arguments. I praise Him for all of His bounties. I

ask Him to increase His Grace and Generosity. I bear witness that there is none worthy of worship except Allah alone, who has no partner, the One, Who Subdues, the Generous, the Forgiving. I bear witness that our leader Muhammad is His servant and Messenger, His beloved and dear one, the best of all creation. He was honoured with the Glorious Qur'an that has been an enduring miracle throughout the years. He was also sent with his guiding Sunnah that shows the way for those who seek guidance. Our leader Muhammad has been particularised with the characteristic of eloquent and pithy speech, and simplicity and ease in the religion. Written more than a hundred years ago, the novel recreates the gracious ambience of old Lucknow and takes the reader on a fascinating journey through the palaces of wealthy nawabs, the hideouts of the colorful vagabonds and the luxurious abodes of the city's courtesans.

Pure Gold from the Words of Sayyidī 'Abd Al-'Azīz Al-Dabbāgh - Aḥmad ibn al-Mubārak Sijilmāsī 2007

Around 1720 in Fez Ahmad b. al-Mubarak al-Lama, a religious scholar, wrote down the words and teachings of the Sufi master Abd al- Az z al-Dabb

gh. Al-Dabb gh shunned religious studies but, having reached illumination and met with the Prophet Muhammad, he was able to explain any obscurities in the Quran, ad ths and sayings of earlier Sufis. The resulting book, known as the Ibr z, describes how al-Dabb gh attained illumination and access to the Prophet, as well as his teachings about the Council of the godly that regulates the world, relations between master and disciple, the darkness in men s bodies, Adam s creation, Barzakh, Paradise and Hell, and much more besides. This encyclopaedia of Sufism with its many teaching stories and illustrations provides a window onto social life and religious ideas in Fez a generation or so before powerful outside forces began to play a role in the radical transformation of Morocco.

The Weary Generations - Abdullah Hussein
2014-10-01

Published ahead of Paul Scott's Raj Quartet and long before Midnight's Children, Abdullah Hussein's ambitious saga of social struggle The

Weary Generations was a bestseller in Urdu. Published in 1963 and now beyond its 40th edition, it has never been out of print. A vivid depiction of the widespread disillusionment and seismic upheavals of the Partition era that lead to the creation of Pakistan and Bangladesh, there has never been a more opportune time to discover one of the most important writings about the post-colonial trauma in the region. Naim, son of a peasant, marries Azra, the daughter of a rich landowner. Fighting for the British during World War I he loses an arm. Invalided home, he becomes angered at the subjugation of his countrymen under the Raj and aligns himself with the opposition. His ideals are swept away after Independence in 1947 when he realizes that, as Muslims, his family is no longer safe in their Indian home and that they must migrate to the newly created Pakistan. Regarded as one of the half-dozen most influential novels dealing with Partition or post-colonial malaise, this is an immensely powerful novel in its own

right and is essential reading for English language readers seeking to comprehend the historical origins of the tensions in the Indian subcontinent.

The Road To Mecca - Muhammad Asad 1954
Part travelogue, part autobiography, "The Road to Mecca" is the compelling story of a Western journalist and adventurer who converted to Islam in the early twentieth century. A spiritual and literary counterpart of Wilfred Thesiger and a contemporary of T. E. Lawrence (Lawrence of Arabia), Muhammad Asad journeyed around the Middle East, Afghanistan and India. This is an

account of Asad's adventures in Arabia, his inner awakening, and his relationships with nomads and royalty alike, set in the wake of the First World War. It can be read on many levels: as a eulogy to a lost world, and as the poignant account of a man's search for meaning. It is also a love story, defying convention and steeped in loss. With its evocative descriptions and profound insights on the Islamic world, "The Road to Mecca" is a work of immense value today.

Aisha - Resit Haylamaz 2013-03-01

This book portrays one of the most significant personalities in the history of Islam. Taking the misunderstandings and defamation about her into consideration, Aisha needs to be understood correctly. This study by Dr Resit Haylamaz, an expert on the life of the Prophet and his leading Companions, reflects her life in various aspects based on reliable reports. The book clarifies her critical role at establishing the Islamic teaching, with particular reference to her role in the transmission of private matters concerning women and marital relations, as well as recording the authentic sayings of the Prophet. As her sensitivity at practicing religion is related in a rich variety of examples, much disputed issues like her marriage age and her stance about Ali ibn Abi Talib are covered as separate topics. *Terrains of Exchange* - Nile Green 2015-05-02
Terrains of Exchange offers a bold new paradigm for understanding the expansion of Islam in the modern world. Through the model of religious economy, it traces the competition between

Muslim, Christian and Hindu religious entrepreneurs that transformed Islam into a proselytising global brand. Drawing Indian, Arab, Iranian and Tatar Muslims together with Scottish missionaries and African-American converts, Nile Green brings to life the local sites of globalisation where Islam was repeatedly reinvented in modern times. Evoking terrains of exchange from Russia's imperial borderlands to the factories of Detroit and the ports of Japan, he casts a microhistorian's eye on the innovative new Islams that emerged from these sites of contact. Drawing on a multilingual range of materials, the book challenges the idea that globalisation has given rise to a unified "global Islam." Instead, it reveals the forces behind the fracturing of Islam in the hands of feuding and fissiparous "religious firms". *Terrains of Exchange* not only presents global history as Islamic history. It also reveals the forces of that history at work in the world today.

[Pakistan Under Siege](#) - Madiha Afzal 2018-01-02

Over the last fifteen years, Pakistan has come to be defined exclusively in terms of its struggle with terror. But are ordinary Pakistanis extremists? And what explains how Pakistanis think? Much of the current work on extremism in Pakistan tends to study extremist trends in the country from a detached position—a top-down security perspective, that renders a one-dimensional picture of what is at its heart a complex, richly textured country of 200 million people. In this book, using rigorous analysis of survey data, in-depth interviews in schools and universities in Pakistan, historical narrative reporting, and her own intuitive understanding of the country, Madiha Afzal gives the full picture of Pakistan's relationship with extremism. The author lays out Pakistanis' own views on terrorist groups, on jihad, on religious minorities and non-Muslims, on America, and on their place in the world. The views are not radical at first glance, but are riddled with conspiracy theories. Afzal explains how the two pillars that define the

Pakistani state—Islam and a paranoia about India—have led to a regressive form of Islamization in Pakistan’s narratives, laws, and curricula. These, in turn, have shaped its citizens’ attitudes. Afzal traces this outlook to Pakistan’s unique and tortured birth. She examines the rhetoric and the strategic actions of three actors in Pakistani politics—the military, the civilian governments, and the Islamist parties—and their relationships with militant groups. She shows how regressive Pakistani laws instituted in the 1980s worsened citizen attitudes and led to vigilante and mob violence. The author also explains that the educational regime has become a vital element in shaping citizens’ thinking. How many years one attends school, whether the school is public, private, or a madrassa, and what curricula is followed all affect Pakistanis’ attitudes about terrorism and the rest of the world. In the end, Afzal suggests how this beleaguered nation—one with seemingly insurmountable problems in governance and

education—can change course.

And Muhammad Is His Messenger -

Annemarie Schimmel 2014-06-30

The important role of the Prophet Muhammad in the everyday lives of Muslims is usually overlooked by Western scholars and has

consequently never been understood by the Western world. Using original sources in the various Islamic languages, Annemarie Schimmel explains the central place of Muhammad in Muslim life, mystical thought, and poetry. She sees the veneration of Muhammad as having many parallels in other major religions. In order to understand Muslim piety it is necessary to take into account the long history of the veneration of Muhammad. Schimmel discusses aspects of his life, birth, marriage, miracles, and heavenly journey, all of which became subjects for religious devotions. By using poetic texts and artistic expressions and by examining daily Muslim religious practices, Schimmel shows us the gentler side of Islamic religious culture, providing a much-needed understanding of religion as it is experienced and practiced in the Islamic world. This is the first book in English to deal with all aspects of the veneration of the Prophet Muhammad. It is an expanded version of Schimmel's *Und Muhammad Ist Sein Prophet*,

originally published in German in 1981.

Striving in the Path of God - Asma Afsaruddin

2013-05-07

In popular and academic literature, jihad is predominantly assumed to refer exclusively to armed combat, and martyrdom in the Islamic context is understood to be invariably of the military kind. This perspective, derived mainly from legal texts, has led to discussions of jihad and martyrdom as concepts with fixed, universal meanings divorced from the socio-political circumstances in which they have been deployed through the centuries. Asma Afsaruddin studies in a more holistic manner the range of significations that can be ascribed to the term jihad from the earliest period to the present and historically contextualizes the competing discourses that developed over time. Many assumptions about the military jihad and martyrdom in Islam are thereby challenged and deconstructed. A comprehensive interrogation of varied sources reveals early and multiple

competing definitions of a word that in combination with the phrase *fi sabil Allah* translates literally to "striving in the path of God." Contemporary radical Islamists have appropriated this language to exhort their cadres to armed political opposition, which they legitimize under the rubric of jihad. Afsaruddin shows that the multivalent connotations of jihad and shahid recovered from the formative period lead us to question the assertions of those who maintain that belligerent and militant interpretations preserve the earliest and only authentic understanding of these two key terms. Retrieval of these multiple perspectives has important implications for our world today in which the concepts of jihad and martyrdom are still being fiercely debated.
