Documentary Sources of Philippine History - Sonia M. Pritchard 1990

Melayu - Maznah Mohamad 2013-07-01

People within the Malay world hold strong but diverse opinions about the meaning of the word Melayu, which can be loosely translated as Malayness. Questions of whether the Filipinos are properly called "e;Malay"e;, or the Mon-Khmer speaking Orang Asli in Malaysia, can generate heated debates. So too can the question of whether it is appropriate to speak of a kebangsaan Melayu (Malay as nationality) as the basis of membership within an aspiring postcolonial nation-state, a political rather than a cultural community embracing all residents of the Malay states, including the immigrant Chinese and Indian population. In *Melayu: The Politics, Poetics and Paradoxes of Malayness*, the contributors examine the checkered, wavering and changeable understanding of the word Melayu by considering hitherto unexplored case studies dealing with use of the term in connection with origins, nations, minority-majority politics, Filipino Malays, Riau Malays, Orang Asli, Straits Chinese literature, women's veiling, vernacular television, social dissent, literary women, and modern Sufism. Taken as a whole, this volume offers a creative approach to the study of Malayness while providing new perspectives to the studies of identity formation and politics of ethnicity that have wider implications beyond the Southeast Asian region.

Knowledge and Pacification - Reynaldo Clemeña Ileta 2017

This book shows us how to think about the American century in the Philippines in another way. Colonial representations of the revolution and resistance to U.S. occupation have been contested quite effectively. But the bigger challenge, or rather pressing task, is to interrogate some basic notions that undergird our understanding of Philippine politics--notions that owe their provenance to early attempts by U.S. officials and scholars to pacify the enemy.

A Nation Aborted - Floro C. Quibuyen 2008-01-01

A Nation Aborted is about recovering a lost history and vision, an invitation to reread Rizal, rethink his project, and revision Philippine nationalism.

Pasyon and Revolution - Reynaldo Clemeña Ileta 1979

Philippine History and Government - Sonia M.. Zaide 1994

The Japanese Occupation of the Philippines - Ricardo Trota Jose 1997-01-01

Imagining Japan in Post-war East Asia - Paul Morris 2014-03-26

In the decades since her defeat in the Second World War, Japan has continued to loom large in the national imagination of many of her East Asian neighbours. While for many, Japan still conjures up images of rampant military brutality, at different times and in different communities, alternative images of the Japanese 'Other' have vied for predominance – in ways that remain poorly understood, not least within Japan itself. *Imagining Japan in Postwar East Asia* analyses the portrayal of Japan in the societies of East and Southeast Asia, and asks how and why this has changed in recent decades, and what these changing images of Japan reveal about the ways in which these societies construct their own identities. It examines the role played by an imagined 'Japan' in the construction of national selves across the East Asian region, as mediated through a broad range of media ranging from school curricula and textbooks to film, television, literature and comics. Commencing with an extensive thematic and comparative overview chapter, the volume also includes contributions focusing specifically on Chinese societies (the mainland PRC, Hong Kong and Taiwan), Korea, the Philippines, Malaysia and Singapore. These studies show how changes in the representation of Japan have been related to political, social and cultural shifts within the societies of East Asia – and in particular to the ways in which these societies have imagined or constructed their own identities. Bringing together contributors working in the fields of education, anthropology, history, sociology, political science and media studies, this interdisciplinary volume will be of interest to all students and scholars concerned with issues of identity, politics and culture in the societies of East Asia, and to those seeking a deeper understanding of Japan's fraught relations with its regional neighbours.
