International Retail Marketing - Christopher Moore 2007-03-30

International Retail Marketing combines a broad thematic overview of the key issues concerning international retail marketing with a series of incisive cases and examples of industry practice from markedly different sectors as fashion, food and healthcare. The authors provide an accessible and wide-ranging outline of the fundamentals of the subject, such as trends in retail marketing, strategy and logistics, and buying and merchandise management within an international perspective. Contributions from Europe, North America and Asia show the dynamics affecting international retailing through a variety of case. Key discussion points are highlighted throughout the text, giving a hands-on focus.

Markets, Ethics, and Business Ethics - Steve Scalet 2014

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Promotes a deeper understanding of markets, corporate responsibility and business ethics **Markets, Ethics, and Business Ethics** provides an introductory discussion on basic, challenging concepts of business ethics: markets, property rights, law, and corporations. This title presents a balance of institutional perspectives and the concrete decisions people make within those institutions. The text studies the rules and incentives of a business system as well as the ethical decisions that people confront within their roles as consumers, investors, managers, owners, employees, and citizens.

Cengage Advantage Books: Business Ethics: A Textbook with Cases - William H. Shaw 2010-01-25

Moral Issues in Business 12e - William Shaw 2012-01-01

Justice and Economic Distribution - John Arthur 1991

This in-depth examination of the major theories of economic justice focuses on the central question: What should the economic distribution of goods and services be based on?

The Moral Life - Louis P. Pojman 2007

Featuring new selections chosen by coeditor Lewis Vaughn, the third edition of Louis P. Pojman's **The Moral Life: An Introductory Reader in Ethics and Literature** brings together an extensive and varied collection of ninety-one classical and contemporary readings on ethical theory and practice. Integrating literature with philosophy in an innovative way, the book uses literary works to enliven and make concrete the ethical theory or applied issues addressed in each chapter. Literary works by Camus, Hawthorne, Hugo, Huxley, Ibsen, Le Guin, Melville, Orwell, Styron, Tolstoy, and many others lead students into such philosophical concepts and issues as relativism; utilitarianism; virtue ethics; the meaning of life; freedom and autonomy; sex, love, and marriage; animal rights; and terrorism. Once introduced, these topics are developed further through readings by philosophers including Plato, Aristotle, Kant, Nozick, Singer, and Sartre. This unique anthology emphasizes the personal dimension of ethics, which is often ignored or minimized in ethics texts. It also incorporates chapter introductions, study questions, suggestions for further reading, and biographical sketches of the writers. The third edition brings the collection up-to-date, adding selections by Jane English, William Frankena, Don Marquis, John Stuart Mill, Mary Midgley, Thomas Nagel, Judith Jarvis Thomson, and J.O. Urmson. It also features a new chapter on euthanasia with essays by Dan W. Brock, J. Gay-Williams, and James Rachels. Ideal for introductory ethics courses, **The Moral Life**, Third Edition, also provides an engaging gateway into personal and social ethics for general readers

Ethics in Practice - Hugh LaFollette 2002-02-25

Ethics in Practice, Second Edition is a comprehensive collection of more than 60 new, newly-revised, and classic essays on fourteen contemporary moral questions. Though the selection of essays, organization of sections, and incisive general and section introductions, this book integrates ethical theory and the discussion of practical moral problems. Visit the volume's web page at: <http://www.stpt.usf.edu/hhl/papers/ethics.in.practice.2nd.htm> Further web resources for the volume can be found here: [http://www.stpt.usf.edu/hhl/eip/Ethical Issues in Business](http://www.stpt.usf.edu/hhl/eip/Ethical%20Issues%20in%20Business) - Thomas Donaldson 1983

Business Ethics in Theory and Practice - Patricia Werhane 2013-04-17

This book originated in a symposium on business ethics that took place in the Faculty of Commerce at the University of Canterbury in September of 1997. Professor Werhane, who was a visiting Erskine Fellow, provided the keynote address, and many of the papers in this collection were originally presented at this symposium. We are grateful to Kluwer Publishers for the opportunity to publish these essays in their series on International Business Ethics. We want to thank the Olsson Center for Applied Ethics at the Darden School, University of Virginia, and the Erskine Trust and the Department of Management at the University of Canterbury for their support of Professor Werhane's fellowship, research for this text, and funding for its production. We especially want to thank Lisa Spiro, who copy-edited and prepared the manuscript for publication. INTRODUCTION AND OVERVIEW This book originated in a symposium on business ethics that took place in the faculty of commerce, at the University of Canterbury, in September 1997. Professor Werhane, who was a visiting Erskine Fellow, provided the keynote address. Contributions to the proceedings were. inter-disciplinary, spanning theory and practice. Subsequent contributions were obtained from within New Zealand and from Asia. The book starts off on rather a pessimistic note: the new managerialism (the kind of thing Scott Adams jokes about in the world-famous Dilbert cartoons) is economically suspect and psychologically damaging.

Moral Issues in Business - William H. Shaw 2010

With new introductions, cases, and readings, this edition presents ethical insights and thinking with respect to events in American and international businesses.

Honest Work - Joanne B. Ciulla 2011

Honest Work: A Business Ethics Reader, now includes 103 readings and 80 cases on such classic topics as honesty and trust in the workplace, whistleblowing, product liability, finance ethics, and conflicts of interest, along with more cutting edge subjects including environmental ethics and ethics and technology. The text was revised in the midst of the worst global financial crisis since the Great Depression, which reaffirms the convictions that led the authors to develop this text: first, that business ethics is primarily about the ethics of individuals; second, that business itself is a morally sensitive endeavor as it directly or indirectly harms or benefits other people. Honest Work assumes that the goal of a business ethics course is to help students become successful as human beings so that they can go on to invent, run, and rebuild sustainable businesses. Unlike most texts, it brings ethical questions back to the reader, and challenges students to think about the relationship between the way they do business and the kind of life they want to live. questions, and suggested readings and web links. An Instructor's Manual with Test Bank is available to adopters.

Business Ethics: A Textbook with Cases - William H. Shaw 2016-01-01

BUSINESS ETHICS, 9th Edition is a comprehensive and practical guide that will help you with real life ethical issues that rise in the business world. It will assist you through the process of developing the critical thinking and analytical skills needed to successfully navigate the unique set of problems that emerge when ethics and commerce collide. This book focuses on key ethical concepts and emphasizes the real world importance of critical topics such as the nature of morality, major theories of ethics and economic justice, and competing views of capitalism and corporate responsibility. It is thorough, flexible, and designed to bolster student involvement with the material for better comprehension and understanding. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Ethics at Work - William H. Shaw 2003

Suitable for students on business ethics, business and society, or applied ethics courses, this work brings together eleven essays by prominent authors. It features work in the field and addresses important and provocative issues. The essays represent diverse ethical and philosophical orientations and have been

edited and abridged to make them more accessible to students.

Social and Personal Ethics - William H. Shaw 1996

provides students with a sound introduction to contemporary ethics. It combines well-established classical readings with new, previously unreleased essays by modern philosophers. Contains an opening section on ethical theory.

Doing Well and Good - Julian Friedland 2009-06-01

Ethical business creates social value. That's the theme of this bold new volume, heralding and defending this rapidly-growing new conception of capitalism making its way into the mainstream. It provides clear and succinct guidelines for how to evaluate what counts as an ethical business as well as how and why ethical businesses tend to succeed better over the long term. The book is jargon-free and targeted primarily at thought leaders and academics in business and philosophy who will want to use it in their business ethics classes. Each chapter has been selected for its ability to engage a wide audience without oversimplifying the content. All twelve chapters are original and authored by leading business ethicists including William Shaw, Tony Simons, Duane Windsor, and Mark Schwartz. Each piece makes use of recent empirical evidence or ethical theory (or both) in order to present a detailed yet overarching picture of what ethical business looks like--and how to achieve it--in today's global environment. It is thus divided into three subsections: 1. The Role of Corporate Culture 2. A New For-Profit Paradigm 3. Making the Change Happen: Voluntary and Regulatory Examples Perhaps the book's greatest strength is its blending of cutting-edge philosophy, psychology, and management theory into a cohesive, provocative, and accessible format. Hence, it promises to launch a wide discussion of what exactly we should expect the moral duty of business to be.

Business Ethics - J. S. Nelson 2022

An authoritative and practical guide to business ethics, written in an accessible-question-and answer format In today's turbulent business climate, business ethics are more important than ever. Surveys of employees show that misconduct is on the rise. Cover stories reporting indictments, prosecutions, and penalties imposed for unethical business conduct appear almost daily. Legislatures pass requirements elevating the levels of punishment and their enforcement against corporations and individuals. Organizations face pressure to design and implement effective ethics and compliance programs. As a result, businesses and businesspeople are increasingly worried that their conduct might cross lines that put their wealth and reputations at risk. *Business Ethics: What Everyone Needs to Know (R)* explains what those lines are, how not to cross them, and what to do when they are crossed. Written for both businesspeople facing real-life dilemmas and students studying ethical questions, this succinct book uniquely surveys materials from moral philosophy, behavioral science, and corporate law, and shares practical advice. Experts J.S. Nelson and Lynn A. Stout cover a wide array of essential topics including the legal status of corporations, major ethical traps in modern business, negotiations, whistleblowing and liability, and best practices. Written in a short question-and-answer style, this resource provides engaging and readable introductions to the basic principles of business ethics, and an invaluable guide for dealing with ethical dilemmas.

Moral Issues in Business [instructor's Edition] - William H. Shaw 2007

Business Ethics - William Shaw 2007-03-30

Combining engaging discussions and stimulating case studies, *BUSINESS ETHICS* brings you a comprehensive survey of business ethics that will guide you toward becoming an ethical professional-even if you've never studied philosophy before. Rich with real-world examples and introductions, the text introduces you to important philosophical concepts and principles via a range of perspectives that will help you begin to grapple with the compelling theoretical and practical issues of the evolving commercial landscape. In addition, this edition of the text features an updated two-color design and new pedagogical features. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Social and Personal Ethics - William H. Shaw 2011

An introduction to ethical theory and issues, composed of 52 classic and

contemporary articles and 3 case studies.

Ethical Issues in Business - Peg Tittle 2000-04-13

The core of this text comprises chapters on all the key issues of business in Canada today. Each chapter includes a hypothetical case study and an introduction highlighting key ethical points; two academic essays; and a real-life case study. Questions for discussion accompany the essays and case studies. The author has also included a general introduction to ethical issues and an overview of ethical theory; a section on institutionalizing ethics (discussing ethics officers/programs/codes etc.); and appendices providing excerpts from important classic contributions to ethical theory and from relevant Canadian law.

New Perspectives Microsoft Office 365 & Excel 2019 Comprehensive - Patrick Carey 2019-07-30

Develop the Microsoft Office 365 and Excel 2019 skills students need to be successful in college and beyond with the emphasis on critical-thinking, problem-solving, and in-depth coverage found in *NEW PERSPECTIVES MICROSOFT OFFICE 365 & EXCEL 2019 COMPREHENSIVE*. Updated with all-new case scenarios, this edition clearly applies the skills students are learning to real-world situations to make concepts even more relevant across the applications and reinforces critical skills to make them successful in their educational and professional careers. *NEW PERSPECTIVES MICROSOFT OFFICE 365 & EXCEL 2019 COMPREHENSIVE* demonstrates the importance of what students are learning while strengthening your skills and helping students transfer those skills to other applications and disciplines for further success. In addition, MindTap and updated SAM (Skills Assessment Manager) online resources are available to guide additional study and ensure successful results. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Ethics on the Job: Cases and Strategies - Raymond S. Pfeiffer 2012-12-13

ETHICS ON THE JOB guides the reader through a step-by-step analysis to help them make good decisions in the face of ethical conflict. With the *RESOLVEDD* strategy, the authors have devised a powerful system for ethical decision-making in the workplace, which they teach students to implement through timely case studies and detailed analyses. Students develop a working grasp of important philosophical principles and their application in ethical conflicts, and learn to apply the *RESOLVEDD* strategy to ethical issues in their own lives. A classic text in ethical decision-making, *ETHICS ON THE JOB* is widely used in business ethics classes and corporate training programs across the country. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Business Ethics Through Movies - Wanda Teays 2015-06-15

Business Ethics Through Movies: A Case Study Approach examines a wide range of ethical dilemmas, principles and moral reasoning that arise in contemporary business through a series of popular films and real-world case studies. Engages readers in learning about ethical theory by using movies and both national and international case studies in business as the vehicle for analysis and reflection Facilitates comprehension of ethical issues by showing how characters in films confront issues, make choices, and face the consequences Draws from a variety of actual cases in *Business Ethics* – from the 1982 Tylenol poisoning and the 1989 Exxon Valdez disaster to recent examples such as the Foster Farms salmonella outbreak and the chemical spill in West Virginia Reveals the important role that ethics plays in setting the moral foundation of a business or corporation Develops critical thinking skills through applying analytical checklists to ethical dilemmas raised in films and in actual cases in *Business Ethics*

Readings in the Philosophy of Law - John Arthur 2001

For sophomore/junior courses in Philosophy of Law. This anthology of classical and contemporary philosophical and legal essays and legal cases focuses on legal philosophy as its own subject rather than as an outgrowth of social or political philosophy or applied ethics. The essays focus on how law is organized and the particular philosophical issues that law raises. The book requires students to think through actual debates many of them still live in

the courts.

Contemporary Ethics - William Shaw 1999-01-14

Aimed at undergraduates, Contemporary Ethics presupposes little or no familiarity with ethics and is written in a clear and engaging style. It provides students with a sympathetic but critical guide to utilitarianism, explaining its different forms and exploring the debates it has spawned. The book leads students through a number of current issues in contemporary ethics that are connected to controversies over and within utilitarianism. At the same time, it uses utilitarianism to introduce students to ethics as a subject. In these ways, the book is not only a guide to utilitarianism, but also an introduction to some standard problems of ethics and to several important topics in contemporary ethical theory.

Utilitarianism and the Ethics of War - William H. Shaw 2016-02-15

This book offers a detailed utilitarian analysis of the ethical issues involved in war. Utilitarianism and the Ethics of War addresses the two basic ethical questions posed by war: when, if ever, are we morally justified in waging war, and if recourse to arms is warranted, how are we permitted to fight the wars we wage? In addition, it deals with the challenge that realism and relativism raise for the ethical discussion of war, and with the duties of military personnel and the moral challenges they can face. In tackling these

matters, the book covers a wide range of topics—from pacifism to armed humanitarian intervention, from the right of national defense to pre-emptive or preventive war, from civilian immunity to the tenets of just war theory and the moral underpinnings of the rules of war. But, what is distinctive about this book is that it provides a consistent and thorough-going utilitarian or consequentialist treatment of the fundamental normative issues that war occasions. Although it goes against the tide of recent work in the field, a utilitarian approach to the ethics of war illuminates old questions in new ways by showing how a concern for well-being and the consequences of our actions and policies shape the moral constraints to which states and other actors must adhere. This book will be of much interest to students of the ethics of war, just war theory, moral philosophy, war and conflict studies and IR.

Moral Issues in Business - William H. Shaw 2020

Ethics for the Professions - John Rowan 2003

This new text provides students with the tools necessary to make ethically sound decisions in the professions they choose for themselves. The text combines lucid explanations of leading philosophical moral theories with detailed discussion of how those theories are to be applied. Each chapter concludes with short cases and questions to engage students in solving perplexing professional ethics issues.

- Associate Professor of

Economics Francesco Farina 1996

The connection between economics and ethics is as old as economics itself, and central to both disciplines. The essays included in the present volume provide an analysis of the connections between ethics and economics as viewed from several different - oft
