Mesob Across America - Harry Kroman
2010-10-04
How old is Ethiopian cuisine and the

unique way of eating it? Ethiopians proudly say their cuisine goes back 3,000 to 5,000 years. Archaeologists

and historians now believe it emerged in the first millennium A.D. in Aksum, an ancient kingdom that occupied what's now the northern region of Ethiopia and the southern region of neighboring Eritrea. But regardless of when Ethiopians began to eat spicy wots atop the spongy flatbread injera, or when they first drank the intoxicating honey wine called tej, their cuisine remains unique in the world. Mesob Across America: Ethiopian Food in the U.S.A. brings together what respected scholars and passionate Ethiopians know and believe about this delectable cuisine. From the ingredients of the Ethiopian kitchen the foods, the spices, and the ways of combining them to a close-up look at the cuisines history and culture, Mesob Across America is both

comprehensive and anecdotal. Explore the history of how restaurant communities emerged in the U.S., and visit them as they exist today. Learn how to prepare a five-course Ethiopian meal, including homemade tej. And solve the mystery of when Ethiopian food made its debut in America which was not when most Ethiopians think it did.

Haile Selassie's War - Anthony Mockler 2003

First published in 1984, this revised edition of Mockler's acclaimed history contains a new foreword by the author. This paper provides details of Public Expenditure and Financial Accountability (PEFA) Assessment report for Niger. The measurement of the public financial management performance indicators shows that progress has been insignificant. Reform programs in progress in the area of oversight and external auditing are moving ahead; as this trend continues, the progress will be reflected in the scores of subsequent assessments. However, the progress of the external audit will continue to depend on positive trends in the area of accounting, information recording, and financial reporting.

Media and Politics - Bettina Mottura 2018-04-18

Media and politics have always been mutually influential. The media plays an important political role of its own in promoting and discussing policies, as well as conveying representations of power and ideology. On the other hand, media outlets are themselves subject to political forces that have an impact on their editorial line. This mutual influence comes to light not only in journalistic practices, but also in how news is constructed and conveyed. This volume explores the relations between politics and various types of media as expressed in different areas of the world, namely Europe, Asia,

the Americas, and the Middle East. Such a complex landscape calls for a multiplicity of analytical tools and cannot ignore specific socio-political, geographic, linguistic, and cultural contexts which may be overlooked when approached from a global perspective. In this volume, a combination of senior scholars and young experts from a wide range of disciplines, such as discourse analysis, international relations, and cultural studies, come together in a conversation which recognizes the media as a global phenomenon without neglecting its local specificities.

Historical Dictionary of Ethiopia -
Thomas P. Ofcansky 2004-03-29

Ethiopia is one of the world's oldest countries; its Rift Valley may be the location where the ancestors of humankind originated more than four million years ago. With a population of 67 million people today, it is the third most populous country on the African continent after Nigeria and Egypt. It is the source of 86 percent of the water reaching the Aswan Dam

in Egypt, most of it carried by the amazing Blue Nile. Ethiopia offers major historical sites such as the pre-Christian palace at Yeha, the stele and tombs of the old Kingdom of Axum, and the rock-carved churches of Lalibela. For anyone interested in Ethiopia, this historical dictionary, through its individual and carefully cross-referenced entries, captures the importance and intrigue of this truly significant African nation. Historical Dictionary of Ethiopia appeals to all levels of readers, providing entries for each of Ethiopia's 85 ethnic groups and covering a broad range of cultural, political, and economic topics. Readers interested in the cultural aspects or who are planning to visit Ethiopia will find a wealth of entries on art, literature,

handicrafts, music, dance, bird life, geography, and historic tourist sites. Practitioners in government and non-governmental organizations will find entries on pressing economic, social, and political issues such as HIV/AIDS, female circumcision, debt, human rights, and the environment. The important historical role of missionaries and the combination of conflict and cooperation between Christians and Muslims in the region are also issues reviewed. And, finally, many of the entries highlight relations between Ethiopia and her neighbors-Eritrea, Somalia, Somaliland, Djibouti, Kenya, and Sudan. In the bibliography, considerable emphasis has been placed on including both new and old materials covering all facets of Ethiopia, organized for easy

identification by areas of major interest.

Ethiopia Through Russian Eyes - Aleksandr Ksaver'evich Bulatovich
2000

Translated into English by Richard Seltzer, this is a compilation of two books originally published in Russian. The first, From Entotto to

the River Baro, was first published in 1897 and consists of two short journals of expeditions in Ethiopia from 1896-1897, plus a series of essays which cover history, culture, beliefs, languages, government, the military and commerce. The second, With the Armies of Menelik II, is a journal of Bulatovich's second trip to Ethiopia from 1887 to 1898, during which time he served as an advisor to the army of Ras Wolde Giyorgis.'

Land Rights and Expropriation in Ethiopia - Daniel W. Ambaye
2015-02-13

This thesis provides a new approach to the Ethiopian Land Law debate. The basic argument made in this thesis is that even if the Ethiopian Constitution provides and guarantees common ownership of land (together with the state) to the people, this

right has not been fully realized whether in terms of land accessibility, enjoyability, and payment of fair compensation in the event of expropriation. Expropriation is an inherent power of the state to acquire land for public purpose activities. It is an important development tool in a country such as Ethiopia where expropriation remains the only method to acquire land. Furthermore, the two preconditions of payment of fair compensation and existence of public purpose justifications are not strictly followed in Ethiopia. The state remains the sole beneficiary of the process by capturing the full profit of land value, while paying inadequate compensation to those who cede their land by expropriation. Secondly, the broader public purpose

power of the state in expropriating the land for unlimited activities puts the property owners under imminent risk of expropriation.

Medieval Ethiopian Kingship, Craft, and Diplomacy with Latin Europe -

Verena Krebs 2021-05-01

This book explores why Ethiopian kings pursued long-distance diplomatic contacts with Latin Europe in the late Middle Ages. It traces the history of more than a dozen embassies dispatched to the Latin West by the kings of Solomonic Ethiopia, a powerful Christian kingdom in the medieval Horn of Africa. Drawing on sources from Europe, Ethiopia, and Egypt, it examines the Ethiopian kings' motivations for sending out their missions in the fifteenth and early sixteenth centuries – and argues that a desire to acquire religious treasures and foreign artisans drove this early intercontinental

diplomacy. Moreover, the Ethiopian initiation of contacts with the distant Christian sphere of Latin Europe appears to have been intimately connected to a local political agenda of building monumental ecclesiastical architecture in the North-East African highlands, and asserted the Ethiopian rulers' claim of universal kingship and rightful descent from the biblical king Solomon. Shedding new light on the self-identity of a late medieval African dynasty at the height of its power, this book challenges conventional narratives of African-European encounters on the eve of the so-called 'Age of Exploration'.

The Battle of Adwa - Paulos Milkias
2005

Ethiopia trounced the Italians in 1896 in the greatest African victory over Europe since Hannibal, but failed to prevent the loss of Eritrea. The event was a powerful constitutive force in the rise of modern Africa and pan-Africanism and resounds in the shared memory of Africans and Black Americans even today.

Principles and Recommendations for Population and Housing Censuses - United Nations. Statistical Division
2008

The population and housing census is part of an integrated national statistical system, which may include

other censuses (for example, agriculture), surveys, registers and administrative files. It provides, at regular intervals, the benchmark for population count at national and local levels. For small geographical areas or sub-populations, it may represent the only source of information for certain social, demographic and economic characteristics. For many countries the census also provides a solid framework to develop sampling frames. This publication represents one of the pillars for data collection on the number and characteristics of the population of a country.

The production and distribution of film and audiovisual works is one of the most dynamic growth sectors in the world. Thanks to digital technologies, production has been growing rapidly in Africa in recent years. For the first time, a complete mapping of the film and audiovisual industry in 54 States of the African continent is available, including quantitative and qualitative data and an analysis of their strengths and weaknesses at the continental and regional levels. The report proposes strategic recommendations for the development of the film and audiovisual sectors in Africa and invites policymakers, professional organizations, firms, filmmakers and artists to implement them in a

concerted manner.

The Battle of Adwa - Raymond Jonas
2011-11-29

In 1896 a massive Ethiopian army routed an invading Italian force and brought Italy's conquest of Africa to an end. In defending its independence, Ethiopia cast doubt on the assumption that all Africans would fall under the rule of Europeans, and opened a breach that would lead to the continent's painful struggle for freedom from colonial rule.

Eritrea and Ethiopia - Tekeste Negash 1997

This book examines the rise and fall of the Ethio-Eritrean federation which existed from 1952 to 1962. The author argues that the federation was abolished by Eritrean social and political forces rather than by Ethiopia. The UN imposed federation and its constitution was doomed to fail, as these were foreign to Eritrean and Ethiopian conceptions of power.

Local Government in Ethiopia - Zemlak Ayitew Ayele 2014

This study inquires into whether the regional states are discharging their constitutional obligation of creating adequately empowered local government. It will attempt to do so

by examining the decentralisation programme of four of the nine regional states of the Ethiopian federation.

An Introduction to the Medical History of Ethiopia - Richard Pankhurst 1990

The Addis Ababa Massacre - Ian Campbell 2017-08-15

In February 1937, following an abortive attack by a handful of insurgents on Mussolini's High Command in Italian-occupied Ethiopia, 'repression squads' of armed Blackshirts and Fascist civilians were unleashed on the defenseless residents of Addis Ababa. In three terror-filled days and nights of arson, murder and looting, thousands of innocent and unsuspecting men, women and children were roasted

alive, shot, bludgeoned, stabbed to death, or blown to pieces with hand-grenades. Meanwhile the notorious Viceroy Rodolfo Graziani, infamous for his atrocities in Libya, took the opportunity to add to the carnage by eliminating the intelligentsia and nobility of the ancient Ethiopian empire in a pogrom that swept across the land. In a richly illustrated and ground-breaking work backed up by meticulous and scholarly research,

Ian Campbell reconstructs and analyses one of Fascist Italy's least known atrocities, which he estimates eliminated 19-20 per cent of the capital's population. He exposes the hitherto little known cover-up conducted at the highest levels of the British government, which enabled the facts of one of the most hideous civilian massacres of all time to be concealed, and the perpetrators to walk free.
