New Headway, Elementary - Liz Soars 2009-09-25

New Headway iTools makes it easy to use interactive whiteboards and digital technology with Headway. Everything about these resources is user-friendly and supportive - and here's why. First, you don't need any special equipment. Just use what you already have in the school - an interactive whiteboard, a computer, a data projector, an ebeam. New Headway iTools works on all of these, and it doesn't matter which brand of whiteboard you have. Second, you get a full-colour Teacher's Guide in the pack. This shows you when and how to use the activities in the lesson, and includes whiteboard tips so you're never without support. The Guide also appears on the disc, for easy access during the lesson. New Headway iTools saves you time, too. How? Pre-selection ... the activities on the disc are pre-selected from the Student's Book. This means you don't need to go through the book deciding which activities are most suitable for the interactive whiteboard - they've already been researched and chosen for that very reason. Just go ahead and use them in class, with confidence.

This edited volume provides detailed analyses of multifunctional forms in English and offers hands-on approaches exemplifying relevant implications and useful applications to language and literacy educators in TESOL, ESL/EFL/EAL and research students in applied linguistics and education. The chapters cover: the multifunctionality of utterances in spoken and multimodal corpora, the multifunctionality of linguistic creativity in different genres, multifunctional pronouns in hard and soft sciences, and professional discourse in the university and secondary school contexts. The volume also offers a comparison of the multifunctionality of verbs between ESL textbooks, native written and spoken English corpora, and between ESL and L1 university students in writing a particular genre; comparisons of the multifunctionality of discourse markers between different registers and between L1 and L2 English speakers, as well as multifunctional metadiscourse markers in different disciplines and paradigms. With detailed analysis of authentic corpus data representing different varieties of English, specialised use in different contexts and disciplines and practical teaching and learning applications, the volume bridges theory and practice, providing a creatively designed resource for students, educators and researchers looking to understand multifunctional forms in English.

New Headway english course upper-intermediate. - Liz Soars 2000

New Headway English Course takes the successful Headway series into an exciting new era. It introduces new features to challenge adult and young adult students and ensure that learning English is interesting and motivating. The course combines the best of traditional methods with more recent approaches, to help students use English both accurately and fluently. Learners at the upper-intermediate level require a different approach. It is no longer appropriate to examine language items in isolation. In New Headway Upper-intermediate, grammatical areas are treated in greater depth so that students begin to perceive the systems that underlie the language. This new upper-intermediate course provides around 120 hours of language learning. It follows on from New Headway Intermediate, and together with Headway Elementary, Headway Pre-intermediate, and Headway Advanced, provides a fully comprehensive language teaching series. Key features:

- New, universal topics selected from a wide variety of sources, including authentic listening texts.
- In-depth treatment of grammar: Each unit starts with a Test your grammar section, followed by Language in context, where students work out rules through Grammar questions. The Practice Bank provides a choice of wide-ranging exercises and the Grammar Reference gives detailed rules of form and use.
- The grammar of spoken English is examined, with work on areas such as being polite, linking and commenting adverbs, exaggeration and understatement, and lexis in discourse.
- Thorough skills syllabus: All four skills are developed systematically and integrated through related tasks.
- Well-defined lexical syllabus with work on systems such as collocation, binomials, homonyms, and compounds.
- Pronunciation practice is integrated at appropriate points throughout the units.
- Everyday English is practised in the Postscript section. In addition to the Student's Book, there is a Teacher's Book with extra photocopiable activities, two Class Cassettes, a Workbook, and an optional Workbook Cassette. This level is supplemented by Headway Upper-intermediate Video and New Headway Upper-intermediate Pronunciation.
