The Writer's Mindset - Lisa Hoeffner
2021

"To become good writers, students must learn more than a writing process: they must develop a writer's mindset-the rhetorical skills to read critically, analyze and synthesize sources, and write with their audiences in mind. How can we help students with the challenges involved in thinking like a writer? By using incremental steps that move from literal thinking to analytical and

critical understanding, The Writer's Mindset makes the development of college-level writing capabilities possible for all students, whatever their level of preparedness. Students are guided to use rhetorical thinking, and in so doing, their ability to emulate the strategies of successful writers develops, and their capacity to use intentional, audience-based strategies in their own writing increases. The Writer's Mindset provides students with tools to transform the way they approach reading, writing, and arguing through five key pillars. Rhetorical Focus All successful writing—from an informative report to an argument—depends on the writer's audience awareness and rhetorical skill. The Writer's Mindset helps students understand and develop the rhetorical

thinking needed for any writing purpose. Incremental Approach The Writer's Mindset breaks down the thinking required to be an effective writer and offers students methods to develop a writer's mindset in incremental steps. Embedded Support The Writer's Mindset helps even struggling students develop high-level reading, writing, and arguing skills by offering extra help for the more difficult topics and tasks. Student Appeal The Writer's Mindset meets students' needs for relevancy and value. The approachable tone, high-interest readings, and reflective writing prompts help students make personal connections with the content. The breadth of coverage allows the text to be used in both semesters of composition, making it a great value. Instructor

Support The Writer's Mindset offers extensive instructor support created by the author, a writing professor with over thirty years' experience, including an annotated instructor's edition; topical PowerPoints; teaching plans for face-to-face courses, online courses, and co-requisite courses; chapter tests; a pre-created Connect course; and much more. The five pillars are supported by McGraw-Hill Connect for Composition. McGraw-Hill Education Connect is a digital assignment and learning platform that strengthens the link between faculty, students, and coursework. With a suite of comprehensive and flexible resources designed to help students meet outcomes in First-Year Composition while reducing instructor workload, Connect Composition includes

SmartBook 2.0, Writing Assignment Premium, Power of Process, Adaptive Learning Assignments, and instructor resources. Rhetorical Focus"--

Communication Research: Asking Questions, Finding Answers - Joann Keyton 2014-02-25

Communication Research: Asking Questions, Finding Answers covers basic research issues and processes, both quantitative and qualitative, appropriate for communication students with little or no previous research methods experience. The text's guiding principle is that methodological choices are made from one's research questions or

hypotheses. This avoids the pitfall in which students learn one methodology or one methodological skill and then force that method to answer all types of questions. Instead of working with one methodology to answer all types of questions, students come away understanding a variety of methods and how to apply them appropriately. Instructors and students can now access their course content through the Connect digital learning platform by purchasing either standalone Connect access or a bundle of print and Connect access. McGraw-Hill Connect® is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription

to Connect includes the following:

- SmartBook® - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content.
- Access to your instructor's homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course.
- Progress dashboards that quickly show how you are performing on your assignments and tips for improvement.
- The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping.

Writing Matters - Rebecca Moore Howard 2009-10

Writing Matters offers writing instructors and students a four-part framework that focuses the rules and conventions of writing through a lens of responsibility, empowering

students to own their ideas and to view their writing as consequential. Writing Matters helps students recognize and respect their role in writing by focusing on four key areas of responsibility: Their responsibility to other writers, to their audience, to their topic, and to themselves. Howard's teaching experience has proven that students are more likely to write effectively and responsibly when they think of themselves as writers rather than as error-makers. Writing Matters addresses students respectfully as mature and capable fellow writers in the research and writing process.
