The Congressional Government - Woodrow Wilson 2018-11-02
This eBook edition of "The Congressional Government" has been formatted to the highest digital standards and adjusted for readability on all devices. The object of this book is to point out the most characteristic practical features of the federal system. Taking Congress as the central and predominant power of the system, its object is to illustrate everything Congressional. Everybody has seen, and critics without number have said, that our form of national government is singular, possessing a character altogether its own; but there is abundant evidence that very few have seen just wherein it differs most essentially from the other governments of the world. There have been and are other federal systems quite similar, and scarcely any

legislative or administrative principle of our Constitution was young even when that Constitution was framed. As a Man Thinketh - Associate Professor of Philosophy James Allen 2011-07

James Allen's classic *AS A MAN THINKETH*. The Bestselling Classic That Inspired "The Secret". *AS A MAN THINKETH*, Allen's most famous book, today is considered a classic self-help book. Its underlying premise is that noble thoughts make a noble person, while lowly thoughts make a miserable person. In "As a Man Thinketh," James Allen reveals how our thoughts determine reality. Whether or not we are conscious of it, our underlying beliefs shape our character, our health and appearance, our circumstances, and our destinies. Allen shows how we can master our thoughts to create the life we want, lest we drift through life unconscious of the inner forces that keep us mired in failure and frustration. "The Vision that you glorify in your mind, the Ideal that you enthrone in your heart—this you will build your life by, this you will become." This principle, which others have called *THE SECRET* or the *LAW OF ATTRACTION*, was clearly and convincingly stated for the first time in "As a Man Thinketh." As a being of Power, Intelligence, and Love, and the lord of his own thoughts, man holds the key to every situation, and contains within himself that transforming and regenerative agency by which he may make himself what he wills.
