New Headway, Elementary -

Liz Soars 2009-09-25

New Headway iTools makes it easy to use interactive whiteboards and digital technology with Headway. Everything about these resources is user-friendly and supportive - and here's why. First, you don't need any special equipment. Just use what you already have in the school - an interactive whiteboard, a computer, a data projector, an ebeam. New Headway iTools works on all of these, and it doesn't matter which brand of whiteboard you have. Second, you get a full-colour Teacher's Guide in the pack. This shows you when and how to use the activities in the lesson, and includes whiteboard tips so you're never without support. The Guide also appears on the disc, for easy access during the lesson. New Headway iTools saves you time, too. How? Pre-selection ... the activities on the disc are pre-selected from the Student's Book.

This means you don't need to go through the book deciding which activities are most suitable for the interactive whiteboard - they've already been researched and chosen for that very reason. Just go ahead and use them in class, with confidence.

**Culture and Identity
through English as a
Lingua Franca** - Will Baker
2015-07-01

The use of English as a
global lingua franca has
given rise to new challenges
and approaches in our
understanding of language
and communication. One
area where ELF (English as a
lingua franca) studies, both
from an empirical and
theoretical orientation, have
the potential for significant

developments is in our
understanding of the
relationships between
language, culture and
identity. ELF challenges
traditional assumptions
concerning the purported
'inexorable' link between a
language and a culture. Due
to the multitude of users
and contexts of ELF
communication the
supposed language, culture
and identity correlation,
often conceived at the
national level, appears
simplistic and naïve.
However, it is equally naïve
to assume that ELF is a
culturally and identity
neutral form of
communication. All
communication involves
participants, purposes,
contexts and histories, none
of which are 'neutral'. Thus,
we need new approaches to
understanding the
relationship between
language, culture and
identity which are able to
account for the multifarious
and dynamic nature of ELF
communication.
