No Logo - Naomi Klein 2000-01-15

"What corporations fear most are consumers who ask questions. Naomi Klein offers us the arguments with which to take on the superbrands." Billy Bragg from the bookjacket.

Sexual Integrity 101 Workbook - Pure Desire Ministries 2020-08

The Poisonwood Bible - Barbara Kingsolver 2008-09-04

****NOW INCLUDING THE FIRST CHAPTER OF DEMON COPPERHEAD: THE NEW BARBARA KINGSOLVER NOVEL** **DEMON COPPERHEAD IS AVAILABLE NOW FOR PRE-ORDER**** An international bestseller and a modern classic, this suspenseful epic of one family's tragic undoing and their remarkable reconstruction has been read, adored and shared by millions around the world. 'Breathtaking.' Sunday Times 'Exquisite.' The Times 'Beautiful.' Independent 'Powerful.' New York Times This story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it - from garden seeds to Scripture - is calamitously transformed on African soil. What readers are saying ***** 'This remains one of the most fascinating books I have ever read.' ***** 'I felt every emotion under the sky with this book.' ***** 'Riveting.' *****

'This novel left a lasting - YEARS LASTING - impression.' ***** 'This is one of those books that stands the test of time and is worth rereading.' ***** 'Five epic, no-wonder-this-book-is-so-well-loved stars!'

The Wiersbe Bible Commentary: New Testament -

Let one of the most beloved and respected Bible teachers of our time guide you verse-by-verse through the Scriptures with The Wiersbe Bible Commentary New Testament, the trusted reference you'll love to read.

God in the Dock - C. S. Lewis 2014-09-15

"Lewis struck me as the most thoroughly converted man I ever met," observes Walter Hooper in the preface to this collection of essays by C.S. Lewis. "His whole vision of life was such that the natural and the supernatural seemed inseparably combined. "It is precisely this pervasive Christianity which is demonstrated in the forty-eight essays comprising God in the Dock. Here Lewis addresses himself both to theological questions and to those which Hooper terms "semi-theological," or ethical. But whether he is discussing "Evil and God," "Miracles," "The Decline of Religion," or "The Humanitarian Theory of Punishment," his insight and observations are thoroughly and profoundly Christian. Drawn from a variety of sources, the essays were designed to meet a variety of needs, and among other accomplishments they serve to illustrate the many different angles from which we are able to view the

Christian religion. They range from relatively popular pieces written for newspapers to more learned defenses of the faith which first appeared in *The Socratic Digest*. Characterized by Lewis's honesty and realism, his insight and conviction, and above all his thoroughgoing commitments to Christianity, these essays make *God in the Dock* very much a book for our time.--Amazon.com.

Logic - Vern S. Poythress 2013-02-28

For the well-rounded Christian looking to improve their critical thinking skills, here is an accessible introduction to the study of logic (parts 1 & 2) as well as an in-depth treatment of the discipline (parts 3 & 4) from a professor with 6 academic degrees and over 30 years experience teaching. Questions for further reflection are included at the end of each chapter as well as helpful diagrams and charts that are appropriate for use in high school, home school, college, and graduate-level classrooms. Overall, Vern Poythress has undertaken a radical recasting of the study of logic in this revolutionary work from a Christian worldview.

How to Change Your Mind - Michael Pollan 2019-05-14

Now on Netflix as a 4-part documentary series! "Pollan keeps you turning the pages . . . cleareyed and assured." —New York Times A #1 New York Times Bestseller, New York Times Book Review 10 Best Books of 2018, and New York Times Notable Book A brilliant and brave investigation into the medical and scientific revolution taking place around psychedelic drugs--and the spellbinding story of his own life-changing psychedelic experiences When Michael Pollan set out to research how LSD and psilocybin (the active ingredient in magic mushrooms) are being used to provide relief to people suffering from difficult-to-treat conditions such as depression, addiction and anxiety, he did not intend to write what is undoubtedly his most personal book. But upon discovering how these remarkable substances are improving the lives not only of the mentally ill but also of healthy people coming to grips with the challenges of everyday life, he decided to explore the landscape of the mind in the first person as well as the third. Thus began a singular adventure into various altered states of consciousness, along with a dive deep into both the latest brain science and the thriving

underground community of psychedelic therapists. Pollan sifts the historical record to separate the truth about these mysterious drugs from the myths that have surrounded them since the 1960s, when a handful of psychedelic evangelists inadvertently catalyzed a powerful backlash against what was then a promising field of research. A unique and elegant blend of science, memoir, travel writing, history, and medicine, *How to Change Your Mind* is a triumph of participatory journalism. By turns dazzling and edifying, it is the gripping account of a journey to an exciting and unexpected new frontier in our understanding of the mind, the self, and our place in the world. The true subject of Pollan's "mental travelogue" is not just psychedelic drugs but also the eternal puzzle of human consciousness and how, in a world that offers us both suffering and joy, we can do our best to be fully present and find meaning in our lives.

Madness and Civilization - Michel Foucault 2013-01-30

Michel Foucault examines the archeology of madness in the West from 1500 to 1800 - from the late Middle Ages, when insanity was still considered part of everyday life and fools and lunatics walked the streets freely, to the time when such people began to be considered a threat, asylums were first built, and walls were erected between the "insane" and the rest of humanity.

Pure Desire - Gary Inrig 2010

This thoughtful look at God's original purpose for His good gift of human sexuality offers Bible-based guidelines on how to live your Christian values in today's culture.

The Fragility of Goodness - Martha C. Nussbaum 2001-01-15

This book is a study of ancient views about 'moral luck'. It examines the fundamental ethical problem that many of the valued constituents of a well-lived life are vulnerable to factors outside a person's control, and asks how this affects our appraisal of persons and their lives. The Greeks made a profound contribution to these questions, yet neither the problems nor the Greek views of them have received the attention they deserve. This book thus recovers a central dimension of Greek thought and addresses major issues in contemporary ethical theory. One of its

most original aspects is its interrelated treatment of both literary and philosophical texts. The Fragility of Goodness has proven to be important reading for philosophers and classicists, and its non-technical style makes it accessible to any educated person interested in the difficult problems it tackles. This edition, first published in 2001, features a preface by Martha Nussbaum.

Alcoholics Anonymous - Alcoholics Anonymous World Services 1986
The basic text for Alcoholics Anonymous.

Not Yet Married - Marshall Segal 2017-06-20

Life Is Never Mainly About Love and Marriage. So Learn to Live and Date for More. Many of you grew up assuming that marriage would meet all of your needs and unlock God's purposes for you. But God has far more planned for you than your future marriage. Not Yet Married is not about waiting quietly in the corner of the world for God to bring you "the one," but about inspiring you to live and date for more now. If you follow Jesus, the search for a spouse is no longer a pursuit of the perfect person, but a pursuit of more of God. He will likely write a love story for you different than the one you would write for yourself, but that's because he loves you and knows how to write a better story. This book was written to help you find real hope, happiness, and purpose in your not-yet-married life.

Extimate Technology - Ciano Aydin 2021-01-20

This book investigates how we should form ourselves in a world saturated with technologies that are profoundly intruding in the very fabric of our selfhood. New and emerging technologies, such as smart technological environments, imaging technologies and smart drugs, are increasingly shaping who and what we are and influencing who we ought to be. How should we adequately understand, evaluate and appreciate this development? Tackling this question requires going beyond the persistent and stubborn inside-outside dualism and recognizing that what we consider our "inside" self is to a great extent shaped by our "outside" world. Inspired by various philosophers - especially Nietzsche, Peirce and Lacan - this book shows how the values, goals and ideals that humans encounter in their environments not only shape their identities

but also enable them to critically relate to their present state. The author argues against understanding technological self-formation in terms of making ourselves better, stronger and smarter. Rather, we should conceive it in terms of technological sublimation, which redefines the very notion of human enhancement. In this respect the author introduces an alternative, more suitable theory, namely Technological Sublimation Theory (TST). Extimate Technology will be of interest to scholars and advanced students working in philosophy of technology, philosophy of the self, phenomenology, pragmatism, and history of philosophy.

The Ascetic Imperative in Culture and Criticism - Geoffrey Galt Harpham 1992-02-15

In this bold interdisciplinary work, Geoffrey Galt Harpham argues that asceticism has played a major role in shaping Western ideas of the body, writing, ethics, and aesthetics. He suggests that we consider the ascetic as "the 'cultural' element in culture," and presents a close analysis of works by Athanasius, Augustine, Matthias, Grünewald, Nietzsche, Foucault, and other thinkers as proof of the extent of asceticism's resources. Harpham demonstrates the usefulness of his findings by deriving from asceticism a "discourse of resistance," a code of interpretation ultimately more generous and humane than those currently available to us.

To Have Or To Be? - Erich Fromm 2013-06-27

Fromm gennemgår forskellen mellem begreberne at have og at være og mener, at hvis alle tilslutter sig en "værende" livsform, vil et nyt og sundere samfund opstå

Addiction and Grace - Gerald G. May 2009-03-31

Addiction and Grace offers an inspiring and hope-filled vision for those who desire to explore the mystery of who and what they really are. May examines the "processes of attachment" that lead to addiction and describes the relationship between addiction and spiritual awareness. He also details the various addictions from which we can suffer, not only to substances like alcohol and drugs, but to work, sex, performance, responsibility, and intimacy. Drawing on his experience as a psychiatrist working with the chemically dependent, May emphasizes that addiction

represents an attempt to assert complete control over our lives. Addiction and Grace is a compassionate and wise treatment of a topic of major concern in these most addictive of times, one that can provide a critical yet hopeful guide to a place of freedom based on contemplative spirituality.

[The Art of Being Human](#) - Michael Wesch 2018-08-07

Anthropology is the study of all humans in all times in all places. But it is so much more than that. "Anthropology requires strength, valor, and courage," Nancy Scheper-Hughes noted. "Pierre Bourdieu called anthropology a combat sport, an extreme sport as well as a tough and rigorous discipline. ... It teaches students not to be afraid of getting one's hands dirty, to get down in the dirt, and to commit yourself, body and mind. Susan Sontag called anthropology a "heroic" profession." What is the payoff for this heroic journey? You will find ideas that can carry you across rivers of doubt and over mountains of fear to find the light and life of places forgotten. Real anthropology cannot be contained in a book. You have to go out and feel the world's jagged edges, wipe its dust from your brow, and at times, leave your blood in its soil. In this unique book, Dr. Michael Wesch shares many of his own adventures of being an anthropologist and what the science of human beings can tell us about the art of being human. This special first draft edition is a loose framework for more and more complete future chapters and writings. It serves as a companion to anth101.com, a free and open resource for instructors of cultural anthropology. This 2018 text is a revision of the "first draft edition" from 2017 and includes 7 new chapters.

Setting Us Free - Nick Stumbo 2013-02

Have you ever found yourself thinking: "This isn't a big deal. I'm naturally wired this way. All guys struggle with this kind of thing." But at the same time feeling: "I hope she never finds out. I can't be authentic with people I care about the most. I always have something to hide." Such is the nature of the trap of sexual struggles, pornography, and addiction. Research shows that a majority of men struggle with sexual purity. They are slaves to their hormones and desires. As Nick shares his journey, you will discover how God shows up in unexpected ways and

places to bring true and lasting freedom. This isn't just another how-to book on trying to control your behavior. This is the story of redemption--how God redeems what has been broken and recreates something awesome in a man's heart.

Biblical Dream Interpretations With Warfare Prayers - Joshua Orekhie 2019-08-06

Biblical Dream Interpretation With Warfare Prayers is a book that gives people the opportunity to know their dreams. It provides the method on how to tackle them with the right prayer points. The prayer points are established from the mind of the Holy Spirit and carefully put together by the Author to help people overcome their nightmares. Buy this book because after reading it, you will be motivated to order for more copies. The Author is a dream interpreter who is blessed by God. Get this book today and your dream life will never remain the same again, in the name of Jesus.

Sex and the Supremacy of Christ - John Piper 2005-06-14

The Bible has a way of shocking us. If Americans could still blush, we might blush at the words, "Rejoice in the wife of your youth, a lovely deer, a graceful doe. Let her breasts fill you at all times with delight; be intoxicated always in her love" (Proverbs 5:18-19). But, of course, sin always tries to trash God's gifts. So we can't just celebrate sex for what God made it to be; we have to fight what sin turned it into. The contributors to this unique volume encourage you to do both: celebrate and struggle. This book has something for all-men and women, married and single-from contributors like John Piper, C. J. and Carolyn Mahaney,

Mark Dever, Al Mohler, Carolyn McCulley, and others.

Who Do We Choose To Be? - Margaret J. Wheatley 2017-06-19

On the twenty-fifth anniversary of the publication of her classic *Leadership and the New Science*, bestselling author Margaret Wheatley once again turns to the new science of living systems to help leaders persevere in a time of great turmoil. I know it is possible for leaders to use their power and influence, their insight and compassion, to lead people back to an understanding of who we are as human beings, to create the conditions for our basic human qualities of generosity, contribution, community and love to be evoked no matter what. I know it is possible to experience grace and joy in the midst of tragedy and loss. I know it is possible to create islands of sanity in the midst of wildly disruptive seas. I know it is possible because I have worked with leaders over many years in places that knew chaos and breakdown long before this moment. And I have studied enough history to know that such leaders always arise when they are most needed. Now it's our turn.

Knowing God - J. I. Packer 2021-02-16

For half a century, J. I. Packer's classic has helped Christians around the world discover the wonder, the glory, and the joy of knowing God. Now featured in the IVP Signature Collection, this thought-provoking work seeks to renew and enrich our understanding of God, bringing together knowing about God and knowing God through a close relationship with Jesus Christ.

Deleuze and Guattari's Anti-Oedipus - Eugene W. Holland 2002-01-04

Eugene W. Holland provides an excellent introduction to Gilles Deleuze and Felix Guattari's *Anti-Oedipus* which is widely recognized as one of the most influential texts in philosophy to have appeared in the last thirty years. He lucidly presents the theoretical concerns behind *Anti-Oedipus* and explores with clarity the diverse influences of Marx, Freud, Nietzsche and Kant on the development of Deleuze & Guattari's thinking. He also examines the wider implications of their work in revitalizing Marxism, environmentalism, feminism and cultural studies.

Long Walk to Freedom - Nelson Mandela 2008-03-11

The book that inspired the major new motion picture *Mandela: Long*

Walk to Freedom. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's anti-apartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality. *LONG WALK TO FREEDOM* is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures. Here for the first time, Nelson Rolihlahla Mandela tells the extraordinary story of his life--an epic of struggle, setback, renewed hope, and ultimate triumph.

All that is Solid Melts Into Air - Marshall Berman 1983

The experience of modernization -- the dizzying social changes that swept millions of people into the capitalist world -- and modernism in art, literature and architecture are brilliantly integrated in this account.

Libidinal Economy - Jean-Francois Lyotard 2004-01-01

Is regarded as the most important response to the philosophies of desire, as expounded by thinkers such as de Sade, Nietzsche, Bataille, Foucault and Deleuze and Guattari. It is a major work not only of philosophy, but of sexual politics, semiotics and literary theory, that signals the passage to postmodern philosophy.

Purity and Danger - Professor Mary Douglas 2013-06-17

Purity and Danger is acknowledged as a modern masterpiece of anthropology. It is widely cited in non-anthropological works and gave rise to a body of application, rebuttal and development within anthropology. In 1995 the book was included among the *Times Literary Supplement's* hundred most influential non-fiction works since WWII. Incorporating the philosophy of religion and science and a generally holistic approach to classification, Douglas demonstrates the relevance of anthropological enquiries to an audience outside her immediate

academic circle. She offers an approach to understanding rules of purity by examining what is considered unclean in various cultures. She sheds light on the symbolism of what is considered clean and dirty in relation to order in secular and religious, modern and primitive life.

Between the World and Me - Ta-Nehisi Coates 2015-07-14

#1 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • NAMED ONE OF TIME'S TEN BEST NONFICTION BOOKS OF THE DECADE • PULITZER PRIZE FINALIST • NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • ONE OF OPRAH'S "BOOKS THAT HELP ME THROUGH" • NOW AN HBO ORIGINAL SPECIAL EVENT Hailed by Toni Morrison as "required reading," a bold and personal literary exploration of America's racial history by "the most important essayist in a generation and a writer who changed the national political conversation about race" (Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard

University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

A Refutation of Moral Relativism - Peter Kreeft 2016-03-22

No issue is more fateful for civilization than moral relativism. History knows not one example of a successful society which repudiated moral absolutes. Yet most attacks on relativism have been either pragmatic (looking at its social consequences) or exhorting (preaching rather than proving), and philosophers' arguments against it have been specialized, technical, and scholarly. In his typical unique writing style, Peter Kreeft lets an attractive, honest, and funny relativist interview a "Muslim fundamentalist" absolutist so as not to stack the dice personally for absolutism. In an engaging series of personal interviews, every conceivable argument the "sassy Black feminist" reporter Libby gives against absolutism is simply and clearly refuted, and none of the many arguments for moral absolutism is refuted.

Finally Alive - John Piper 2009

The term New Birth has been devalued by the multitudes who claim to be 'born again' while living like everybody else. The New Testament defines new birth and new life completely differently.

The Sanity of Art - Bernard Shaw 1895

Living Clean: The Journey Continues - Fellowship of Narcotics Anonymous 2012

Aspiration - Agnes Callard 2018

Becoming someone is a learning process; and what we learn is the new values around which, if we succeed, our lives will come to turn. Agents transform themselves in the process of, for example, becoming parents, embarking on careers, or acquiring a passion for music or politics. How

can such activity be rational, if the reason for engaging in the relevant pursuit is only available to the person one will become? How is it psychologically possible to feel the attraction of a form of concern that is not yet one's own? How can the work done to arrive at the finish line be ascribed to one who doesn't (really) know what one is doing, or why one is doing it? In *Aspiration*, Agnes Callard asserts that these questions belong to the theory of aspiration. Aspirants are motivated by proleptic reasons, acknowledged defective versions of the reasons they expect to eventually grasp. The psychology of such a transformation is marked by intrinsic conflict between their old point of view on value and the one they are trying to acquire. They cannot adjudicate this conflict by deliberating or choosing or deciding-rather, they resolve it by working to see the world in a new way. This work has a teleological structure: by modeling oneself on the person he or she is trying to be, the aspirant brings that person into being. Because it is open to us to engage in an activity of self-creation, we are responsible for having become the kinds of people we are.

Rules for Radicals - Saul Alinsky 2010-06-30

First published in 1971, *Rules for Radicals* is Saul Alinsky's impassioned counsel to young radicals on how to effect constructive social change and know "the difference between being a realistic radical and being a rhetorical one." Written in the midst of radical political developments whose direction Alinsky was one of the first to question, this volume exhibits his style at its best. Like Thomas Paine before him, Alinsky was able to combine, both in his person and his writing, the intensity of political engagement with an absolute insistence on rational political discourse and adherence to the American democratic tradition.

The Bible Exposition Commentary - Warren W. Wiersbe 2003

With this final installment in this six-volume set, Dr. Wiersbe has covered the entire Bible!

The Mask of Sanity - Hervey M Cleckley 2020-12-30

First published in 1941, "The Mask of Sanity: An Attempt to Clarify Some Issues About the So-Called Psychopathic Personality" by Hervey M. Cleckley, an American psychiatrist, is considered to be the most

important work on psychopathology of the twentieth-century. Cleckley based his work on clinical interviews with patients in mental institutions and continued to edit and revise his seminal work throughout the years. The title "The Mask of Sanity" refers to Cleckley's description of the psychopath as living behind a mask of normalcy, which makes the disorder very difficult to recognize and diagnosis. They may appear engaging, intelligent, charming, and sincere but behind this façade of a normal, functioning person they are severely mentally disordered and chaotic. Cleckley was the first to recognize the psychopath's lack of genuine emotion that stems from a serious and uncontrolled neuropsychiatric defect. Cleckley's work is startlingly insightful and his outline of the basic elements of psychopathology remains relevant nearly eighty years later. While highly controversial when it was first published, Cleckley's exhaustive research and the fascinating case studies he explores in detail make "The Mask of Sanity" an indispensable guide for both professionals and lay people alike who wish to better understand psychopathology. This edition is printed on premium acid-free paper. [Practical Ethics](#) - Peter Singer 2011-02-21

For thirty years, Peter Singer's *Practical Ethics* has been the classic introduction to applied ethics. For this third edition, the author has revised and updated all the chapters and added a new chapter addressing climate change, one of the most important ethical challenges of our generation. Some of the questions discussed in this book concern our daily lives. Is it ethical to buy luxuries when others do not have enough to eat? Should we buy meat from intensively reared animals? Am I doing something wrong if my carbon footprint is above the global average? Other questions confront us as concerned citizens: equality and discrimination on the grounds of race or sex; abortion, the use of embryos for research and euthanasia; political violence and terrorism; and the preservation of our planet's environment. This book's lucid style and provocative arguments make it an ideal text for university courses and for anyone willing to think about how she or he ought to live.

The Knowledge of the Holy - A. W. Tozer 2022-05-17

True religion confronts earth with heaven and brings eternity to bear

upon time. The messenger of Christ, though he speaks from God, must also, as the Quakers used to say, "speak to the condition" of his hearers; otherwise he will speak a language known only to himself. His message must be not only timeless but timely. He must speak to his own generation. The message of this book does not grow out of these times but it is appropriate to them. It is called forth by a condition which has existed in the Church for some years and is steadily growing worse. I refer to the loss of the concept of majesty from the popular religious mind. The Church has surrendered her once lofty concept of God and has substituted for it one so low, so ignoble, as to be utterly unworthy of thinking, worshipping men. This she has done not deliberately, but little by little and without her knowledge; and her very unawareness only makes her situation all the more tragic.

Finally Free - Heath Lambert 2013-08-06

Eight gospel-centered strategies for overcoming the lure of pornography and finally breaking free. This book is not about pornography. You won't find graphic depictions about the porn industry, the catastrophic effects it has on individuals and relationships, or how to think differently about porn. If you're reading this book, you probably have some understanding of those things already—the last thing you need is to be subjected to that kind of detail...again. Finally Free is about hope. It's about discovering the freeing power available to those who trust in Jesus Christ, who can, will, and does set people free from the power of pornography. Dr. Heath Lambert, a leader in the biblical counseling movement, has organized

this book around eight clear and practical tactics you can wield to make it easier to flee lust and temptation and shelter in the protection of God's grace. Each chapter: Clearly demonstrates how the gospel applies to the fight against sexual temptation. Lays out relevant methods for leaning on Christ's strength—both in advance of and in moments of temptation. Explains how Jesus can move readers from a life of struggle to a life of purity. If you've struggled personally against the powerful draw of pornography, or if you've ever tried to help someone fighting this battle, you know how hard it is to break its bonds. But there is good news: no matter how intense or long-standing the struggle, Jesus Christ has the power to free people from the enslaving power of pornography. The Gospel has a power that works practically in the lives of those who seek to imitate Christ—and you can learn how to live into that power.

Expositions of the Psalms 73-98 (Vol. 4) - Saint Augustine 1990

Fourth volume of the long-awaited translation of one of Augustines classics and a great work in Christian literature. Newly translated by Maria Boulding, O.S.B., whose masterful translation of Augustines Confessions in the same series has been praised as being of a different level of excellence from practically anything else in the market (Bishop Rowan Williams, Monmouth, England). As the psalms are a microcosm of the Old Testament, so the Expositions of the Psalms can be seen as a microcosm of Augustinian thought. They recapitulate and focus the experiences of Augustines personal life, his theological reflections, and his pastoral concerns as Bishop of Hippo.
