Organizational Behaviour in a Global Context - Albert J. Mills 2006-01-01

"At last there is a lucid, well-written OB book, which covers key issues required in OB teaching, but which has a mind of its own. Students and faculty will recognize this is more than standard fare." - Bill Cooke, Manchester Business School

Management and Organisational Behaviour - Laurie J. Mullins 2009-07-01

This long established market leader has set standards that few texts have equalled in terms of accessibility of writing style, clarity of presentation and popularity with students and teachers alike. Written from a managerial perspective and packed with contemporary references to management research and practice, it continues to prove the student's OB text of choice. This eighth edition brings fresh evidence to explore theory in practice, and a wide range of brand new and intriguing examples and case studies on issues and organisations that are engaging, relevant and contemporary. It also provides an abundance of online student self-assessment resources. The breadth of appeal of this text makes it ideal for Management and Organisation courses from HND level through undergraduate and up to MBA.

Power, Politics, and Organizational Change - David Buchanan 2008-02-19

`Many books on management are sanitized, cleanly technical accounts of the unreality of managerial life and work. Politics hardly feature. This book tells it like it is: it dishes the dirt, gets low-down, into the funky and fascinating politics of organizational life' - Stewart Clegg, Aston Business School and University of Technology, Sydney Combining a practical and theoretical guide to the politics of organizational change, this book provides an exceptional resource to students of change management, and organizational behaviour. Buchanan and Badham show how the change agent who is not politically skilled will fail, and that it is necessary to be able and willing to intervene in the political processes of the organization. This revised edition includes a range of excellent new material and features, including: - a new chapter on gender in approaches to organization politics - a full range of teaching materials including case studies, incident reports, self-assessments, and more - Each chapter recommends a feature film (or DVD) to illustrate aspects of organization politics - fresh research evidence - recent literature on the nature of entrepreneurial politics; - a model of political expertise, and how that can be developed This lively and engaging book is key to MBA and other Masters degree candidates taking courses in change management, and organizational behaviour. It will also be valuable for practising managers on tailored executive programmes in organization politics.

The Human Capital Imperative - Alan Coppin 2017-08-18

"Alan Coppin is a rare individual. His experience and insight span private and public sectors, charities, and the Armed Forces. The vital importance of human capital is the thread which has bound all this together. His book is a rich gold mine of data, research, wisdom and anecdote." —Sir Gerry Grimstone, chairman of Standard Life, deputy chairman of Barclays, non-executive director of Deloitte and lead non-executive director at the Ministry of Defence In this new book Alan Coppin, a leader with extensive cross-sector experience, draws on discussions with leaders in the public and private sectors, as well as from charities, the military and trade unions to offer you the ideas and practical applications that have proved effective in ensuring human capital is properly valued and managed. Most business decisions are based on lag data - historical reporting of what happened last month, last quarter or last year. It's solid, real and comforting. Unfortunately, it's also not a very good indicator of what might happen next. The best lead data -

information with genuine predictive power - comes from understanding your people and what they can deliver. All major organizations claim that people are their greatest asset and yet, at the first sign of problems, the first action they take is to fire people. Why, because employees are also an organisation's biggest liability in terms of cost - and their cost is much easier to quantify than their value. But, like any asset, human capital will only deliver its full value if it is properly understood, measured and managed. The author offers you the tools you need to take the issue beyond the HR department and satisfy the number crunchers in the boardroom. With their help, you can make human capital part of the normal financial metrics essential to running a successful organisation. Isn't it time you understood and managed the metrics that can predict your organization's future rather than relying on those that simply report on its past?

Key Issues in Organizational Communication - Dennis Tourish 2004

Exploring key issues in communication and their impacts on organizational outcomes and management theory, this book considers the important changes in technology and globalization in the context of communications.

Introduction to Organisational Behaviour - Michael Butler 2011-01-27

Ideal for anyone studying an introductory module in organisational behaviour, Introduction to Organisational Behaviour is a rigorous critique of all essential organisational behaviour topics. A comprehensive book with extensive accompanying online resources makes this a must-have package for anyone wanting to understand the theory and practice of organisational behaviour. Practitioner case studies, supporting video interviews where solutions and approaches are discussed, review questions at the end of every chapter make this an essential resource. Covering organisational behaviour in the context of individuals, groups and teams and managing organisations as well as the importance of organisational structures and emerging issues, Introduction to Organisational Behaviour gives understanding and guidance on the full spectrum of organisational behaviour issues. Supported by extensive online resources including video interviews, clips of key skills lecture slides, additional tutorial activities and a test bank of multiple choice questions make this a truly integrated print and electronic learning package.

Organizational Behaviour - Andrzej Huczynski 2007

This text encourages participate teaching and active learning through a structured style and format, with each chapter containing a list of key concepts and objectives.

Organizational Behaviour - Andrzej A. Huczynski 1991

Organizational Behaviour - David Buchanan 2019

"Our target readers are students who are new to the social sciences and to the study of organizational behaviour. This is a core subject on most business and management degree, diploma and masters programmes. Accountants, architects, bankers, computer scientists, doctors, engineers, hoteliers, nurses, surveyors, teachers and other specialists, who have no background in social science, may find themselves studying organizational behaviour as part of their professional examination schemes"--

Multi Pack - Norman Jackson 2004-09

This Multi Pack consists of Organizational Behaviour, fifth edition, by David Buchanan and Andrzej Huczynski (ISBN: 0273682229) and Rethinking Organisational Behaviour by Norman Jackson and Pippa

Carter (ISBN: 0273630075) *Organizational Behaviour*, fifth edition, introduces students to a social science perspective on Organizational Behaviour, so they can critique and debate core research and ideas. Students need to understand, critique and apply theories in organisational behaviour. The fifth edition of this definitive, multidisciplinary text continues to set a benchmark in teaching of this area with new concepts, debates and exemplary supplementary material. Students are encouraged to challenge current thinking critically in relation to their own ideas and experience, exploring alternative perspectives. Throughout, the text emphasises how organizational behaviour ideas and methods apply in practice, allowing students to gain the valuable skills and experience necessary for their future careers. *Rethinking Organisational Behaviour* is ideal for those taking an advanced course on organisational behaviour at undergraduate or postgraduate level. The text offers an interpretation of organizational behaviour that reflects contemporary conditions and social thinking. Clearly written, the text aims to position organizational behaviour within the theoretical developments of recent times - the sources of which often lie outside the traditional informing disciplines of organizational behaviour. Starting with the basic concepts of organisational behaviour, the text goes on to develop them further into a higher level, through the implications of social thinking.

Employee Engagement in Theory and Practice - Catherine Truss 2013-10-30

In recent years there has been a weight of evidence suggesting that engagement has a significantly positive impact on productivity, performance and organisational advocacy, as well as individual wellbeing, and a significantly negative impact on intent to quit and absenteeism from the work place. This comprehensive new book is unique as it brings together, for the first time, psychological and critical HRM perspectives on engagement as well as their practical application. *Employee Engagement in Theory and Practice* will familiarise readers with the concepts and core themes that have been explored in research and their application in a business context via a set of carefully chosen and highly relevant original and case studies, some of which are co-authored by invited practitioners. Written in an accessible manner, this book will be essential reading for scholars in the field, students studying at both undergraduate and postgraduate levels, as well as practitioners interested in finding out more about the theoretical underpinnings of engagement alongside its practical application.

Making Sense of Change Management - Esther Cameron 2015-03-03

The definitive, bestselling text in the field of change management, *Making Sense of Change Management* provides a thorough overview of the subject for both students and professionals. Along with explaining the theory of change management, it comprehensively covers the models, tools, and techniques of successful change management so organizations can adapt to tough market conditions and succeed by changing their strategies, structures, boundaries, mindsets, leadership behaviours and of course their expectations of the people who work within them. This completely revised and updated 4th edition of *Making Sense of Change Management* includes more international examples and case studies, emerging new thinking and practice in the area of cultural change and a new chapter on the interrelationship with project management (PM) and change management. It also covers complexity models, agile approaches, and stakeholder management along with cultural sensitivity and what to do when cultures collide. *Making Sense of Change Management* remains essential reading for anyone who is currently part of, or leading, a change initiative. Online supporting resources include lecture slides, making this an ideal textbook for MBA or graduate students focusing on leading or managing change.

Valuepack: *Organizational Behaviour* - David Buchanan 2005-08-01

"*Organizational Behaviour: an Introductory Text*" with "*Rethinking Organisational Behaviour*" - HUCZYNSKI 2003-07-01

Essentials of Organisational Behaviour - Laurie J. Mullins 2006

Taking a managerial approach and demonstrating the application of behavioural science within the workplace, this text focuses on the essential topics of organisational behaviour. The *Essentials* text is a new concise version of the long established market leader *Management & Organisational Behaviour* which has set standards in pedagogy and authorship that few texts have matched. The accessibility of writing style and clarity of presentation makes unfamiliar theory relevant, easily understood and logically applied to the

world of work. In 12 chapters, the *Essentials* version focuses on the core topics of the discipline in a recognisable sequence, starting from the level of individual, though to the group, and finally the organisation.

Organizational Behaviour - Andrzej Huczynski 2003-08-21

This is a great value multipack consisting of Huczynski: *Organisational Behaviour* ISBN: 0273651021 and Jackson: *Rethinking Organisational Behaviour* ISBN: 0273630075

Management and Organisational Behaviour - Wendy Bloisi 2007

La 4^e de couv. indique : "This second European edition of *Management & Organisational Behaviour* builds on the success of the previous edition to offer a comprehensive discussion of behavioural skills and the workings of organisations. Updated to reflect current business practices, the text includes a new chapter on HRM within the organisation and expanded coverage of key topics such as globalisation. The author takes a functional approach, integrating theory and practice in a lively and engaging manner, to promote critical awareness and equip students to deal with real-world management situations. Features include : Strong pedagogy : Each chapter provides a wealth of interactive exercises, progressing through various levels of ability, to suit seminar groups and individual study. These include experiential exercises, questions for study and discussion and case studies linked to chapter topics ; European examples : Provided throughout the text, these examples apply the theory of management and organisational behaviour in both a European and wider global context, allowing students to engage with the material in a relevant way ; A new chapter on HRM within the organisation : This chapter has been added to enhance breadth of knowledge and provide up-to-date coverage of key legislation ; Strong practical focus : Thought-provoking boxes interspersed throughout the text ground academic theory in a dynamic real-world context, highlighting contemporary issues such as research, ethics, diversity, technology and the environment."

Organization Development - Mee-Yan Cheung-Judge 2015-05-03

Written by two of the leading experts in the field, *Organization Development* is a guide to the basic principles of effective organization development. A compendium of theories, practices, diagnostics techniques and figures, it provides practical advice for identifying an organization's needs and determining the most appropriate course of action to maximize organizational capability. It provides an overview of the history and theory of OD and addresses the various phases, the role of the practitioner, aspects of power and politics, and the human resources context. The book also discusses organizational design, culture change, managing transformational change, and developing effective leadership. Bridging the gap between theory and practice, this fully updated new edition of *Organization Development* now includes coverage of complexity and chaos theory, new case studies describing OD practices and attitudes in countries outside of the US and UK, and new chapters on change and culture and on employee engagement and wellbeing. The authors also have added emphasis on the collaborations between OD and HR functions. It provides a wealth of helpful advice for OD practitioners, HR professionals and those with an interest in helping develop their organization.

Organisational Behaviour - Ian Brooks 2007-06-28

This Value Pack consists of *Organisational Behaviour: Individuals, Groups and Organisation*, 3/e by Brooks plus *Organisational Behaviour: Individuals, Groups and Organisation/Management*, 1/e; 1/e (ISBN: 9781405883443)

Organisational Behaviour - Gerald A. Cole 2000

A text on organizational behaviour, for second-year (and beyond) degree students on semesterized courses. A three-part structure links theory, case studies and a workbook section of questions and mini-cases.

The Halo Effect - Phil Rosenzweig 2014-06-17

Controversial and iconoclastic, a veteran corporate manager and business school professor exposes the dangerous myths, fantasies, and delusions that pervade much of the business world today.

Organisational Behaviour - Christine Cross 2018-03-13

This refreshing textbook shows how research into human behaviour can be applied in the workplace. It is focussed on helping students to develop the key skills they will need as future managers and employees. It assumes no prior work experience, and instead asks students to draw on their everyday experiences. They are invited to complete a range of innovative activities designed to deepen their understanding of key

topics, such as personality, perception, and motivation. The book is an ideal length for one-semester taught courses. It is aimed primarily at first and second year undergraduate students on business and management degrees, who are taking OB modules for the first time, though could also be used on postgraduate and MBA courses.

Managing Change - Bernard Burnes 2009

Managing Change is written for students on modules covering management, strategy and organisational change as part of undergraduate and postgraduate programmes. --Book Jacket.

Organizational Behaviour: an Introductory Text with Organizational Theory - Pugh 2004-02-19

This Multi Pack consists of the successful text Organizational Behaviour, fifth edition by David Buchanan and Andrzej Huczynski (0273682229) and Organisational Theory (0140250247). This fantastic Multi Pack provides students and instructors with a definitive multidisciplinary approach to organizational behaviour. It provides concepts, theories, models and frameworks to help understand behaviour in organizations. Readers are encouraged to challenge current thinking critically in relation to their own ideas and experience, exploring alternative perspectives. Throughout, the text emphasizes how organizational behaviour ideas and methods apply in practice.

Organizational Behaviour - Andrzej Huczynski 2006-12-04

This text encourages participate teaching and active learning through a structured style and format, with each chapter containing a list of key concepts and objectives.

Innovative Business Practices - Alkis Thrassou 2013-07-16

This second decade of the millennium finds the world changing at a once unimaginable pace. Businesses, tangled in the interwoven threads of galloping globalization, technological advances, cultural diversity, economic recession and deep-rooted human social evolution, struggle to keep up with incessant changes; consequently and inexorably experiencing severe difficulties and disorientation. Executives, much bewildered, habitually turn to conventional, time-honoured strategies and practices, which increasingly fail to offer the much-sought answers and means to survival, competitiveness and growth. We are currently experiencing a business era of turbulence and dynamic change - an era that inherently rejects conventionality and orthodox business theory to reward businesses embracing agility, reflex-style adaptability, innovation and creativity. This turbulence is, however, not a parenthesis or even a pattern, but the new reality in which each business must reinvent and redefine itself. This is a new reality of stakeholders that shift focus from the external to the internal, from the tangible to the intangible, and from fact to perception. This book presents research and paradigms that transcend classical theory in order to examine how business practice is positively affected by these conditions. Across a multitude of sectors and organisational types, scholars of different business specialisations set the theoretical foundations of contemporary thinking and present their practical implementations.

Organizational Behaviour PDF eBook 9th edition - David A Buchanan 2016-09-07

Organizational Behaviour is the most established and yet most engaging book of its kind available today. Whatever your background, Buc and Huc will enable you to view organisations and their actions in a whole new way.

Human Resource Management - Gary Dessler 2000

For Human Resource Management (HRM) and Personnel courses. The #1 best-selling HRM book in the market, Dessler's Human Resource Management provides a comprehensive review of personnel management concepts and practices in a highly readable form. This edition focuses on the high-performance organization building better, faster, more competitive organizations through HR; while continuing to offer practical applications that help all managers deal with their personnel-related responsibilities.

Organisations and the Business Environment - Tom Craig 2012-05-23

This new edition of Organisations and the Business Environment provides a completely revised, extended and updated edition of the original successful text. It provides contemporary and comprehensive coverage of the subject matter which is highly relevant to business and management students at undergraduate, postgraduate and professional levels. The text is written in a clear and concise style, illustrated with topical examples and data. Organisations and the Business Environment (second edition) comprises four sections: *

Business Organisations iV discusses the evolution of organisational and managerial theories and concepts with particular emphasis on their relevance in the 21st century. The different types of organisations and their missions, visions, goals and objectives are examined. * The External Business Macro-Environment iV describes and considers the political, economic, socio-cultural, technological, ecological and legal influences on organisations, utilizing the PESTEL framework of analysis. This section includes a review of the internationalization of businesses and examines the role of GATT and the WTO, single markets and trading blocs. * The External Business Micro-Environment iV provides a review of the market system and the nature of supply and demand. Market structures are examined in the light of monopolistic regimes and working for competitive advantage. The impact of government intervention is explored via regulatory bodies, privatization, and nationalization programmes. * Business Management iV explores the major aspects of contemporary business organisations, including corporate governance and business ethics. In particular, this section tackles the areas of structure, culture, change, quality management and the principal functions of organisations. This textbook is a user-friendly resource with end of chapter questions, activities and assignments to consolidate learning. Its strong emphasis on topical examples enables students to understand how theory is applied in business contexts, including, GlaxoSmithKline, BT, Scottish and Newcastle, Hanson plc and a number of not-for-profit organisations. There is additional Tutor Resource material, including presentation slides, data charts, chapter summaries, questions and answers. "An excellent book...good use of learning objectives, questions and potential assignments." Paul Blakely, Lecturer, University College of Warrington.

Continuing Professional Development - David Megginson 2017-07-03

To maximise enjoyment of work and life requires a continual response to the changing world in which we live. Are you living to work or working to live? What would you like to be doing? We need to look within at our latent skills and abilities and explore ways of building on our current talents and developing new aspects of ourselves. Continuing Professional Development explores the importance of continuing professional development (CPD) and the different methods that can be used to analyse development needs and create and implement a CPD plan. It provides practical guidance and a theoretical overview of CPD, including examples and case studies. This fully updated 2nd edition of Continuing Professional Development includes increased coverage of the critical debate about issues in CPD, outlines how to organize and encourage CPD and provides guidance on how senior members of the profession can use and benefit from CPD. Activities and self-diagnostic tools, critical debates about issues and coverage of how to organize and encourage CPD all bring the topic to life for CIPD students undertaking the Professional Development Scheme as well as general readers seeking to encourage CPD in the workplace. Online supporting resources include an instructor's manual and lecture slides.

Organizational Behaviour - Ray French 2016-01-04

Organizational Behaviour, Third Edition, builds on the strengths and successes of the previous editions and has been fully updated to reflect changes in the world of work and the context of organizational behaviour within that world. The authors combine a managerial approach, focusing on practical, real-world applications, with a rigorous critical perspective that analyses the research behind the theories. The text addresses alternative theoretical perspectives, in parallel to the introduction of new worldwide cases and examples. The concise coverage of the core topics can be applied to both one-semester and year-long teaching and learning patterns. In addition, the text includes a strong applied focus stressing the applicability of all topic areas in work organisations, as well as examples from across a wide variety of business and geographic sectors. The fully updated online resource package at www.wiley.com/college/french includes PowerPoint slides, a lecturer test bank, instructor's manual and additional cases. Students can access self-test quizzes, glossary flashcards, a student study guide and links to relevant journal articles, as well as interactive modules and skills assessments.

Organisational Behaviour For Dummies - Cary Cooper 2012-04-20

An easy-to-read introduction to organisational behaviour for business, management, and organisational psychology students A useful reference for managers A fascinating look at behaviour in the modern workplace Whether you're a student of organisational behaviour, a manager, or a lifelong learner with an interest in human behaviour and psychology in the workplace, *Organisational Behaviour For Dummies* has you covered.

Accounting for Business - Peter Scott 2016

This combined textbook and fully integrated online workbook is packed full of innovative features designed to support students as they revise key concepts, reinforce their understanding, and put into practice what they have learnt.

Mullins: Organisational Behaviour in the Workplace - Laurie j Mullins 2019-07-22

Everything you need to know about organisational behaviour in the workplace for your future career in management, in one industry-leading text. *Organisational Behaviour in the Workplace*, 12th edition by Laurie Mullins is the new, modernised edition of the text *Management & Organisational Behaviour*, ideal for students and professionals. This new version guides students through the person-organisation relationship, shedding new light on aspects regarding the understanding, prediction, and control of human behaviour at work. By incorporating new engaging content and a range of case studies, this revised edition applies theories around the concepts of individual personality and groups, and leadership and management, aiming to help you understand all aspects of organisational behaviour, performance, and culture, from theory to practice. Key features include: Overview topic map that improves the flow of topics and facilitates the connection with other chapters. *Organisational Behaviour in Action* — a series of case studies that give valuable insight into real-world examples. 'You' — critical thinking questions that encourage self-reflection and active reading. New section *Critical Thinking Zone*, written by practitioner Dr. Jacqueline McLean, demonstrating activities that develop critical thinking via different viewpoints in researched articles. Personal skills and employability sections that help you develop your social and work-based skills in preparation for life after studying. Conceptual mind maps of complex topics that aid understanding and revision. Student companion website that includes further information, self-test questions, and helpful videos. With a plethora of questions, activities, and employability sections, this market-leading text supports your deeper understanding of the subject and the development of your critical thinking and employability skills, which will prove invaluable later in your career.

Organizational Behaviour: Text and Cases, 3rd Edition - Kavita Singh

The third edition of *Organizational Behaviour: Text and Cases* offers a concise yet comprehensive coverage of the theories that determine behaviour in organizations. The relationship between effective organizational behaviour and the effective functioning of an organization is established through a clear and lucid style of presentation. With the help of necessary concepts, tools and techniques necessary for understanding behaviour in organizations, this book attempts to unfold human behaviour at four levels; starting from the individual processes and moving on to the interpersonal, organizational, and change processes. It encourages active learning through exercises, field projects and case studies, and develops competencies that are essential for becoming successful managers and effective employees in organizations. The three new chapters—*Career, Planning and Management*; *Performance and Reward Management*; and *Gender Issues in Management*—help readers understand organizational behaviour in the current Indian business scenario better. **KEY FEATURES** • Classroom-tested case studies pertaining to actual incidents from the workplace • Several examples from BPCl, HCL Technologies, Wipro, Infosys and SAP highlighting the best practices in the industry • Caselets focusing on behavioural issues in organizations • Field projects involving students in data collection and analysis • Marginalia summarizing crucial points and serving as quick references • A companion website featuring multiple-choice questions, learning objectives, an instructor's manual, and PowerPoint lecture slides enabling effective presentation of concepts

Organizational Behaviour - David A. Buchanan 2019

Organizational Behaviour by Buchanan and Huczynski is one of the best established books in this field. The authors' popular blend of social science underpinning, challenging assumptions, applying theory to practice, and using movies to explore topical issues, makes this an ideal introduction to the subject. This text can be used by undergraduate, postgraduate, and professional students as it assumes no prior knowledge of the social sciences in general, or of organizational behaviour.

The Effective Manager - Jon Billsberry 1996-05-21

An up-to-date compendium of key articles, this reader should be a useful introduction to management and organizational behaviour. It brings together pieces written on the art and science of management, deliberately counterposing them to highlight alternative perspectives.

Introducing Organizational Behaviour and Management - Joanna Brewis 2012

This popular textbook offers an inspiring and focused introduction to the study of organizational behaviour and management. The second edition builds on the fresh and innovative approach to the study of management and organization introduced in the first edition. To make the subject matter more relevant and accessible, it treats organizational behaviour as a field of activity that has many parallels with everyday life, particularly in relation to participating in organizations and institutions. Uniquely, this textbook presents two distinct and highly contrasting perspectives on organizational behaviour, discussing the alternative critical perspectives alongside the more traditional approaches, to encourage critical thinking and debate. Each chapter has been fully updated by specialist authors who are committed to thinking differently about the field of organizational behaviour. They effectively identify and explore the key concepts that underpin this diverse subject in their respective chapters, utilising a range of international and everyday examples. The second edition benefits from a new four-colour design and uses a variety of pedagogical features to engage students and provide a stimulating learning - and teaching - environment. This text is ideal for use on introductory undergraduate and post graduate courses in *Organizational Behaviour and Management*. This textbook is autopackaged with CourseMate. CourseMate brings course concepts to life with interactive learning, study, and exam preparation tools that support the printed textbook and the textbook-specific website. CourseMate includes an integrated eBook and interactive teaching and learning tools including quizzes, flashcards, videos, and more and an EngagementTracker, a first-of-its-kind tool that monitors student engagement in the course.

Organizational Behaviour - David A. Buchanan 2009-11

This text encourages participate teaching and active learning through a structured style and format, with each chapter containing a list of key concepts and objectives.

Armstrong's Essential Human Resource Management Practice - Michael Armstrong 2010-06-03

HR managers have to serve the interests of their organizations, comprising employees, customers and the community at large as well as shareholders, or, in the public or voluntary sectors, those who have the ultimate responsibility for what the organization does. It also means exercising social responsibility, being concerned for the interests (well-being) of employees and acting ethically with regard to the needs of people in the organization and the community. *Armstrong's Essential Human Resource Management Practice* provides a complete overview of the practices and processes fundamental to managing people. The text provides a thorough introduction to the core areas of HR including: people resourcing, performance management, learning and development and rewarding people. It also examines the contribution of HR to organizational aims and objectives and how it is integrated within the business. The book is accompanied by online resources for both lecturers and students and adopts an increased focus on employee engagement, a concept which is becoming increasingly prominent in people management, but which is often presented as a mantra without being properly understood; this is examined in detail with reference to recent research. Michael Armstrong's original *Handbook of Human Resource Management* is the classic text for all those studying HR or who are entering the profession for the first time. In this new title Michael Armstrong provides a condensed text which has been rewritten with the non-HR student or professional in mind, describing and evaluating key HRM concepts such as: HRM itself; strategic HRM; the resource-based view; the choice between best practice and best fit; human capital measurement; motivation theory; emotional intelligence; the flexible firm; the learning organization; and financial rewards.
