Walk the Talk - Shekhar Gupta 2017

In the fourteen years of NDTV's Walk The Talk Shekhar Gupta has interviewed more than 600 stellar guests—an outstanding feature for one of Indian TV news channel's most respected shows is the wide diversity of its guests. These range from heads of states to national, regional and international politicians and public figures, from Indian and global film stars to Nobel Laureates, scientists, economists, sports stars (not limited to cricket), spiritual gurus, business tycoons, philanthropists and, of course, activists. This book focuses exclusively on political leaders and public figures. Many of these conversations are path-breaking, and some

extremely rare. For example, leaders like Sonia Gandhi and former prime minister P.V. Narasimha Rao have never before engaged in freewheeling, recorded conversations in such detail. Others have broken new ground since-Narendra Modi, L.K. Advani, Pranab Mukherjee, Mayawati and even M. Karunanidhi. There are also global thought leaders and heads of state: David Cameron, Henry Kissinger, and Pushp Kamal Dahal 'Prachanda', among others. There is also the rarest of rare interviews with the former RSS chief K.S. Sudarshan. It was challenging to choose just twenty-five political personalities and voices to feature in this selection. And one criterion has been to try and pick those conversations that mark political shifts and change. Hopefully, these will help provide an understanding of recent political history, and how we have reached the point we are at today, in the words of these very significant and interesting people.

Unfinished Memoirs - Mujibur Rahman Sheikh 2013-11

The Room Where It Happened - John Bolton 2020-06-23

As President Trump's National Security Advisor, John Bolton spent many of his 453 days in the room where it happened, and the facts speak for themselves. The result is a White House memoir that is the most comprehensive and substantial account of the Trump Administration, and one of the few to date by a top-level official. With almost daily access to the President, John Bolton has produced a precise rendering of his days in and around the Oval Office. What Bolton saw astonished him: a President for whom getting reelected was the only thing that mattered, even if it meant endangering or weakening the nation. "I am hard-pressed to identify any significant Trump decision during my tenure that wasn't driven by reelection calculations," he writes. In fact, he argues that the House committed impeachment malpractice by keeping their prosecution focused narrowly on Ukraine when Trump's Ukraine-like transgressions existed across the full range of his foreign policy—and Bolton documents exactly what those were, and attempts by him and others in the Administration to raise alarms about them. He shows a President addicted to chaos, who embraced our

enemies and spurned our friends, and was deeply suspicious of his own government. In Bolton's telling, all this helped put Trump on the bizarre road to impeachment. "The differences between this presidency and previous ones I had served were stunning," writes Bolton, who worked for Reagan, Bush 41, and Bush 43. He discovered a President who thought foreign policy is like closing a real estate deal—about personal relationships, made-for-TV showmanship, and advancing his own interests. As a result, the US lost an opportunity to confront its deepening threats, and in cases like China, Russia, Iran, and North Korea ended up in a more vulnerable place. Bolton's account starts with his long march to the West Wing as Trump and others woo him for the National Security job. The minute he lands, he has to deal with Syria's chemical attack on the city of Douma, and the crises after that never stop. As he writes in the opening pages, "If you don't like turmoil, uncertainty, and risk—all the while being constantly overwhelmed with information, decisions to be made, and sheer amount of work—and enlivened by international and domestic personality and ego conflicts beyond description, try something else." The turmoil, conflicts, and egos are all there—from the upheaval in Venezuela, to the erratic and manipulative moves of North Korea's Kim Jong Un, to the showdowns at the G7 summits, the calculated warmongering by Iran, the crazy plan to bring the Taliban to Camp David, and the placating of an authoritarian China that ultimately exposed the world to its lethal lies. But this seasoned public servant also has a great eye for the Washington inside game, and his story is full of wit and wry humor about how he saw it played.

Boat Accident - Rabindranath Tagore 2017-03-15

In this era, curiosity of story has become like the mind. Incidents have become shallow. That is why in unnatural circumstances, after searching mystery of heart a big mistake had been inserted in the life of hero and heroine of the story—very cruel but interesting. The question of its psychology is that the ordinary women of our country are too much conditioned for their husbands, it is so deeply rooted inside their heart that they can easily condemn the trap of their first love, but for all these questions, answer is not same for everything. It is not impossible for a particular girl to be deeply conditioned with old rituals of society, in which the moment she gets information of her unknown husband, she immediately goes to her husband by leaving each bond. If bond and conditioning could have firmly run inside a woman's heart from both the sides till the end of the story, drama of story could be very sharp. The sign of tragedy would have a portrait inside heart, forever. Ramesh becomes the main vehicle of tragedy. His sorrows were not that much against his feelings, the way it was for the trap of the incident. Therefore, if reader says that writer is a sinner, I won't answer. I will only say that the part of the story which has a touch of poetry in explanation and agony, if there is no deficiency of juice in that part the author could maintain his fame in whole story of 'Nauka Dubi?', but this also I cannot say with full authority, because liking is changing every day.

Aranyak - Bibhutibhushan Bandyopadhyay 2017

"Satyacharan is a young graduate in 1920s Calcutta, who, unable to find a job in the city, takes up the post of a 'manager' of a vast tract of forested land in neighboring Bihar. As he is increasingly enchanted and hypnotized by the exquisite beauty of nature, he is burdened with the painful task of clearing this land for cultivation. As ancient trees fall to the cultivator's axe, indigenous tribes—to whom the forest had been home for millennia—lose their ancient way of life. The promise of 'progress' and 'development' brings in streams of

landless laborers, impoverished schoolmasters and starving boys from around the region, and the narrator chronicles in visionary prose the tale of destruction and dispossession that is the universal saga of man's struggle to bend nature to his will."--Page [4] of cover.

The Making of Macau's Fusion Cuisine - Annabel Jackson 2020-03-09

In The Making of Macau's Fusion Cuisine: From Family Table to World Stage, Annabel Jackson argues that Macanese cuisine cannot be seen as a unique product of Portuguese colonialism in southern China. Instead, it needs to be understood in the context of Portugal's culinary footprint in Asia and beyond. She contends that the culinary cultures of other Portuguese colonies in Asia and Africa also influenced the cuisine in Macau. Macanese cuisine plays a role in evoking a sense of Macanese identity within Macau as well as in the Macanese diaspora. As the Macanese have increasingly defined themselves as an ethnically and culturally distinct group, their cuisine has growingly been seen as a critical identifier of cohesion and difference. The book shows how Macanese cuisine is moving from being an everyday production of food in a domestic setting to something more symbolic and ceremonial. It also argues that the practice of recipe sharing, historically controversial among the Macanese, is now viewed as an important process. Drawing on information gathered through interviews and surveys, the book is a fascinating study of the history and development of Macanese cuisine, one of the oldest fusion cuisines in Asia. 'Annabel Jackson has more than enough knowledge to share with the readers many insights and interesting stories, which are embedded in history and cultural interactions among various ethnic groups in Macau and beyond. Given the fact that Macau has become the city of gastronomy, this book brings in rich information and knowledge for locals and visitors to "taste" and to remember.' --Sidney Cheung, The Chinese University of Hong Kong 'Annabel Jackson's study of the development of Macanese cuisine and its role in evoking a sense of Macanese identity within Macau and the Macanese diaspora should contribute to the growing interest in the study of food and foodways within cultural and postcolonial studies. Written in a lively and engaging way, it achieves a good balance between the use of primary sources and theoretical references to buttress its arguments.' --David Brookshaw, University of Bristol

Banker To The Poor - Muhammad Yunus 2007-03-31

Muhammad Yunus is that rare thing: a bona fide visionary. His dream is the total eradication of poverty from the world. In 1983, against the advice of banking and government officials, Yunus established Grameen, a bank devoted to providing the poorest of Bangladesh with minuscule loans. Grameen Bank, based on the belief that credit is a basic human right, not the privilege of a fortunate few, now provides over 2.5 billion dollars of micro-loans to more than two million families in rural Bangladesh. Ninety-four percent of Yunus's clients are women, and repayment rates are near 100 percent. Around the world, micro-lending programs inspired by Grameen are blossoming, with more than three hundred programs established in the United States alone. Banker to the Poor is Muhammad Yunus's memoir of how he decided to change his life in order to help the world's poor. In it he traces the intellectual and spiritual journey that led him to fundamentally rethink the economic relationship between rich and poor, and the challenges he and his colleagues faced in founding Grameen. He also provides wise, hopeful guidance for anyone who would like to join him in "putting homelessness and destitution in a museum so that one day our children will visit it and ask how we could have allowed such a terrible thing to go on for so long." The definitive history of micro-credit direct from the man that conceived of it, Banker to the Poor is necessary and inspirational reading for anyone interested in economics, public policy, philanthropy, social history, and business. Muhammad Yunus was born in Bangladesh and earned his Ph.D. in economics in the United States at Vanderbilt University, where he was deeply influenced by the civil rights movement. He still lives in Bangladesh, and travels widely around the world on behalf of Grameen Bank and the concept of micro-credit.

Muslims in Motion - Nazli Kibria 2011-05-19

In Muslims in Motion, Nazli Kibria provides a comparative look at Bangladeshi Muslims in different global contexts--including Britain, the U.S., the Middle East, and Malaysia. Kibria examines international migrant flows from Bangladesh, and considers how such migrations continue to shape Islamization in these areas. Having conducted more than 200 in-depth interviews, she explores how, in societies as different as these, migrant Muslims, in their everyday lives, strive to achieve economic gains, sustain community and family life,

and realize a sense of dignity and honor. Muslims in Motion offers fresh insights into the prominence of Islam in these communities, especially an Islam defined by fundamentalist movements and ideologies. Kibria also focuses on the complex significance of nationality—with rich analyses of the diaspora, the role of gender and class, and the multiple identities of the migrants, she shows how nationality can be both a critical source of support and also of difficulty for many in their efforts to attain lives of dignity. By bringing to life a vast range of experiences, this book challenges prevailing stereotypes of Muslims.

Rabindranath Tagore reinvented the Bengali novel with Farewell Song, blurring the lines between prose and poetry and creating an effervescent blend of romance and satire. Through Amit and Labanya and a brilliantly etched social milieu, the novel addresses contemporary debates about 'good' and 'bad' writing, the nature of

love and conjugality, and the influence of Western culture on Bengali society. Set against the idyllic backdrop of Shillong and the mannered world of elite Calcutta society, this sparkling novel expresses the complex vision and the mastery of style that characterized Tagore's later works.
