Boy Meets Girl - Joshua Harris 2009-10-07

Purpose Driven Romance The last thing singles want is more rules. But if you're looking for an intentional, God-pleasing game plan for finding a future spouse, Joshua Harris delivers an appealing one. A compelling new foreword, an all-new "8 Great Courtship Conversations" section, and updated material throughout makes this five-year revision of the original Boy Meets Girl a must-have! Harris illustrates how biblical courtship—a healthy, joyous alternative to recreational dating—worked for him and his wife. Boy Meets Girl presents an inspiring, practical example for readers wanting to pursue the possibility of marriage with someone they may be serious about. Are you ready for "romance with purpose"? If you're fed up with self-centered relationships that end in disillusionment, it's time to rethink romance. Finding the loving, committed relationship you want shouldn't mean throwing away your hopes, your integrity, or your heart. In Boy Meets Girl, Joshua Harris—the guy who kissed dating goodbye—makes the case for courtship. As old-fashioned as it might sound, courtship is what modern day relationships desperately need. Think of it as romance chaperoned by wisdom, cared for by community, and directed by God's Word. Filled with inspiring stories from men and women who have rediscovered courtship, Boy Meets Girl is honest, romantic, and refreshingly biblical. Keep God at the center of your relationship as you discover how to:

- Set a clear course for your romance
- Get closer without compromise
- Find support in a caring community
- Deal with past sexual sin
- Make the right decisions about your future

New! Courtship Conversations Eight ideas for great dates that will help grow and guide your relationship. Story Behind the Book "I wrote I Kissed Dating Goodbye to challenge singles to drop the worldly approach to serial dating and reconsider the way they pursued romance in light of God's Word. Since then, I've received letters asking questions like, So, what comes between friendship and marriage? and, How can you know when you are ready for marriage? Boy Meets Girl answers those questions. Now as a happily married man I can look back on my courtship with Shannon and see from personal experience that God is faithful. If you trust Him enough to wait on romance in dating, He will lovingly guide you as you pursue it in courtship...right to that wonderful moment when you kneel together at the altar." — Joshua Harris

An Art of Living - André Maurois 2007

A new translation by Sergio E. Serrano of this inspirational book containing sound advice on the art of living by the French historian, biographer, and philosopher, Andr Maurois (1885 - 1967), who was one of the most celebrated and prolific French writers of the 20th century. Timeless wisdom and advice on the art of living for today's young and old: The art of thinking; the art of loving; the art of working; the art of leadership; the art of growing old. Maurois speaks to the soul of the reader. The principles he conveys remain as valid and as useful in the 21st century as they were in the 20th. According to Maurois, our lives are works of art, expressions of inner beauty, conceived and created by our inner selves, tested by the circumstances and experiences of life,

perfected and modified by the learning and growth resulting from these experiences. Maurois accurately predicted: the ultimate failure of all social revolutions; the necessity of slow change in human customs and attitudes as a key to lasting changes; the technological development and implementation of robots in large assembly lines; the constant distraction with technology and its harmful effects to the mind, the emotions, and relationships; the characteristics of a reasonable and effective government; the inner virtues to cultivate in order to successfully overcome the adversities of life; the qualities to seek in order to maintain stable, loving, relationships; the attributes to encourage as an effective manager; the essentials by which to plan a long and enjoyable retirement; the principles behind an effective educational system. An Art of Living remained out of print for several decades. This new translation resurrects this little treasure of a book for the English readers of today; it remains faithful to the original French edition and to the style of the author.
