A Mask of Shadows - Oscar de Muriel 2018-06-05

Edinburgh, 1889. Before the darlings of London theater—Henry Irving and Ellen Terry—take their acclaimed Macbeth to the Edinburgh stage, terror treads the boards: A grisly message is found smeared across the cobbles in blood, foretelling someone's demise. As the bloody prophecies continue to come to fruition, "Nine-Nails" McGray and Inspector Ian Frey enter. Frey scoffs at what he believes is a blatant publicity stunt, while McGray is convinced that the supernatural must be at play. They soon discover that Irving, Terry, and their peculiar, preoccupied assistant, Bram Stoker, all have reasons to kill, or be killed. But one thing is clear: by occult curse or human hand, death will take a bow the night the curtain rises.

The Daily Cocktail - Dalyn Miller 2006-04-06

Have your own happy hour every day of the year with this delightful cocktail cookbook. From martinis, shots, and margaritas to classics like Manhattans, Alexanders, juleps, fizzes, old-fashionedes, and rickeys, you'll find intoxicating delights for every season. When it's too hot to take your drink outdoors, hole up in air-conditioned comfort and dream of your next cruise or seaside vacation with a Sex on the Beach, Bahama Mama, or Grand Hawaiian Screw. When the snow is flying, warm up by the fire with a Flaming Dr. Pepper, Hot Toddy, or Alabama Slammer. Each day has its own page, with detailed directions, variations on the cocktail du jour, suggestions for snacks to serve with it, colorful quotes about drinks and drinking, and more.

The Complete Lyrics of Oscar Hammerstein II - Oscar Hammerstein II
2008-11-25

From every “beautiful mornin’” to “some enchanted evening,” the songs of Oscar Hammerstein II are part of our daily lives, his words part of our national fabric. Born into a theatrical dynasty headed by his grandfather and namesake, Oscar Hammerstein II breathed new life into the moribund art form of operetta by writing lyrics and libretti for such classics as *Rose-Marie* (music by Rudolf Friml), *The Desert Song* (Sigmund Romberg), *The New Moon* (Romberg) and *Song of the Flame* (George Gershwin). Hammerstein and Jerome Kern wrote eight musicals together, including *Sweet Adeline*, *Music in the Air*, and their masterpiece, *Show Boat*. The vibrant *Carmen Jones* was Hammerstein’s all-black adaptation of the tragic opera by Georges Bizet. In 1943, Hammerstein, pioneer in the field of operetta, joined forces with Richard Rodgers, who had for the previous twenty-five years taken great strides in the field of musical comedy with his longtime writing partner, Lorenz Hart. The first Rodgers and Hammerstein work, *Oklahoma!*, merged

the two styles into a completely new genre—the musical play—and simultaneously launched the most successful partnership in American musical theater. Over the next seventeen years, Rodgers and Hammerstein wrote eight more Broadway musicals: *Carousel*, *Allegro*, *South Pacific*, *The King and I*, *Me and Juliet*, *Pipe Dream*, *Flower Drum Song*, and *The Sound of Music*. They also wrote a movie musical (*State Fair*) and one for television (*Cinderella*). Collectively their works have earned dozens of awards, including Pulitzers, Tonys, Oscars, Grammys, and Emmys. Throughout his career, Hammerstein created works of lyrical beauty and universal feeling, and he continually strove—sometimes against fashion—to seek out the good and beautiful in the world. “I know the world is filled with troubles and many injustices,” he once said. “But reality is as beautiful as it is ugly . . . I just couldn’t write anything without hope in it.” All of his lyrics are here—850, more than a quarter published for the first time—in this sixth book in the indispensable Complete Lyrics series that has also brought us the lyrics of Cole Porter, Lorenz Hart, Ira Gershwin, Irving Berlin, and Frank Loesser. From the young scribe’s earliest attempts to the old master’s final lyric—“Edelweiss”—we can see, read, and, yes, sing the words of a theatrical and lyrical genius.

Oxford Textbook of Palliative Care for Children - Richard Hain 2021-07-27

The importance of palliative care for children facing life threatening illness and their families is now widely acknowledged as an essential part of care, which should be available to all children and families, throughout the child's illness and at the end of life. The new edition of the Oxford Textbook of Palliative Care for Children brings together the most up to date information, current knowledge, evidence, and developments of clinical practice in the field. The book is structured into four sections. 'Foundations of Care' describes core issues, the foundations on which paediatric palliative care is based. 'Child and Family Care' looks at different aspects of psychological, social, and cultural care for the sick child or young person, and their family. These chapters cover the time course of the illness, around the time of death and support for the bereaved family. 'Symptom Care' focuses on the uses of medication, specific symptoms, and their management. Finally, 'Delivery of Care' examines practical approaches to care in different environments and the needs of clinicians. Two new editors join the team from Canada and South Africa, reflecting our aims to contribute towards the development of care for children

across the world, and to be a resource for both experienced clinicians and those new to the field. Comprehensive in scope, exhaustive in detail, and definitive in authority, this third edition has been thoroughly updated to cover new practices, current epidemiological data, and the evolving models that support the delivery of palliative medicine to children. This includes two new chapters, looking in detail at 'Decision Making' and 'Perinatal Care', and a new section highlighting the emerging importance of 'Palliative Care for Children in Humanitarian Crises'. This book is an essential resource for anyone who works with children worldwide.

Juno - Diablo Cody 2007

The official screenplay book tie-in to the highly acclaimed movie from Fox Searchlight Pictures, written by Diablo Cody (author of Candy Girl) and directed by Jason Reitman (Thank You for Smoking), tells the story of a confidently frank teenage girl who calls the shots with a nonchalant cool and an effortless attitude as she journeys through an emotional nine-month adventure into adulthood. While most girls at Dancing Elk are updating their MySpace page or shopping at the mall, Juno is a whip-smart Minnesota teen living by her own rules. A typically boring afternoon becomes anything but when Juno decides to have sex with the charmingly unassuming Bleeker (Michael Cera). Faced with an unplanned pregnancy, she and best friend Leah (Olivia Thirlby) hatch a plan to find Juno's unborn baby the perfect set of parents courtesy of the local Penny Saver. They set their sights on Mark and Vanessa Loring (Jason Bateman and Jennifer Garner), an affluent suburban couple who are longing to adopt their first child. Luckily, Juno has the support of her dad and stepmother (J.K. Simmons and Allison Janney). After the initial shock that their daughter has been sexually active with the

unlikely "virile" Bleeker, the family bands together to help Juno. Dad Mac accompanies Juno to size up the prospective adoptive parents to make sure they are not a couple of "wing nuts" while stepmother Bren provides emotional support as Juno fights the prejudices of underage pregnancy. As Juno moves closer and closer to her due date, the veneer of Mark and Vanessa's idyllic life starts to show signs of cracking. While fall becomes winter and winter turns to spring, Juno's physical changes mirror her personal growth. With a fearless intellect far removed from the usual teen angst, Juno conquers her problems head-on, displaying a youthful exuberance both smart and unexpected. In addition to the complete script, this Newmarket Shooting Scrip® book includes a foreword by director Jason Reitman, an exclusive introduction by Diablo Cody, a color photo section, and the complete cast and crew credits.

Pediatric Orthopedics in Practice - Fritz Hefti 2015-08-04

This book communicates the latest findings in pediatric orthopedics and answers key everyday questions in the field in an informative, readily understandable manner. The scope is comprehensive, encompassing all aspects of diagnosis and therapy. After an opening section on basic principles, the two main sections discuss diseases and injuries by site and cover systemic conditions including trauma, infections, juvenile rheumatoid arthritis, tumors and hereditary diseases. The book is the translation of the latest edition of the well-known classic *Kinderorthopädie in der Praxis*, which presents the collected knowledge of experts from Basel University Children's Hospital – Fritz Hefti and his co-workers Reinald Brunner, Carol Claudius Hasler, and Gernot Jundt. This edition has been revised and updated in a variety of ways. New findings are incorporated into all chapters, important advances in treatment are presented and the latest concepts in tumor diagnosis and neuro-orthopedics are discussed. The book contains more than 150 additional illustrations, including new clinical images and radiographs and many further amusing cartoons by Franz Freuler. The aim is to make children's orthopedics fun – in both practice and theory! The book has received several awards.
