Essentials of Organizational Behavior - Stephen P. Robbins 2012

Essentials of Organizational Behavior - Stephen P. Robbins 2021

"This book was created as an alternative to the 600- or 700-page comprehensive text in organizational behavior (OB). It attempts to provide balanced coverage of all the key elements comprising the discipline of OB in a style that readers will find both

informative and interesting. We're pleased to say that this text has achieved a wide following in short courses and executive programs as well as in traditional courses as a companion volume to experiential, skill development, case, and readings books. It is currently used at more than 500 colleges and universities in the United States, Canada, Latin America, Europe, Australia, and Asia. It's also been translated into Spanish, Portuguese, Japanese, Chinese, Dutch, Polish, Turkish, Danish, and Bahasa Indonesian"--

Organizational Behavior - Fred Luthans 2011

Organisational Behavior by Fred Luthans was one of the first mainstream organisational behavior texts on the market and continues the tradition of being the most current and up-to-date researched text today. Well-known author Fred Luthans is the 5th most prolific Publisher in Academy of Management Journals and a senior research scientist with the Gallup Organization, who continues to do research in the

organisational behavior area. The Twelfth Edition of Organisational Behavior is ideal for instructors who take a research-based and conceptual approach to their OB course. *Self-assessment Library 3.4* - Stephen P. Robbins 2009 This books gives insights into your personality, motivation, emotional intelligence, leadership and team skills etc. Human Behavior at Work - Davis K Staff 1957

Principles of Management - Openstax 2022-03-25

Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach. Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well as behavioral areas such

as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Contributing Authors David S. Bright, Wright State University Anastasia H. Cortes, Virginia Tech University Eva Hartmann, University of Richmond K. Praveen Parboteeah, University of Wisconsin-Whitewater Jon L. Pierce, University of Minnesota-Duluth Monique Reece Amit Shah, Frostburg State University Siri Terjesen, American University Joseph Weiss, Bentley University Margaret A. White, Oklahoma State University Donald G. Gardner, University of Colorado-Colorado Springs Jason Lambert, Texas Woman's University Laura M. Leduc, James Madison University Joy Leopold, Webster University Jeffrey Muldoon, Emporia State University James S. O'Rourke, University of Notre Dame

Classics of Organization Theory - Jay M. Shafritz 1978
This volume collects the most

important works in organization theory, as written by the most influential authors in the field. These are the works of the "masters"-and, having withstood the test of time, the ideas presented by each of the works are commonly referenced in the study of organizational theory. This text is designed to help students learn about, understand, and appreciate key themes and perspectives in the field. The authors begin the text by describing what organization theory is, how it has developed, and how its development has coincided with developments in other fields. Each chapter focuses on one major perspective of organization theory, helping students absorb these concepts before moving onto new ones.

Organizational Behavior - Stewart Black 2019

This OpenStax resource aligns to introductory courses in Organizational Behavior. The text presents the theory, concepts, and applications with particular emphasis on the impact that individuals and

groups can have on organizational performance and culture. An array of recurring features engages students in entrepreneurial thinking, managing change, using tools/technology, and responsible management; furthermore, the unique chapter on Social Media and Communication contextualizes the importance and implications of various platforms and communications methods.

Human Resource Management -

Gary Dessler 2000

For Human Resource Management (HRM) and Personnel courses. The #1 best-selling HRM book in the market, Dessler's Human Resource Management provides a comprehensive review of personnel management concepts and practices in a highly readable form. This edition focuses on the high-performance organization building better, faster, more competitive organizations through HR; while continuing to offer practical applications that help all managers deal with

their personnel-related responsibilities.

Leading Change, With a New Preface by the Author -

John P. Kotter 2012-10-23

The international bestseller—now with a new preface by author John Kotter. Millions worldwide have read and embraced John Kotter's ideas on change management and leadership. From the ill-fated dot-com bubble to unprecedented M&A activity to scandal, greed, and ultimately, recession—we've learned that widespread and difficult change is no longer the exception. It's the rule. Now with a new preface, this refreshed edition of the global bestseller *Leading Change* is more relevant than ever. John Kotter's now-legendary eight-step process for managing change with positive results has become the foundation for leaders and organizations across the globe. By outlining the process every organization must go through to achieve its goals, and by identifying where and how even top performers derail during the change process, Kotter

provides a practical resource for leaders and managers charged with making change initiatives work. Leading Change is widely recognized as his seminal work and is an important precursor to his newer ideas on acceleration published in Harvard Business Review. Needed more today than at any time in the past, this bestselling business book serves as both visionary guide and practical toolkit on how to approach the difficult yet crucial work of leading change in any type of organization. Reading this highly personal book is like spending a day with the world's foremost expert on business leadership. You're sure to walk away inspired—and armed with the tools you need to inspire others. Published by Harvard Business Review Press.

Corporate Financial Accounting - Carl Warren
2015-01-01

Close the gap between homework and exam performance with Warren/Reeve/Duchac's CORPORATE FINANCIAL

ACCOUNTING 13E! Market-leading CORPORATE FINANCIAL ACCOUNTING has been on the forefront of innovation and change based on the needs of today's teaching and learning environment.

Warren/Reeve/Duchac's CORPORATE FINANCIAL ACCOUNTING 13e helps elevate student thinking with content that addresses each stage of the learning process from motivation to mastery. It motivates students to learn, provides practice opportunities to better prepare for exams, and helps students achieve mastery with tools to help them make connections and see the big picture. The Complete Learning System in CORPORATE FINANCIAL ACCOUNTING is built around the way students use textbooks to learn, study and complete homework, allowing them to achieve ultimate success in this course. The most significant changes for this edition involve the inclusion of the new revenue recognition standard. The end goal of Warren/Reeve/Duchac's CORPORATE FINANCIAL

ACCOUNTING learning system is to elevate thinking and create more empowered and prepared students--ready to take on the rest of their educational and career goals. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Beyond Economic Growth -

Tatyana P. Soubbotina

2000-01-01

The book, which draws on data published by the World Bank, is addressed to teachers, students, and all those interested in exploring issues of global development.

Human Resources Management: Concepts, Methodologies, Tools, and Applications - Management

Association, Information

Resources 2012-05-31

Human resources management is essential for any workplace environment and is deemed most effective when a strategic focus is in place to ensure that people can facilitate that achievement of organizational goals. But, effective human

resource management also contains an element of risk management for an organization which, as a minimum, ensures legislative compliance. Human Resources Management: Concepts, Methodologies, Tools, and Applications compiles the most sought after case studies, architectures, frameworks, methodologies, and research related to human resources management. Including over 100 chapters from professional, this three-volume collection presents an in-depth analysis on the fundamental aspects, tools and technologies, methods and design, applications, managerial impact, social/behavioral perspectives, critical issues, and emerging trends in the field, touching on effective and ineffective management practices when it comes to human resources. This multi-volume work is vital and highly accessible across the hybrid domain of business and management, essential for any library collection.

Organizational Behaviour eBook

PDF - Stephen P. Robbins
2017-01-16

This second European edition of this classic textbook brings the exceptional introduction to organizational behaviour written by the masters of the subject, and adapts it to meet the needs of students studying in Europe today. Fully updated and revised, this adaptation continues the tradition of making current, relevant research come alive for students, while maintaining its hallmark features – clear writing style, cutting-edge content and compelling pedagogy. This new edition offers real-life examples drawn from a global range of organizations including Google, Cadbury, Apple, Capital One, Microsoft, Lego, Ferrari and more, plus up-to-date insights into the latest research and hot topics from across the world. Key features include: ‘Myth or science?’ boxes, which provide repeated evidence that common sense can often lead us astray in the attempt to understand human behaviour, and that behavioural research

offers a means for testing the validity of common-sense notions. ‘OB in the news’ which prepares students to recognise and evaluate OB issues which often appear in the news when presented with them in newspapers, magazines, TV, etc. ‘Face the facts’: these boxes highlight interesting facts from recent surveys that emphasise key aspects of the text. For example, diversity across Europe, the extent of employee engagement, and the popularity of working in teams. "As a whole, the content of the book is strong, and is well-structured with a European focus." Mohammad Lafiti, Uppsala University, Sweden
Organizational Behavior - Stephen P. Robbins 2009-01-01

Fundamentals of Management - Stephen P. Robbins 2001

Whether the topic is understanding e-business, six sigma, workplace violence, knowledge workers, Internet job searches, or visionary leadership, Stephen Robbins and David DeCenzo cover it thoroughly and in a way that truly captures the issues facing managers in the twenty-first century. Its not enough just to know about management you have to possess the skills to match! With Robbins and DeCenzos new edition, youll learn so much about the real world of management, including: *Why Amazon.com is revolutionizing the book-selling industry *How SiloCaf, a coffee bean processing plant, uses sophisticated technologically-based controls to enhance productivity and ensure consistent quality in its work

*Why companies like London Fog are struggling to survive
*How teams at Hewlett-Packard redesigned a production process, cut waste, controlled costs, and increased productivity
*New techniques that can make a university more efficient and responsive to its students

The Truth About Managing People - Stephen P. Robbins
2012-10-09

In the Third Edition of the bestselling book, *The Truth About Managing People*, bestselling author Stephen Robbins shares even more proven principles for handling virtually every management challenge. Robbins delivers 61 real solutions for the make-or-break problems faced by every manager. Readers will learn how to overcome the true obstacles to teamwork; why too much communication can be as dangerous as too little; how to improve your hiring and employee evaluations; how to heal "layoff survivor sickness"; how to manage a diverse culture; and ways to lead effectively in a digital world.

New truths include: how to nurture friendly employees, forget about age stereotypes, first impressions count, be a good citizen, techniques for managing a diverse age group, and ethical leadership among others.

Decide and Conquer -

Stephen P. Robbins 2014-10-06
Make better decisions – every day, everywhere! *Decide and Conquer*, Second Edition brings together all the practical skills you need to do just that. This quick, concise book identifies every key obstacle to quality decision-making and shows exactly how to overcome them. You'll discover how your personality impacts your decision-making, why instincts and experience can lead you astray, how to simplify complex decisions without oversimplifying them and much more. Renowned management author Dr. Stephen P. Robbins translates cutting-edge research findings about human behavior and decision-making into language anyone can understand – and act upon. In this Second Edition, he provides

many new and updated examples, updated research, and new coverage, including these crucial new topics: Are you a Maximizer or a Satisficer – and what it means for your decision-making Overcoming the familiarity bias, adaptation bias, and fear-of-loss bias How to stop throwing good money after bad Knowing when doing nothing is your best option Accounting for gendered decision-making styles Decide and Conquer, Second Edition covers everything from goal-setting and risk-taking to overconfidence to procrastination, and offers indispensable insights for overcoming the multiple biases that are built into all human decision-makers. You'll use Robbins' powerful techniques to improve every decision you make – about your relationships, career, finances, everything!

Organizational Behaviour - Gary Johns 2020

"Welcome to the eleventh edition of *Organizational Behaviour: Understanding and Managing Life at Work!* This edition marks the 33rd anniversary of the text, which has been rigorously updated over the years to present students with the latest knowledge and research on both the science and practice of organizational behaviour. First published in 1983, *Organizational Behaviour* is the longest-running, continuously published, and regularly revised organizational behaviour

textbook authored in Canada."- **Essentials of Essentials of Organizational Behaviour, Global Edition + Mylab Management with Pearson EText** - STEPHEN. JUDGE ROBBINS (TIMOTHY.) 2021 For courses in organizational behavior. A streamlined presentation of key organizational behavior concepts Currently in use at more than 500 colleges and universities worldwide, *Essentials of Organizational Behavior*, 15th Edition teaches students how to communicate and interact within organizations. The text uses real-world scenarios and offers comprehensive coverage of key organizational behavior concepts that resonate with students -- making each lesson engaging, relevant, and easy to absorb. With updated research and examples, and the integration of contemporary global issues, readers can apply what they've learned to their own education, future career plans, and other organizational endeavors. *Organizational Behavior* - Fred

Luthans 2015-06-01

Our goal with this 13th Edition is to keep this first mainline organizational behavior text up-to-date with the latest and relevant theory building, basic and applied research, and the best-practice applications. We give special recognition of this scientific foundation by our subtitle - An Evidence-Based Approach. As emphasized in the introductory chapter, the time has come to help narrow the theory/research—effective application/practice gap. This has been the mission from the beginning of this text. As “hard evidence” for this theory/research based text, we can say unequivocally that no other organizational behavior text has close to the number of footnote references. For example, whereas a few texts may have up to 40 or even 50 references for a few chapters, all the chapters of this text average more than twice that amount. This edition continues the tradition by incorporating recent breakthrough research to provide and add to the evidence on the theories and

techniques presented throughout. Two distinguishing features that no other organizational behavior textbook can claim are the following: 1) We are committed at this stage of development of the field of OB to a comprehensive theoretical framework to structure our text. Instead of the typical potpourri of chapters and topics, there is now the opportunity to have a sound conceptual framework to present our now credible (evidence-based) body of knowledge. We use the widely recognized, very comprehensive social cognitive theory to structure this text. We present the background and theory building of this framework in the introductory chapter and also provide a specific model (Figure 1.5) that fits in all 14 chapters. Importantly, the logic of this conceptual framework requires two chapters not found in other texts and the rearrangement and combination of several others. For example, in the opening organizational context

part there is Chapter 4, "Reward Systems," and in the cognitive processes second part, Chapter 7, "Positive Organizational Behavior and Psychological Capital," that no other text contains. 2) The second unique feature reflects our continuing basic research program over the years. Chapter 7 contains our most recent work on what we have termed "Positive Organizational Behavior" and "Psychological Capital" (or PsyCap). [The three of us introduced the term "Psychological Capital" in our joint article in 2004]. To meet the inclusion criteria (positive; theory and research based; valid measurement; open to development; and manage for performance improvement), for the first time the topics of optimism, hope, happiness/subjective well-being, resiliency, emotional intelligence, self-efficacy, and our overall core construct of psychological capital have been given chapter status. Just as real-world management can no longer afford to evolve slowly, neither can the academic side

of the field. With the uncertain, very turbulent environment most organizations face today, drastically new ideas, approaches, and techniques are needed both in the practice of management and in the way we study and apply the field of organizational behavior. This text mirrors these needed changes. Social Cognitive Conceptual Framework. The book contains 14 chapters in four major parts. Social cognitive theory explains organizational behavior in terms of both environmental, contextual events and internal cognitive factors, as well as the dynamics and outcomes of the organizational behavior itself. Thus, Part One provides the evidence-based and organizational context for the study and application of organizational behavior. Discovering Leadership - Anthony Middlebrooks 2023-03-01 Prepare your students to lead the future. Discovering Leadership: Designing Your Success provides a practical, engaging foundation and easy-

to-understand framework for individuals to purposefully design leadership. This action-oriented text starts with the self and helps students understand their individual strengths, styles, and skills through numerous reflection opportunities. Next, the text explores the relational aspects of leadership and best practices for motivating and inspiring followers. Finally, the text concludes by examining how leaders can transform their communities and create lasting, positive change. Practical applications and activities in each chapter help students develop their confidence, optimism, resiliency, and engagement. Regardless of your students' background or major, they will gain the knowledge and skills they need to become thoughtful, impactful leaders.

Introduction to Organisational Behaviour - Michael Butler

2011-01-27

Ideal for anyone studying an introductory module in organisational behaviour, *Introduction to Organisational*

Behaviour is a rigorous critique of all essential organisational behaviour topics. A comprehensive book with extensive accompanying online resources makes this a must-have package for anyone wanting to understand the theory and practice of organisational behaviour. Practitioner case studies, supporting video interviews where solutions and approaches are discussed, review questions at the end of every chapter make this an essential resource. Covering organisational behaviour in the context of individuals, groups and teams and managing organisations as well as the importance of organisational structures and emerging issues, *Introduction to Organisational Behaviour* gives understanding and guidance on the full spectrum of organisational behaviour issues. Supported by extensive online resources including video interviews, clips of key skills lecture slides, additional tutorial activities and a test bank of multiple choice questions make this a truly

integrated print and electronic learning package.

Management - Stephen P. Robbins 2020

"This course and this book are about management and managers. Managers are one thing that all organizations--no matter the size, kind, or location--need. And there's no doubt that the world managers face has changed, is changing, and will continue to change. The dynamic nature of today's organizations means both rewards and challenges for the individuals who will be managing those organizations. Management is a dynamic subject, and a textbook on it should reflect those changes to help prepare you to manage under the current conditions. We've written this 14th edition of *Management* to provide you with the best possible understanding of what it means to be a manager confronting change and to best prepare you for that reality. But not every student aspires to a career in management. And even if you do, you may be five or ten years away from reaching a

managerial position. So you might rightly feel that taking a course in management now may be getting ahead of the game. We hear you. In response to these concerns, we've added new material to this book that is important and relevant to everyone working in an organization--manager and non-manager alike. Our "Workplace Confidential" pages identify, analyze, and offer suggestions for dealing with the major challenges that surveys indicate frustrate employees the most. You should find these pages valuable for helping you survive and thrive in your workplace. Surprisingly, this topic has rarely been addressed in business programs. Inclusion in an introductory management course appeared to us to be a logical place to introduce these challenges and to provide guidance in handling them"--*Management, eBook, Global Edition* - Stephen P. Robbins 2017-08-21

REAL managers, REAL experiences With a renewed focus on skills and careers, the new edition of this bestselling text can help better prepare your students to enter the job market. Management, 14th Edition vividly illustrates effective management theories by incorporating the perspectives of real-life managers. Through examples, cases, and hands-on exercises, students will see and experience management in action, helping them understand how the concepts

they're learning actually work in today's dynamic business world.

Organizational Behavior - Stephen P. Robbins 2019

Leading Project Teams -

Anthony T. Cobb 2011-04-06

The Second Edition of Leading Project Teams offers an accessible introduction to the important basics of project management while providing key issues and pointers on team leadership. Easy to read, this engaging book assumes little to no knowledge of project management. Leading Project Teams quickly leads the reader through the fundamentals including how to start a project, how to assign tasks, how to write clear project reports, and much, much more! New to the Second Edition: - New chapter on Risk Assessment - New coverage of running effective team meetings - Offers real world scenarios: Each chapter opens with a real-world project problem faced by a project leader. Selected from a wide range of industries--from academia to business to health

care--each situation portrays how project work applies to real project problems in a variety of settings. - Identifies key expectations of project leaders: Concrete advice is given on leading project teams across a number of important leadership issues and on how project leaders should develop and guide project team members. - Provides quick-learning project

tools: Many accessible tools are provided to help readers understand the basics of project management such as the work breakdown structure and project scheduling. Extensive coverage on team literature is offered to help students learn the basics of team construction and team dynamics.
