Terry Pratchett At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Queen Victoria's Revenge - Harry Harrison 1987-12-15
Tony Hawkin wasn't really made for the FBI. He rarely hit what he aimed at, forgot his own code name, and had a tendency to panic at the

slightest hint of trouble. Now he's gotten himself handcuffed to an attache case with two million dollars inside, and stuffed aboard a hijacked DC-10, bound for Scotland, where he's being chased through the countryside by the hijackers, Scots patriots, a crazy Cuban colonel and half the police force. All of them want only two things--the money and Tony's head in a noose. Once again Special Agent Tony Hawkin must rely on his own brand of expertise to outwit and confound a nefarious array of foes. Tony's plan is simple: lead them all back to London, like the Pied Piper of Hamelin, and deposit them at the gates of Scotland Yard. There is just one small problem; London is five hundred miles away, and Tony has no idea which way that is...

The Turing Option - Harry Harrison 2012-07-03

Turing Option is written by Harry Harrison who is also the

author of Deathworld, Make Room! Make Room! (filmed as Soylent Green), the popular Stainless Steel Rat books, and many other famous works of SF. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Science of Science Fiction - Mark Brake

2018-10-02

We are the first generation to live in a science fiction world. Media headlines declare this the age of automation. The TV talks about the coming revolution of the robot, tweets tell tales of jets that will ferry travelers to the edge of space, and social media reports that the first human to live for a thousand years has already been born. The science we do, the movies we watch, and the culture we consume is the stuff of fiction that became fact, the future imagined in our past—the future we now inhabit. The Science of Science Fiction is the story of how science fiction shaped our world. No longer a subculture, science fiction has moved into

the mainstream with the advent of the information age it helped realize. Explore how science fiction has driven science, with topics that include: Guardians of the Galaxy: Is Space Full of Extraterrestrials? Jacking In: Will the Future Be Like Ready Player One? Mad Max: Is Society Running down into Chaos? The Internet: Will Humans Tire of Mere Reality? Blade Runner 2049: When Will We Engineer Human Lookalikes? And many more! This book will open your eyes to the way science fiction helped us dream of things to come, forced us to explore the nature and limits of our own reality, and aided us in building the future we now inhabit.

Stars and Stripes in Peril -

Harry Harrison 2007-12-18

In a war room in Washington, William Tecumseh Sherman and General Robert E. Lee huddle together and plan their next, joint military operation. In the jungles of Mexico, Ulysses S. Grant is locked in brutal combat with the best of the British Army. And in the heart of the new American South a

fragile peace is threatened . . .

In the dazzling alternate history of Harry Harrison, this is the world as it stands in 1863. Just three years before, a titanic Civil War loomed in America. But an incident involving a British ship and two Confederate spies changed everything. As Abraham Lincoln defied Britain's Lord Palmerston, tensions between the two nations boiled over and Her Majesty's Navy unleashed an attack on American soil aimed at bolstering the Confederate cause. The results were catastrophic. A stunned North and South put aside their differences and a new kind of war erupted, with Americans fighting side by side against the British on two fronts: in the South and on the Canadian border. Now, Britain has been defeated and America is struggling to keep its union together until another blow is struck. It comes from Mexico, where elite units of Her Majesty's Army including the famed Gurkha fighters are massing for a possible attack

through Texas. Into the gauntlet Lincoln sends his chosen angel of death, General Grant. But the weary president knows that two centuries of British power will not be ended with a single battle. So his top soldiers, including Lee and Sherman, plan the most daring naval invasion ever launched: an assault on British soil itself. And in a secret that must be protected by an underground army of spies and secret agents, the U.S. will invade the Emerald Isleæto set the Irish free at last. Filled with real characters on both sides of the conflict, Stars and Stripes in Peril is the new masterwork from one of our most provocative authors. Harry Harrison brilliantly examines the machinations that drive our world, the choices that shape the future, and the people and passions that compose nations both great and small. Venturing beyond a fascinating question of what if, Harrison shows how technology and world politics had the power to shape history's first great World Waræhalf a century before it

began.

Harry Harrison! Harry Harrison! - Harry Harrison
2014-11-04

In Harry Harrison! Harry Harrison! are the recollections of one of the grand masters of science fiction, on his storied career as a celebrated author and on his relationships with other luminaries in the field.

Harry Harrison, Science Fiction Collection - Harry

Harrison 2014-07-21

Harry Max Harrison (born Henry Maxwell Dempsey; (1925 -2012) was an American science fiction (SF) author, best known for his character the Stainless Steel Rat and for his novel Make Room! Make Room! (1966). The latter was the rough basis for the motion picture Soylent Green (1973). Harrison was (with Brian Aldiss) the co-president of the Birmingham Science Fiction Group. In this book: Deathworld The Misplaced Battleship Planet of the Damned The Ethical Engineer The Repairman Toy Shop Arm of the Law The K-Factor The Velvet Glove Navy Day Sense of Obligation

Homeworld - Harry Harrison 2012-07-03

Homeworld is written by Harry Harrison who is also the author of Deathworld, Make Room! Make Room! (filmed as Soylent Green), the popular Stainless Steel Rat books, and many other famous works of SF. At the Publisher's request, this title is being sold without

Digital Rights Management Software (DRM) applied.

Skyfall - Harry Harrison 1990-09-15

Prometheus is the largest spacecraft ever built by man. A joint USA-USSR project, the gigantic ship weighs over 20,000 tons--and may be the ultimate solution to the world's energy needs. Like its mythical namesake, who stole fire from the gods and gave it to mankind, Prometheus will capture the energy of the sun and beam it to Earth--unless something goes terribly wrong. An unforeseen accident has stranded Prometheus in a decaying orbit less than a hundred miles above the Earth. Its small, international crew of men and women have a day, maybe less, before they come crashing down with their ship. But there's more at stake than a few astronauts' lives. Prometheus is too immense to burn up in reentry. When it hits, history's greatest endeavor will become the world's biggest bomb. "Harrison wastes little time on anything but down-to-the-wire suspense, but he

provides that in whopping good doses. A shamelessly effective Chicken Little potboiler."-- Kirkus Reviews At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

One Step from Earth - Harry Harrison 1985-09

Nine short stories depict the fantastic adventures of unwitting humans who make use of a remarkable machine to transmit themselves across space and through time

Make Room! Make Room! - Harry Harrison 2008-04

Sometime in a dark future of urban jungles, vast overpopulation, riots, food shortages, and senseless violence, Andy Rusch, a cynical New York City detective, embarks on a desperate hunt for the truth about a killer whom everyone else has forgotten, in a new edition of a classic novel, first published in 1966. Reprint. 20,000 first printing.

The Stainless Steel Rat Wants You! - Harry Harrison 2011-09-29

Slippery Jim di Griz - the Stainless Steel Rat - is still recovering from his efforts to save his beloved Angelina from the notorious Interstellar Internal and External Revenue when he is called upon to perform the impossible. Saving the galaxy. But can he pull it off? The galaxy is being attacked by every kind of alien race - untold billions of tentacled, slimy, green, clawed mutations - and time is running out. Aided and abetted by his wife Angelina and his teenage sons, James and Bolivar, Jim infiltrates the nerve centre of the enemy council chambers. But he hasn't reckoned on the grey men and their commitment to a 'holy crusade' to destroy mankind - permanently!

Planet of No Return - Harry Harrison 1993-11-15

WORLD-SAVING IS HARD WORK. Brion Brandd learned that in Planet of the Damned. Now, in this stunning sequel, he's going to learn that even when it comes to world-saving some jobs are easier than others--because the Planet of

the Damned was a piece of candy compared to what's waiting for him on Planet of No Return. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

One King's Way - Harry Harrison 1996-03-15

A craftsman, visionary, and warrior, Shef has risen from slavery to become king of a mighty Viking nation. But his growing kingdom menaces all of Europe, and he has made many powerful enemies. Chief among his enemies are the Knights of the Lance, a fanatical order of soldiers sworn to bring Shef down, no matter what the cost. To defeat Shef, they will go to extraordinary lengths to find the sacred spear of Christ--and resurrect the Holy Roman Empire. Driven by dreams, Shef battles to change the course of history, but even the gods themselves may be plotting against him.... At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

In Our Hands The Stars - Harry Harrison 2012-07-03

In Our Hands the Stars is written by Harry Harrison who is also the author of Deathworld, Make Room! Make Room! (filmed as Soylent Green), the popular Stainless Steel Rat books, and many other famous works of SF. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Logan's Run - William F. Nolan 2015-07-07

The bestselling dystopian novel that inspired the 1970s science-fiction classic starring Michael York, Jenny Agutter, and Richard Jordan. In 2116, it is against the law to live beyond the age of twenty-one years. When the crystal flower in the palm of your hand turns from red to black, you have reached your Lastday and you must report to a Sleepshop for processing. But the human will to survive is strong—stronger than any mere law. Logan 3 is a Sandman, an enforcer who hunts down those Runners who refuse to accept Deep Sleep.

The day before Logan's palmflower shifts to black, a Runner accidentally reveals that he was racing toward a goal: Sanctuary. With this information driving him forward, Logan 3 assumes the role of the hunted and becomes a Runner.

Make Room! Make Room! -

Harry Harrison 2010-07-01

A detective hunts down a killer in a dystopian, overpopulated NYC in this classic science fiction novel that inspired the film *Soylent Green*. Originally published in 1966, *Make Room! Make Room!* imagines a world at the end of the twentieth century where Earth is so overwhelmed by rampant population growth that it teeters on the edge of self-destruction. In New York City alone, thirty-five million people are squeezed into its packed boroughs, scrambling like rats for the world's dwindling resources. The only food available is a product called soylent. And while the government tries to maintain order, the rich get richer and the poor stay underfoot. Finding

a killer in this broken world is one hell of a job. But that's exactly what Det. Andy Rusch has been assigned to do. If he can stay alive long enough, he might just solve the biggest case he's ever been on—unless humanity finally fulfills its promise and destroys itself first.

[Planet of the Damned](#) - Harry Harrison 2015-10-19

Brion Brandd was chosen for the mission because he was the very best of the best. It is up to him to avert a nuclear war, but even all his training and intelligence might not be enough to save a world. Nothing is as it seems and every action could be his last. This tightly plotted adventure novel was nominated for the prestigious Hugo Award.

Soylent Green - Harry Harrison 2014-01

[A Transatlantic Tunnel, Hurrah!](#)
- Harry Harrison 1991-10-01

[The Stainless Steel Rat Goes To Hell](#) - Harry Harrison
1998-01-15
Slippery Jim diGriz, alias the

Stainless Steel Rat, the galaxy's greatest thief and con artist, returns in his most devilish caper yet. DiGriz is strenuously fighting boredom on a ritzy pleasure planet when his beloved wife disappears while visiting the Temple of Eternal Truth, an enigmatic institution that promises its patrons a sneak peek at Heaven--for a price. Determined to get his wife back, diGriz takes on the Temple. He thinks he's ready for anything, but he never expects to find himself banished to Hell, complete with pointy-tailed devils. Has Divine judgement caught up with the Rat at last? Of course not. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Misplaced Battleship -

Harry Harrison 2021-01-01
The present book 'The Misplaced Battleship' is a science fiction work by American author Harry Harrison. It was first published in the year 1960.

50 in 50 - Harry Harrison
2001-06-02

Presents a retrospective collection of fifty short stories accompanied by notes and introductory material on the author's work.

Deathworld - Harry Harrison
2017-05-02

A gifted gambler fights to survive on a hostile planet in this classic novel from the creator of science fiction antihero the Stainless Steel Rat. The gravity is twice that of Earth. The weather is an unpredictable maelstrom. All species of life, both plant and animal, monstrous and microscopic, are lethal. And the environment is drenched with radioactivity. This is planet Pyrrus, where telepathically gifted gambler Jason diGriz has ended up after scamming a government casino out of a fortune. A small, fortified town stands against the nonstop natural onslaught, and its people are the descendants of hardened survivors. But there are some who exist outside the city—the “grubbers,” humans living in harmony with the nightmarish surroundings who share a mutual hatred with the

technologically superior city dwellers. These people fascinate Jason because they share his psionic abilities. And with their help he soon realizes that Pyrrus is more than just a planet. It's alive. It's intelligent. And it's angry. From the legendary author whose novel *Make Room! Make Room!* was the basis for the film *Soylent Green*, *Deathworld* is "an action story with a built-in mystery" (Analog). This ebook has been professionally proofread to ensure accuracy and readability on all devices.

Captive Universe - Harry Harrison 2011-09-29

The valley was isolated in time and space, a land of barbarous science and human sacrifice. Coatlice the Dreadful stalked the night, her twin serpent heads dealing death to taboo-breakers. Citallatonac the First Priest sacrificed anyone believed to be possessed by the gods. Chimal rebelled: he wanted to escape the atavistic confines of his lost civilisation, to venture into the unknown world beyond the valley, a world of hope, and nightmare,

too.

Deathworld 2: The Ethical Engineer (Illustrated) - Harry Harrison 2020-07-18

Jason is kidnapped by the self-righteous Mikah, who is determined to bring him back to the planet Cassylia, ostensibly to be tried for his various crimes but really (Cassylia does not want Jason returned, since his huge winnings have been spent and the planet has used the incident to promote the "honesty" of its casino) to help Mikah's movement to overthrow the government, which they consider corrupt. Jason forces a crash-landing on a planet where the human population has regressed. The technology is extremely primitive and knowledge is split up among many small clans, each one jealously monopolizing what it knows. Jason uses his ingenuity to survive, trading his knowledge for protection and power in one of these clans. He eventually allies with a clan which has the knowledge of electricity. He creates innovations and

machinery for the clan, in the process devising a crude device that signals his location to a spaceship piloted by his Pyrran girlfriend, Meta.

BIOGRAPHY Harry Max Harrison (1925 - 2012) was an American science fiction author, known, among other, for his character The Stainless Steel Rat and for his novel *Make Room! Make Room!* (1966). The latter was the rough basis for the motion picture *Soylent Green* (1973). Long resident in both Ireland and the United Kingdom, Harrison was involved in the foundation of the Irish Science Fiction Association, and was, with Brian Aldiss, co-president of the Birmingham Science Fiction Group.

journey back in time to capture history in the making. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Stainless Steel Rat - Harry Harrison 2020-07-18
Jim believes he has pulled off a successful bank job, but is out-connected into working for the Special Corps, the elite law-enforcement and spy agency led by the former greatest crook in the Galaxy, Harold P. Inskipp, and composed mostly of ex-criminals like him. He believes he has escaped from the Corps, and meets his love interest, Angelina - also a criminal genius, but lacking in Jim's relatively high moral codes and strictures against killing. She is building an illegal space battleship on an otherwise peaceful planet. Angelina was born unattractive and committed crimes to pay for her transformation into a beautiful woman; her psychological traumas are treated when Jim captures her, but she retains her allure and her criminal tendencies and

joins in the Special Corps as Jim's partner.

New York 1999 - Harry

Harrison 2014-08-28

Glückliches neues Jahrhundert! New York kurz vor der Jahrhundertwende: 35 Millionen Menschen leben in der Stadt, die längst nicht mehr in der Lage ist, alle mit den einfachsten Mitteln zu versorgen. Alle leben auf engstem Raum, Trinkwasser ist rationiert, und echte Nahrung können sich nur die Reichen leisten. Als Billy Chung durch Zufall entdeckt, dass die Alarmanlage der Wohnung von Big Mike, einem Unterweltboss, ausgefallen ist, macht er sich das zunutze und raubt ihn aus. Mike überrascht ihn dabei, Billy tötet ihn. Dem Polizisten Andy Rusch werden die Ermittlungen übertragen, doch sein Arbeitseifer schlägt zunehmend in Besessenheit um ...

leads him to the Holy Grail.

Reprint.

West of Eden - Harry Harrison

2012-07-03

Sixty-five million years ago, a disastrous cataclysm eliminated three quarters of all life on Earth. Overnight, the age of dinosaurs ended. The age of mammals had begun. But what if history had happened differently? What if the reptiles had survived to evolve intelligent life? In West of Eden, bestselling author Harry Harrison has created a rich, dramatic saga of a world where the descendents of the dinosaurs struggled with a clan of humans in a battle for survival. Here is the story of Kerrick, a young hunter who grows to manhood among the dinosaurs, escaping at last to rejoin his own kind. His knowledge of their strange customs makes him the humans' leader...and the dinosaurs' greatest enemy. Rivalling Frank Herbert's Dune in the majesty of its scope and conception, West of Eden is a monumental epic of love and savagery, bravery and hope. At

the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Ethical Engineer - Harry Harrison 2011-09-01
Prolific science fiction dynamo Harry Harrison is perhaps best remembered as the creator of the story upon which the cult classic Soylent Green was based. His popular Deathworld series is also regarded as a masterwork of golden-era science fiction. In the volume *The Ethical Engineer*, which was also published under the title *Deathworld 2*, protagonist Jason dinAlt is kidnapped and

attempts a daring escape
among a primitive civilization
for which time seems to have

run backward.
Plague from Space - Harry
Harrison 1968
