can be gotten by just checking out a book **Lincoln A Life Of Purpose And Power Richard J Carwardine** next it is not directly done, you could allow even more on the order of this life, roughly the world.

We allow you this proper as well as simple showing off to get those all. We find the money for Lincoln A Life Of Purpose And Power Richard J Carwardine and numerous books collections from fictions to scientific research in any way. along with them is this Lincoln A Life Of Purpose And Power Richard J Carwardine that can be your partner.

Abraham Lincoln - Michael Burlingame 2013-04-01
Published to coincide with the 200th anniversary of Lincoln's birth, this landmark publication establishes Burlingame as the most assiduous Lincoln biographer of recent memory and brings Lincoln alive to modern readers as never before.

Lincoln and Leadership - Allen

C. Guelzo 2012

This book examines Lincoln's leadership by assessing his decision-making process and patterns in shaping military strategy, political affairs, and religious interests during the Civil War. In doing so, it shows how Lincoln defined the presidency in wartime, played the role of party chief, and pointed the moral compass of

the nation.

Identity Crisis - Lincoln Bain
2016-09-23

Take a deep introspective look in the mirror. Do you recognize the person you see? You think you do. But is that person in the mirror the person you thought you would be by this age? Or has life taken you on a long detour? The person you really wanted to be is your true identity. The person in the mirror is an imposter. Your life, purpose and true identity have been stolen from you and, without even knowing it, you were slowly transformed into the stranger that stands before you. The purpose of this book is to capture the source of the crisis at the root of mankind's social, cultural, political and personal failures. Mankind's dilemma is not a crisis of war, crime, racism or poverty. It is a Crisis of Identity: An Identity Crisis. Mankind has forgotten who he is both individually and collectively and, as a result, does not know and cannot fulfill his personal and communal purpose. We have all been the victims of a tragic

incident of identity theft far more sinister and devastating than a computer or credit card breach. It is the source of all of mankind's problems. *Identity Crisis: Why the man in the mirror doesn't look like you, and what to do about it* uncovers insightful, practical and bible-based revelations on exactly how your identity and dominion were stolen, and how to get them back. Rediscover who you truly are, learn how to tap into the hidden power that has lain dormant within you, and unleash your power and purpose on this earth.

And There Was Light - Jon Meacham 2022-10-18
NEW YORK TIMES
BESTSELLER • Pulitzer Prize-winning biographer Jon Meacham chronicles the life of Abraham Lincoln, charting how—and why—he confronted secession, threats to democracy, and the tragedy of slavery to expand the possibilities of America. “In his captivating new book, Jon Meacham has given us the Lincoln for our time.”—Henry Louis Gates, Jr. ONE OF THE

BEST BOOKS OF THE YEAR:
Kirkus Reviews A president who governed a divided country has much to teach us in a twenty-first-century moment of polarization and political crisis. Hated and hailed, excoriated and revered, Abraham Lincoln was at the pinnacle of American power when implacable secessionists gave no quarter in a clash of visions bound up with money, race, identity, and faith. In him we can see the possibilities of the presidency as well as its limitations. At once familiar and elusive, Lincoln tends to be seen as the greatest of American presidents—a remote icon—or as a politician driven more by calculation than by conviction. This illuminating new portrait gives us a very human Lincoln—an imperfect man whose moral antislavery commitment, essential to the story of justice in America, began as he grew up in an antislavery Baptist community; who insisted that slavery was a moral evil; and who sought, as he put it, to do right as God gave him to see the right. This

book tells the story of Lincoln from his birth on the Kentucky frontier in 1809 to his leadership during the Civil War to his tragic assassination in 1865: his rise, his self-education, his loves, his bouts of depression, his political failures, his deepening faith, and his persistent conviction that slavery must end. In a nation shaped by the courage of the enslaved of the era and by the brave witness of Black Americans, Lincoln's story illustrates the ways and means of politics in a democracy, the roots and durability of racism, and the capacity of conscience to shape events.

Mrs. Lincoln - Catherine Clinton 2010-01-19

Abraham Lincoln is the most revered president in American history, but the woman at the center of his life—his wife, Mary—has remained a historical enigma. One of the most tragic and mysterious of nineteenth-century figures, Mary Lincoln and her story symbolize the pain and loss of Civil War America.

Authoritative and utterly

engrossing, Mrs. Lincoln is the long-awaited portrait of the woman who so richly contributed to Lincoln's life and legacy.

Lincoln, Inc. - Jackie Hogan
2011-10-16

From Lincoln-themed cocktails and waffle-parlors to high-tech museums and steamy romance novels, the image of Abraham Lincoln so permeates the national imagination that we now find him in the unlikeliest of places. In *Lincoln, Inc.*, Jackie Hogan examines the uses (and abuses) of the sixteenth president in the United States today. The book takes readers on a journey through the little white lies of Lincoln tourism, and offers a front-row seat as the martyr president is invoked in heated political debates over such issues as homosexuality, abortion, and the "war on terror." Readers enter classrooms that use an idealized Honest Abe to "Lincolnize" American schoolchildren. And readers step into the alternate universe of Lincoln fiction that

transforms the Rail Splitter, by turns, into a hapless time-traveler, a sentimental cyborg, an axe-wielding zombie slayer, or a frontier heart-throb. But *Lincoln, Inc.* is more than a tour through the thriving "Lincoln industry" today. Whether in staid biographies, blockbuster films, school pageants, or sleeping pill advertisements, Hogan shows how the use of the Lincoln image reveals the nation's shared fears and fascinations. The book analyzes the ways we employ Lincoln today in our political, ideological, personal, and national struggles; the ways we simultaneously deify and commercially exploit him; the ways he is packaged and sold in the marketplace of American ideas. In learning about "*Lincoln, Inc.*," we learn about ourselves, about who we think we are, and who we wish we could be.

Lincoln - Richard Carwardine
2007-01-09

As a defender of national unity, a leader in war, and the emancipator of slaves, Abraham Lincoln lays ample

claim to being the greatest of our presidents. But the story of his rise to greatness is as complex as it is compelling. In this superb, prize-winning biography, acclaimed historian Richard Carwardine examines Lincoln's dramatic political journey, from his early years in the Illinois legislature to his nation-shaping years in the White House. Here, Carwardine combines a new perspective with a compelling narrative to deliver a fresh look at one of the pillars of American politics. He probes the sources of Lincoln's moral and political philosophy and uses his groundbreaking research to cut through the myth and expose the man behind it.

Lincoln's Boys - Joshua Zeitz
2014-12-30

From the author of the forthcoming *Building the Great Society* (February 2018), an intimate look into Lincoln's White House and the aftermath of his death, via the lives of his two closest aides In this timely look into Abraham Lincoln's White House, and the

aftermath of his death, noted historian and political advisor Joshua Zeitz presents a fresh perspective on the sixteenth U.S. president—as seen through the eyes of Lincoln's two closest aides and confidants, John Hay and John Nicolay. Lincoln's official secretaries, Hay and Nicolay enjoyed more access, witnessed more history, and knew Lincoln better than anyone outside of the president's immediate family. They were the gatekeepers of Lincoln's legacy. Drawing on letters, diaries, and memoirs, *Lincoln's Boys* is part political drama and part coming-of-age tale—a fascinating story of friendship, politics, war, and the contest over history and remembrance.

Founders' Son - Richard Brookhiser
2014-10-14

Abraham Lincoln grew up in the long shadow of the Founding Fathers. Seeking an intellectual and emotional replacement for his own taciturn father, Lincoln turned to the great men of the founding—Washington, Paine,

Jefferson—and their great documents—the Declaration of Independence, the Constitution—for knowledge, guidance, inspiration, and purpose. Out of the power vacuum created by their passing, Lincoln emerged from among his peers as the true inheritor of the Founders' mantle, bringing their vision to bear on the Civil War and the question of slavery. In *Founders' Son*, celebrated historian Richard Brookhiser presents a compelling new biography of Abraham Lincoln that highlights his lifelong struggle to carry on the work of the Founding Fathers. Following Lincoln from his humble origins in Kentucky to his assassination in Washington, D.C., Brookhiser shows us every side of the man: laborer, lawyer, congressman, president; storyteller, wit, lover of ribald jokes; depressive, poet, friend, visionary. And he shows that despite his many roles and his varied life, Lincoln returned time and time again to the Founders. They were rhetorical and political

touchstones, the basis of his interest in politics, and the lodestars guiding him as he navigated first Illinois politics and then the national scene. But their legacy with not sufficient. As the Civil War lengthened and the casualties mounted Lincoln wrestled with one more paternal figure—God the Father—to explain to himself, and to the nation, why ending slavery had come at such a terrible price. Bridging the rich and tumultuous period from the founding of the United States to the Civil War, *Founders' Son* is unlike any Lincoln biography to date. Penetrating in its insight, elegant in its prose, and gripping in its vivid recreation of Lincoln's roving mind at work, this book allows us to think anew about the first hundred years of American history, and shows how we can, like Lincoln, apply the legacy of the Founding Fathers to our times.

Progressive & Religious -

Robert P. Jones 2008-07-25

Progressive & Religious tells the story of the emerging

progressive religious movement in America through an analysis of over 80 in-depth interviews with contemporary religious leaders including nationally known figures such as Rabbis David Saperstein and Michael Lerner, Revs. Jim Wallis and Brian McLaren, Feisal Abdul Rauf, Eboo Patel, Kecia Ali, Lama Surya Das, Robert Thurman, and E. J. Dionne.

Lincoln's Virtues - William Lee Miller 2003-02-04

William Lee Miller's ethical biography is a fresh, engaging telling of the story of Lincoln's rise to power. Through careful scrutiny of Lincoln's actions, speeches, and writings, and of accounts from those who knew him, Miller gives us insight into the moral development of a great politician — one who made the choice to go into politics, and ultimately realized that vocation's fullest moral possibilities. As Lincoln's Virtues makes refreshingly clear, Lincoln was not born with his face on Mount Rushmore; he was an actual human being making choices —

moral choices — in a real world. In an account animated by wit and humor, Miller follows this unschooled frontier politician's rise, showing that the higher he went and the greater his power, the worthier his conduct would become. He would become that rare bird, a great man who was also a good man. Uniquely revealing of its subject's heart and mind, it represents a major contribution to our understanding and of Lincoln, and to the perennial American discussion of the relationship between politics and morality. Lincoln and the Power of the Press - Harold Holzer 2014-10-14

"Lincoln believed that 'with public sentiment nothing can fail; without it, nothing can succeed.' Harold Holzer makes a significant contribution to our understanding of Lincoln's leadership by showing us how deftly he managed his relations with the press of his day to move public opinion forward to preserve the Union and abolish slavery." —Doris Kearns Goodwin From his earliest

days, Lincoln devoured newspapers. As he started out in politics he wrote editorials and letters to argue his case. He spoke to the public directly through the press. He even bought a German-language newspaper to appeal to that growing electorate in his state. Lincoln alternately pampered, battled, and manipulated the three most powerful publishers of the day: Horace Greeley of the New York Tribune, James Gordon Bennett of the New York Herald, and Henry Raymond of the New York Times. When war broke out and the nation was tearing itself apart, Lincoln authorized the most widespread censorship in the nation's history, closing down papers that were "disloyal" and even jailing or exiling editors who opposed enlistment or sympathized with secession. The telegraph, the new invention that made instant reporting possible, was moved to the office of Secretary of War Stanton to deny it to unfriendly newsmen. Holzer shows us an activist Lincoln

through journalists who covered him from his start through to the night of his assassination—when one reporter ran to the box where Lincoln was shot and emerged to write the story covered with blood. In a wholly original way, Holzer shows us politicized newspaper editors battling for power, and a masterly president using the press to speak directly to the people and shape the nation.

Access to History for the IB Diploma: United States Civil War: Causes, Course and Effects 1840-77 - Alan

Farmer 2012-08-03

This series has taken the clarity, accessibility, reliability and in-depth analysis of our best-selling Access to History series and tailor-made it for the History IB Diploma. Each title in the series supports a specific topic in the IB History guide through thorough content coverage and examination guidance - helping students develop a good knowledge and understanding of the required content alongside the skills they need to do well. United

States Civil War: causes, course and effects 1840-77 is an IB specific edition of Access to History: The American Civil War: Causes, Courses and Consequences 1803-1877. It has been revised to fully support the section of the same name in HL option 3: Aspects of the History of the Americas and includes: - authoritative, clear and engaging narrative which combines depth of content with accessibility of approach - up-to-date historiography with clear analysis and associated TOK activities - guidance on answering exam-style questions with model answers and practice questions. Check out this sample chapter to see what you're missing.

Abe - David S. Reynolds

2021-09-28

Now an Apple TV+ documentary, Lincoln's Dilemma. One of the Wall Street Journal's Ten Best Books of the Year | A Washington Post Notable Book | A Christian Science Monitor and Kirkus Reviews Best Book of 2020 Winner of the Gilder Lehrman

Abraham Lincoln Prize and the Abraham Lincoln Institute Book Award "A marvelous cultural biography that captures Lincoln in all his historical fullness. . . . using popular culture in this way, to fill out the context surrounding Lincoln, is what makes Mr. Reynolds's biography so different and so compelling . . . Where did the sympathy and compassion expressed in [Lincoln's] Second Inaugural—'With malice toward none; with charity for all'—come from? This big, wonderful book provides the richest cultural context to explain that, and everything else, about Lincoln." —Gordon Wood, Wall Street Journal From one of the great historians of nineteenth-century America, a revelatory and enthralling new biography of Lincoln, many years in the making, that brings him to life within his turbulent age David S. Reynolds, author of the Bancroft Prize-winning cultural biography of Walt Whitman and many other iconic works of nineteenth century American

history, understands the currents in which Abraham Lincoln swam as well as anyone alive. His magisterial biography Abe is the product of full-body immersion into the riotous tumult of American life in the decades before the Civil War. It was a country growing up and being pulled apart at the same time, with a democratic popular culture that reflected the country's contradictions. Lincoln's lineage was considered auspicious by Emerson, Whitman, and others who prophesied that a new man from the West would emerge to balance North and South. From New England Puritan stock on his father's side and Virginia Cavalier gentry on his mother's, Lincoln was linked by blood to the central conflict of the age. And an enduring theme of his life, Reynolds shows, was his genius for striking a balance between opposing forces. Lacking formal schooling but with an unquenchable thirst for self-improvement, Lincoln had a talent for wrestling and bawdy

jokes that made him popular with his peers, even as his appetite for poetry and prodigious gifts for memorization set him apart from them through his childhood, his years as a lawyer, and his entrance into politics. No one can transcend the limitations of their time, and Lincoln was no exception. But what emerges from Reynolds's masterful reckoning is a man who at each stage in his life managed to arrive at a broader view of things than all but his most enlightened peers. As a politician, he moved too slowly for some and too swiftly for many, but he always pushed toward justice while keeping the whole nation in mind. Abe culminates, of course, in the Civil War, the defining test of Lincoln and his beloved country. Reynolds shows us the extraordinary range of cultural knowledge Lincoln drew from as he shaped a vision of true union, transforming, in Martin Luther King Jr.'s words, "the jangling discords of our nation into a beautiful symphony of brotherhood." Abraham Lincoln

did not come out of nowhere. But if he was shaped by his times, he also managed at his life's fateful hour to shape them to an extent few could have foreseen. Ultimately, this is the great drama that astonishes us still, and that Abe brings to fresh and vivid life. The measure of that life will always be part of our American education.

The Transnational Significance of the American Civil War -

Jörg Nagler 2016-10-05

This volume of pioneering essays brings together an impressive array of well-established and emerging historians from Europe and the United States whose common endeavor is to situate America's Civil War within the wider framework of global history. These essays view the American conflict through a fascinating array of topical prisms that will take readers beyond the familiar themes of U. S. Civil War history. They will also take readers beyond the national boundaries that typically confine our understanding of this

momentous conflict. The history of America's Civil War has typically been interpreted within a familiar national narrative focusing on the internal discord between North and South over the future of slavery in the United States.

The Executive Branch of Federal Government - Brian R. Dirck 2007-01-01

Starts with a chronology, then provides a chapter on the roles and functions of the American president. Succeeding chapters look at the evolution of the presidency through several lenses: profiles of a handful of presidents who effected truly momentous changes in the presidency's 200-year development (Washington, Lincoln, the two Roosevelts, and Nixon); a discussion of presidential generations; and an analysis of five presidential elections. Edited highlights from inaugural addresses comprise the volume's second half.

The Boys' Life of Abraham Lincoln - Helen Nicolay 1906

Sketch of the Life of

Abraham Lincoln - Isaac N. Arnold 1869

The Lincoln Highway - Amor Towles 2021-10-05

#1 NEW YORK TIMES BESTSELLER More than ONE MILLION copies sold A TODAY Show Read with Jenna Book Club Pick A New York Times Notable Book, and Chosen by Oprah Daily, Time, NPR, The Washington Post, Bill Gates and Barack Obama as a Best Book of the Year “Wise and wildly entertaining . . . permeated with light, wit, youth.” —The New York Times Book Review “A classic that we will read for years to come.” —Jenna Bush Hager, Read with Jenna book club “Fantastic. Set in 1954, Towles uses the story of two brothers to show that our personal journeys are never as linear or predictable as we might hope.” —Bill Gates “A real joyride . . . elegantly constructed and compulsively readable.” —NPR The bestselling author of *A Gentleman in Moscow* and *Rules of Civility* and master of absorbing, sophisticated fiction

returns with a stylish and propulsive novel set in 1950s America In June, 1954, eighteen-year-old Emmett Watson is driven home to Nebraska by the warden of the juvenile work farm where he has just served fifteen months for involuntary manslaughter. His mother long gone, his father recently deceased, and the family farm foreclosed upon by the bank, Emmett's intention is to pick up his eight-year-old brother, Billy, and head to California where they can start their lives anew. But when the warden drives away, Emmett discovers that two friends from the work farm have hidden themselves in the trunk of the warden's car. Together, they have hatched an altogether different plan for Emmett's future, one that will take them all on a fateful journey in the opposite direction—to the City of New York. Spanning just ten days and told from multiple points of view, Towles's third novel will satisfy fans of his multi-layered literary styling while providing them an array of new and

richly imagined settings, characters, and themes. “Once again, I was wowed by Towles’s writing—especially because *The Lincoln Highway* is so different from *A Gentleman in Moscow* in terms of setting, plot, and themes. Towles is not a one-trick pony. Like all the best storytellers, he has range. He takes inspiration from famous hero’s journeys, including *The Iliad*, *The Odyssey*, *Hamlet*, *Huckleberry Finn*, and *Of Mice and Men*. He seems to be saying that our personal journeys are never as linear or predictable as an interstate highway. But, he suggests, when something (or someone) tries to steer us off course, it is possible to take the wheel.” - Bill Gates

Lincoln's Sense of Humor -

Richard Carwardine

2019-09-25

Winner, Abraham Lincoln

Institute Book Prize, 2018

Winner, ISHS Annual Award

for a Scholarly Publication,

2018 Abraham Lincoln was the

first president to make

storytelling, jokes, and

laughter tools of the office, and

his natural sense of humor has become legendary. *Lincoln’s Sense of Humor* registers the variety, complexity of purpose, and ethical dimension of Lincoln’s humor and pinpoints the political risks Lincoln ran in telling jokes while the nation was engaged in a bloody struggle for existence.

Complete with amusing anecdotes, this book shows how Lincoln’s uses of humor evolved as he matured and explores its versatility, range of expressions, and multiple sources: western tall tales, morality stories, bawdy jokes, linguistic tricks, absurdities, political satire, and sharp wit. While Lincoln excelled at self-mockery, nothing gave him greater pleasure than satirical work lampooning hypocrisy and ethical double standards. He particularly enjoyed David R. Locke’s satiric writings by Petroleum V. Nasby, a fictional bigoted secessionist preacher, and the book explores the nuances of Lincoln’s enthusiasm for what he called Locke’s genius, showing the moral springs of Lincoln’s

humor. Richard Carwardine methodically demonstrates that Lincoln's funny stories were the means of securing political or personal advantage, sometimes by frontal assault on opponents but more often by depiction through parable, obfuscation through hilarity, refusal through wit, and diversion through cunning. Throughout his life Lincoln worked to develop the humorist's craft and hone the art of storytelling. His jokes were valuable in advancing his careers as politician and lawyer and in navigating his course during a storm-tossed presidency. His merriness, however, coexisted with self-absorbed contemplation and melancholy. Humor was his lifeline; dark levity acted as a tonic, giving Lincoln strength to tackle the severe challenges he faced. At the same time, a reputation for unrestrained, uncontrollable humor gave welcome ammunition to his political foes. In fact, Lincoln's jocularly elicited waves of criticism during his presidency. He was dismissed as a "smutty

joker," a "first rate second rate man," and a "joke incarnated." Since his death, Lincoln's anecdotes and jokes have become detached from the context that had given them their political and cultural bite, losing much of the ironic and satiric meaning that he had intended. With incisive analysis and laugh-inducing examples, Carwardine helps to recapture a strong component of Lincoln's character and reanimates the good humor of our sixteenth president.

[The Power of Purpose](#) - Peter S. Temes 2007-03-27

The Power of Purpose begins with a simple but remarkable statement: "The more you focus on helping others, the more you will succeed in reaching your own goals."

Peter S. Temes builds on this fundamental insight to share a simple plan for living with the truest and most enduring kind of happiness. At the heart of The Power of Purpose are the "three levels of thinking." At the first level, we ask, Who am I? and What do I want? At the second level, we ask, Who do

other people think I am? How do I look to them? But the real magic happens when we hit the third level, forgetting about ourselves and asking the questions that lend a powerful sense of purpose to our lives: How do others look to themselves? How can I help others become the people they want to be? To help us along the way, Temes, who teaches humanities at Columbia University, draws on the wisdom of great thinkers including Aristotle, Søren Kierkegaard, and Abraham Lincoln; the life lessons of great achievers ranging from Mother Teresa to Michael Jordan; and home truths he's gathered from his parents, his grandparents, and his three children. From all these sources and from his own life of great personal accomplishment, Temes identifies the essential knowledge that brings people happiness and success. He cites Aristotle's notion that happiness is not a psychological state but a moral one, resulting from doing good

in the world. Temes also believes in the pivotal importance of trust and team-building in every area of life, from the family to the workplace to the street corner. *The Power of Purpose* is a map for finding the confidence and power, the opportunities and occasions, and—most important—the techniques and strategies for centering your relationships and work on helping others. It is a book with a point of view: the clearest path to your own success and happiness lies in helping others get to where they want to go.

A Picture Book of Abraham Lincoln - David A. Adler

2018-01-01

"This presentation of the pertinent facts of the life, times, and importance of the sixteenth president of the United States is a good starting point for children beginning history studies and biographies." - School Library Journal

The Power of the Penny - Elaina Redmond 2009

Come see how the everyday penny is transformed into a

radiant symbol of hope and possibility! Let the penny inspire you to embrace positive American values, build character and take action to live like Abraham Lincoln did. Travel the path of a hero, using the penny to light the way! The Power of the Penny will spark and capture the minds and hearts of children of all ages. This book modernizes Abe Lincoln and the vision of the Founding Fathers, igniting a new generation of heroes. Included are penny practices and activities to think about and do. After reading this book, one will never see the penny the same way again!

Lincoln in the World - Kevin Peraino 2014-10-28

A captivating look at how Abraham Lincoln evolved into one of our seminal foreign-policy presidents—and helped point the way to America’s rise to world power. Abraham Lincoln is not often remembered as a great foreign-policy president. He had never traveled overseas and spoke no foreign languages. And yet, during the Civil War, Lincoln

and his team skillfully managed to stare down the Continent’s great powers—deftly avoiding European intervention on the side of the Confederacy. In the process, the United States emerged as a world power in its own right. Engaging, insightful, and highly original, *Lincoln in the World* is a tale set at the intersection of personal character and national power. Focusing on five distinct, intensely human conflicts that helped define Lincoln’s approach to foreign affairs—from his debate, as a young congressman, with his law partner over the conduct of the Mexican War, to his deadlock with Napoleon III over the French occupation of Mexico—and bursting with colorful characters like Lincoln’s bowie-knife-wielding minister to Russia, Cassius Marcellus Clay; the cunning French empress, Eugénie; and the hapless Mexican monarch Maximilian, *Lincoln in the World* draws a finely wrought portrait of a president and his team at the dawn of American power. Anchored by meticulous

research into overlooked archives, *Lincoln in the World* reveals the sixteenth president to be one of America's indispensable diplomats—and a key architect of America's emergence as a global superpower. Much has been written about how Lincoln saved the Union, but *Lincoln in the World* highlights the lesser-known—yet equally vital—role he played on the world stage during those tumultuous years of war and division.

Lincoln's Battle with God -

Stephen Mansfield 2012-11-12

Join New York Times

bestselling author Stephen Mansfield as he dives into the incredible story of Abraham Lincoln's spiritual life and draws from it a deeper meaning that's sure to inspire us all. Abraham Lincoln is, undoubtedly, among the most beloved of all U.S. presidents. He helped to abolish slavery, gave the world some of its most memorable speeches, and redefined the meaning of America. He did all of this with endless wisdom, compassion, and wit. Yet, throughout his

life, Lincoln fought with God.

In his early years in Illinois, he rejected even the existence of God and became the village atheist. In time, this changed but still, he wrestled with the truth of the Bible, preachers, doctrines, the will of God, the providence of God, and then, finally, God's purposes in the Civil War. Still, on the day he was shot, Lincoln said he longed to go to Jerusalem to walk in the Savior's steps. In this thrilling journey through a largely unknown part of American history, Mansfield traces Lincoln's exploring: Lincoln's lifelong spiritual journey The ways that Lincoln's faith shaped his presidency and beyond How Lincoln's struggle with faith can inspire modern believers Let Lincoln's Battle with God show you Lincoln's life and legacy in a brand new light.

Abe Lincoln - Kay Winters

2006-01-01

Learn about the early life of Abraham Lincoln in this picture book biography that Kirkus Reviews calls "a moving tribute to the power of books and

words." In a tiny log cabin a boy listened with delight to the storytelling of his ma and pa. He traced letters in sand, snow, and dust. He borrowed books and walked miles to bring them back. When he grew up, he became the sixteenth president of the United States. His name was Abraham Lincoln. He loved books. They changed his life. He changed the world.

Antietam 1862 - T. Stephen Whitman 2012

This book explains how the Battle of Antietam--a conflict that changed nothing militarily--still played a pivotal role in the Civil War by affording Abraham Lincoln an opportunity to announce the emancipation of slaves in states in rebellion. *Antietam 1862: Gateway to Emancipation* examines the connections between the Maryland Campaign culminating in the battle of Antietam in 1862 and the drive to emancipate slaves to win the war for the Union. The work's thematic chapters discuss how slaves' resistance to the Confederacy and flight to

Union armies influenced Union domestic and diplomatic politics, Confederate military strategy, and above all, the leadership of President Lincoln. By focusing on the complex topics of antislavery politics, diplomacy, and slaves' resistance rather than the specific occurrences on the battlefield, this book shows how shrewd Abraham Lincoln was in assessing the consequences of fighting a civil war about slavery. The concept that slaves' resistance played a part in Lee and Davis's decision to cross the Potomac and invade Maryland is explored, as is the idea that this strategy delayed and ultimately dashed all of the Confederacy's hopes of help from the British.

Coming for to Carry Me Home - J. Michael Martinez 2011-12-22
Coming for to Carry Me Home examines the concept of race in the United States from the 1830s, when the abolitionists rose to prominence, until the 1880s, when the Jim Crow regime commenced. J. Michael Martinez argues that Lincoln and the Radical Republicans

were the pivotal actors, albeit not the architects, that influenced this evolution.

The Life of Abraham Lincoln - Henry Ketcham 1901

"In his introduction to *The Life of Abraham Lincoln*, Henry Ketcham notes that there has been so much written about Lincoln that the legend has begun to obscure, if not to efface, the man. In this biography the single purpose has been to present the living man with such distinctness of outline that the reader may have a sort of feeling of being acquainted with him.

Ketcham's clearly-written, unadorned account of Lincoln's life achieves its stated purpose, never removing its focus from the man who became the 16th President of the United States and led the nation through some of its most turbulent and difficult times."--Amazon.com

Lincoln Apostate - Charles R. McKirdy 2011-04-04

In 1847, in a small rural courthouse in Coles County, Illinois, Abraham Lincoln represented a Kentucky slave owner named Robert Matson in

his attempt to recover a runaway slave woman and her four children. Most Americans, even those with a penchant for the nation's history, have never heard of this court case. This is no coincidence. Lincoln's involvement in the case has troubled and bewildered most students and biographers of the "Great Emancipator." In many assessments, the case inspires rationalizations and distortions; in others, avoidance and denial. These approaches are a disservice to the man and to those who seek to understand him. In *Lincoln Apostate: The Matson Slave Case*, lawyer and historian Charles R. McKirdy digs behind the myths and evasions to determine why Lincoln chose to advocate property rights grounded in a system that he claimed to abhor and pursue the continued enslavement of five of its most vulnerable and sympathetic victims. In a careful and readable blend of narrative and analysis, the book finds the answer in the time and place that was Lincoln's Illinois in 1847, in the

laws and judicial decisions that provided the legal backdrop against which the drama of the Matson case was played out, and in the man that Lincoln was thirteen years before he became president. The discussion of Lincoln's decision to represent Matson and the description of the trial itself take nothing at face value. The author examines primary and secondary sources for the ribbon of truth shorn of preconceptions and hollow justifications. Lincoln Apostate scrutinizes Lincoln's motives for choosing as he did and explores the ideals and fears of this very complex man.

[A Self-Made Man](#) - Sidney Blumenthal 2016-05-10

The first in a sweeping, multi-volume history of Abraham Lincoln—from his obscure beginnings to his presidency, death, and the overthrow of his post-Civil War plan of reconciliation—“engaging and informative and...thought-provoking” (The Christian Science Monitor). From his youth as a voracious newspaper reader, Abraham

Lincoln became a free thinker, reading Tom Paine, as well as Shakespeare and the Bible. In the “fascinating” (Booklist, starred review) *A Self-Made Man*, Sidney Blumenthal reveals how Lincoln’s antislavery thinking began in his childhood in backwoods Kentucky and Indiana.

Intensely ambitious, he held political aspirations from his earliest years. Yet he was a socially awkward suitor who had a nervous breakdown over his inability to deal with the opposite sex. His marriage to the upper class Mary Todd was crucial to his social aspirations and his political career. “The Lincoln of Blumenthal’s pen is...a brave progressive facing racist assaults on his religion, ethnicity, and very legitimacy that echo the anti-Obama birther

movement....Blumenthal takes the wily pol of Steven Spielberg’s Lincoln and Doris Kearns Goodwin’s *Team of Rivals* and goes deeper, finding a Vulcan logic and House of Cards ruthlessness” (The Washingtonian). Based on

prodigious research of Lincoln's record, and of the period and its main players, Blumenthal's robust biography reflects both Lincoln's time and the struggle that consumes our own political debate. This first volume traces Lincoln from his birth in 1809 through his education in the political arts, rise to the Congress, and fall into the wilderness from which he emerged as the man we recognize as Abraham Lincoln. "Splendid...no one can come away from reading A Self-Made Man...without eagerly anticipating the ensuing volumes." (Washington Monthly).

Abraham Lincoln, the Quakers, and the Civil War: "A Trial of Principle and Faith" - William C. Kashatus
2014-09-16

This unique addition to Civil War literature examines the extensive influence Quaker belief and practice had on Lincoln's decisions relative to slavery, including his choice to emancipate the slaves. • Explains the critical role Quakers exercised in Lincoln's

prosecution of the Civil War • Reveals how Quakers employed their historic commitments to abolitionism and pacifism to convince Lincoln of the necessity of emancipation, freedmen's relief and education, and conscientious objection • Highlights Lincoln's interactions and correspondence with individual British and American Quakers and Quaker groups • Provides readers with important context necessary to understand one of the nation's most respected humanitarian groups • Includes nearly two dozen period photographs that provide a fascinating glimpse into long-ago history • Examines the Quakers' 150-year crusade against slavery, their efforts to improve the conditions of free blacks, and the religious beliefs that informed those activities
The Twentieth Century Magazine - Benjamin Orange Flower 1912

Lincoln on Trial - Burrus M. Carnahan 2010-02-12

In light of recent controversies

and legal actions related to America's treatment of enemy prisoners in the Middle East and Guantánamo Bay, the regulation of government during wartime has become a volatile issue on the global scene. By today's standards, Lincoln's adherence to the laws of war could be considered questionable, and his critics, past and present, have not hesitated to charge that he was a war criminal. In *Lincoln on Trial: Southern Civilians and the Law of War*, Burrus M. Carnahan conducts an extensive analysis of Lincoln's leadership throughout the Civil War as he struggled to balance his own humanity against the demands of his generals. Carnahan specifically scrutinizes Lincoln's conduct toward Southerners in light of the international legal standards of his time as the president wrestled with issues that included bombardment of cities, collateral damage to civilians, seizure and destruction of property, forced relocation, and the slaughter of hostages. Carnahan

investigates a wide range of historical materials from accounts of the Dahlgren raid to the voices of Southern civilians who bore the brunt of extensive wartime destruction. Through analysis of both historic and modern standards of behavior in times of war, a sobering yet sympathetic portrait of one of America's most revered presidents emerges.

[Abraham Lincoln in the Kitchen](#)
- Rae Katherine Eighmey
2014-02-04

Abraham Lincoln in the Kitchen is a culinary biography unlike any before. The very assertion of the title--that Abraham Lincoln cooked--is fascinating and true. It's an insight into the everyday life of one of our nation's favorite and most esteemed presidents and a way to experience flavors and textures of the past. Eighmey solves riddles such as what type of barbecue could be served to thousands at political rallies when paper plates and napkins didn't exist, and what gingerbread recipe could have been Lincoln's childhood

favorite when few families owned cookie cutters and he could carry the cookies in his pocket. Through Eighmey's eyes and culinary research and experiments--including sleuthing for Lincoln's grocery bills in Springfield ledgers and turning a backyard grill into a cast-iron stove--the foods that Lincoln enjoyed, cooked, or served are translated into modern recipes so that authentic meals and foods of 1820-1865 are possible for home cooks. Feel free to pull up a chair to Lincoln's table.

Lincoln's Ethics - Thomas L. Carson 2015-05-19

Unlike many important leaders and historical figures, Abraham Lincoln is generally regarded as a singularly good and morally virtuous human being. *Lincoln's Ethics* assesses Lincoln's moral character and his many morally fraught decisions regarding slavery and the rights of African-Americans, as well as his actions and policies as commander in chief during the Civil War. Some of these decisions and policies have

been the subject of considerable criticism. Lincoln undoubtedly possessed many important moral virtues, such as kindness and magnanimity, to a very high degree. Despite this, there are also grounds to question the goodness of his character. Many fault him as a husband, father and son, and many claim that he was a racist. Carson explains Lincoln's virtues and assesses these criticisms.

The Radical and the Republican: Frederick Douglass, Abraham Lincoln, and the Triumph of Antislavery Politics - James Oakes 2011-02-07

"A great American tale told with a deft historical eye, painstaking analysis, and a supple clarity of writing."—Jean Baker "My husband considered you a dear friend," Mary Todd Lincoln wrote to Frederick Douglass in the weeks after Lincoln's assassination. The frontier lawyer and the former slave, the cautious politician and the fiery reformer, the President and the most famous black man

in America—their lives traced different paths that finally met in the bloody landscape of secession, Civil War, and emancipation. Opponents at first, they gradually became allies, each influenced by and attracted to the other. Their three meetings in the White House signaled a profound shift in the direction of the Civil War, and in the fate of the United States. James Oakes has written a masterful narrative history, bringing two iconic figures to life and shedding new light on the central issues of slavery, race, and equality in Civil War America.

Prelude to Greatness - Don Edward Fehrenbacher 1962
" . . . [The] paperback edition of Professor Fehrenbacher's study, first published in 1962, of Lincoln in the 1850s is a welcome reminder of what can be achieved by a fresh and searching investigation of often-asked questions. . . . The book is lucidly and soberly written, and full of carefully considered argument. It is one more major contribution to the work of putting the slavery

issue back where it has always belonged--at the very centre--of any discussion of the origins of the Civil War."--*Journal of American Studies* "This is a brilliant book. With thorough research . . . and a fresh point of view, we have a study that will shape Lincoln scholarship for many years."--*The Journal of Southern History* "To say that 'this is just another Lincoln book' would be to demean a significant contribution with a well-worn cliché. This is an outstanding book; we need more like it."--*The American Historical Review* "American historians generally, and Lincoln collectors and scholars particularly, would do well to add to their own pleasure and knowledge by reading this book, one of the finest pieces of Lincolniana yet written."--*The Pennsylvania Magazine of History and Biography* "This fascinating volume deserves a wide audience."--*Mid-America* "Enjoyable reading for the general reader, student, and scholar of Lincoln literature."--*The Booklist* "This is a Lincoln

book which belongs in every library and Lincoln collection."--Lincoln Herald "Masterly little book."--The Times Literary Supplement "It is refreshing to discover once again that a book does not have to be ponderous to be significant. . . .

Fehrenbacher has added quantitatively to our knowledge, but more especially to our understanding, of this exciting and fateful period in American history. . . . One of the finest contributions to Illinois history to appear in a long, long time."--Journal of the Illinois State Historical Society "Professor Fehrenbacher has demonstrated that subjects even as fully studied as the Lincoln theme can still benefit from diligent and judicious contemplation."--Civil War History

Politics for the Greatest Good - Clarke Forsythe 2009-04-27
Makes the case for prudential, incremental change as the best pro-life advocacy Written for both practitioners and students of public policy and political science Leading policy strategist Clarke Forsythe

speaks clearly into the fray of political striving. He campaigns for a rich understanding of the virtue of prudence, and for its application to contemporary public policy. As Forsythe explains, prudence, in its classical sense, is the ability to apply wisdom to right action. In this book he explores the importance of applying the principles of prudence to the realm of politics, especially that of bioethics. In particular, Forsythe applies these concepts to the ongoing debate among pro-life advocates regarding gradual versus radical change as the most effective way to achieve political and legislative goals. Drawing on the Bible, philosophy, and the wisdom of historical figures such as Abraham Lincoln and William Wilberforce, he makes a strong case for a strategy of incremental change or political prudence.

Lincoln's Gamble - Todd Brewster 2015-08-11

An authoritative account of the six-month period during which the 16th President wrote the

Emancipation Proclamation
and changed the course of the
Civil War discusses his battles

with his generals and cabinet,
his struggles with depression
and his private doubts about
his cause. 50,000 first printing.
